AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Sonia Gomez-Garcia, Interim Finance Director

Date: May 15, 2017

Subject: Consideration to Adopt a Resolution Approving the Warrant Register

RECOMMENDATION:

It is recommended that the City Council adopt Resolution No. 17-052 (Attachment "A") approving the Warrant Register.

BACKGROUND:

For each City Council meeting the Finance Department prepares a Warrant Register for Council approval. The Register includes all recommended payments for the City. Checks, other than handwritten checks, generally are not released until after the Council approves the Register. The exceptions are for early releases to avoid penalties and interest, excessive delays and in all other circumstances favorable to the City to do so. Handwritten checks are those payments required to be issued between Council meetings such as insurance premiums and tax deposits. Staff reviews requests for expenditures for budgetary approval and then prepares a Warrant Register for Council approval and or ratification. Items such as payroll withholding tax deposits do not require budget approval.

The Finance Director hereby certifies that all requests for expenditures have been signed by the department head, or designee, receiving the merchandise or services thereby stating that the items or services have been received and that the resulting expenditure is appropriate. The Finance Director hereby certifies that each warrant has been reviewed for completeness and that sufficient funds are available for payment of the warrant register.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Margarita Solis, City Treasurer

Date: May 15, 2017

Subject: Consideration to Adopt a Resolution Approving the Investment Policy for Fiscal Year 2017-2018

RECOMMENDATION:

It is recommended that the City Council adopt Resolution No. 7792 (Attachment "A"), approving the annual Investment Policy for Fiscal Year 2017-2018.

BACKGROUND:

1. On January 1, 1996, SB 564 went into effect that requires the City Treasurer render annually to the legislative body for consideration at a public meeting, a statement of investment policy.
2. Since 1996, the investment policy has been reviewed annually by the City Manager, Finance Director and City Treasurer and has been presented to the City Council for approval.
3. The proposed Policy has been reviewed by Interim City Manager, Interim Finance Director, and City Treasurer.

ANALYSIS:

The ultimate investment goal of a good investment policy is to enhance the economic status of the City while protecting funds under management and meeting the daily cash flow demands of the City. The proposed Investment Policy requires investments to be selected based on safety, liquidity, and yield, in that order, and are made in accordance with California Government Code, Sections 53600 et. seq.

The City attempts to obtain the highest yield possible when selecting investments, providing that criteria for safety and liquidity are met.

Consideration to Adopt a Resolution Approving the Investment Policy for Fiscal Year 2017-2018Page 2 of 2

The proposed Investment Policy authorizes investment in a number of investment vehicles that may offer higher yields while maintaining the safety and liquidity criteria.

BUDGET IMPACT:

Investment in higher yield investments may result in additional investment income earned by all City funds.

CONCLUSION:

Approval of the annual Investment Policy by the City Council will ensure that the City complies with the SB 564 requirement.

MANAGEMENT POLICY/PROCEDURES

SECTION I. PURPOSE

This Policy is intended to provide specific criteria for the prudent investment of City funds. The ultimate investment goal is to enhance the economic status of the City while protecting funds under management and meeting the daily cash flow demands of the City.

SECTION II. STATEMENT OF POLICY

The City’s cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling the City to invest funds to the fullest extent possible. The City attempts to earn the highest yield obtainable while keeping within the investment criteria established for the safety and liquidity of public funds.

The Finance Director shall establish procedures that separate the internal responsibility for management and accounting of the investment portfolio. An analysis by an external independent auditor shall be conducted annually to review internal controls, account activity and compliance with policies and procedures.

San Fernando operates its temporary pooled idle cash investment under the prudent investor standard (i.e., such a trustee must act with the “care, skill, prudence and diligence...that a prudent investor...would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency”). This affords the City a broad spectrum of investment opportunities as long as the investment is deemed prudent and allowable under current legislation of the State of California (Government Code Section 53600 et seq.)

Criteria for selecting investments and the order of priority are:

1. SAFETY – The safety and risk associated with an investment refers to the potential loss of principal, accrued interest or both. Protection of the public funds entrusted to the Treasurer is the paramount criteria used to evaluate the investment instruments available.
2. LIQUIDITY – This refers to the ability to convert an investment to cash at any moment in time with minimal risk of forfeiting a portion of principal or interest. Liquidity is an essential investment requirement especially in light of the City’s need to be able to meet emergency financing demands

of the community at any time.

3. **YIELD** – It is the potential dollar earnings an investment can provide and is described as the market rate of return. As a general rule, yields tend to mirror the inherent risk and liquidity characteristics of the particular investment and thus can only be evaluated after those investment criteria are satisfied.

Authorized Investments

All investments shall be made in accordance by the California Government Code, Sections 53600 et. seq. Within the context of these limitations and based on the cost at the time of purchase, the following investments are authorized as further limited herein:

1. **U.S. Treasuries**

The U.S. Treasury Bills, Bonds, and Notes, or those for which the full faith and credit of the U.S. are pledged for payment of principal and interest provided that:

- a) There is no limitation as to the percentage of the portfolio that can be invested in this category.

2. **U.S. Agencies**

The Obligations issued by the Government National Mortgage Association (GNMA), the Federal Farm Credit Bank System (FFCB), the Federal Home Loan Bank Board (FHLB), Federal Home Loan Mortgage Corporation (FHLMC), Federal National Mortgage Association (FNMA), and the Student Loan Marketing Association (SLMA) provided that:

5. Certificates of Deposit

Cash will be invested only in FDIC Insured, Certificates of Deposit or fully collateralized Certificates of Deposit. Collateral for a given investment must be 110% of principal for government securities collateral and 150% of principal for first mortgage collateral. No more than 1% of the portfolio, not to exceed \$1 million, shall be invested in any one institution. An institution must meet the following criteria to be considered by the City:

- a) For investments greater than \$100,000 the institution must maintain \$100 million in assets. For investments greater than \$300,000 the institution must maintain at least \$300 million in assets.
- b) The city will not invest in any institution less than five years old.

6. Repurchase Agreements

- a) No more than 25% of the cost value of the portfolio may be invested in repurchase agreements at any time; and
- b) The maturity of repurchase agreements shall not exceed 75 days.

In order to conform with provisions of the Federal Bankruptcy Code which provides for the liquidation of securities held as collateral for repurchase agreements, the only securities acceptable as collateral shall be securities that are direct obligations of, or that are fully guaranteed as to principal and interest by, the United States Government such as Treasury bills, Treasury notes or Treasury bonds with less than a five year maturity.

7. Local Agency Investment Fund (LAIF)

- a) The City may invest in the LAIF established by the State Treasurer for the benefit of local agencies up to the maximum permitted by State Law.

8. Municipal Bonds

- a) Bonds issued by local agencies in the State of California be rated "AA" or better. "AA" rated bonds shall be limited to 36 months maximum maturity and "AAA" rated bonds shall be limited to 60 months maximum maturity.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the Finance Director and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

Upon any announcement of negative credit watch or downgrade by a major rating agency of any issue within the portfolio, the investment manager should contact the Finance Director and recommend a course of action. If at any time a security falls below "investment grade," the investment manager should obtain the best bid and take the necessary steps toward liquidation.

10. Money Market Mutual Funds

- d) The City's investment in any specific mutual fund will not exceed 2% of that mutual fund's total assets.

Considerations for Investments

The City attempts to obtain the highest yield possible when selecting investments, providing that criteria for safety and liquidity are met. Ordinarily, because investments normally carry a positive yield curve, (i.e., longer term investments have higher rates than shorter maturities), the City attempts to stagger its maturities to meet anticipated cash needs in such a way that new investment money can be placed in maturities that carry a higher rate that is available in the short market of 30 days or under. Furthermore, maturities are selected to anticipate cash needs of the City, thereby obviating the need for forced liquidation.

City Constraints

The City Treasurer is responsible for managing the City's investment portfolio in accordance with Federal and State laws as well as this policy. Longer term investments (i.e., over one year) are limited to maturities of five years or less.

The City strives to maintain an appropriate level of investment of all funds through daily and projected cash flow determinations. Idle cash management and investment transactions are the responsibility of the City Treasurer in consultation with the Finance Director.

The basic premise underlying the City's investment philosophy is, and will continue to be, to insure that money is always safe and available when needed.

The City Treasurer or the Deputy Treasurer and/or Finance Director in the absence of the City Treasurer shall continually review the financial condition of proposed depositories of City funds. The City should demand a copy of the latest financial statements and audit reports prior to investment and any reports issued during the period of the investment.

Investment Strategy

1. When making an investment decision, the purchase of an investment is made with the intent of holding that investment to maturity.
2. Cash flow projections are fully utilized to balance the liquidity needs at all times.
3. At least bi-weekly, economic forecasts are obtained from financial experts in the field through bankers and brokers.
4. Close rapport is maintained with the City Manager, Finance Director, Public Works and other departments having a significant impact on cash flow.
5. The City will invest all City and Successor Agency to the Redevelopment Agency funds and the estimated checking accounts float, except for those amounts required by the City's banks to pay for bank services furnished to the City.
6. Depending on market conditions, time deposits are maintained in commercial banks and savings and loan institutions. Particular attention is paid to investment opportunities available from financial institutions within the City of San Fernando so as to contribute to the economic vitality of the community.
7. Safekeeping: Securities purchased from brokers/dealers shall be held in third party safekeeping by the City's third party custodian. Said securities shall be held in the name of the City of San Fernando with the trustee executing investment transactions as directed by the Treasurer.

Prohibited and Restricted Investments

The City will not invest in derivative-type investments which are now prohibited by law, inverse floaters, range notes, interest- only strips derived from a mortgage pool, equity linked securities, swaps, margin/leveraging, and any security that could result in zero interest accrual if held to maturity. The City will not invest in reverse repurchase agreements. The City will not engage in speculative buying.

Investment Policy Adoption

The investment plan and strategy are reviewed and updated as needed, and no less often than annually.

SECTION III. EXCEPTIONS

There will be no exceptions to this policy, except as may be approved by the City Council.

SECTION IV. AUTHORITY

By order of City Council Resolution No. 7792, Policy adopted by the City Council on May 15, 2017.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Patsy Orozco, Civil Engineering Assistant II

Date: May 15, 2017

Subject: Consideration of Fiscal Year 2017-2018 Landscaping and Lighting Assessment District Approval of Engineer's Report and Setting the Date for the Public Hearing

RECOMMENDATION:

It is recommended that the City Council:

- a. Adopt Resolution No. 7794 (Attachment "A") approving the Engineer's Report for Fiscal Year (FY) 2017-2018 Landscaping and Lighting Assessment District (LLAD); and
- b. Adopt Resolution No. 7795 (Attachment "B") declaring the City Council's intention to order the annual assessments for FY 2017-2018 LLAD and setting the date for the Public Hearing on June 19, 2017.

BACKGROUND:

1. On March 20, 2017, the City Council adopted Resolution 7786 to initiate proceedings and order the preparation of the Engineer's Report for the FY 2017-2018 levy of annual assessments for the City's street lighting. Assessments under the LLAD are to be used for street lighting purposes only.
2. The LLAD has been in effect in the City since FY 1981-1982, under the 1972 Landscaping and Lighting Assessment District Act. The purpose of the LLAD is to equitably assess properties in accordance with special benefits received from the improvements to cover the cost of maintenance and operation of the lighting system within the City's streets. City Council has previously approved the methodology for assessments and staff will continue with the same methodology this year.

**Consideration of Fiscal Year (FY) 2017-2018 Landscaping and Lighting Assessment District (LLAD)
Approval of Engineer's Report and Setting the Date for the Public Hearing**Page 2 of 2

ANALYSIS:

Per the Engineer's Report, the assessments collected this year will not be sufficient for future operations and maintenance costs. For FY 2017-2018, staff estimates the proposed total levy assessment amount to be \$331,463, which is the maximum assessment rate as approved in the 2003 ballot. The total operations and maintenance costs for FY 2017-2018 are estimated to be \$408,255, which exceeds the maximum assessment by \$76,792.

In order to address the additional operations and maintenance costs for FY 2017-2018, General Funds will be budgeted until the assessed amount can be increased. Under Proposition 218, which became effective in FY 1997-1998, new or increase assessments, or existing assessments not imposed exclusively to fund capital costs or operations and maintenance, may not be imposed without property owner approval.

BUDGET IMPACT:

The cost to prepare the LLAD Engineer's Report has been included in the FY 2017-2018 proposed budget.

CONCLUSION:

The Engineer's Report prepared by Willdan Financial Services for FY 2017-2018 has been review and is acceptable to staff; therefore staff recommends that the City Council approve the Engineer's Report and set the date for the Public Hearing. The Engineer's Report and the Summary Listings are on file with the City Clerk and Engineering.

Since assessments do not cover all of the maintenance costs associated with the district, the City has traditionally utilized the General Fund to maintain service levels. In light of existing budget constraints, next year it may be prudent to propose an increase to the maximum assessment to cover rising maintenance costs. This action would require a vote of properties in the assessment area prior to implementing any increase.

SECTION 1. AUTHORITY FOR REPORT

This report for the San Fernando Landscaping and Lighting District ("District") is prepared pursuant to a resolution of the City Council of City of San Fernando and in compliance with the requirements of Article 4, Chapter 1, (commencing with Section 22565) of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of the State of California.

Section 22573 of the Landscaping and Lighting Act of 1972 requires assessments to be levied according to benefit rather than according to assessed value. The section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

The determination of whether or not a lot or parcel will benefit from the improvements shall be made pursuant to the Improvement Act of 1911 (Division 7 (commencing with Section 5000) of the Streets and Highways Code, State of California)."

Exemption from Article XIID of the California Constitution

As a result of the passage of Proposition 218 by voters on November 5, 1996, Articles XIIC and XIID were added to the California Constitution. Article XIID specifically addressed both the substantive and procedural requirements to be followed for assessments. The new procedural and approval process for assessments outlined in this article apply to all assessment districts, with the exception of those existing assessments that met one or more of the following criteria: 1) a district that received prior voter approval, 2) a district originated with a petition signed by 100 percent of the property owners in the district, or 3) a district complying with the requirements set forth in Section 5(a) of Article XIID that states:

...assessments existing on the effective date of this Article shall be exempt from the procedures and approval process set forth in Section 4 [if they were] imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.

Street Improvement as defined herein is based on the definitions provided by the Office of the Controller for the State of California in the *Guidelines Relating to Gas Tax Expenditures* published by the Division of Local Government Fiscal Affairs. The state's gas tax program is administered by local agencies, but audited by the Office of the State Controller. The proceeds of the gas tax are statutorily limited to expenditures for streets and roads. Because the funds are restricted to street and road costs, the State Controller developed the "Street Purpose Definitions and Guidelines" based on the *Manual of Uniform Highway Accounting and Financial Management Procedures* developed by the American Association of State Highway Officials. Street improvement, as it relates to this District, is defined as the construction, operation, or maintenance of facilities within the right of way used for street or road purposes including but not limited to the following:

- Installation or expansion of the street lighting system including replacement of old equipment with superior equipment, installation of traffic signals at intersections and railroad crossings, replacement of equipment as required for relocations for street purposes, and purchase and installation of traffic signal control equipment.
- Servicing lighting systems and street or road traffic control devices including, repainting and repairing traffic signals and lighting standards; and furnishing of power for street and road lighting and traffic control devices.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

Therefore, the City determined that the District assessments (assessment rates) approved and levied prior to the passage of Proposition 218 for Street Improvements (Fiscal Year 1996/1997) as defined above were exempt from the Article XIID procedural and approval process, however any proposed increase to the assessments would be subject to both the substantive and procedural requirements outlined in Article XIID.

In Fiscal Year 2002/2003 the City conducted property owner protest ballot proceedings for an assessment increase. At the conclusion of the public hearing for the District and proposed assessment increase, returned ballots were tabulated and it was determined that majority protest existed and the proposed assessment increase was not imposed. Therefore the previously approved maximum assessment rate was applied and the District was levied in accordance with the Method of Apportionment.

Based on the District's estimated expenses and revenues for Fiscal Year 2003/2004, the City once again submitted a proposed assessment increase to the property owners within the District and initiated and conducted property owner protest ballot proceedings in compliance with the substantive and procedural requirements of the Constitution Article XIID. At the conclusion of the Public Hearing scheduled July 7, 2003, all property owner protest ballots returned were tabulated to determine if majority protest existed. As a majority protest did not exist, the proposed special benefit assessment increase was approved and adopted by the City Council for Fiscal Year 2003/2004. The proposed assessment presented to the property owners' established new maximum assessment rates for the various land use classifications within the District.

The actual assessment rates adopted in any Fiscal Year may be less than or equal to these maximum assessment rates without additional balloting. Any proposed assessment that exceeds the maximum assessment rates will require additional property owner ballot proceedings for the incremental assessment increase. The method of apportioning special benefits and the maximum assessment rates are discussed in more detail in the Method of Assessment section of this report.

SECTION 2. DISTRICT BOUNDARIES

The boundary of the District is coterminous with the City limits of the City of San Fernando and is shown on the Assessment Diagram (Exhibit "B") attached hereto and incorporated herein by reference. The boundaries of the zones within the District are the boundaries shown on the official zoning map of the City of San Fernando, on file in the office of the City Clerk and incorporated herein by reference. All parcels of real property included within the District are described in more detail on maps on file in the Los Angeles County Assessor's office.

SECTION 3. PLANS AND SPECIFICATIONS

The improvements for Fiscal Year 2017/2018 may be generally described as the continued maintenance and operation of streets and sidewalks within the District, including the maintenance and servicing of public lighting facilities and appurtenant facilities that are located in and along such streets and sidewalks. The improvements do not include the maintenance or servicing of public lighting facilities that are not located in and along streets and sidewalks within the District.

There has been prepared and filed with the City Clerk, the District improvement plans and specifications showing and describing the existing improvements. The plans and specifications are identified as "Plans and Specifications No. L-2000", and are available for public inspection. These Street Lighting Plans consist of the Southern California Edison Company maps showing the general nature, location, and extent of existing and proposed street lights in the District which are owned and maintained by the Edison Company, as well as City as-built construction plans showing the general nature, location, and extent of existing street lights which are owned and maintained by the City. The plans and specifications and documents so described are by reference made part of this report and incorporated herein.

In addition to the improvements referenced above, additional streetlight facilities and improvements were added in Fiscal Year 2004/2005 utilizing District funds designated for Capital Improvement Projects. The additional improvements included the expenses associated with the underground improvements for various streetlight facilities within the District. The specific location and extent of these new improvements are on file in the Office of the City Engineer and by reference are made part of this report.

SECTION 4. METHOD OF ASSESSMENT

A. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the California Constitution Article XIID addresses several key criteria for the levy of assessments, notably:

Article XIID Section 2d defines District as follows:

“District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service”;

Article XIID Section 2i defines Special Benefit as follows:

“Special benefit” means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute “special benefit.”

Article XIID Section 4a defines proportional special benefit assessments as follows:

“An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel.”

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a

benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either “general benefit” (not assessed) or “special benefit”.

B. STREET LIGHTING BENEFITS

The special benefits derived from the maintenance and servicing of street lighting are the convenience, safety, and security of property, improvements, and goods. Specifically:

1. Improves ingress and egress to property.
2. Enhances nighttime commercial, business, and residential living environment through improved visibility and related safety.
3. Increased nighttime safety on roads and highways and improved ability of pedestrians and motorists to see.
4. Enhanced deterrence of crime and the aid to police protection.
5. Deters nighttime vandalism and other criminal acts and damage to improvements or property.
6. Improved traffic circulation and reduced nighttime accidents and personal property loss.
7. Enhances desirability of properties through association with District improvements.

C. METHODOLOGY

The method of assessment separates costs into two categories:

1. District-wide Lighting - Street Intersection Safety Lights
2. Local Lighting - Street Lights and Alley Lights

District-wide Lighting (Street Intersection Safety Lights)

District-wide Lighting represents the special benefit received from each and every parcel within the District from street intersection safety lights. The cost of such improvements is apportioned at a uniform rate per assessable front foot established for each assessable lot or parcel within the District. Corner single-family residential lots are assessed for street address footage only; side yard frontage is not assessed.

Local Lighting (Street Lights and Alley Lights)

Local Lighting represents the special benefit received from the servicing and maintenance of street and alley lights in close proximity to the assessed parcels. The total cost for Local Lighting is determined by estimating the total amount to be assessed for all street lighting costs and deducting the cost specifically identified as street intersection safety lights.

Local Lighting is further separated into the following zones for both street and alley lights categories:

- Residential
- Industrial
- Commercial

Each zone is defined by the zoning map established by the City Planning Commission the year the Engineer's Report is prepared and approved by the City Council, as shown on the official City records. Separation into zones recognizes differences in estimated special benefit from lighting received by properties within residential, industrial, and commercial areas.

Because non-residential properties are often vacant and unattended during late night hours they are generally more susceptible to vandalism and crime than residential properties. In addition, convenient ingress and egress is more critical to non-residential properties, especially commercial properties, since a larger number of vehicles generally use such properties, and since the convenience of ingress and egress is a significant factor in attracting clients, customers, and employees. For these reasons, non-residential properties derive a greater benefit from street lighting than residential properties.

In addition to the benefit rational described above, the benefit various properties receive from street lighting are directly related to the level of illumination. Nationally, industry standards recommend increasing the intensity of street light illumination from the minimum level specified for local residential streets, to higher levels specified for commercial and arterial streets (Reference: American National Standard Practice for Roadway Lighting, RP-8, page 11, Table J, Recommendation for Average Maintained Horizontal Illumination). Therefore, properties zoned for non-residential use are assessed at a higher rate than properties zoned for residential use because the intensity of street lighting associated with non-residential properties is greater.

Local Lighting cost for street lighting was apportioned per front foot against all "benefited" lots or parcels within each particular zone. "Benefited" lots or parcels were determined to be those where there is existing lighting on the street fronting the lot or parcel. No assessment for Local Lighting has been apportioned to properties where there are no lights or where existing lights are too distant to provide special benefit to those properties.

Based on recommended illumination levels and recognizing variations in existing lighting, the Local Lighting costs have been apportioned according to the following ratios:

Benefit ratios for street lighting:

Parcels within the District receive benefit from local street lighting, namely the street lighting located on the streets or streets in close proximity to the parcels' street address frontage. The benefit ratios established for these street lights are based on the following ratios:

- Residential Zone = 1.0
- Industrial Zone = 2.5
- Commercial Zone = 3.0

Benefit ratios for alley lighting:

In addition to the benefit received from street lighting located in close proximity to the parcels' street address frontage, certain parcels within the District receive a benefit from alley lighting located in close proximity to their side or rear footage. This alley lighting benefit for residential parcels has been estimated at one-half of the street lighting benefit. Non-residential parcels are

assigned twice as much benefit from alley lighting as residential parcels because such parcels generally utilize the alleys for deliveries and other purposes. The benefit ratios established for alley lights are based on the following ratios:

- Residential Zone = 0.5
- Industrial Zone = 1.0
- Commercial Zone = 1.0

Single Family Residential Corner Lots

As a result of an assessment analysis, the City Council took action at their regular meeting on February 21, 1995 to modify the apportionment formula to eliminate charging corner lots with single-family residences for their side yard footage. Single-family residential corner lots are assessed for footage along street address frontage only at the rate set by its respective zone and side yard footage is not included in the calculation for either District-wide Lighting or Local Lighting.

Frontage Rates

Based on the preceding discussion, the following are the resulting frontage rate formulas:

Where:

TAF	=	Total Assessable Footage
TLF	=	Total Local Footage (Adjusted Front Footage)
SLB	=	Street Light Local Benefit
ALB	=	Alley Light Local Benefit
RF	=	Residential Frontage
MF	=	Industrial Frontage
CF	=	Commercial Frontage
RAF	=	Residential Alley Frontage
MAF	=	Industrial Alley Frontage
CAF	=	Commercial Alley Frontage
DLR	=	District-wide Lighting Rate
LLR	=	Local Lighting Rate

The following outlines the proportional special benefit formulas used to calculate the assessment rate applied to District-wide Lighting benefits (street intersection lighting):

Total Assessable Footage (TAF) = (RF+MF+CF+RAF+MAF+CAF)
(Assessable Footage) (All assessed parcels)

$$\text{District-wide Lighting (DLR)} = \frac{\text{Budgeted Intersection Safety Light Cost}}{\text{Total Assessable Footage (TAF)}}$$

The following outlines the proportional special benefit applied to various land use classifications to determine the adjusted front footage used for calculating Local Lighting assessments. Each parcel's total adjusted front footage is the sum of the parcel's calculated SLB and ALB applicable to that parcel's land use.

Residential SLB = 1.0 x RF (Residential Frontage)
Residential ALB = 0.5 x RAF (Residential Alley Frontage)

$$\begin{aligned}
 \text{Industrial SLB} &= 2.5 \times \text{MF} && \text{(Industrial Frontage)} \\
 \text{Industrial ALB} &= 1.0 \times \text{MAF} && \text{(Industrial Alley Frontage)} \\
 \\
 \text{Commercial SLB} &= 3.0 \times \text{CF} && \text{(Commercial Frontage)} \\
 \text{Commercial ALB} &= 1.0 \times \text{CAF} && \text{(Commercial Alley Frontage)}
 \end{aligned}$$

The following outlines the proportional special benefit formulas used to calculate the assessment rate applied to Local Lighting benefits:

$$\begin{aligned}
 \text{Total Local Footage (TLF)} &= \text{RF} + 2.5(\text{MF}) + 3.0(\text{CF}) + 0.5(\text{RAF}) + \text{MAF} + \text{CAF} \\
 \text{(Adjusted Footage)} &&& \text{(All assessed parcels)}
 \end{aligned}$$

$$\begin{aligned}
 \text{Local Lighting Rate (LLR)} &= \frac{\text{Total Balance to Levy} - \text{(Intersection Light Cost)}}{\text{Total Local Footage (TLF)}} \\
 \text{(Assessment Rate)} &&&
 \end{aligned}$$

The annual assessment calculated for each parcel is the sum of their District-wide Lighting assessment and Local Lighting assessment.

$$\text{Total Assessment} = \text{District-wide Assessment} + \text{Local Lighting Assessment}$$

$$\begin{aligned}
 \text{Residential Assessment} &= (\text{RF} \times \text{DLR}) + [(1(\text{RF}) + .5(\text{RAF})) \times \text{LLR}] \\
 \text{Industrial Assessment} &= (\text{MF} \times \text{DLR}) + [(1(\text{MF}) + .5(\text{MAF})) \times \text{LLR}] \\
 \text{Commercial Assessment} &= (\text{CF} \times \text{DLR}) + [(1(\text{CF}) + .5(\text{CAF})) \times \text{LLR}]
 \end{aligned}$$

D. MAXIMUM ASSESSMENT RATES

Based on the preceding discussion of apportioning special benefits to all properties within the District and the City Engineer's cost estimate for Fiscal Year 2017/2018, the maximum assessment rate approved by property owners for District-wide Lighting (Street Intersection Safety Lighting) is \$0.2262 per assessable foot and the maximum assessment rate approved by property owners for Local Lighting (Street Lights and Alley Lights) is \$0.4477 per adjusted foot.

SECTION 6. ASSESSMENT ROLL

The net amount to be assessed upon assessable lands within the District for Fiscal Year 2017/2018 is \$331,462.82. The Fiscal Year 2017/2018 assessment rates for the District-wide Benefit are \$0.2262 per Front Foot and \$0.4477 per Adjusted Front Foot for the Local Lighting Benefit. These rates equal the maximum assessment rates for the District-wide Benefit that was approved and applied in Fiscal Year 2016/2017.

The amount to be assessed against each individual parcel within the District is set forth in the Assessment Roll, which is on file in the office of the City Clerk and incorporated herein by reference. Reference is made to the Los Angeles County Secured Roll for details concerning the description of the parcels within the District.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Humberto Quintana, Interim Senior Planner

Date: May 15, 2017

Subject: Consideration to Approve a License Agreement With Crown Castle NG West LLC A Registered Competitive Local Exchange Carrier ("CLEC") To Install A Distributed Antenna System ("DAS") On A City-Owned Light Pole.

RECOMMENDATION:

It is recommended that the City Council

- a. Approve a License Agreement (Attachment "A" – Contract No. 1855) with Crown Castle NG West LLC, a registered Competitive Local Exchange Carrier ("CLEC") to install a Distributed Antenna System ("DAS") on a City-owned light pole; and
- b. Authorize the Interim City Manager to execute the Agreement.

BACKGROUND:

1. The California Public Utilities Code §7901 allows telephone corporations to construct telephone lines along and upon any public road or highway and may erect poles, posts, piers, or abutments for supporting the insulators, wires, and other necessary fixtures of their lines, in such manner and at such points as not to incommode the public use of the road or highway.
2. Although this section of the code identifies telephone corporations, it is also applicable to wireless service providers, such as a registered competitive local exchange carrier (CLEC) that holds a certificate of public convenience and necessity (CPCN) issued by the California Public Utilities Commission (CPUC).
3. In January 2017, Crown Castle NG West, LLC, a registered CLEC, submitted an application to install a Distributed Antenna System (DAS) on a City-owned light pole.

Consideration to Approve a License Agreement with Crown Castle NG West LLC for Telecommunication Facility on City-owned PolePage 2 of 2

ANALYSIS:

The proposed licensee is a registered competitive local exchange carrier, holds a full facilities-based certificate of public convenience and necessity from the California Public Utilities Commission, and provides telecommunications network services to customers through fiber-fed distributed antenna system facilities located in the public right-of-way. The licensee is seeking to install a Distributed Antenna System Facility on a City-owned light pole. The DAS Facility would consist of the attachment of a new wireless telecommunications node to an existing street light pole located near 1231 San Fernando Road (Pole # 136). The node will be located at the top of the pole and will include two (2) 2203 Remote Radio Units (RRU's) with integrated antennas. There will also be a new 24"x36"x36" vault for power and telecommunications located approximately at 1231 San Fernando Road (Attachment "A"; Exhibit "B").

The draft license agreement has been reviewed by the City Attorney. Once approved, the license agreement will allow Crown Castle NG West, LLC to install a DAS on a City-owned light pole for a period of five (5) years with three (3) optional five (5) year extensions. Such installation will improve telecommunication systems within the project area.

BUDGET IMPACT:

The license agreement requires the licensee to pay the City an annual license fee in the sum of one thousand dollars (\$1,000.00), which will be adjusted on the anniversary of the effective date each year by an amount equal to the change in the Consumer Price Index for All Urban Consumers (CPI-U) in the Los Angeles-Riverside-Orange County Consolidated Metropolitan Statistical Area. The amount the City can charge is limited by state law. The proposed license fee is an industry standard.

CONCLUSION:

It is recommended that the City Council authorize the Interim City Manager to execute the attached license agreement with Crown Castle NG West, LLC.

WHEREAS, Licensee is a registered competitive local exchange carrier ("CLEC") and holds a valid full-facilities-based certificate of public convenience and necessity ("CPCN") issued by the PUC on July 15, 2014 (CPUC Utility Number U-6745-C); and

WHEREAS, pursuant to the CPCN, Licensee seeks to enter into the Licensor's right-of-way and utilize the Light Pole to install, maintain, and operate a distributed antenna system, so that wireless service providers with contracts to use the system's network may provide wireless telecommunications and data services to the residents and visitors of the City who contract with such wireless service providers; and

WHEREAS, features of the distributed antenna system, include, without limitation, antenna nodes, fiber repeaters, and related equipment ("Facilities") in a limited configuration further described in the attached **Exhibit "B."**

IN CONSIDERATION OF THE MUTUAL PROMISES OF THE PARTIES, THE CITY AND THE DEVELOPER HEREBY AGREE, AS FOLLOWS:

SECTION 1. **Recitals.**

The Recitals set forth above are true and correct and incorporated herein by this reference.

SECTION 2. **Pole, Premises, and Permitted Use.**

- A. Subject to the terms and conditions set forth in this License, Licensors licenses to Licensee, on a non-exclusive basis, the use of the Light Pole located within the public right-of-way in the jurisdictional boundaries in the City, provided that the Facilities located, placed, attached, operated, maintained, controlled, removed, reattached, reinstalled, relocated, and replaced, in or on the Light Pole, do not exceed the footprint on the Light Pole illustrated in **Exhibit "B."**
- B. Licensors hereby authorizes and permits Licensee to locate, place, attach, operate, maintain, control, remove, reattach, reinstall, relocate, and replace Facilities in or on the Light Pole, as described in more detail in **Exhibit "B,"** for the purposes of operating a telecommunications network and providing telecommunications services (collectively, "Licensee's Permitted Use").

SECTION 3. **Term.**

- A. The initial term of this License shall be five (5) years (the "Initial Term"), commencing on the Effective Date. No right in the use of the Light Pole shall vest in Licensee until the occurrence of the Effective Date.
- B. Licensee shall have the right to extend this License for three (3) additional, five-year terms (each being a "Renewal Term"). Licensee's use of the Light Pole during each such Renewal Term shall be on the same terms and conditions as set forth herein, except that the amount of License fee shall be as provided in Section 4, below. This License shall automatically renew for each successive Renewal Term, unless (i) Licensee notifies Licensors in writing of Licensee's intention not to renew this License at least sixty (60) calendar days prior to the expiration of the Initial Term or any Renewal Term; or (ii) Licensee is in default of this License on the last day preceding such Renewal Term.
- C. If Licensee shall remain in use of the Light Pole at the expiration of the Initial Term of this License or any Renewal Term without valid extension, such tenancy shall be deemed a month-to-month use under the same terms and conditions in this License, except that the License Fee shall be in the amount of 150% of the annual License Fees in effect at the expiration of this License, paid pro rata on a monthly basis. Nothing contained herein shall grant Licensee the right to holdover after the term of this Agreement has expired.

SECTION 4. License Fee.

- A. From and after the occurrence of the Effective Date until the commencement of a Renewal Term, Licensee shall pay Licensors annually the sum of One Thousand Dollars (\$1,000.00) ("License Fee").
- B. Such License Fee shall increase annually during the Initial Term and any Renewal Term, effective as of each anniversary of the Effective Date, by an amount equal to the change in the Consumer Price Index for All Urban Consumers (CPI-U) in the Los Angeles-Riverside-Orange County Consolidated Metropolitan Statistical Area. The License Fee shall be payable annually in advance, without offset or deduction, except as provided herein, at Licensors address specified below, or to any other person of firm that Licensors may, from time to time, designate in writing, at least sixty (60) calendar days in advance of any License Fee payment date. If, at any time, Licensee fails to make timely payments within ten (10) calendar days of when due, interest shall accrue on the past due amount at the rate of 18% per annum or the maximum allowable by law, whichever is less, until paid in full. All sums payable by Licensee under this License, whether or not stated to be License Fees or additional License Fees, shall be collectible by Licensors as License Fees, and upon default in payment thereof, Licensors shall have the same rights and remedies as for failure to pay license fees (without prejudice to any other right or remedy available therefor). This right is in addition to all the rights of Licensors set forth in Section 11 herein.

SECTION 5. Business License.

Licensee shall obtain a City business license before performing any services permitted by this License. The failure to obtain such business license shall be a material breach of this License and grounds for immediate termination by Licensors.

SECTION 6. Interference.

- A. Licensee shall operate the Facilities on the Light Pole in a manner that will not cause interference with the use or enjoyment of the Light Pole by Licensors or with other public uses of the Light Pole. All operations of Licensee shall be lawful and in compliance with all Governmental Requirements (as hereafter defined), including, but not limited to, those of the Federal Communications Commission ("FCC"), the Federal Aviation Administration ("FAA"), and the PUC. "Governmental Requirements" shall mean all requirements under any federal, state, or local statutes, rules, regulations, ordinances, or other requirements of any duly constituted public authority having jurisdiction of the Light Pole. Licensee shall indemnify Licensors and hold it harmless from all expenses, costs, damages, loss, claims, or other expenses and liabilities arising from any interference caused by Licensees failure to comply with Governmental Requirements that is curtailed within thirty (30) calendar days after Licensee receives written notice of such interference. Licensee shall be responsible for all costs associated with any tests deemed necessary to resolve any and all interference. If interference is caused by Licensees failure to comply with Governmental Requirements has not been corrected within the time specified by the FCC, FAA, or PUC or within thirty (30) calendar days, whichever is shorter, after Licensee receives notice thereof, Licensors may require Licensee to remove from the

- Facilities the specific item(s) causing such interference. Licensee further agrees to reimburse Licensor's reasonable costs for technical review of such plans.
- B. Licensor reserves the right to license other portions of the Light Pole to other parties during the term of this License. Accordingly, Licensor agrees that any other person or entity who may install equipment subsequent to the Effective Date in and/or on the Light Pole will be permitted to install only such communications equipment that is of a type and frequency that will not foreseeably cause any interference to Licensee.
 - C. In the event that Licensee commences use of the Light Pole in a manner as to which Licensee or its wireless carrier customers are not presently licensed by the FCC or the PUC but with respect to which Licensee or its customers hereafter obtains necessary FCC licensure or PUC authorization, Licensee's right to conduct such particular use shall be subordinate to the use of the Light Pole by Licensor, there licensees, or occupants thereof existing on or before the date on which Licensee commences such use. Licensor shall be under no obligation to exercise the duties concerning interference described above in Section 6(B) with respect to a future use of the Light Pole by Licensee as described in this Section 6(C).

SECTION 7. Improvements; Utilities

- A. Prior to installing or allowing Facilities to be installed in or on the Light Pole, Licensee shall submit detailed engineering plans and specifications of the planned installation to Licensor, together with any permit fees required, for Licensor's written approval, which approval shall not be unreasonably withheld, delayed, or conditioned. Licensor's review of Licensee's plans shall include a review of the appearance of the Facilities. The Facilities to be installed must be in compliance with all federal, state, and local laws, including, but not limited to, local zoning requirements, and must adhere to all technical standards set forth in this License. Licensor's approval of any installation is not a representation that such installation of the Facilities is in compliance with all applicable governmental laws, ordinances, rules, and regulations or that such facilities will not cause interference with other communications systems, if any, then in operation on the Light Pole.
- B. All work by Licensee shall be performed in compliance with applicable federal, state, and local laws. Licensee and its contractors and subcontractors shall be solely responsible for the transportation, storage, and safekeeping of materials and equipment used in the performance of any work, for the removal of waste and debris resulting therefrom on a daily basis, and for any damage caused by them to any installations or work performed by Licensee's contractors and subcontractors.
- C. Licensee is not authorized to contract for or on behalf of Licensor for work on, or the furnishing of materials to, the Light Pole. Licensee shall prevent the attachment of any liens against the Light Pole and keep said assets free from any liens, charges, or encumbrances arising out of any work performed, materials furnished, or obligations incurred by Licensee. Licensee shall also discharge of record by payment, bond, or otherwise, within ten (10) calendar days subsequent to the date of its receipt of a notice thereof from Licensor, any mechanic's, laborer's, or similar lien filed against the Light Pole for work or materials claimed to have been furnished at the instance of Licensee. The Facilities shall remain the exclusive property of Licensee during the

term of this Licensee, and Licensee shall have the right to remove all or any portion of the Facilities at any time during the term of this License or following the term of this License as hereinafter provided.

- D. Licensee will notify Licensor prior to commencing Licensee's installation work on the Light Pole. Prior to commencing any installation, Licensee will, at its own cost and expense, deliver to Licensor a certificate of insurance confirming that comprehensive general liability insurance, as required under Section 14 of this License, covering the risk during the scope of performance of Licensee's installation, has been obtained and is in place, which policy as endorsed will protect Licensor, Licensor's agents, its elected and appointed officials, officers, and employees with respect to the Light Pole against any claim or liability arising out of such installation. Licensee's contractor will name Licensor, Licensor's agents, its elected and appointed officials, officers, and employees as additional insured under contractor's insurance policies. Prior to Licensee's commencement of installation of the Facilities, Licensee shall provide Licensor with any copies of any approvals from state and federal governmental agencies obtained by Licensee with respect to this License.
- E. All installation and other work to be performed by Licensee hereunder shall be done in such a manner as to not interfere with, delay, or impose any additional expense upon Licensor in maintaining the Light Pole. In no event will Licensor be required to consent to any installation or other work by Licensee which would physically affect any part of the Light Pole. Licensee shall repair any damage caused by Licensee or its agents to the Light Pole, reasonable wear and tear excepted.
- F. Following any termination or expiration of this License, Licensee shall remove all of its Facilities. In performing such removal, Licensee shall restore the Light Pole and any personal property and fixtures thereon to as good a condition as they were in prior to the removal of the Facilities, reasonable wear and tear excepted. If Licensee fails to remove such Facilities within ninety (90) calendar days after expiration or early termination of this License, Licensee shall reimburse Licensor for the reasonable costs actually incurred for such removal of Facilities and restoration of the Light Pole, or Licensor may deem the Facilities abandoned, whereupon the Facilities shall become Licensor's property.
- G. Licensee shall, at Licensee's expense, keep and maintain its portion of the Light Pole in commercially reasonable condition and repair during the term of this License. Licensee agrees to maintain the Facilities in proper operating condition and within industry accepted safety standards. All installations and operations of the Facilities by Licensee shall comply in all material respects with all applicable rules and regulations of the FCC and all applicable federal, state, City, county, and local codes and regulations. Licensor assumes no responsibility for the licensing, operation, or maintenance of the Facilities. Licensee has the responsibility of carrying out all of the terms of its FCC license and ensuring that all of Licensee's customers carry out all of the terms of their FCC licenses with respect to the Facilities.
- H. Licensee shall have the right, at Licensee's expense, to install commercial power utilities to the Light Pole. All utility routes must be approved by Licensor prior to construction. Licensee agrees to have a separate meter installed for Licensee's

electrical power consumption, whereupon Licensee shall pay the power utility directly for such usage.

SECTION 8. Technical Standards.

Licensee agrees that the installation, operation, and maintenance of its Facilities shall, at all times, and at Licensee's sole expense, comply with all applicable governmental laws and regulations and with such technical standards as may from time to time be established by Licensors, including, without limitation, technical standards relating to the frequency, compatibility, radio interference protection, antenna type and location, and physical installation ("Technical Standards"). The current Technical standards are attached hereto as **Exhibit "C."** If any applicable governmental laws and regulations or any new technical standards established by Licensors shall require that Licensee to modify or revise the then existing installation, operation, or maintenance of its Equipment, Licensee shall make such modifications or revisions; and if applicable, apply to the Licensors for necessary permits at Licensee's sole expense within thirty (30) days thereafter.

SECTION 9. Access.

Licensee and its authorized personnel shall be entitled to twenty-four (24) hour, seven (7) per week access to the Light Pole. For purposes hereof, "authorized personnel" shall mean only authorized employees, engineers, technicians, or properly authorized contractors of Licensee or persons under their direct supervision. All access to the Light Pole by Licensee shall be subject, in each instance, to the reasonable security requirements and reasonable rules and regulations from time to time in effect at the Light Pole, of which Licensors shall inform Licensee in writing. In the event Licensee requires access to the Light Pole outside of Licensors' normal business hours, Licensee will be responsible for any reasonable costs incurred by Licensors in providing such access to the Light Pole.

SECTION 10. Event of Default.

It shall be an "Event of Default" if any one or more of the following events occur:

- A. Licensee's default in payment when any License Fee or other sum of money specified hereunder to be paid by Licensee is due and Licensee does not remedy such default within fifteen (15) calendar days after written notice thereof from Licensors (provided, however, that Licensors shall not be required to provide such notice with respect to more than two payments required during any calendar year during the term hereof); or
- B. Licensee's default in the performance of any of the terms, conditions, or covenants contained in the License to be performed or observed by Licensee other than that specified in Section 10(A) above and the interference provisions herein, and Licensee does not remedy such default within thirty (30) calendar days after written notice thereof is given to Licensee or, if such default cannot be remedied in such period, Licensee does not, within twenty (20) calendar days after such notice from Licensors, commence such efforts or acts as shall be necessary to remedy the default and continue to prosecute such efforts and/or acts to completion with reasonable diligence.

- C. Upon the occurrence of an Event of Default, Licensor shall have and may pursue all rights and remedies permitted by applicable law, including, but not limited to, any of the following:
1. upon ten (10) calendar days' notice to Licensee, declare to be immediately due and payable on account of the License Fee and other charges herein reserved for the balance of the unpaid, incurred fees related to the current year of the term of this License (taken without regard to any early termination of such term on account of an Event of Default or other right to terminate this License), a sum equal to (A) all License Fees and other charges, costs, and expenses due from Licensee to Licensor and in arrears at the time of the Event of Default, plus (B) the License Fees reserved for the then entire unexpired balance of the term of this License (taken without regard to any early termination of such term on account of an Event of Default or other right to terminate this License), plus all other charges, payments, costs, and expenses herein agreed to be paid by Licensee up to the end of such term that are capable of precise determination at the time of the Event of Default.
 2. whether or not Licensor has elected to recover the sum set forth in Section 10(C)(1) above, terminate this License on at least ten (10) calendar days' notice to Licensee and, on the date specified in such notice, this License and the term hereby demised and all rights of Licensee hereunder shall expire and terminate and Licensee shall thereupon shall surrender and vacate its used portion of the Light Pole and surrender possession thereof to Licensor in the condition required in Section 7(F), in which event Licensee shall remain liable to Licensor as herein provided.
 3. suspend the supply of electrical power to the Facilities until the default is cured by Licensee, and Licensor shall thereby have no liability to Licensee, in which case Licensee shall have no right to an abatement of any license fees for such suspension and Licensee hereby waives all claims for damages against Licensor resulting from such suspension of services.
- D. In the event Licensor shall fail to keep or perform any of the terms, conditions, or covenants contained in this License to be performed or observed by Licensor, and Licensor does not remedy such failure within forty-five (45) days after written notice thereof is given to Licensor, or such default cannot be remedied in such a period and Licensor does not, within thirty (30) days after such notice from Licensee, commence such efforts or acts as shall be necessary to remedy the default and continue to prosecute such efforts and/or acts to completion with reasonable diligence, Licensee shall have and shall be entitled to exercise any and all rights and remedies permitted by applicable law.

SECTION 11. Termination by Licensee.

Following the Effective Date, and except as otherwise provided herein, provided that no Event of Default exists at the time of issuance of Licensee's written notice, this License may be terminated by Licensee in the following circumstances:

- A. after the Initial Term, upon sixty (60) calendar days' prior written notice and without penalty or further liability, if it is unable to obtain, maintain or reinstate within thirty (30) calendar days any easement, license, permit, or governmental agency approval necessary for the construction or operation of the Facilities in accordance with Licensee's Permitted Use. Licensee shall at all times use its diligent efforts in good faith to obtain and maintain any necessary governmental agency approval if it desires to terminate pursuant to this section.

- C. after the Initial Term, upon ninety (90) calendar days' prior written notice, and upon payment to Licensors of a termination fee equal to one year of the License Fees at the then current rate, if Licensee determines that, based on (i) technology, or (ii) changes in system design or system usage patterns, Licensee's use of the Facilities (as the same may have been modified from time to time) is no longer consistent with the optimal operation of Licensee's communications system. Such termination fee shall be payable at the time Licensee notifies Licensors of its election to terminate this License.
- D. upon Licensee's termination in accordance with this Section, Licensee shall surrender and vacate its used portion of the Light Pole and deliver possession thereof to Licensors on or before the termination date in the condition required under this License for surrender of its used portion of the Light Pole.

SECTION 12. Casualty and Condemnation.

- A. If at any time during the term of this License all or "substantially all" (meaning the remaining portion thereof shall not be of sufficient size or condition to permit the continuation of Licensee's Permitted Use in a commercially reasonable manner) of the Facilities on the Light Pole shall be damaged and/ or destroyed by fire or other casualty, then Licensee may terminate this License by providing written notice to Licensors, which termination shall be effective as of the date of such damage and/ or destruction, and Licensee shall be entitled to collect all insurance proceeds payable on account thereof and to the reimbursement of any prepaid License Fee, to be apportioned as of the termination date.
- B. SECTION 13. Taxes.

Licensee shall pay any personal property taxes assessed on, or any portion of such taxes attributable to, the Facilities. Licensor shall pay when due all real property taxes and all other fees and assessments attributable to the Light Pole. However, Licensee shall pay, as additional License Fee, any increase in real property taxes levied against the Light Pole (excluding any additional taxes that relate to the period prior to the Effective Date, i.e., rollback taxes) and all use and occupancy taxes, if any, which are directly attributable to Licensee's use of the Light Pole, and Licensor agrees to furnish written documentation of such increase to Licensee.

execution and performance of this License will not violate any laws, ordinances, covenants, or the provisions of any mortgage, lease, license or other agreement binding on Licensors; (iv) Licensee shall have the quiet enjoyment of the Light Pole, and Licensee shall not be disturbed as long as Licensee is not in default beyond any applicable grace or cure period; and (v) if the Light Pole is encumbered by a deed to secure debt, mortgage or other security interest, Licensors will make a reasonable, good faith effort to provide promptly to Licensee a Subordination, Non-Disturbance and Attornment Agreement ("SNDA") on such lender's or mortgagees then current form. Licensors will permit Licensee to contact such holder directly and will cooperate with Licensee in connection with any such discussions between Licensee and such holder concerning an SNDA.

SECTION 17. Hazardous Substances.

Licensee agrees that it will not use, generate, store or dispose of any Hazardous Material on, under, about or within the Light Pole in violation of any law or regulation. Licensors represents, warrants and agrees (1) that neither Licensors nor, to Licensors' knowledge, any third party has used, generated, stored or disposed of, or permitted the use, generation, storage or disposal of, any Hazardous Material on, under, about or within the Light Pole in violation of any law or regulation, except as disclosed in this License, and (2) that Licensors will not, and will not permit any third party to use, generate, store or dispose of any Hazardous Material on, under, about or within the Light Pole in violation of any law or regulation. Licensee shall defend, indemnify and hold harmless Licensors, Licensors' agents, its elected and appointed officials, officers, and employees against any and all losses, liabilities, claims and/ or costs (including reasonable attorneys' fees and costs) arising from any breach of any representation, warranty or agreement contained in this paragraph. As used in this paragraph, "Hazardous Material" shall mean hazardous or radioactive material, polychlorinated biphenyls, friable asbestos, or other hazardous or medical waste substances as defined by the Comprehensive Environmental Response, Compensation and Liability Act, as amended, or by any other federal, state or local law, statute, rule, regulation or order (including any Governmental Requirements) concerning environmental matters, or any matter which would trigger any employee or community "right-to-know" requirements adopted by any such body, or for which any such body has adopted any requirements for the preparation or distribution of a material safety data sheet. This paragraph shall survive the termination of this License.

SECTION 18. Assignment and Sublicensing.

- A. Upon thirty (30) calendar days' written notice, Licensee may assign this License, with all the rights and obligations specified herein (including, without limitation, its right to renew), or sublicense the Premises or any portion thereof (subject to the rights and obligations specified herein), to any person or business entity which is an affiliate of Licensee without the prior consent of Licensors. For purposes of this subparagraph, "affiliate" shall mean; (i) a corporation which owns fifty percent (50%) or more of the outstanding common stock of Licensee, or (ii) a corporation which has fifty percent (50%) or more of its common stock owned by Licensee, or (iii) a partnership which owns fifty percent (50%) or more of the common stock of Licensee, or (iv) a partnership which has fifty percent (50%) or more of its interest in partnership profits owned by Licensee, or (iv) an entity which purchases substantially all of the assets of

- B. Licensee may not otherwise assign or sublicense this License without Licensor's consent, which consent may be withheld or delayed in Licensor's sole discretion, except in connection with an assignment as collateral to secure a loan from a bona fide third party lender obtaining such assignment as part of a larger collateral pool. Any assignment consented to by Licensor in its sole discretion shall not operate to release the assigning Licensee from its liabilities or obligations arising hereunder; provided, however, that an assignment of this License to an entity having a net worth of \$50,000,000, or more (or to an entity providing a guaranty in Licensor's favor by a guarantor having a net worth equal to or greater than such amount) shall operate to discharge all further obligations of Licensee hereunder.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Humberto Quintana, Interim Senior Planner

Date: May 15, 2017

Subject: Consideration to Approve a Professional Services Agreement to Update the City's Accessory Dwelling Unit and Density Bonus Ordinances

RECOMMENDATION:

It is recommended that the City Council:

- a. Award a Professional Services Agreement (Attachment "A" – Contract No. 1856) to Karen Warner Associates, Inc. in an amount not-to-exceed \$18,520 to provide professional services to update the City's Accessory Dwelling Unit and Density Bonus Ordinances; and
- b. Authorize the Interim City Manager to execute the agreement.

BACKGROUND:

1. Effective January 1, 2017, two new state laws: 1) Assembly Bill 2299 (AB 2299) and 2) Senate Bill 1069 (SB 1069) require cities to adopt new regulations via ordinance that comply with the new restrictions related to review of new ADUs and associated development standards identified in the aforementioned State laws. The state mandated restrictions on ADUs are less strict than the restrictions the City had in place for Secondary Dwelling Units
2. After January 1, 2017, cities that do not have adopted ADU regulations in compliance with these new State laws must review applications using the regulations identified in AB 2299 and SB 1069, which are less strict than the City's prior regulations and may have the effect of increasing density in residentially zoned areas while exacerbating parking, traffic, and infrastructure maintenance issues.
3. In anticipation of the need to develop permanent ADU regulations, staff released a Request for Proposals for Accessory Dwelling Unit and Density Bonus Ordinance Updates on February 2, 2017.

Page 2 of 2

4. On February 21, 2017, staff presented an Urgency Ordinance regarding ADU regulations for Council consideration. City Council did not approve the Urgency Ordinance at that time as they requested additional information and directed staff to bring the issue back at a future meeting.
5. On February 28, 2017, the City received two responses to the RFP that were submitted timely.
6. In March 2017, both proposals were reviewed by the Interim City Manager and Interim Senior Planner.
7. On May 1, 2017, City Council created an Ad-hoc Committee to work with staff and a housing consultant to review proposed interim and permanent ADU regulations. City Council appointed Councilmember Joel Fajardo and Councilmember Jaime Soto, with Vice Mayor Antonio Lopez serving as alternate, to the Committee. Staff was directed to work with the Ad Hoc Committee to bring back an interim Ordinance for consideration by the full City Council by the meeting of June 5, 2017.
8. The Ad Hoc Committee is scheduled to meet during the week of May 15th to discuss the proposed provisions of the interim ordinance.

ANALYSIS:

As noted above, the City received two proposals that were submitted prior to the prescribed deadline. The table below lists each firm, sorted by their estimated base project cost:

Name of Firm	Estimated Base Project Cost
Karen Warner Associates, Inc.	\$ 18,520
Veronica Tam and Associates, Inc.	\$ 36,480

After reviewing both proposals, staff is recommending City Council award a contract to Karen Warner Associates, Inc. (KWA). KWA is a leader in the area of housing policy and planning and has prepared more than 100 housing elements for jurisdictions throughout the state and is currently working with other cities to draft compliant ADU ordinances.

KWA has also worked with the City in the past, as the firm prepared the *2005/6 – 2009/10 Redevelopment and Housing Implementation Plan* and the *2008 – 2014 San Fernando Housing Element*. Consequently, they are familiar with the City's housing issues and policies.

BUDGET IMPACT:

Sufficient funds have been included in the FY 2017-2018 Proposed Budget to fund this Professional Services Agreement.

CONCLUSION:

Based on a combination of KWA's experience working with the City and similar jurisdictions on housing related issues and policies and the cost effective proposal submitted by the firm, staff recommends awarding a Professional Services Agreement to KWA to assist the City with an updated ADU ordinance.

EXHIBIT "A"**"SCOPE OF SERVICES"****SCOPE OF WORK AND PROJECT APPROACH**

Based on review of the City's RFP and follow-up discussions with staff, we understand the City of San Fernando is interested in consultant assistance in preparing an update to the its Zoning Ordinance to bring the City's current density bonus and second unit (accessory dwelling unit) regulations into compliance with recent changes in State law.

San Fernando adopted its density bonus regulations in October 2013. Since that time, the Governor has signed a total of six bills - AB 2222 (effective Jan 2015), AB 744 (effective Jan 2016), and AB 2501, AB 2556, AB 2442, AB 1934 (all effective Jan 2017) - which have made a series of changes to State density bonus law. Under the new State law, local jurisdictions are required to amend their local density bonus ordinances to align with the amended statutes; and in the meantime any inconsistent existing zoning regulations are preempted. A summary of each of these bills is included in Appendix A.

The City's regulations governing secondary dwelling units were adopted in January 2004, and in compliance with AB 1866 (effective July 2003), permit second dwelling units as an accessory use in all residential zone districts. In 2017, three new pieces of legislation took effect (SB 1069, AB 2299, AB 2046) which amended State law to further promote the production of secondary dwelling units, herein forth referred to as "accessory" dwelling units; a summary of each of these bills is included in Appendix A. San Fernando's existing Zoning Code provisions applicable to accessory dwelling units are affected by this legislation because to the extent that a local ordinance imposes requirements beyond those specifically allowed by State law, those local provisions will be superseded beginning January 1, 2017.

SCOPE OF WORK

The Scope of Work for the San Fernando Density Bonus and ADU Ordinance Updates has been organized around the following nine tasks outlined in the City's RFP. Each of these tasks is detailed in the narrative which follows.

- Task 1: Project Management
- Task 2: Project Initiation
- Task 3. Technical Analysis and Evaluation
- Task 4. Study Sessions with Planning and Preservation Commission
- Task 5. Preparation of Draft Code Amendments
- Task 6. Preparation of Final Code Amendments
- Task 7. CEQA Compliance
- Task 8. Public Hearings
- Task 9. HCD Liaison

TASK 1. PROJECT MANAGEMENT

KWA will provide project management and administration to track and maintain the project schedule and budget throughout the project. Karen Warner will respond to requests for information and be available to discuss and resolve any issues. We recommend regular teleconferences, email updates, and meetings with City staff to maintain open communication and a clear understanding of the City's wishes and project progress.

TASK 2. PROJECT INITIATION

KWA will begin the Zoning Ordinance updates by thoroughly reviewing San Fernando's existing density bonus and accessory dwelling unit ordinances, and developing a focused list of data needs to be provided to staff in advance of the project kick-off meeting. In addition to information gathering, the kick-off meeting will be used to discuss any refinements to the project scope, to establish a detailed project schedule, and to further define the community outreach components. The roles and responsibilities of the City and KWA will also be defined.

- Products:**
- List of Data Needs
 - Project Schedule
- Meetings:**
- Kick-off Meeting with Staff

TASK 3. TECHNICAL ANALYSIS AND EVALUATION

This first component of this task will involve evaluation of the City's current accessory dwelling unit standards and review of a sampling of units produced under these standards. KWA will coordinate with staff to identify any issues with the current standards, and as appropriate, develop a list of potential modifications to better address the City's design and neighborhood compatibility goals. KWA will also develop a matrix identifying required modifications to the City's ADU ordinance to provide consistency with the new state requirements, as well as optional modifications to provide for junior accessory dwelling units.

The second component of this task will involve evaluating any density bonus projects or applications in San Fernando in recent years, and specifically the types of incentives/concessions utilized. A matrix will be prepared outlining the changes to the City's current ordinance required under the new density bonus statutes.

- Products:**
- List of Potential Modifications to ADU Standards to Improve Design
 - Matrix Comparing Existing ADU and Density Bonus Regulations with Required and Optional Updates

TASK 4. STUDY SESSIONS WITH PLANNING AND PRESERVATION COMMISSION

Pursuant the City's RFP, KWA will conduct two study sessions before the Planning and Preservation Commission to receive input from the Commission and greater community on the ordinance updates. KWA will prepare a flyer to advertise the study sessions, and staff will post

on the City's website and social media outlets and advertise in the local newspaper(s). Based on discussions with staff, we understand the City will provide translation services at the public meetings, and will maintain responsibility for translating written materials.

The first study session will be conducted upon completion of the Technical Analysis and Evaluation (Task 3), and will provide the findings of the review of the City's current code regarding ADUs and density bonuses, inclusive of junior ADUs, and present the matrices comparing the City's existing regulations with the required and optional updates. A review of any recommended revisions to development standards to enhance ADU design and neighborhood compatibility will also be provided.

The focus of the second study session will be to present the draft ADU and Density Bonus Ordinances. A simplified graphic will be prepared summarizing the key components of each ordinance and identifying changes from the City's existing regulations.

KWA will provide handout materials and copies of the PowerPoint presentations for distribution to the public at the study sessions.

- Products:**
- Study Session Flyer
 - PowerPoint and Handout Materials for Meetings
- Meetings:**
- Two Study Sessions before Planning and Preservation Commission

TASK 5. PREPARATION OF DRAFT CODE AMENDMENTS

Based on the direction received from the Planning and Preservation Commission, KWA will draft a series of Code Amendments related to accessory dwelling unit and density bonus regulations to address the following issues:

- ✓ Discrepancies between existing regulations and new state requirements
- ✓ Modified development standards to enhance ADU compatibility and design
- ✓ Incorporation of new and updated definitions
- ✓ Review/modification of relevant Code sections to ensure internal consistency
- ✓ Reformatting to match rest of Code (use of Tables, illustrations, etc.)

KWA will provide staff with a Screen Draft of the ADU Ordinance and Density Bonus Ordinance Code Amendments for review. A revised Draft will be prepared addressing staff comments and provided to the Planning and Preservation Commission for discussion at their second study session. Based on input from the Commission, the Code Amendments will be revised and packaged for public hearings.

- Products:**
- Screen Draft Code Amendments
 - Study Session Draft Code Amendments
 - Public Hearing Draft Code Amendments

TASK 6. PREPARATION OF FINAL CODE AMENDMENTS

The final ADU Ordinance and Density Bonus Ordinance Code Amendments shall include all the required components and shall reflect any changes as result of Planning Commission and City Council hearings.

Products: - Final Code Amendments adopted by City Council

TASK 7. CEQA COMPLIANCE

As the project is limited to a text amendment to the City's Zoning Ordinance, it is expected that the action is exempt from environmental review pursuant to CEQA Guidelines Section 15061(b)(3):

The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

KWAs experience in preparing zone text amendments for numerous jurisdictions is that typically a finding is made that the amendments are not subject to CEQA. As such, a cost for CEQA compliance has not been included in the scope of services.

TASK 8. PUBLIC HEARINGS

The two study sessions to be conducted before the Planning and Preservation Commission are described under Task 4. Following the study sessions, KWA shall prepare a Public Hearing Draft of the ADU and Density Bonus Ordinances for public review. KWA will draft the public hearing notice, and assist in preparing the staff reports. KWA will present the draft ordinances before the Planning and Preservation Commission and City Council, and prepare a graphic handout summarizing key ordinance changes. KWA will assist staff in responding to questions from the City's decision makers and public, and incorporate revisions to the Code Amendments as directed by City Council.

Products: - Public Hearing Notice
- PowerPoint and Ordinance Summary for Hearings

Meetings: - Three Public Hearings (Planning and Preservation Commission - 1, City Council - 2)

TASK 9. HCD LIAISON

KWA will be available to assist staff with any potential comments received from State HCD resulting from their review of the adopted Code amendments. While City staff will take the lead in coordinating with HCD, KWA will provide any necessary support services to staff in addressing State comments or concerns.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, Interim City Manager
By: Sonia Gomez-Garcia, Interim Finance Director

Date: May 15, 2017

Subject: Fiscal Year 2017-2018 Budget Study Session No. 1

RECOMMENDATION:

It is recommended that the City Council review and discuss the Fiscal Year (FY) 2017-2018 Proposed Budget.

BACKGROUND:

1. On February 21, 2017, City Council received a presentation of the FY 2015-2016 final audited financials, FY 2016-2017 Mid-year Budget Update, and FY 2017-2018 Budget Outlook. This marked the kick-off of the FY 2017-2018 Budget season.
2. On April 17, 2017, City Council received a presentation of prior years' City-wide Strategic Goals and City Council Priorities and staff discussed the work program for FY 2017-2018.
3. During the months of March and April 2017, the Finance Department and Interim City Manager met with each Department to develop the FY 2017-2018 Proposed Budget, which includes revenues and expenditures for the General Fund, Enterprise Funds, and all Special Revenue Funds.

ANALYSIS:

The FY 2017-2018 Proposed Budget is considered a Maintenance of Effort budget, which means it is based on providing the same level of service as FY 2016-2017. Departments were asked to continue to hold the line and keep their FY 2017-2018 operating budget requests the same as the current year. There were no cuts to any of the departments operating budgets but there were a few increases to operating costs due to Consumer Price Index (CPI) increases built in to a few contracts as well as additional costs required for the City to comply with our National Pollutant Discharge Elimination System (NPDES) permit. After initial review of the budget, the

Fiscal Year 2017-2018 Budget Study Session No. 1

Page 2 of 2

Interim City Manager is recommending a total of \$136,000 in ongoing increases (due to the items mentioned above) and a total of \$511,495 in one-time enhancements.

The General Fund operating budget deficit (i.e., ongoing revenue less ongoing expenditures) is estimated to be \$585,000 in FY 2017-2018. The operating budget deficit had been projected to be less than \$500,000 in fiscal year 2017-2018; however, the City had to include approximately \$115,000 in new on-going costs related to the City's NPDES program. More detail on the City's increased NPDES costs is provided in the "General Fund Expenditure" section of City Manager's Budget Message in the Proposed Budget document (Attachment "A"). Despite the added ongoing costs, the operating budget deficit is still projected to be eliminated by fiscal year 2020-2021.

Measure A

Measure A is expected to raise approximately \$2.5 million in FY 2017-2018 and will be used to pay down debt, establish reserves, fund one-time enhancements, reduce the General Fund deficit fund balance, and cover the operating budget deficit. More detail on Measure A expenditures can be found in the City Manager's Budget Message in the Proposed Budget document.

Capital Improvements

The FY 2017-2018 includes funding for a number of critical capital improvements to address the large backlog of deferred maintenance. Funding for these capital improvements is provided primarily through Special Funds, Water Fund and Sewer Fund.

<u>Category</u>	<u>Amount Budgeted</u>	<u>Funding Source(s)</u>
Street and Sidewalk Improvements	\$ 650,456	STPL; CDBG
Water System & Street Improvements	\$ 500,000	Water Fund
Sewer System & Street Improvements	\$ 750,000	Sewer Fund
Total:	\$ 1,900,456	

More analysis of the FY 2017-2018 Proposed Budget can be found in the City Manager's Budget message included in the Proposed Budget document.

BUDGET IMPACT:

The total Proposed Budget for all funds is approximately \$41.5 million. The Proposed General Fund budget is \$18.970 million. In accordance with the City's Budget Policy, the FY 2017-2018 Proposed General Fund Budget represents a balance budget, with General Fund revenues of \$19.354 million and expenditures of \$18.970 million estimating a surplus of \$383,990.

Fiscal Year 2017-2018 Budget Study Session No. 1Page 3 of 3

CONCLUSION:

The objective of the FY 2017-2018 Proposed Budget is three-fold: 1) reduce the operating budget deficit; 2) reduce the General Fund deficit fund balance; and 3) fund critical one-time needs to upgrade the City's infrastructure. With Measure A expiring in three (3) years, staff's focus is to reduce the General Fund's annual operating deficit and deficit fund balance as quickly as possible while balancing the need for critical infrastructure upgrades to the City's technology, streets, sewer system, and water system.
