

VOTE BY MAIL DROP BOX

The Vote by Mail Ballot Drop Box program started in 2017 as an initiative to provide voters with a secure alternative option for returning their ballot.

In the March 2020 Primary Election, the number of boxes throughout the County expanded to 206. These boxes remained secure and accessible throughout the entire voting period.

In the 2020 Presidential General Election there will be more than 400 secure Drop Boxes throughout the County giving voters a safe, accessible and contact free method to return their ballot during COVID-19.
