NO COST CHILD SAFETY SEAT INSPECTIONS

San Fernando, CA — During the week of May, 2021 through May 22, 2021, the San Fernando Police Department will be focusing on Child Safety Seat education and enforcement. As part of our campaign, we will be offering free child safety seat inspections by appointment only at the police station. Appointments are on a first come, first served basis and are subject to cancellation.

Inspections will take place Monday, May 17, 2021 through Thursday, May 20, 2021, between the hours of 9:00 AM and 5:00 PM. The inspections will take place in a marked parking stall in the east parking lot of the police station located at 910 First St, San Fernando. Please be sure that your vehicle is free of debris or other items that might make the restraint system for your seat inaccessible. At the conclusion of your check up, you will be provided with handouts with child safety seat information.

Please contact Child Safety Seat Specialist Connie Negrete to make an appointment. Ms. Negrete may be reached at CNegrete@sfcity.org or (818) 898-1280.

San Fernando Police reminds drivers and passengers to always wear their seatbelt and always use the appropriate child safety seat. Drive Safely San Fernando!
