CALL TO ORDER/ROLL CALL

PLEDGE OF ALLEGIANCE

Led by City Clerk Julia Fritz

APPROVAL OF AGENDA

Recommend that the City Council approve the agenda as presented and move that all ordinances presented tonight be read in title only as authorized under Government Code Section 36934.

PRESENTATIONS

- A. PRESENTATION IN RECOGNITION OF SOUTHERN CALIFORNIA GAS COMPANY FOR THE 2020-2021 CLIMATE ADAPTATION AND RESILIENCY GRANT AWARD OF \$50,000 TO THE CITY OF SAN FERNANDO

SAN FERNANDO CITY COUNCIL/SUCCESSOR AGENCY

Adjourned Regular Meeting Notice and Agenda – January 10, 2022

Page 2 of 5

DECORUM AND ORDER

The City Council, elected by the public, must be free to discuss issues confronting the City in an orderly environment. Public members attending City Council meetings shall observe the same rules of order and decorum applicable to the City Council (SF Procedural Manual). Any person making impertinent derogatory or slanderous remarks or who becomes boisterous while addressing the City Council or while attending the City Council meeting, may be removed from the room if the Presiding Officer so directs the sergeant-at-arms and such person may be barred from further audience before the City Council.

PUBLIC STATEMENTS

There will be a three (3) minute limitation per each member of the audience who wishes to make comments relating to City Business. Anyone wishing to speak, please fill out the blue form located at the Council Chambers entrance and submit it to the City Clerk. When addressing the City Council, please speak into the microphone and voluntarily state your name and address.

CONSENT CALENDAR

Items on the Consent Calendar are considered routine and may be disposed of by a single motion to adopt staff recommendation. If the City Council wishes to discuss any item, it should first be removed from the Consent Calendar.

1) CONSIDERATION TO APPROVE CITY COUNCIL MEETING MINUTES FOR:

- | | |
|---|---------------------------------------|
| a. May 18, 2020 - Regular Meeting | e. March 1, 2021 - Regular Meeting |
| b. August 17, 2020 - Regular Meeting | f. October 4, 2021 - Regular Meeting |
| c. September 8, 2020 - Regular Meeting | g. October 18, 2021 - Regular Meeting |
| d. September 21, 2020 - Regular Meeting | h. December 6, 2021 - Special Meeting |

2) CONSIDERATION TO ADOPT RESOLUTION NOS. 21-122 AND 22-011 APPROVING THE WARRANT REGISTERS OF DECEMBER 20, 2021 AND JANUARY 3, 2022

Recommend that the City Council:

- a. Adopt Resolution No. 21-122 approving the Warrant Register dated December 20, 2021; and
- b. Adopt Resolution No. 22-011 approving the Warrant Register dated January 3, 2022.

3) CONSIDERATION TO ADOPT A RESOLUTION APPROVING THE LAST AND FINAL RECOGNIZED OBLIGATION PAYMENT SCHEDULE FOR THE PERIOD JULY 1, 2022 THROUGH JUNE 30, 2023 FOR THE SUCCESSOR AGENCY TO THE SAN FERNANDO REDEVELOPMENT AGENCY

Recommend that the Board of Directors:

SAN FERNANDO CITY COUNCIL/SUCCESSOR AGENCY

Adjourned Regular Meeting Notice and Agenda – January 10, 2022

Page 3 of 5

- a. Adopt Resolution No. 168 approving the Successor Agency's Last and Final ROPS for the period from July 1, 2022 through June 30, 2023; and
- b. Authorize the Executive Director to take certain related actions.

4) CONSIDERATION TO APPROVE A THIRD AMENDMENT TO THE PROFESSIONAL SERVICES AGREEMENT WITH JOHN ROBINSON CONSULTING, INC. FOR ADDITIONAL ENGINEERING SERVICES AND PERMIT FEES RELATED TO THE UPPER RESERVOIR REPLACEMENT PROJECT

Recommend that the City Council:

- a. Approve a third Amendment to the Professional Services Agreement with John Robinson Consulting, Inc. (Contract No. 1912(c)) for additional engineering services and fees related to the Upper Reservoir Replacement Project; and
- b. Authorize the City Manager to execute the Agreement and all related documents.

5) RECEIVE AND FILE AN UPDATE REGARDING COVID-19 RESPONSE EFFORTS

Recommend that the City Council receive and file an update related to the City's COVID-19 efforts, including, but not limited to the City's COVID-19 planning, response, enforcement; education and outreach efforts; financial assistance programs and the pursuit of funding opportunities; COVID-19 related policy initiatives; and related recommendations, as appropriate.

PUBLIC HEARINGS

6) A PUBLIC HEARING TO CONSIDER THE ADOPTION OF A RESOLUTION TO APPROVE THE 2021 CITYWIDE ENGINEERING AND TRAFFIC SURVEY FOR SPEED LIMITS TO ALLOW FOR SPEED RADAR ENFORCEMENT ON CITY STREETS AND THE ADOPTION OF AN ORDINANCE AMENDING THE CITY CODE RELATING TO SPEED LIMITS

Recommend that the City Council:

- a. Conduct a Public Hearing; and
- b. Pending public testimony, introduce for first reading, in title only, and waive further reading of Ordinance No. 1705, "An Ordinance of the City Council of the City of San Fernando, California, Amending Sections 90-941 and 90-942 of Chapter 90 of the City of San Fernando City Code Relating to Speed Limits"; and
- c. Adopt Resolution No. 8111 approving the 2021 Citywide Engineering and Traffic Survey Report to establish speed limit zones in the City.

SAN FERNANDO CITY COUNCIL/SUCCESSOR AGENCY

ADMINISTRATIVE REPORTS

7) PRESENTATION AND STUDY SESSION OF THE DRAFT 2021-2029 HOUSING ELEMENT AND SAFETY ELEMENT UPDATE TO THE GENERAL PLAN

Recommend that the City Council receive a presentation and provide feedback on the proposed 2021-2029 Housing Element and Safety Element Update to the General Plan.

8) CONSIDERATION AND DISCUSSION TO ADOPT AN INTERIM URGENCY ORDINANCE ESTABLISHING REGULATIONS FOR URBAN LOT SPLITS AND HOUSING DEVELOPMENT IN SINGLE-FAMILY RESIDENTIAL (R-1) ZONE FOR IMPLEMENTATION OF SENATE BILL 9 (SB 9) AND AUTHORIZE A LETTER OF SUPPORT FOR A PROPOSED BALLOT INITIATIVE TO OVERTURN SB 9

Recommend that the City Council:

- a. Adopt Interim Urgency Ordinance No. U-1706 establishing regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for implementation of Senate Bill 9; and
- b. Authorize the Mayor and City Manager to submit a letter of support to the Brand-Huang-Mendoza Tripartisan Land Use Initiative committee and take other related actions supporting the ballot initiative titled, “Provides That Local Land-Use and Zoning Laws Override Conflicting State Laws. Initiative Constitutional Amendment.”

9) CONSIDERATION AND DISCUSSION TO APPROVE CITY COUNCIL LIAISON ASSIGNMENTS, AD HOC COMMITTEES, COMMISSIONS AND ADOPT A RESOLUTION APPOINTING THE CITY’S ALTERNATE REPRESENTATIVE TO THE INDEPENDENT CITIES RISK MANAGEMENT AUTHORITY GOVERNING BOARD

Recommend that the City Council:

- a. Review and provide direction to staff regarding Councilmember Liaison Assignments, Ad Hoc Committees and Commissions; and
- b. Adopt Resolution No. 8110 appointing Michael Okafor as the primary alternate representative to the Independent Cities Risk Management Authority Governing Board.

10) CONSIDERATION AND DISCUSSION TO ADOPT A RESOLUTION AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF THE CITY OF SAN FERNANDO’S LEGISLATIVE BODIES IN COMPLIANCE WITH GOVERNMENT CODE SECTION 54953(E) AND OTHER APPLICABLE PROVISIONS OF ASSEMBLY BILL 361

This item was agendized by Vice Mayor Hector A. Pacheco.

MINUTES – May 18, 2020

Page 3

ADMINISTRATIVE REPORTS

4) DISCUSSION OF CITY'S ACTIONS REGARDING CORONAVIRUS INCLUDING FINANCIAL ASSISTANCE PROGRAMS AND FUNDING OPPORTUNITIES

City Manager Kimball discussed the need to develop ways to decrease the number of COVID-19 cases emphasized the importance of safety protocols.

Councilmembers commented on the increased number of positive cases and stricter guidelines and enforcements, such as restaurants providing pre-packaged utensils and the costs involved for the owner, increase community outreach efforts to educate and remind everyone to take necessary appropriate precautions and to follow the health order guidelines and the potential use of CDBG funds towards educational efforts.

Deputy City Manager/Director of Community Development Tim Hou displayed informational materials for distribution to local businesses; addressed Code Enforcement and spoke about efforts and resources available through the County Health Department.

It was the consensus of the City Council to bring back a report for the discussion regarding extending financial assistance programs to the special meeting on May 21, 2020.

Motion by Councilmember Gonzales to walk-on an item on tonight's agenda as Item 13 regarding approval of a letter of support calling on the State to secure funds associated with the CARES Act. Mayor Fajardo seconded the motion. By consensus, the motion passed.

13) WALK-ON ITEM

Motion by Councilmember Gonzales to approve a letter of support calling on the State to secure \$7 billion in direct and flexible funding to support critical local services and secure CARES Act funding for all cities for COVID-19 related expenditures, and the federal government to secure \$500 billion in direct and flexible funding for all cities nationwide to support critical local services and seconded by Mayor Fajardo.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Gonzales, Ballin, Pacheco, Fajardo - 5
NOES:	None
ABSTAIN:	None
ABSENT:	None

5) DISCUSS USE OF ADDITIONAL COMMUNITY DEVELOPMENT BLOCK GRANT FUNDS PROVIDED THROUGH THE CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

City Manager Kimball presented details of the report.

SAN FERNANDO CITY COUNCIL

MINUTES – May 18, 2020

Page 4

Discussion followed regarding investing \$25,000 for PPE for citizens and local businesses, food vouchers, hiring a consultant to coordinate COVID-19 aid and help small businesses reopen safely, continuing to work with the County in terms of testing, working with local supermarkets, putting together PPE care packages for distribution to San Fernando households and businesses, the possibility of using CDBG funds for upgrades to bandwidth and youth enrichment programs.

Motion by Mayor Fajardo, and seconded by Councilmember Ballin to receive a presentation regarding the additional Community Development Block Grant funding allocated to the City through the Coronavirus Aid, Relief, and Economic Security Act; limit focus to Items No. 1 for \$25,000 and Item No. 3 for the balance of \$111.373 as detailed in the staff report and direct staff to return with a plan to implement those items.

The motion carried with the following vote:

ROLL CALL

AYES:	Fajardo, Pacheco, Ballin – 3
NOES:	Gonzales, Mendoza - 2
ABSTAIN:	None
ABSENT:	None

- 9) CONSIDERATION TO ADOPT AN ORDINANCE AMENDING SECTION 2-121(2) AND SECTION 2-161 OF THE SAN FERNANDO CITY MUNICIPAL CODE TO PERMIT THE APPOINTMENT OF A CITY CLERK BY THE CITY MANAGER

City Manager Kimball presented details of the report.

Motion by Mayor Fajardo, and seconded by Councilmember Gonzales to introduce for first reading, in title only, and waive full reading of Ordinance No. 1695 "An Ordinance of the City Council of the City of San Fernando, California, amending section 2-121(2) and Section 2-161 of the San Fernando Municipal Code to permit the appointment of a City Clerk by the City Manager."; and adopt Resolution No. 7973(a) amending Resolution No. 7973 to include the City Clerk in the Executive Compensation Plan for Department Head classifications.

The motion carried with the following vote:

AYES:	Fajardo, Pacheco, Ballin, Gonzales, Mendoza – 5
NOES:	None
ABSTAIN:	None
ABSENT:	None

- 8) CONSIDERATION TO ADOPT AN URGENCY ORDINANCE AMENDING SECTION 26-91(A) OF THE SAN FERNANDO CITY CODE TO PERMIT THE APPOINTMENT OF ANY MEMBER OF THE COUNCIL AS CHAIR AND VICE CHAIR OF THE DISASTER COUNCIL

SAN FERNANDO CITY COUNCIL

MINUTES – May 18, 2020

Page 5

This Urgency Ordinance was introduced pursuant to Government Code Sections 36934 and 36937 and requires a four-fifths (4/5th's) vote for adoption.

City Manager Kimball presented details of the report.

Mayor Fajardo indicated his wish to continue serving on the Disaster Council through the end of his term.

Discussion followed regarding the eliminating stipends for members of the Disaster Council and the importance of having two City Council members on the Disaster Council.

Councilmember Gonzales expressed interest in serving on the Disaster Council and listed his experience and qualifications.

Discussion followed regarding including a coordinator for emergency services in the Council and someone from the Public Works Department.

It was the consensus of the City Council that lunch be provided to its members at the quarterly Disaster committee meetings.

Motion by Mayor Fajardo, seconded by Councilmember Ballin to adopt Urgency Ordinance No. 1694 by title, "An Urgency Ordinance amending Section 26-91(a) of the San Fernando City Code to permit the appointment of any member of the City Council as Chair and Vice Chair of the Disaster Council" and eliminate stipends for members of the Disaster Council.

The motion carried with the following vote:

AYES:	Fajardo, Ballin, Gonzales, Mendoza – 4
NOES:	Pacheco - 1
ABSTAIN:	None
ABSENT:	None

City Manager Kimball clarified that the discussion to select two City Councilmembers to serve on the Disaster Committee would be brought back to City Council at the next meeting.

At 8:32 p.m. Mayor Fajardo stated he would be leaving the meeting and yielded the Chair to Vice Mayor Pacheco.

- 6) CONSIDERATION TO APPROVE A COOPERATION AGREEMENT WITH THE LOS ANGELES COUNTY DEVELOPMENT AUTHORITY TO CONTINUE PARTICIPATION IN THE LOS ANGELES URBAN COUNTY COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

City Manager Kimball presented details of the report.

SAN FERNANDO CITY COUNCIL

MINUTES – May 18, 2020

Page 6

Motion by Councilmember Ballin, and seconded by Councilmember Gonzales to approve the Cooperation Agreement with the Los Angeles County Development Authority (Contract No. 1952) to continue participation in the Los Angeles Urban County Community Development Block Grant program; and authorize the City Manager to make non-substantive changes and execute all related documents.

The motion carried with the following vote:

ROLL CALL

AYES:	Pacheco, Gonzales, Ballin, Mendoza – 4
NOES:	None
ABSTAIN:	None
ABSENT:	Fajardo - 1

- 7) CONSIDERATION TO APPROVE AN INCREASE TO ENVIROGEN TECHNOLOGIES' PURCHASE ORDER FOR ADDITIONAL OPERATION AND MAINTENANCE SERVICES RELATED TO THE ION-EXCHANGE SYSTEM FOR SAN FERNANDO WELL NO. 7

City Manager Kimball presented details of the report.

Motion by Councilmember Gonzales, and seconded by Councilmember Ballin to authorize the City Manager to increase Purchase Order No. 12115 with Envirogen Technologies in the amount of \$40,000 to cover the cost of additional operations and maintenance services related to the Ion-Exchange System at San Fernando Well No. 7.

The motion carried with the following vote:

AYES:	Pacheco, Gonzales, Ballin, Mendoza – 4
NOES:	None
ABSTAIN:	None
ABSENT:	Fajardo - 1

- 10) CONSIDERATION OF FISCAL YEAR (FY) 2020-2021 LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT (LLAD) APPROVAL OF ENGINEER'S REPORT AND SETTING THE DATE FOR THE PUBLIC HEARING

City Manager Kimball presented details of the report.

Motion by Councilmember Gonzales to adopt Resolution No. 7999 approving the Engineer's Report for FY 2020-2021 Landscaping and Lighting Assessment District (LLAD); and adopt Resolution No. 8000 declaring the City Council's intention to order the annual assessments for FY 2020-2021 LLAD and setting the date for the Public Hearing on June 15, 2020, and seconded by Councilmember Ballin.

SAN FERNANDO CITY COUNCIL

MINUTES – May 18, 2020

Page 7

The motion carried with the following vote:

AYES:	Pacheco, Gonzales, Ballin, Mendoza – 4
NOES:	None
ABSTAIN:	None
ABSENT:	Fajardo - 1

City Manager Kimball suggested to consider Items No. 11 and 12, concurrently.

11) CONSIDERATION TO ADOPT A RESOLUTION AUTHORIZING THE CITY TREASURER AND DEPUTY CITY TREASURER TO INVEST SURPLUS FUNDS

12) CONSIDERATION TO ADOPT A RESOLUTION APPROVING THE INVESTMENT POLICY FOR FISCAL YEAR 2020-21

Motion by Councilmember Ballin, seconded by Councilmember Gonzales to adopt Resolution No. 8001 authorizing the City Treasurer and Deputy City Treasurer to invest surplus funds and adopt Resolution No. 8002, approving the Annual Investment Policy for Fiscal Year 2020-2021.

The motion carried with the following vote:

AYES:	Pacheco, Gonzales, Ballin, Mendoza – 4
NOES:	None
ABSTAIN:	None
ABSENT:	Fajardo - 1

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

City Clerk Fritz provided an update of a recent meeting of the Education Commission where it chose ten students for receipt of an educational scholarship.

Deputy City Manager/Director of Community Development Hou provided an update of a recent meeting of the Planning and Preservation Commission and announced the City received an American Planning Association award for Excellence for a Comprehensive Plan in a Small Jurisdiction.

City Manager Kimball presented updates of the construction efforts on Glenoaks Boulevard; addressed Education and Transportation Safety Commission meetings; spoke about support from the Community Investment Fund for a High School Senior banner program; thanked City Council for its support for staff and discussed closure of City parks and City Hall.

SAN FERNANDO CITY COUNCIL

MINUTES – May 18, 2020

Page 8

GENERAL COUNCIL COMMENTS AND LIAISON UPDATES

Councilmember Mendoza reported her appointment to the L.A. County Selection Committee for the L.A. County Library Commission and thanked Former Assemblymember Patty Lopez for the recent food distribution event at the San Fernando Swap Meet.

Councilmember Gonzales congratulated Councilmember Mendoza on her appointment; thanked City Council for supporting the letter relative to the CARES Act funding; discussed installation of banners; spoke about COVID-19 increasing case numbers and addressed organized sports.

Councilmember Ballin congratulated Deputy City Manager/Director of Community Development Hou on the recent award; discussed Nurses Appreciation Month; thanked the Shadow Hills Rotary Club for the donation of face shields to nursing homes; asked that the City send a letter of appreciation to them and spoke about moratoriums on evictions.

Vice Mayor Pacheco presented an update on the City's tree-planting efforts; congratulated recipients of the Education Commission scholarships and thanked City staff for their work obtaining grants.

ADJOURNMENT (9:05 P.M.)

Motion by Vice Mayor Pacheco, seconded by Councilmember Mendoza to adjourn the meeting at 9:05 p.m. By consensus the motion carried, with Mayor Fajardo absent.

I do hereby certify that the foregoing is a true and correct copy of the minutes of May 18, 2020, meeting as approved by the San Fernando City Council.

Julia Fritz, City Clerk

MINUTES – August 17, 2020

Page 3

ITEM PULLED FOR SEPARATE DISCUSSION

- 2) APPROVE FACILITY USE AGREEMENTS WITH THE LOS ANGELES COUNTY REGISTRAR’S-RECORDER/COUNTY CLERK REGARDING ELECTION ACTIVITIES FOR THE NOVEMBER 3, 2020, GENERAL ELECTION

City Clerk Fritz responded to Councilmember questions about the County Registrar-Recorder’s Offices on preparedness for the upcoming election, the installation of the permanent Vote By Mail ballot drop boxes, provided information on five day early voting centers in the City, and will bring back regular updates associated with elections related activities, at each Council meeting leading up to the elections.

Motion by Mayor Fajardo, seconded by Councilmember Ballin to:

- a. Approve a Facility Use Agreement with the Los Angeles County Registrar’s Recorder/County Clerk (“RR/CC”) to use City Lot 6N as a Central Ballot Collection Check-In-Center (Contract No. 1963) for the November 3, 2020, General Election;
- b. Approve a Facility Use Agreement with RR/CC to use Las Palmas Park and Recreation Park as Vote Centers (Contract Nos. 1964 and 1965) for the November 3, 2020, General Election; and
- c. Authorize the City Manager to make non-substantive edits and execute all related documents.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Ballin, Pacheco, Fajardo – 4
NOES:	None
ABSENT:	Gonzales - 1
ABSTAIN:	None

ADMINISTRATIVE REPORTS

Mayor Fajardo announced that Item Nos. 5 and 6 would be considered prior to Item No. 4.

- 5) CONSIDERATION TO APPROVE A LETTER OF AGREEMENT WITH THE SAN FERNANDO PUBLIC EMPLOYEES' ASSOCIATION RELATED TO THE GOVERNMENT CODE SECTION 20903 RETIREMENT INCENTIVE BENEFIT

City Manager Kimball presented the staff report; noted the need to cut expenses and highlighted main provisions in the agreement.

SAN FERNANDO CITY COUNCIL

MINUTES – August 17, 2020

Page 4

Motion by Mayor Fajardo, seconded by Councilmember Ballin, to:

- a. Approve the proposed Letter of Agreement (Contract No. 1962) between the City of San Fernando and the San Fernando Public Employees Association (SFPEA) outlining the terms and conditions related to the City's offer of a retirement incentive to certain eligible employees in accordance with Government Code section 20903; and
- b. Authorize the City Manager to make non-substantive corrections and execute the Letter of Agreement and all related documents.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Ballin, Pacheco, Fajardo – 4
NOES:	None

4) DISCUSSION REGARDING COVID-19 RESPONSE EFFORTS AND APPROVAL OF PROPOSED RECOMMENDATIONS

The City Council received a presentation from staff related to the City's COVID-19 efforts including, but not limited to updates on the City's COVID-19 planning, response, enforcement, education efforts, related policy initiatives; and reviewed financial Federal and State funding assistance programs and addressed inquiries by Councilmembers regarding increasing public participation during City Council meetings.

City Council provided direction to staff to continue its COVID-19 response efforts.

7) CONSIDERATION TO ADOPT A RESOLUTION SETTING THE PROPERTY TAX RATE REQUIRED TO MEET THE CITY'S OBLIGATION TO THE CALIFORNIA PUBLIC EMPLOYEES' RETIREMENT SYSTEM FOR FISCAL YEAR 2020-2021

Director of Finance Ibanez presented the staff report and responded to questions from City Council. City Manager Kimball discussed the CalPERS Side Fund Loan and presented two options for City Council consideration.

Mayor Fajardo spoke in favor of lowering the tax rate; discussed providing economic relief to the public and commented on the City's prior use of property taxes to pay for employee health benefits and noted steps taken to rectify the errors.

In reply to Vice Mayor Pacheco's question, City Manager Kimball commented on what the funds were used for, and the terms of repayment mentioned in the resolution adopted in 2013.

Motion by Mayor Fajardo, seconded by Councilmember Ballin to adopt Resolution No. 8024 establishing the amount necessary to be raised by taxation for the City's annual payment to the California Public Employees' Retirement System; Fix the property tax rate for Fiscal Year 2020-2021 at \$0.203571 per \$100 of assessed valuation; and Levy that tax rate upon all taxable property in the City.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Ballin, Pacheco, Fajardo – 4

SAN FERNANDO CITY COUNCIL

MINUTES – August 17, 2020

Page 6

8) UPDATE REGARDING SIDEWALK REPAIR EFFORTS WITHIN THE CITY AND DISCUSSION OF THE USE OF PROPOSITION 'A' TRANSIT FUNDS DURING FISCAL YEAR 2020-2021

Director of Public Works Baumgardner presented an update regarding sidewalk repair efforts in the City; addressed modes of repairs and discussed use of Proposition 'A' transit funds.

Discussion followed regarding the cost of installing bus stops and benches, recommended use of available funds in the total amount of \$12,500/2,500 per Councilmember, and on how they would like their funds to be allocated.

City Manager Kimball will direct staff to prepare and circulate a list to Councilmember that identify various locations needing sidewalk/street repair improvements and include information on bus stop locations without a bench and have each Councilmember determine what portion of their funds to be allocated on their behalf. It was noted that the transactions and direction from Councilmembers on the use of funds can be handled administratively as these funds have been appropriated for FY 2020-2021.

9) DISCUSSION AND CONSIDERATION TO APPROVE A LETTER CONDEMNING ADMINISTRATIVE POLICIES ON U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT DETENTION FACILITIES

City Manager Kimball presented the staff report.

Councilmember Ballin offered minor edits to the letter.

Motion by Councilmember Ballin, seconded by Councilmember Mendoza, to authorize the City Manager to finalize the letter, include City Council signatures, and forward the letter of opposition to the Trump Administration, Federal, State and Local Officials.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Ballin, Pacheco, Fajardo – 4
NOES:	None
ABSENT:	Gonzales - 1
ABSTAIN:	None

10) DISCUSSION AND DIRECTION REGARDING EXISTING CITY COUNCIL AD HOC COMMITTEE ASSIGNMENTS

City Manager Kimball presented the staff report. Councilmembers discussed various changes, in addition to staff's recommendations.

SAN FERNANDO CITY COUNCIL

MINUTES – August 17, 2020

Page 7

Motion by Mayor Fajardo, seconded by Councilmember Mendoza, to approve staff's recommendations as presented in the staff report and include the following changes:

Combine Green City with Street and Parkway Trees Ad Hoc Committee, and assign Mayor Fajardo to replace Councilmember Gonzales; Wildhorse Children's Foundation Ad Hoc Committee stay in tact until further review and replace Councilmember Gonzales with Vice Mayor Pacheco; and Mayor Fajardo will replace Councilmember Gonzales on the Mural Ad Hoc Committee.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Ballin, Pacheco, Fajardo – 4
NOES:	None
ABSENT:	Gonzales - 1
ABSTAIN:	None

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

City Clerk Fritz presented an update on activities related to the November 2020 election.

Deputy City Manager/Director of Community Development Huo discussed release of an RFP for a Planning Consultant to help the City with its General Plan Housing Element update.

Director of Public Works Baumgardner addressed current permit applications for outdoor seating for local businesses.

Chief of Police Vairo discussed the start of a Park Patrol Program on weekends with the help of Police Reserves.

City Manager Kimball addressed operating hours for the City's cooling centers; encouraged residents to sign up for Alert San Fernando at www.sfcity.org and announced there will be traffic slowdowns on Glenoaks Boulevard, this coming week. He asked to adjourn tonight's meeting in memory of Patsy Orozco's mother, Martha Sanchez de Amaya.

GENERAL COUNCIL COMMENTS AND LIAISON UPDATES

Councilmember Ballin discussed an upcoming program for toilet rebates; commented on online landscaping classes and discussed upcoming meetings.

Councilmember Mendoza discussed her participation in various teleconferences and expressed her condolences to the Orozco and Amaya Family.

SAN FERNANDO CITY COUNCIL

MINUTES – August 17, 2020

Page 8

Vice Mayor Pacheco expressed sympathy for those affected by the fires and encouraged everyone to vote and reach out to Assemblywoman Rivas regarding EDD matters.

Mayor Fajardo discussed eliminating the use of single-use plastic bags; suggested City Council consider a formal City policy regarding the subject; concerns about the use of flavored tobacco and talked about asking restaurants to use biodegradable utensils, plates, and cups.

ADJOURNMENT (9:07 P.M.)

Mayor Fajardo adjourned the meeting in memory of Martha Sanchez de Amaya and Greg O'Donnell (Stepfather of Long Beach Mayor Robert Garcia) to the next regular meeting of Tuesday, September 8, 2020.

Motion by Mayor Fajardo, seconded by Councilmember Ballin, to adjourn the meeting. By consensus, the motioned carried with Councilmember Gonzales, absent.

I do hereby certify that the foregoing is a true and correct copy of the minutes of August 17, 2020, meeting as approved by the San Fernando City Council.

NOES:	None
ABSENT:	None
ABSTAIN:	None

SAN FERNANDO CITY COUNCIL

MINUTES – September 8, 2020

Page 4

ADMINISTRATIVE REPORTS

- 4) RECEIVE A PRESENTATION FROM THE LOS ANGELES COUNTY REGISTRAR-RECORDER/COUNTY CLERK REGARDING THE UPCOMING NOVEMBER 3, 2020, GENERAL MUNICIPAL ELECTION AND PROVIDE RELATED DIRECTION

Councilmember Mendoza left the meeting at 6:48 p.m.

City Clerk Julia Fritz introduced Jeff Klein, Manager, Civic Engagement, Community Relations and Legislation, Los Angeles County Office Registrar-Recorder/County Clerk and presented an update on activities associated with the upcoming November 3, 2020, General Municipal Election.

It was the consensus of the City Council to receive and file the presentation, and directed staff to add the presentation to the City's website.

Councilmember Mendoza returned to the meeting at 7:02 p.m.

- 8) DISCUSSION OF CERTAIN AD HOC COMMITTEE REVISIONS

Councilmember Gonzales expressed disappointment at having been removed from his Ad Hoc Committee assignments and requested for an opportunity to return to them until he retires in December.

Motion by Councilmember Ballin, seconded by Councilmember Mendoza to restore Councilmember Gonzales assignments to previously assigned Ad Hoc Committees and Councilmember Ballin to replace Councilmember Mendoza on the Mural Ad Hoc Committee.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Gonzales, Pacheco, Ballin, Fajardo – 5
NOES:	None
ABSENT:	None
ABSTAIN:	None

- 5) DISCUSSION REGARDING COVID-19 RESPONSE EFFORTS AND APPROVAL OF PROPOSED RECOMMENDATIONS

Deputy City Manager Tim Hou narrated a PowerPoint presentation regarding COVID-19 response efforts and statistics.

Assistant City Attorney Padilla clarified the State's Eviction Moratorium.

SAN FERNANDO CITY COUNCIL

MINUTES – September 8, 2020

Page 5

Mayor Fajardo left the meeting at 8:08 p.m.

City Manager Kimball noted code compliance consideration and continued efforts to educate the community on the County Health Orders in place, provide extended time to allow public comments to be submitted to 5pm, other alternatives to increase public participation.

Mayor Fajardo returned to the meeting at 8:20 p.m.

Vice Mayor Pacheco left the meeting at 8:20 p.m.

Discussion followed regarding the possibility of allowing use of City parking lots and park spaces for local fitness and dance studios, steps necessary to consider allowing breweries and taprooms to operate outdoors, the need to follow State and County orders, the possibility of giving businesses that do not require masks a warning, prior to issuing citations, waiting until a higher tier to begin conducting Council meetings in the Chamber and encouraged residents to monitor the City's website for updated COVID-19 information. Staff was directed to draft a letter of support to the offices of U.S. Senator Feinstein regarding "Emergency Wildfire and Public Safety Act" (S. 4431). There was no action provided by the City Council and staff confirmed clarification of suggested directions as discussed by the City Council.

- 6) CONSIDERATION TO AUTHORIZE THE ACCEPTANCE OF CORONAVIRUS RELIEF FUNDS FROM THE STATE OF CALIFORNIA TO ASSIST THE CITY WITH CORONAVIRUS DISEASE 2019 (COVID-19) EXPENDITURES

Director of Finance Diego Ibanez presented details of the report.

Motion by Mayor Fajardo, seconded by Councilmember Gonzales, to approve this item, per staff's recommendations.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Gonzales, Ballin, Fajardo – 4
NOES:	None
ABSENT:	Pacheco - 1
ABSTAIN:	None

- 7) REVIEW AND DISCUSS A 100-YEAR ANNIVERSARY OF WOMEN'S RIGHT TO VOTE COMMEMORATIVE MURAL AND RELATED MURAL AD HOC RECOMMENDATIONS

SAN FERNANDO CITY COUNCIL

MINUTES – September 8, 2020

Page 6

City Manager Kimball presented a brief report on the processes and procedures regarding a mural, proposed location, and various details to include, but not limited on paint quality, color and seeking funds for this project.

Assistant City Attorney Padilla reported placing a mural on City property would not require an ordinance and stated an ordinance would be necessary in trying to regulate private property murals.

Staff was directed to continue discussions in the next Mural Ad Hoc Committee meeting and report back to Council.

9) **DISCUSSION REGARDING THE CITY’S SUPPORT TO ALLOW BREWERIES AND TAPROOMS TO PROVIDE OUTDOOR SERVICES**

Motion by Councilmember Gonzales, seconded by Mayor Fajardo, to direct staff to draft a letter of support to the County of Los Angeles Board of Supervisors, to open breweries and taprooms to outdoor dining, following COVID-19 regulations and include comments submitted by the public.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Gonzales, Ballin, Fajardo – 4
NOES:	None
ABSENT:	Pacheco - 1
ABSTAIN:	None

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

Director of Finance Ibanez discussed an upcoming Measure A townhall meeting.

GENERAL COUNCIL COMMENTS AND LIAISON UPDATES

Councilmember Mendoza encouraged residents to attend the local community college; referenced an article regarding a methane leak at the Department of Water and Power and suggested a report on the item including impacts to the City be brought to a future City Council meeting.

Councilmember Ballin requested that staff look into the trash situation reported by Mr. Solis during public comments; asked for a report from Republic at an upcoming City Council meeting and requested that staff issue a letter of support to Senator Feinstein regarding “Emergency Wildfire and Public Safety Act” (S. 4431).

SAN FERNANDO CITY COUNCIL

MINUTES – September 8, 2020

Page 7

Councilmember Gonzales discussed the ICA Board installation; thanked incoming Board President Sean Ashton and Outgoing Board President Richard Montgomery for their help and requested sending them a proclamation and spoke about a recent Metro meeting.

ADJOURNMENT (9:13 P.M.)

Motion by Mayor Fajardo, seconded by Councilmember Gonzales, to adjourn the meeting.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza, Gonzales, Ballin, Fajardo – 4
NOES:	None
ABSENT:	Pacheco - 1
ABSTAIN:	None

I do hereby certify that the foregoing is a true and correct copy of the minutes of September 8, 2020, meeting as approved by the San Fernando City Council.

ABSENT:	None
ABSTAIN:	None

Councilmember Gonzales departed the meeting at 7:50 p.m.

8) RECEIVE AND FILE PRESENTATION OF MEASURE “A” ANNUAL REPORT

City Manager Kimball and Director of Finance Ibanez presented the staff report.

Finance Director Diego Ibanez discussed comparisons in last year's Measure A funding and this year's funding; reported a more-detailed report is forthcoming and addressed impacts of COVID-19.

**SAN FERNANDO CITY COUNCIL
MINUTES – September 21, 2020
Page 5**

City Manager Kimball discussed a recent townhall and high priorities in the community including street repairs, trees, and economic development.

City Council received and filed the 2020 Annual Report on the collection, management, and expenditure of Measure “A” as required by the City Code.

ADMINISTRATIVE REPORTS

9) DISCUSSION REGARDING COVID-19 RESPONSE EFFORTS AND APPROVAL OF PROPOSED RECOMMENDATIONS

Deputy City Manager Tim Hou narrated a PowerPoint presentation with an update on the City's COVID-19 response efforts and proposed recommendations.

City Council concurred to receive the presentation and direct staff to report back to City Council on the ongoing COVID-19 response efforts at the next City Council meeting.

City Council considered Item No. 13 at this juncture.

13) DISCUSSION AND POSSIBLE DIRECTION RELATED TO WHISTLEBLOWER AND ALLEGED EMPLOYEE MISCONDUCT REPORTING PROCEDURES

Mayor Fajardo requested that Assistant City Attorney Padilla research best practices from other municipalities regarding whistleblowers and alleged employee misconduct procedures and direct him to return with a report at City Council's second meeting in October.

Mayor Fajardo departed the meeting at 9:04 p.m.

11) CONSIDERATION TO DETERMINE A CITY POSITION ON THE 2020 LEAGUE OF CALIFORNIA CITIES RESOLUTION

City Manager Kimball presented the report.

Motion by Councilmember Ballin, seconded by Councilmember Mendoza, to support staff recommendations.

The motion carried with the following vote:

ROLL CALL

AYES:	Mendoza and Ballin - 2
NOES:	Pacheco - 1
ABSENT:	Gonzales and Fajardo - 2
ABSTAIN:	None

**SAN FERNANDO CITY COUNCIL
MINUTES – September 21, 2020

11) PRESENTATION OF RECENT CHANGES TO ACCESSORY DWELLING UNIT LAWS STATEWIDE

Deputy City Manager/Director of Community Development presented the staff report and replied to questions from Councilmembers.

Motion by Mayor Ballin, seconded by Councilmember Pecheco to form an Accessory Dwelling Unit (ADU) Ad Hoc Committee to research potential amendments to the City's municipal code regarding recent changes to ADU laws statewide; and to appoint Vice Mayor Mendoza and Councilmember Montañez to the committee.

The motion carried by the following vote:

ROLL CALL

AYES: Pacheco, Montañez, Mendoza, Ballin - 3

NOES: None

ABSTAIN: None

ABSENT: Rodriguez -1

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

Director of Recreation and Community Services Venegas mentioned the next Park, Wellness and Recreation Commission will hold their next meeting on March 9 and spoke about the Veteran's Recognition Banner Program design selection and reported an Ad Hoc committee was formed to review applications submitted for the Mural Program.

Director of Public Works Baumgardner reported having a meeting with the Safe and Active Streets Ad Hoc committee and mentioned priority street areas and guidance on community outreach recommendations were discussed.

Director of Finance Ibanez reported that the originally scheduled Measure "A" Town was reschedule to March 22, 2021 due to technical difficulties and mentioned the mid-year Budget review will be presented at the next City Council meeting.

City Clerk Fritz reported that the Education Commission will be meeting on March 30, 2021 to select scholarship recipients and the Student of the Month presentation is scheduled to be presented at the March 15, 2021 City Council meeting.

Deputy City Manager/Director of Community Development Hou mentioned that the next Planning and Preservation Commission meeting will be held on March 8 and the department is currently conducting Planning Intern and first round Community Preservation Officer interviews.

City Manger Kimball gave recognition to City Clerk Fritz for running a smooth virtual meeting considering the unusual number of public comment callers and reported that the mural located at 6N will remain until a new destination is chosen by the artist, Lalo Garcia.

MINUTES – March 1, 2021

Page 7

GENERAL CITY COUNCIL/BOARD MEMBER COMMENTS AND LIAISON UPDATES

Councilmember Pacheco spoke in recognition honoring Womans History Month, including woman staff and City Councilmembers, spoke on Alex Padilla's career accomplishments leading up to being a U.S. Senator, attended the Southern California Association of Government (SCAG) board meeting and mentioned he would be attending a Green City Ad Hoc committee meeting.

Councilmember Montañez echoed comments about U.S. Senator Padilla, reported she participated with interviews to select a program administrator for the City's Pension Obligation Bond Liability, and attended the Visioning and Resilience Ad Hoc committee meeting and discussed bringing City Council priority recommendations to a future City Council meeting.

Vice Mayor Mendoza reported she attended the San Fernando Valley Council of Governments board meeting and discussed the status of area Metrolink projects, attended the Los Angeles County Library Commission meeting and stated she attended Ad Hoc committee meetings.

City Clerk Fritz provided status regarding the Deputy City Clerk recruitment process.

Mayor Ballin announced her resination from her Board position with the Metropolitan Water District and spoke about the appointment of Adan Ortega who would be filling her vacated Board position.

City Manager Kimball reported that the Cesar Chavez Commemorative Committee San Fernando Valley (CCCCSFV) would be donating a plaque to the City for installation at the Cesar Chavez Memorial and mentioned that a staff report for consideration would be brought to the next City Council meeting.

ADJOURNMENT

Mayor Ballin adjourned the meeting at 10:01 p.m. to the next regular City Council Meeting of March 15, 2021.

I do hereby certify that the foregoing is a true and correct copy of the minutes of March 1, 2021 meeting as approved by the San Fernando City Council.

Councilmember Montañez returned to the dais at 7:30 p.m.

7) DISCUSSION AND CONSIDERATION REGARDING APPROVAL OF A SAN FERNANDO BEAUTIFICATION PROGRAM

City Manager Kimball presented the staff report and responded to Councilmember questions.

SAN FERNANDO CITY COUNCIL/SUCCESSOR AGENCY

MINUTES – October 4, 2021

Page 4 of 5

Councilmembers stated their support or opposition to certain aspects of the proposed scope and elements of the beautification program and commented that the Beautification Program presented would be subject to ongoing changes and refinement, as a living document. There was general consensus from the Councilmembers in support of the program; however mentioned concerns over staff time and costs associated with the program.

There was a general consensus among the Councilmembers to direct staff to continue working with the Beautification Ad Hoc committee to move forward to include, but not limited to, certain clean up events and community outreach regarding property maintenance and to bring back an update from the Ad Hoc committee to the City Council to a date uncertain.

8) DISCUSSION AND CONSIDERATION OF RECOMMENDATIONS FROM THE PUBLIC SAFETY COMMISSION AD HOC COMMITTEE RELATED TO ESTABLISHING A PUBLIC SAFETY COMMISSION

City Manager Kimball presented the staff report and responded to Councilmember questions.

There was a general consensus among the Councilmembers to direct staff to proceed with the necessary procedures towards establishing a Public Safety Commission, to include, but not limited to presenting the concept to the Transportation and Safety Commission for their recommendations, pending review by the incoming new Chief of Police, and bring back a staff report to the City Council for consideration at a future date to be determined.

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

City Clerk Fritz provided updates to the Council Chamber audio and video upgrade project and mentioned the Education Commission would be presented Student of the Month recognitions at the next regular Council meeting.

Director of Public Works Baumgardner reported on a pop-up event at the San Fernando Mall and received numerous comment cards regarding the City's conceptual for finalization to prepare for submission of an application to apply for grant funds.

Director of Recreation and Community Services Venegas stated that he would be officially taking over the handling of the Education Commission beginning with the October 26, 2021 meeting.

Chief of Police Vairo announced that the National Night Out event (in-person) is being held tomorrow night and commented on attendance and event activities.

City Manager Kimball commented on the use of recent technology (Zoom) that assists staff with facilitating regular Ad Hoc committee meetings as well as providing the community with an additional option to interact with City staff.

MINUTES – October 4, 2021

Page 5 of 5

GENERAL CITY COUNCIL/BOARD MEMBER COMMENTS AND LIAISON UPDATES

Councilmember Rodriguez reported that due the recent home purchased by her family, she would be recusing herself on discussion regarding lot 3 due to its proximity between her new home and the area.

Councilmember Montañez reported she attended the Green City, Homeless Ad Hoc, Beatification Program Ad Hoc committee meetings and the Economic Alliance Board meeting. She mentioned the creation of an inter-agency homeless task force recently formed and would be attending an upcoming meeting.

Councilmember Pacheco thanked staff and mentioned he would be attending the National Night Out event.

Vice Mayor Mendoza reported she attended the League of California Cities 2021 Annual Conference and mentioned that two resolutions were passed and attended the California Climate and Energy Collaborative (CCEC) forum meeting.

Mayor Ballin expressed congratulations to Councilmember Rodriguez and to Julie Duarte (formally Fernandez) for both their recent marriages.

ADJOURNMENT (8:33 p.m.)

Mayor Ballin adjourned the meeting at 8:33 p.m. to the next regular meeting.

I do hereby certify that the foregoing is a true and correct copy of the minutes of October 4, 2021, meeting as approved by the San Fernando City Council.

STAFF COMMUNICATION INCLUDING COMMISSION UPDATES

Chief of Police Vairo provided an update regarding the National Night Out event.

Director of Public Works Baumgardner commented on the status of the Departments workload.

Director of Recreation and Community Services Venegas mentioned that the next Education Commission meeting is on October 26.

City Manager Kimball commented on the status of recruitments to fill existing and newly created positions.

GENERAL CITY COUNCIL/BOARD MEMBER COMMENTS AND LIAISON UPDATES

Mayor Ballin requested to close the meeting in memory of Brenda Perez Castellon and Colin Powell.

Councilmember Montañez echoed sentiments made by Mayor Ballin regarding the passing of Brenda Perez Castellon, thanked Chief Vairo for a successful National Night Out event; mentioned the Dia De Los Muertos Cultural Festival being held on October 30, and attended the Homeless Ad Hoc committee meeting.

Councilmember Rodriguez concurred with her colleagues' comments and thanked staff for their work.

Vice Mayor Mendoza reported she attended the National Night Out event, the Las Palmas Senior Club meeting and reported that the club voted to begin monthly meetings and announced a dance event will be scheduled for December. Vice Mayor Mendoza expressed condolences to the family of Brenda Perez Castellon.

Mayor Ballin commented on the Chief's police work during the National Night Out event regarding the protestors and stated the situation was well handled.

ADJOURNMENT (7:52 p.m.)

Mayor Ballin adjourned the meeting in memory of Brenda Perez Castellon and Colin Powell at 7:52 p.m. to the next regular meeting.

I do hereby certify that the foregoing is a true and correct copy of the minutes of October 18, 2021, meeting as approved by the San Fernando City Council.

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager
By: Sonia G. Garcia, Interim Director of Finance/City Treasurer

Date: January 10, 2022

Subject: Consideration to Adopt Resolution Nos. 21-122 and 22-011 Approving the Warrant Registers of December 20, 2021 and January 3, 2022

RECOMMENDATION:

It is recommended that the City Council:

- a. Adopt Resolution No. 21-122 (Attachment "A") approving the Warrant Register dated December 20, 2021; and
- b. Adopt Resolution No. 22-011 (Attachment "B") approving the Warrant Register dated January 3, 2022.

BACKGROUND:

For each City Council meeting the Finance Department prepares a Warrant Register for Council approval. The Register includes all recommended payments for the City. Checks, other than special checks, generally are not released until after the Council approves the Register. The exceptions are for early releases to avoid penalties and interest, excessive delays and in all other circumstances favorable to the City to do so. Special checks are those payments required to be issued between Council meetings such as insurance premiums and tax deposits. Staff reviews requests for expenditures for budgetary approval and then prepares a Warrant Register for Council approval and or ratification. Items such as payroll withholding tax deposits do not require budget approval.

The Director of Finance/City Treasure hereby certifies that all requests for expenditures have been signed by the department head, or designee, receiving the merchandise or services thereby stating that the items or services have been received and that the resulting expenditure is appropriate. The Director of Finance/City Treasure hereby certifies that each warrant has been reviewed for completeness and that sufficient funds are available for payment of the warrant register.

Consideration to Adopt Resolution Nos. 21-122 and 22-011 Approving the Warrant Registers of December 20, 2021 and January 3, 2022

Page 2 of 6

There are two Warrant Registers attached due to the lack of a formal City Council meeting on December 20, 2021. Resolution No. 6212 (adopted August 3, 1992) approves the issuing of Warrants prior to City Council ratification due to cancellation of a regularly scheduled City Council meeting. A copy of the Resolution No. 6212 and the memorandum provided to the Director of Finance/City Treasurer approving the release of the Warrant is attached to this report (Attachments "C" & "D").

ATTACHMENT:

- A. Resolution No. 21-122
- B. Resolution No. 22-011
- C. Resolution No. 6212 (August 3, 1992)
- D. Memorandum Approving Release of Warrant Register (December 20, 2021)

RESOLUTION NO. 21-122

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO
ALLOWING AND APPROVING FOR PAYMENT DEMANDS PRESENTED
ON DEMAND/ WARRANT REGISTER NO. 21-122**

**THE CITY COUNCIL OF THE CITY OF SAN FERNANDO DOES HEREBY RESOLVE, FIND, DETERMINE
AND ORDER AS FOLLOWS:**

1. That the demands (EXHIBIT "A") as presented, having been duly audited, for completeness, are hereby allowed and approved for payment in the amounts as shown to designated payees and charged to the appropriate funds as indicated.

2. That the City Clerk shall certify to the adoption of this Resolution and deliver it to the City Treasurer.

PASSED, APPROVED, AND ADOPTED this 10th day of January, 2022.

Mary Mendoza, Mayor of the City of
San Fernando, California

ATTEST:

Julia Fritz, City Clerk

CERTIFICATION

I, City Clerk of the City of San Fernando, California, do hereby certify that the foregoing is a full, true, and correct copy of Resolution No. 21-122 which was regularly introduced and adopted by the City Council of the City of San Fernando, California, at a regular meeting thereof held on the 10th day of January, 2022, by the following vote of the City Council:

AYES:

NAYS:

ABSENT:

ABSTAINED:

RESOLUTION NO. 22-011

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO
ALLOWING AND APPROVING FOR PAYMENT DEMANDS PRESENTED
ON DEMAND/ WARRANT REGISTER NO. 22-011**

**THE CITY COUNCIL OF THE CITY OF SAN FERNANDO DOES HEREBY RESOLVE, FIND, DETERMINE
AND ORDER AS FOLLOWS:**

1. That the demands (EXHIBIT "A") as presented, having been duly audited, for completeness, are hereby allowed and approved for payment in the amounts as shown to designated payees and charged to the appropriate funds as indicated.
2. That the City Clerk shall certify to the adoption of this Resolution and deliver it to the City Treasurer.

PASSED, APPROVED, AND ADOPTED this 10th day of January 2022.

Mary Mendoza, Mayor of the City of
San Fernando, California

ATTEST:

Julia Fritz, City Clerk

CERTIFICATION

I, City Clerk of the City of San Fernando, California, do hereby certify that the foregoing is a full, true, and correct copy of Resolution No. 22-011 which was regularly introduced and adopted by the City Council of the City of San Fernando, California, at a regular meeting thereof held on the 10th day of January, 2022, by the following vote of the City Council:

AYES:

NAYS:

ABSENT:

ABSTAINED:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of San Fernando, California, this _____ day of January 2022.

Julia Fritz, City Clerk

RESOLUTION NO. 6212

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, APPROVING THE ISSUING OF WARRANTS PRIOR TO COUNCIL RATIFICATION DUE TO CANCELLATION OF REGULARLY SCHEDULED CITY COUNCIL MEETINGS

WHEREAS, warrants are not issued until ratification at Council meetings; and

WHEREAS, during certain months of the year, regularly scheduled Council meetings may be cancelled, causing extended periods of time between meetings; and

WHEREAS, this time lag may create undue hardship to those whom the City may owe funds.

NOW, THEREFORE BE IT RESOLVED that the City Council of the City of San Fernando, California, does hereby approve that regularly scheduled warrants, including consultants' billings, which would have been considered for ratification had not a regularly scheduled City Council meeting been cancelled, may be approved for issuance by a consensus of the City Administrator and the Finance Director. The check signature policy will not be amended by this action and the warrants will be subject to ratification at the next scheduled City Council meeting.

PASSED, APPROVED AND ADOPTED this 3rd day of August, 1992, by the following vote:

AYES:	Acuna, Hernandez, Chacon, Wysbeek, Ojeda - 5
NOES:	None - 0
ABSENT	None - 0

Mayor, City of San Fernando

ATTEST:

City Clerk

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) SS.
CITY OF SAN FERNANDO)

I hereby certify that the foregoing Resolution was duly adopted by the City Council of the City of San Fernando at a regular meeting thereof, held on the 3rd day of August, 1992.

City Clerk

APPROVED AS TO FORM:

City Attorney

MEMORANDUM

To: Sonia G. Garcia, Interim Director of Finance/City Treasurer

From: Sandra Franco-Rivas, Accounting Technician

Date: December 21, 2021

Subject: Release of Warrants

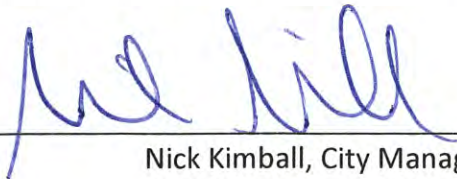

Due to the lack of a formal City Council meeting on December 20, 2021, the warrant register was not approved. The City Council has passed a Resolution #6212 permitting the release of regular occurring warrants with the approval of the City Manager and the Director of Finance. Copy of resolution and warrant register is attached.

Approval is hereby provided:

AGENDA REPORT

To: Chair Mary Mendoza and Board Members

From: Nick Kimball, Executive Director
By: Sonia Gomez-Garcia, Interim Director of Finance

Date: January 10, 2022

Subject: Consideration to Adopt a Resolution Approving the Last and Final Recognized Obligation Payment Schedule for the Period July 1, 2022 through June 30, 2023 For the Successor Agency to the San Fernando Redevelopment Agency

RECOMMENDATION:

It is recommended that the Board of Directors:

- a. Adopt Resolution No. 168 (Attachment "A") approving the Successor Agency's Last and Final Recognized Obligation Payment Schedule (ROPS) for the period from July 1, 2022 through June 30, 2023 (Last and Final ROPS); and
- b. Authorize the Executive Director to take certain related actions.

BACKGROUND:

1. On February 1, 2012, Assembly Bill X1 26 ("AB 26") became effective, which dissolved local redevelopment agencies and replaced them with successor agencies responsible for winding down the activities and obligations of the former redevelopment agencies. As part of that process, successor agencies were required to prepare an administrative budget and Recognized Obligation Payment Schedule ("ROPS") for each six-month fiscal period (commencing each January 1 and July 1), both of which must be submitted to an oversight board for approval.
2. On June 27, 2012, the Governor signed State budget trailer bill Assembly Bill No. 1484 ("AB 1484") amending AB 26 by imposing additional requirements on successor agencies and clarifying the roles and responsibilities of the different agencies involved in the dissolution process. It also required transitioning from a six-month ROPS to an annual ROPS beginning July 1, 2016 (subsequently amended by SB 107 and extended to July 1, 2017).

Consideration to Adopt a Resolution Approving the Last and Final Recognized Obligation Payment Schedule for the Period July 1, 2022 through June 30, 2023 for the Successor Agency to the San Fernando Redevelopment Agency

Page 2 of 4

3. On September 23, 2015, Governor Brown signed Senate Bill 107 (SB 107) that imposes additional requirements on successor agencies and sets a number of milestone dates for redevelopment dissolution. Some of the relevant dates included in SB 107 include:
 - a. *February 1, 2017*: Deadline for successor agencies to submit first annual ROPS for July 1, 2017 - June 30, 2018 (ROPS 17-18 A&B).
 - b. *July 1, 2018*: Single county-wide oversight board takes effect (originally set to take effect July 1, 2017).
4. Pursuant to SB 107, the County of Los Angeles created five oversight boards. Effective July 1, 2018, the Oversight Board to the Successor Agency of the San Fernando Redevelopment Agency was replaced with the Los Angeles County Third Supervisorial District Consolidated Oversight Board ("Consolidated Oversight Board").
5. On January 14, 2020, the Los Angeles County Third Supervisorial District Consolidated Oversight Board approved and adopted a Last and Final ROPS substantially in the form attached as Exhibit 1 to Resolution No. 37 (Attachment "B") as submitted by the Successor Agency for the period July 1, 2020 through June 30, 2025.
6. On April 15, 2020, the Department of Finance issued a letter of determination (Attachment "C"), that did not approve of the Successor Agency's Last and Final ROPS, based upon funding requests by the Successor Agency that were determined to be beyond what is required to retire its enforceable obligations; an agreement between the Department of Finance and the Agency on amendments and changes could not be reached.
7. The ROPS must now be submitted to the Consolidated Oversight Board for review and approval. The Consolidated Oversight Board-approved ROPS must be submitted to the State Department of Finance ("DOF") for review by February 1st each year.
8. Subsequent to approval by the Successor Agency to the San Fernando Redevelopment Agency (Successor Agency), staff will present the Last and Final ROPS to the Consolidated Oversight Board for approval. Upon approval from the Consolidated Oversight Board, the Last and Final ROPS will be transmitted to the DOF, State Controller, and County Auditor-Controller.

Consideration to Adopt a Resolution Approving the Last and Final Recognized Obligation Payment Schedule for the Period July 1, 2022 through June 30, 2023 for the Successor Agency to the San Fernando Redevelopment Agency

Page 3 of 4

ANALYSIS:

Pursuant to Health and Safety Code Section 34191.6(a), beginning January 1, 2016, agencies that have received a Finding of Completion may submit a Last and Final ROPS if all of the following conditions are met:

1. The remaining debt is limited to administrative costs and payments pursuant to enforceable obligations with defined payment schedules including, but not limited to, debt service, loan agreements, and contracts; and
2. All remaining obligations have been previously listed on the ROPS and approved for payment by Finance pursuant to HSC section 34177 (m) or (o); and
3. The agency is not a party to outstanding/unresolved litigation.

The Successor Agency received a Finding of Completion on October 3, 2013 and meets all of the preceding conditions. Therefore, the Successor Agency is submitting a Last and Final ROPS for the period July 1, 2022 through June 30, 2023 (Attachment "A" Exhibit 1). However, the California DOF has 100 days from the date of submission to issue a determination letter on Last and Final ROPS. Additionally, Last and Final ROPS must be approved at least 15 days prior to the tax distribution date to be eligible for that ROPS period. The first tax distribution date for this ROPS period is June 1, 2022.

Recognized Obligation Payment Schedule.

The Successor Agency was tasked with paying, performing and enforcing the enforceable obligations of the former redevelopment agency. The Successor Agency has met all enforceable obligations and all debt has been fully paid.

BUDGET IMPACT:

The Successor Agency is not requesting RPTTF for the Last and Final ROPS. Pursuant to HSC section 34191.6 (a) (3), any revenues received by the Agency not authorized for use in the approved Last and Final ROPS must be remitted to the County Auditor Controller for distribution to affected taxing entities.

CONCLUSION:

There is no deadline for submitting a Last and Final ROPS as it is optional. However, the Successor Agency has fully paid all enforceable obligations and would like to submit a Last and Final ROPS to streamline the process for dissolution of the Successor Agency.

Consideration to Adopt a Resolution Approving the Last and Final Recognized Obligation Payment Schedule for the Period July 1, 2022 through June 30, 2023 for the Successor Agency to the San Fernando Redevelopment Agency

Page 4 of 4

Therefore, staff recommends that the Successor Agency adopt the attached Resolution, approving the Last and Final ROPS.

ATTACHMENTS:

- A. Resolution No. 168 (Last and Final ROPS for the period of July 1, 2022 through June 30, 2023)
- B. Resolution No. 37 (Last and Final ROPS for the period of July 1, 2020 through June 30, 2025)
- C. Department of Finance Determination Letter for Last and Final ROPS for the period of July 1, 2020 through June 30, 2025

RESOLUTION NO. 168

A RESOLUTION OF THE SUCCESSOR AGENCY TO THE SAN FERNANDO REDEVELOPMENT AGENCY APPROVING A LAST AND FINAL RECOGNIZED OBLIGATION PAYMENT SCHEDULE FOR THE PERIOD JULY 1, 2022 THROUGH JUNE 30, 2023 AND TAKING CERTAIN ACTIONS IN CONNECTION THEREWITH

RECITALS:

WHEREAS, pursuant AB x 1 26, enacted on June 28, 2011, and as subsequently amended by AB 1484, SB 341, and SB 107 ("Dissolution Act"), the Redevelopment Agency of the City of San Fernando was dissolved as of February 1, 2012, and the City of San Fernando elected to serve as the Successor Agency to the former Redevelopment Agency to the City of San Fernando ("Successor Agency");

WHEREAS, pursuant to Health and Safety Code Section 34171(m), a "Recognized Obligation Payment Schedule" ("ROPS") means the document setting forth the minimum payment amounts and due dates of payments required by enforceable obligations for each fiscal period as provided in Section 34177(o)(1) of the Health and Safety Code. Therefore, the amounts listed on a ROPS are solely estimates of minimum payment amounts required of the Successor Agency for enforceable obligations for the upcoming ROPS period;

WHEREAS, pursuant to Health and Safety Code Section 34191.6(a), beginning January 1, 2016, agencies that have received a Finding of Completion may submit a "Last and Final ROPS" if: 1) the remaining debt is limited to administrative costs and payments pursuant to enforceable obligations with defined payment schedules, 2) all remaining debt obligations have been previously listed on the ROPS and approved for payment by the Department of Finance pursuant to HSC section 34177 (m) or (o), and 3) the agency is not a party to outstanding or unresolved litigation;

WHEREAS, the proposed Last and Final ROPS is consistent with the requirements of the Health and Safety Code and other applicable law and is attached to this Resolution as Exhibit "1" for review and approval by the Successor Agency;

WHEREAS, the Successor Agency shall submit a copy of the Oversight Board-approved Last and Final ROPS to the Department of Finance electronically and the Successor Agency shall complete the Last and Final ROPS in the manner provided by the Department of Finance;

WHEREAS, the activity proposed for approval by this Resolution has been reviewed with respect to applicability of the California Environmental Quality Act ("CEQA"), the State CEQA Guidelines (California Code of Regulations, Title 14, Section 15000 et seq., hereafter the "Guidelines"), and the City's environmental guidelines; and

WHEREAS, the activity proposed for approval by this Resolution is not a “project” for purposes of CEQA, as that term is defined by Guidelines Section 15378, because the activity approved by this Resolution is an organizational or administrative activity that will not result in a direct or indirect physical change in the environment, per Section 15378(b)(5) of the Guidelines.

NOW, THEREFORE, THE SUCCESSOR AGENCY TO THE SAN FERNANDO REDEVELOPMENT AGENCY DOES HEREBY RESOLVE, FIND, DETERMINE AND ORDER AS FOLLOWS:

Section 1. The above recitals are true and correct and are a substantive part of this Resolution.

Section 2. This Resolution is adopted pursuant to the provisions of the Dissolution Act.

Section 3. The Successor Agency Board hereby approves and adopts the Last and Final ROPS, substantially in the form attached to this Resolution as Exhibit “1” as will be submitted for approval to the Oversight Board no later than February 1, 2022. The Executive Director of the Successor Agency, in consultation with the Successor Agency’s legal counsel, may modify the Last and Final ROPS as the Executive Director or the Successor Agency’s legal counsel deems necessary or advisable to comply with applicable state law and consistent with the enforceable obligations of the Successor Agency.

Section 4. The officers and staff of the Successor Agency are hereby authorized and directed, jointly and severally, to submit a copy of the Last and Final ROPS to the Department of Finance, the County Auditor-Controller and the County administrative officer as designated by the County.

Section 5. Staff is hereby authorized and directed, jointly and severally, to submit a copy of the Oversight Board-approved Last and Final ROPS to the Department of Finance, the Office of the State Controller, and the County Auditor-Controller.

Section 6. Staff is hereby authorized and directed, jointly and severally, to post a copy of the Oversight Board-Approved Last and Final ROPS on the Successor Agency’s Internet website (being a page on the Internet website of the City of San Fernando).

Section 7. The officers and staff of the Successor Agency are hereby authorized and directed, jointly and severally, to do any and all things which they may deem necessary or advisable to effectuate this Resolution, including requesting additional review by the DOF and an opportunity to meet and confer on any disputed items, and any such actions previously taken by such officers and staff are hereby ratified and confirmed.

Section 8. The Successor Agency Board determines that the activity approved by this Resolution is not a “project” for purposes of CEQA, as that term is defined by Guidelines Section 15378, because the activity approved by this Resolution is an organizational or administrative activity that will not result in a direct or indirect physical change in the environment, per Section 15378(b)(5) of the Guidelines.

PASSED AND ADOPTED this 10th day of January, 2022.

Mary Mendoza, Chair of the Successor
Agency of the San Fernando Redevelopment
Agency

RESOLUTION NO. 37

A RESOLUTION OF THE LOS ANGELES COUNTY THIRD SUPERVISORIAL DISTRICT CONSOLIDATED OVERSIGHT BOARD APPROVING A RECOGNIZED OBLIGATION PAYMENT SCHEDULE OF THE SUCCESSOR AGENCY OF THE FORMER REDEVELOPMENT AGENCY TO THE CITY OF SAN FERNANDO FOR THE PERIOD JULY 1, 2020 THROUGH JUNE 30, 2025 AND TAKING CERTAIN ACTIONS IN CONNECTION THEREWITH

RECITALS:

WHEREAS, pursuant AB x 1 26, enacted on June 28, 2011, and as subsequently amended by AB 1484, SB 341, and SB 107 ("Dissolution Act"), the Redevelopment Agency of the City of San Fernando was dissolved as of February 1, 2012, and the City of San Fernando elected to serve as the Successor Agency to the former Redevelopment Agency to the City of San Fernando ("Successor Agency").

WHEREAS, pursuant to Health and Safety Code Section 34179(q), commencing on and after July 1, 2018, the county of Los Angeles, where more than 40 oversight boards were created by the Dissolution Act, shall have five consolidated oversight boards each encompassing the five supervisorial districts.

WHEREAS, the Third Supervisorial District Consolidated Oversight Board ("Oversight Board") has jurisdiction over the Successor Agency to the Former Redevelopment Agency to the City of San Fernando.

WHEREAS, the Third Supervisorial District Consolidated Oversight Board held a special meeting on January 14, 2020.

WHEREAS, pursuant to Health and Safety Code Section 34171(m), a "Recognized Obligation Payment Schedule" ("ROPS") means the document setting forth the minimum payment amounts and due dates of payments required by enforceable obligations for each fiscal period as provided in Section 34177(o)(1) of the Health and Safety Code. Therefore, the amounts listed on a ROPS are solely estimates of minimum payment amounts required of the Successor Agency for enforceable obligations for the upcoming ROPS period.

WHEREAS, pursuant to Health and Safety Code Section 34191.6(a), beginning January 1, 2016, agencies that have received a Finding of Completion may submit a "Last and Final ROPS" if: 1) the remaining debt is limited to administrative costs and payments pursuant to enforceable obligations with defined payment schedules. 2) all remaining debt obligations have been previously listed on the ROPS and approved for payment by the Department of Finance pursuant to HSC section 34177 (m) or (o), and 3) the agency is not a party to outstanding or unresolved litigation.

WHEREAS, the proposed Last and Final ROPS, as approved by the Successor Agency on January 06, 2020, is consistent with the requirements of the Health and Safety Code and other applicable law and is attached to this Resolution as Exhibit "1" for review and approval by the Oversight Board.

WHEREAS, the Successor Agency shall submit a copy of the Oversight Board-approved Last and Final ROPS to the Department of Finance electronically and the Successor Agency shall complete the Last and Final ROPS in the manner provided by the Department of Finance.

WHEREAS, the activity proposed for approval by this Resolution has been reviewed with respect to applicability of the California Environmental Quality Act ("CEQA"), the State CEQA Guidelines (California Code of Regulations, Title 14, Section 15000 et seq., hereafter the "Guidelines"), and the City's environmental guidelines.

WHEREAS, the activity proposed for approval by this Resolution is not a "project" for purposes of CEQA, as that term is defined by Guidelines Section 15378, because the activity approved by this Resolution is an organizational or administrative activity that will not result in a direct or indirect physical change in the environment, per Section 15378(b)(5) of the Guidelines.

NOW, THEREFORE, THE LOS ANGELES COUNTY THIRD SUPERVISORIAL OVERSIGHT BOARD DOES HEREBY RESOLVE AND FIND AS FOLLOWS:

Section 1. The above recitals are true and correct and are a substantive part of this Resolution.

Section 2. This Resolution is adopted pursuant to the provisions of the Dissolution Act.

Section 3. The Oversight Board hereby approves and adopts the Last and Final ROPS, substantially in the form attached to this Resolution as Exhibit "1." The Executive Director of the Successor Agency, in consultation with the Successor Agency's legal counsel, may modify the Last and Final ROPS as the Executive Director or the Successor Agency's legal counsel deems necessary or advisable to comply with applicable state law and consistent with the enforceable obligations of the Successor Agency.

Section 4. The officers and staff of the Successor Agency are hereby authorized and directed, jointly and severally, to submit a copy of the Last and Final ROPS to the Department of Finance, the County Auditor-Controller and the County administrative officer as designated by the County.

Section 5. Staff is hereby authorized and directed, jointly and severally, to submit a copy of the Oversight Board-approved Last and Final ROPS to the Department of Finance, the Office of the State Controller, and the County Auditor-Controller.

Section 6. Staff is hereby authorized and directed, jointly and severally, to post a copy of the Oversight Board-Approved Last and Final ROPS on the Successor Agency's Internet website (being a page on the Internet website of the City of San Fernando).

Section 7. The officers and staff of the Successor Agency are hereby authorized and directed, jointly and severally, to do any and all things which they may deem necessary or advisable to effectuate this Resolution, including requesting additional review by the DOF and an opportunity to meet and confer on any disputed items, and any such actions previously taken by such officers and staff are hereby ratified and confirmed.

Section 8. The Successor Agency Board determines that the activity approved by this Resolution is not a "project" for purposes of CEQA, as that term is defined by Guidelines Section 15378, because the activity approved by this Resolution is an organizational or administrative activity that will not result in a direct or indirect physical change in the environment, per Section 15378(b)(5) of the Guidelines.

PASSED, APPROVED AND ADOPTED this 14th day of January, 2020, by the following vote:

Ayes: J. HEILMAN; C. HOUWEN; T. ROSNICK; P. SILVERN

Last and Final Recognized Obligation Payment Schedule Determination

Pursuant to Health and Safety Code (HSC) section 34191.6 (b), the San Fernando City Successor Agency (Agency) submitted a Last and Final Recognized Obligation Payment Schedule (Last and Final ROPS) to the California Department of Finance (Finance) on January 21, 2020. Finance has completed its review of the Agency's Last and Final ROPS.

The Agency's Last and Final ROPS contains funding requests beyond what is required to retire the Agency's enforceable obligations. Pursuant to HSC section 34191.6 (c), Finance proposed amendments and changes to the Last and Final ROPS. However, an agreement with the Agency on the amendments and changes could not be reached.

Therefore, the Agency's Last and Final ROPS is not approved at this time. The Dissolution Act does not allow a Meet and Confer for the Last and Final ROPS. To the extent the Agency agrees to the amendments and changes recommended by Finance or has additional information for Finance to consider, the Agency may submit a new Oversight Board approved Last and Final ROPS for Finance's review in the future.

Without an approved Last and Final ROPS, the Agency may continue to make payments for obligations listed on the approved annual ROPS.

Please direct inquiries to Kylie Oltmann, Supervisor, or Jessica Yip, Staff, at (916) 322-2985.

Sincerely,

JENNIFER WHITAKER
Program Budget Manager

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager
By: Matt Baumgardner, Director of Public Works

Date: January 10, 2022

Subject: Consideration to Approve a Third Amendment to the Professional Services Agreement with John Robinson Consulting, Inc. for Additional Engineering Services and Permit Fees Related to the Upper Reservoir Replacement Project

RECOMMENDATION:

It is recommended that the City Council:

- a. Approve a third Amendment to the Professional Services Agreement with John Robinson Consulting, Inc. (Attachment "A" – Contract No. 1912(c)) for additional engineering services and fees related to the Upper Reservoir Replacement Project; and
- b. Authorize the City Manager to execute the Agreement and all related documents.

BACKGROUND:

1. On June 17, 2019, the City Council approved Contract No. 1912 (Attachment "B") with John Robinson Consulting for Upper Reservoir Replacement Engineering Design Services.
2. On June 17, 2019, the City Council approved Resolution No. 7927 authorizing the City to enter into an agreement with the California Department of Water Resources to receive \$5,000,000 from Proposition 1 grant proceeds for the design and construction of Upper Reservoir No. 4.
3. On October 5, 2020, the City Council approved a first Amendment to Contract No. 1912(a) (Attachment "C") with John Robinson Consulting, Inc. for additional engineering design scope for the Upper Reservoir Replacement Project.
4. On June 21, 2021, the City Council approved a second Amendment to Contract No. 1912(b) (Attachment "D") with John Robinson Consulting, Inc. for construction management services for the Upper Reservoir Replacement Project.

Consideration to Approve a Third Amendment to the Professional Services Agreement with John Robinson Consulting, Inc. for Additional Engineering Services and Permit Fees Related to the Upper Reservoir Replacement Project

Page 2 of 3

ANALYSIS:

Upper Reservoir No. 4 is a circular reinforced concrete water storage tank built in the early 1960s that was designed to hold one million gallons of water at full capacity. The tank has been limited to approximately half this capacity since 1999 due to cracks that have developed over time in the tank's wall. John Robinson Consulting (JRC) completed the final design documents in August 2021, which focused on replacing the existing circular tank with a square-shaped, reinforced concrete tank with a new total capacity of 1.1 million gallons of storage. In addition to the reservoir replacement, the design will implement several piping modifications leading into and out of the reservoir to improve hydraulic flow. Extensive work will be required on the project site, but also in the road on Foothill Boulevard and Hubbard Avenue to make changes to the water mains. The project also includes improvements to security at the reservoir site, including lighting, wrought-iron fencing, and a new motorized security gate.

The project went out to bid for construction in August and September 2021, but an exceedingly busy bid environment for large construction projects in Southern California lead to the City only getting one bid that was substantially over the engineer's estimate for the project. The City also received an extensive list of design items that the Department of Drinking Water (DDW) wanted addressed before the City put the project back out to bid. As a result, on September 20, 2021, the City Council rejected the one bid that was submitted and JRC made some design adjustments to address DDW review comments. The City of Los Angeles also requested a full set of traffic control plans for the project due to the significant amount of pipe work being completed on Hubbard Avenue and Foothill Boulevard.

The total scope of work to be added to John Robinson Consulting's contract includes design time related to the DDW plan review, the traffic control plan requested by the City of Los Angeles transportation department, City of Los Angeles engineering permit fees, and additional time required to analyze bids and ensure the City gets several competitive bids for the project.

BUDGET IMPACT:

The Upper Reservoir Replacement Project is being funded through a \$5,000,000 reimbursable grant from the California Department of Water Resources (CDWR). These funds were appropriated through an agreement with the CDWR in FY 2018-2019 and to date have been used during the design phase. The contract amendment for John Robinson Consulting is \$67,786. There is an approximate balance of \$4,026,000 and it is anticipated that there will be sufficient funds for field engineering and construction services.

Consideration to Approve a Third Amendment to the Professional Services Agreement with John Robinson Consulting, Inc. for Additional Engineering Services and Permit Fees Related to the Upper Reservoir Replacement Project

Page 3 of 3

CONCLUSION:

Staff recommends that the City Council approve a third amendment to the Professional Services Agreement with John Robinson Consulting, Inc. for additional engineering services and permit fees related to the Upper Reservoir Replacement Project.

ATTACHMENTS:

- A. Contract No. 1912(c)
- B. Contract No. 1912
- C. Contract No. 1912(a)
- D. Contract No. 1912(b)

2022
THIRD AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT
(John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir
Replacement Construction Management and Engineering Services)

THIS 2022 THIRD AMENDMENT ("Third Amendment") to that certain agreement entitled "Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services" originally executed 17th day of June, 2019 by and between the CITY OF SAN FERNANDO, a municipal corporation and general law city ("CITY") and JOHN ROBINSON CONSULTING, a California corporation (hereinafter, "CONSULTANT" is made and entered into this 3rd day of January, 2022 ("Effective Date"). For purposes of this Second Amendment, the capitalized term "Parties" shall be a collective reference to both CITY and CONSULTANT. The capitalized term "Party" may refer to either CITY or CONSULTANT interchangeably as appropriate.

RECITALS

WHEREAS, the Parties executed and entered into an employment agreement dated June 17, 2019 and entitled "Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services", Contract No. 1912 (hereinafter, the "Master Agreement"); and

WHEREAS, the Parties now wish to modify the Master Agreement further for purposes of modifying the Master Agreement's compensation terms; and

WHEREAS, execution of the First and Second Amendments were approved by the San Fernando City Council ("City Council") at its Regular Meetings of October 5, 2020 and June 21, 2021, respectively.

WHEREAS, execution of this Third Amendment was approved by the San Fernando City Council ("City Council") at its Regular Meeting of January 3, 2022.

NOW, THEREFORE, in consideration of the mutual agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties agree as follows:

SECTION 1. The Term as defined under Section 1.2 of the Master Agreement is hereby amended to terminate on June 30, 2023.

The Not-to-Exceed Sum as defined under Section 1.3 of the Master Agreement is hereby amended to mean and refer to the sum of Nine Hundred and Seventy-Three Thousand, and Ninety-One Dollars (\$973,091.00).

SECTION 2. Notwithstanding anything in the Master Agreement or the Third Amendment to the contrary, CONSULTANT shall perform the various services and tasks set forth in the Scope of Services in accordance with the performance scheduled entitled "Additional Scope of Services" which is attached and incorporated hereto as **Exhibit "A"**).

SECTION 3. Except as otherwise set forth in this Third Amendment, the Master Agreement shall remain binding, controlling and in full force and effect. The provisions of this Third Amendment shall

be deemed a part of the Master Agreement and except as otherwise provided under this Third Amendment, the Master Agreement and all provisions contained therein shall remain binding and enforceable. In the event of any conflict or inconsistency between the provisions of this Third Amendment and the provisions of the Master Agreement, the provisions of this Third Amendment shall govern and control, but only in so far as such provisions conflict with the Master Agreement and no further.

SECTION 4. The Master Agreement as amended by way of this Third Amendment, constitutes the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed herein and supersedes all other agreements or understandings, whether oral or written, or entered into between CITY and CONSULTANT prior to the execution of this Third Amendment. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid or binding. No amendment, modification or supplement to the Master Agreement as amended by this Third Amendment shall be valid and binding unless in writing and duly executed by the Parties in the form of a written contract amendment.

IN WITNESS WHEREOF, the Parties hereto have caused this Third Amendment to be executed on the day and year first appearing above.

EXHIBIT A

Additional Scope of Services

December 2, 2021

Mr. Manuel Fabian
Civil Engineering Assistant II
City of San Fernando
117 Macneil Street
San Fernando CA 91340

Reference: Upper Reservoir Replacement Project Amendment No. 3-Contract No. 1912

Dear Mr. Fabian:

John Robinson Consulting, Inc. (JRC) is submitting this Amendment No. 3 for Contract No. 1912 to the City of San Fernando (City) for the Upper Reservoir Replacement Project as additional effort has been required by our traffic control subconsultant (JMD) to support LADOT, reimburse JRC for two Developer Fees for LADOT to review the traffic control plans and additional scope to support the re-bid of the project which includes the additional design services, bid services and project management will be require additional compensation for Kennedy Jenks (KJ). The following outlines the additional scope of services by discipline (Civil, Traffic Control and Project Management), project schedule and requested additional compensation.

Additional Scope of Services:

Task 1.1 – Data Review

JMD will gather available electronic base topographic files and as-built plans from LADOT to verify the existing topography and proposed improvements. JMD will prepare preliminary base plans from the topographic files and verification of existing features relevant to the proposed task during field reviews. For the purposes of this proposal, we have assumed that detailed survey will not be required by LADOT and is therefore not included in this proposal. However, typical topographic files do not comprehensively extend to the limits required for traffic signal design. For this reason, JMD anticipates the additional topographic features for purposes of traffic signal design will be included via field reviews and measurements.

Task 2.3 – 100% Design Documents and Task 2.8 – Bidding Assistance

Kennedy Jenks (KJ) will be provided assistance by providing additional design services and bid service to assist JRC and City. This includes specifically:

- A review and summary email regarding the cost estimate prepared for final design, assessing whether the City may need to set aside money from their capital program for this project.
- Outreach to up to 10 contractors to encourage them to bid on the project
- Incorporation of the prior addenda into the construction documents and modification to align with the new bid schedule, revising deadlines and bid site walk date and time, and changed schedule of the project.
- Attending the bid walk with one person.
- Answer Bidder questions

- Prepare up to two addenda

Assumption:

- A maximum of two addenda will be issued.
- A maximum of 25 bidder questions will be issued
- KJ contractor outreach will consist of contacting up to 10 General Contractors

Task 2.4 – Traffic Control Plans

- **LADOT Coordination/Permit** - Since the site is located within the City of Los Angeles, the temporary traffic signal design format and standards shall conform to LADOT guidelines. The plan will be coordinated with LADOT staff and submitted for review and approval. JMD anticipates this plan to be included within the current B-Permit application. JMD will attend up to one (1) additional project coordination meeting with the Design Team and Agency staff to discuss temporary traffic control design and coordination issues.

- **65% Temporary Traffic Signal Plan**

- JMD anticipates one title sheet and one temporary traffic signal plan sheet is required. This results in two (2) temporary traffic signal plan sheets, in AutoCAD format and at a scale of 1"=20', illustrating the plan view of the proposed temporary traffic signal design for construction activities within the subject intersection. The draft temporary traffic signal design will be based on existing conditions and the proposed improvements within public street limits.

- **65% Traffic Control Plan**

JMD will prepare and submit one additional traffic control plan sheet as required to address the latest LADOT comments from November 22th. The additional traffic control plan sheet is needed to accommodate approximately 1,500 feet of additional topographic base mapping for both the west construction limits for Stage 2. The plan will be in AutoCAD format and at a scale of 1"=40', illustrating the plan view of the proposed traffic control design for construction activities within the subject intersection. The design includes providing a ped path around the work zone, maintaining the bike lanes, and providing a curb ramp detail. The traffic control design will be based on existing conditions and the proposed improvements within public street limits.

- **65% Traffic Signal Restoration Plan** - JMD will prepare and submit a draft Traffic Signal Restoration plan as indicated on LADOT's submittal checklist. The plan will be prepared per LADOT requirements and focus on the restoration of the existing traffic signal once the construction activities due to the proposed temporary traffic signal design are completed. This results in two (2) traffic signal restoration plan sheets, in AutoCAD format and at a scale of 1"=20', illustrating the plan view of the restoration of the existing traffic signal design within the subject intersection.

- **65% Field Review Log, Photo Log and Map**

JMD will prepare and submit draft field review logs, photo logs, and maps as required by LADOT for the additional topographic base mapping. These items will be prepared per LADOT requirements and focus on the proposed temporary traffic signal design for construction activities within the subject intersection as well as proposed temporary traffic control design for construction activities within Stage 2.

- **Incorporate Comments and Submit 100% Plans** - After preliminary review and comments by the City/Agency, JMD will incorporate the changes and submit the 100% temporary traffic signal plan package and the 100% temporary traffic control plan package to LADOT for City/Agency approval.
- **Incorporate Comments and Submit Final Plans** - After final review and comments by the City/Agency, JMD will incorporate the changes and submit the final temporary traffic signal plan package and the final temporary traffic control plan package to LADOT for City/Agency approval.

Deliverables: JMD will prepare and submit one (1) 65%, one (1) 100%, and one (1) final submittal consisting of one (1) original set of temporary traffic signal plans and temporary traffic control plans. The deliverables will be sent to LADOT for review, comment and approval.

Assumptions:

- No additional permitting is anticipated.
- The only impacted jurisdictions include the Cities of Los Angeles and San Fernando.
- Utility relocation plans and utility notices are not included.
- JMD will utilize existing electronic topographic mapping from LADOT for formatting and content conformance.
- No additional plans/forms/documents/permits are anticipated.
- Only three (3) meetings assumed for the entire project.

Task 2.6 – Permitting Support

JRC will pay the Developer Fee to LADOT for the review of the Traffic Control Plan outlined in Task 2.4 – Traffic Control Plans.

Task 4.1 Project Management and Administration

- JMD will attend up to two (2) additional project coordination meetings with the Design Team and City staff to discuss temporary traffic signal design and coordination issues.
- KJ will provide project management support for an additional 3 months in order to complete the bidding support to assist the City to award the project to a successful Contractor.

Project Schedule - The additional scope of services has extended the project an additional 3 months.

Additional Compensation - Attached is a Table 1 fee breakdown of our fee for each discipline. The fee will be on a time and materials basis, not to exceed \$67,785.51.

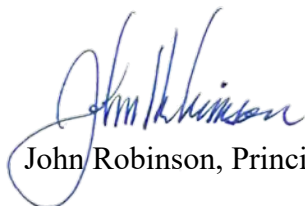

Table 1 - Compensation City of San Fernando - Upper Reservoir Replacement Project							
Task	Project Tasks	John Robinson Principal	Total Hrs	Permit Fees	Subs	Total Labor	TOTAL FEES
		\$150					
1.1	Data Review	0	0	\$0	\$ 1,093	\$0	\$ 1,093
2.3 and 2.8	100% Design Documents and Bidding Assistance	0	0	\$0	\$15,000	\$0	\$ 15,000
2.4	Traffic Control Plans	0	0	\$0	\$26,649	\$0	\$ 26,649
2.6	Permitting Support	0	0	\$21,076.51	\$ -	\$0	\$21,076.51
4.1	Project Management	0	0	\$0	\$ 3,967	\$0	\$ 3,967
	Total Hours	0	0	\$21,076.51	\$46,709	\$0	\$67,785.51
	Total Not-to-Exceed Fee						\$67,785.51

Per the April 9, 2019 proposal, JRC will not mark-up any of our Project Team invoices and pass those savings back to the City.

Should you have any questions or require any further information, please do not hesitate to John Robinson at jrobinson@johnrobinsonconsulting.com or at the office at (626) 375-9389.

Respectively,

John Robinson Consulting, Inc.

John Robinson, Principal

CONTRACT NO. 1912

PROFESSIONAL SERVICES AGREEMENT

Upper Reservoir Replacement Engineering Design

THIS PROFESSIONAL SERVICES AGREEMENT ("Agreement") is made and entered into this 17th day of June 2019, by and between the CITY OF SAN FERNANDO, a municipal corporation ("CITY") and JOHN ROBINSON CONSULTING, INCORPORATED ("CONSULTANT"). For the purposes of this Agreement CITY and CONSULTANT may be referred to collectively by the capitalized term "Parties." The capitalized term "Party" may refer to CITY or CONSULTANT interchangeably.

NOW, THEREFORE, for and in consideration of the mutual covenants and conditions herein contained, CITY and CONSULTANT agree as follows:

I. ENGAGEMENT TERMS

- 1.1 SCOPE OF WORK: Subject to the terms and conditions set forth in this Agreement and all exhibits attached and incorporated hereto, CONSULTANT agrees to perform the services and tasks set forth in **Exhibit "1"** (hereinafter referred to as the "**Scope of Work**"). CONSULTANT further agrees to furnish to CITY all labor, materials, tools, supplies, equipment, services, tasks and incidental and customary work necessary to competently perform and timely complete the services and tasks set forth in the Scope of Work. For the purposes of this Agreement the aforementioned services and tasks set forth in the Scope of Work shall hereinafter be referred to generally by the capitalized term "Work." CONSULTANT shall not commence with the performance of the Work until such time as CITY issues a written Notice to Proceed.
- 1.2 TERM: The term of this Agreement shall commence upon the date it is signed by all of the Parties (the "Effective Date") and shall terminate on February 28, 2022.
- 1.3 PROSECUTION OF WORK:
 - A. CONSULTANT shall perform the Work contemplated under this Agreement on an as-needed, as requested basis for the Term of this Agreement and any extension term. Nothing in this Agreement shall be construed to grant CONSULTANT the exclusive right to perform any of the types of services or tasks contemplated under this Agreement nor shall anything in this Agreement be construed to entitle CONSULTANT to the receipt of any sums under this Agreement, except to the extent CITY requests the performance of any Work in the manner described below and such Work is in fact performed and completed by CONSULTANT and accepted by CITY. CITY requests for the performance of

specific services or tasks contemplated under this Agreement shall be made in the form of a written work order(s) issued by the City Representative (each such written request hereinafter referred to as a "Work Order"). Each Work Order shall include the following information:

1. A detailed description of the specific services or tasks requested;
 2. The location of where the particular services or tasks are to be performed;
 3. A not-to-exceed budget for performing the services or tasks;
 4. A timeline for completing the services or tasks requested
 5. Any other information the CITY deems necessary and relevant to the requested services or tasks; and
 6. The signature of the City Representative, confirming that the services or tasks have been authorized by the City Representative.
- B. CONSULTANT shall perform no Work under this Agreement without a written request from the City Representative, containing the information set forth in Section 1.2A above.
- C. Time is of the essence in the performance of Work under this Agreement, and in the absence of a specific schedule or other instructions from the City Representative, CONSULTANT shall begin and complete performance of the Work to completion in a timely and diligent manner.

1.3 COMPENSATION:

- A. CONSULTANT shall perform the various services and tasks contemplated under this Agreement in accordance with the schedule of hourly rates and charges set forth in that certain document attached and incorporated hereto as Exhibit "2" and entitled "Approved Rate Schedule" (hereinafter, the "Approved Rate Schedule").
- B. Section 1.3A notwithstanding, CONSULTANT's total compensation during the Term of this Agreement shall not exceed the budgeted aggregate sum of FOUR HUNDRED SIXTY NINE THOUSAND – EIGHT HUNDRED NINETY ONE (\$469,891) (hereinafter, the "Not-to-Exceed Sum"). CONSULTANT further agrees that the Not-to-Exceed Sum is inclusive of compensation for all labor, materials, tools, supplies, equipment, services, tasks and incidental and customary work necessary to competently perform and timely complete the Work. For purposes of this Agreement, the term "fiscal year" means a period of time commencing on July 1st of a calendar year and ending on June 30th of the calendar year immediately following.
- C. In the event CONSULTANT's charges are projected to exceed the Not-to-Exceed Sum prior to the expiration of the Term, CITY may suspend CONSULTANT's performance

pending CITY approval of any anticipated expenditures in excess of the Not-to-Exceed Sum or any other CITY-approved amendment to the compensation terms of this Agreement.

- D. Following the conclusion of Work requested pursuant to 1.2, above, CONSULTANT shall submit to CITY an itemized invoice indicating the services and tasks performed and the reimbursable out-of-pocket expenses incurred. If the amount of CONSULTANT's compensation includes hours worked by CONSULTANT's personnel, the invoice shall indicate the number of hours worked in connection with the specific service or task requested, the persons responsible for performing the Work, the rate of compensation at which such services and tasks were performed, the subtotal for each task and service performed and a grand total for all services performed. Within thirty (30) calendar days of receipt of each invoice, CITY shall notify CONSULTANT in writing of any disputed amounts included in the invoice. Within forty-five (45) calendar day of receipt of each invoice, CITY shall pay all undisputed amounts included on the invoice. CITY shall not withhold applicable taxes or other authorized deductions from payments made to CONSULTANT.

1.4 ACCOUNTING RECORDS: CONSULTANT shall maintain complete and accurate records with respect to all matters covered under this Agreement for a period of three (3) years after the expiration or termination of this Agreement. CITY shall have the right to access and examine such records, without charge, during normal business hours. CITY shall further have the right to audit such records, to make transcripts therefrom and to inspect all program data, documents, proceedings, and activities.

1.5 ABANDONMENT BY CONSULTANT: In the event CONSULTANT ceases to perform the Work agreed to under this Agreement or otherwise abandons the undertaking contemplated herein prior to the expiration of this Agreement or prior to completion of any or all tasks set forth in the Scope of Work, CONSULTANT shall deliver to CITY immediately and without delay, all materials, records and other work product prepared or obtained by CONSULTANT in the performance of this Agreement. Furthermore, CONSULTANT shall only be compensated for the reasonable value of the services, tasks and other Work performed up to the time of cessation or abandonment, less a deduction for any damages, costs or additional expenses which CITY may incur as a result of CONSULTANT's cessation or abandonment.

II. PERFORMANCE OF AGREEMENT

2.1 CITY'S REPRESENTATIVES: The CITY hereby designates the DIRECTOR OF PUBLIC WORKS/CITY ENGINEER (hereinafter, the "CITY Representatives") to act as its representatives for the performance of this Agreement. The DIRECTOR OF PUBLIC WORKS/CITY ENGINEER shall be the chief CITY Representative. The CITY

Representatives or their designee shall act on behalf of the CITY for all purposes under this Agreement. CONSULTANT shall not accept directions or orders from any person other than the CITY Representatives or their designee.

- 2.2 CONSULTANT REPRESENTATIVE: CONSULTANT hereby designates John Robinson, Principal, to act as its representative for the performance of this Agreement (hereinafter, the "CONSULTANT Representative"). CONSULTANT Representative shall have full authority to represent and act on behalf of the CONSULTANT for all purposes under this Agreement. CONSULTANT Representative or his designee shall supervise and direct the performance of the Work, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Work under this Agreement. Notice to the CONSULTANT Representative shall constitute notice to CONSULTANT.
- 2.3 COORDINATION OF SERVICE; CONFORMANCE WITH REQUIREMENTS: CONSULTANT agrees to work closely with CITY staff in the performance of the Work and this Agreement and shall be available to CITY staff and the CITY Representatives at all reasonable times. All work prepared by CONSULTANT shall be subject to inspection and approval by CITY Representatives or their designees.
- 2.4 STANDARD OF CARE; PERFORMANCE OF EMPLOYEES: CONSULTANT represents, acknowledges and agrees to the following:
- A. CONSULTANT shall perform all Work skillfully, competently and to the highest standards of CONSULTANT's profession;
 - B. CONSULTANT shall perform all Work in a manner reasonably satisfactory to the CITY;
 - C. CONSULTANT shall comply with all applicable federal, state and local laws and regulations, including the conflict of interest provisions of Government Code Section 1090 and the Political Reform Act (Government Code Section 81000 et seq.);
 - D. CONSULTANT understands the nature and scope of the Work to be performed under this Agreement as well as any and all schedules of performance;
 - E. All of CONSULTANT's employees and agents possess sufficient skill, knowledge, training and experience to perform those services and tasks assigned to them by CONSULTANT; and
 - F. All of CONSULTANT's employees and agents (including but not limited to subcontractors and subconsultants) possess all licenses, permits, certificates, qualifications and approvals of whatever nature that are legally required to perform the tasks and services contemplated under this Agreement and all such

licenses, permits, certificates, qualifications and approvals shall be maintained throughout the term of this Agreement and made available to CITY for copying and inspection.

The Parties acknowledge and agree that CONSULTANT shall perform, at CONSULTANT's own cost and expense and without any reimbursement from CITY, any services necessary to correct any errors or omissions caused by CONSULTANT's failure to comply with the standard of care set forth under this Section or by any like failure on the part of CONSULTANT's employees, agents, contractors, subcontractors and subconsultants. Such effort by CONSULTANT to correct any errors or omissions shall be commenced immediately upon their discovery by either Party and shall be completed within seven (7) calendars days from the date of discovery or such other extended period of time authorized by the CITY Representatives in writing and in their sole and absolute discretion. The Parties acknowledge and agree that CITY's acceptance of any work performed by CONSULTANT or on CONSULTANT's behalf shall not constitute a release of any deficiency or delay in performance. The Parties further acknowledge, understand and agree that CITY has relied upon the foregoing representations of CONSULTANT, including but not limited to the representation that CONSULTANT possesses the skills, training, knowledge and experience necessary to perform the Work skillfully, competently and to the highest standards of CONSULTANT's profession.

- 2.5 ASSIGNMENT: The skills, training, knowledge and experience of CONSULTANT are material to CITY's willingness to enter into this Agreement. Accordingly, CITY has an interest in the qualifications and capabilities of the person(s) who will perform the services and tasks to be undertaken by CONSULTANT or on behalf of CONSULTANT in the performance of this Agreement. In recognition of this interest, CONSULTANT agrees that it shall not assign or transfer, either directly or indirectly or by operation of law, this Agreement or the performance of any of CONSULTANT's duties or obligations under this Agreement without the prior written consent of the CITY. In the absence of CITY's prior written consent, any attempted assignment or transfer shall be ineffective, null and void and shall constitute a material breach of this Agreement.
- 2.6 CONTROL AND PAYMENT OF SUBORDINATES; INDEPENDENT CONTRACTOR: The Work shall be performed by CONSULTANT or under CONSULTANT's strict supervision. CONSULTANT will determine the means, methods and details of performing the Work subject to the requirements of this Agreement. CITY retains CONSULTANT on an independent contractor basis and not as an employee. CONSULTANT reserves the right to perform similar or different services for other principals during the term of this Agreement, provided such work does not unduly interfere with CONSULTANT's competent and timely performance of the Work contemplated under this Agreement and provided the performance of such services does not result in the unauthorized disclosure of CITY's confidential or proprietary information. Any additional personnel performing the Work under this Agreement on behalf of CONSULTANT are not employees of CITY and shall at all times be under CONSULTANT's exclusive direction and

control. CONSULTANT shall pay all wages, salaries and other amounts due such personnel and shall assume responsibility for all benefits, payroll taxes, Social Security and Medicare payments and the like. CONSULTANT shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: Social Security taxes, income tax withholding, unemployment insurance, disability insurance, workers' compensation insurance and the like.

- 2.7 **REMOVAL OF EMPLOYEES OR AGENTS:** If any of CONSULTANT's officers, employees, agents, contractors, subcontractors or subconsultants is determined by the CITY Representatives to be uncooperative, incompetent, a threat to the adequate or timely performance of the tasks assigned to CONSULTANT, a threat to persons or property, or if any of CONSULTANT's officers, employees, agents, contractors, subcontractors or subconsultants fail or refuse to perform the Work in a manner acceptable to the CITY, such officer, employee, agent, contractor, subcontractor or subconsultant shall be promptly removed by CONSULTANT and shall not be reassigned to perform any of the Work.
- 2.8 **COMPLIANCE WITH LAWS:** CONSULTANT shall keep itself informed of and in compliance with all applicable federal, state or local laws to the extent such laws control or otherwise govern the performance of the Work. CONSULTANT's compliance with applicable laws shall include, without limitation, compliance with all applicable Cal/OSHA requirements.
- 2.9 **NON-DISCRIMINATION:** In the performance of this Agreement, CONSULTANT shall not discriminate against any employee, subcontractor, subconsultant, or applicant for employment because of race, color, creed, religion, sex, marital status, sexual orientation, national origin, ancestry, age, physical or mental disability or medical condition.
- 2.10. **INDEPENDENT CONTRACTOR STATUS:** The Parties acknowledge, understand and agree that CONSULTANT and all persons retained or employed by CONSULTANT are, and shall at all times remain, wholly independent contractors and are not officials, officers, employees, departments or subdivisions of CITY. CONSULTANT shall be solely responsible for the negligent acts and/or omissions of its employees, agents, contractors, subcontractors and subconsultants. CONSULTANT and all persons retained or employed by CONSULTANT shall have no authority, express or implied, to bind CITY in any manner, nor to incur any obligation, debt or liability of any kind on behalf of, or against, CITY, whether by contract or otherwise, unless such authority is expressly conferred to CONSULTANT under this Agreement or is otherwise expressly conferred by CITY in writing.

III. INSURANCE

3.1 DUTY TO PROCURE AND MAINTAIN INSURANCE: Prior to the beginning of and throughout the duration of the Work, CONSULTANT will procure and maintain policies of insurance that meet the requirements and specifications set forth under this Article. CONSULTANT shall procure and maintain the following insurance coverage, at its own expense:

- A. **Commercial General Liability Insurance:** CONSULTANT shall procure and maintain Commercial General Liability Insurance ("CGL Coverage") as broad as Insurance Services Office Commercial General Liability coverage (occurrence Form CG 0001) or its equivalent. Such CGL Coverage shall have minimum limits of no less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) in the general aggregate for bodily injury, personal injury, property damage, operations, products and completed operations, and contractual liability.
- B. **Automobile Liability Insurance:** CONSULTANT shall procure and maintain Automobile Liability Insurance as broad as Insurance Services Office Form Number CA 0001 covering Automobile Liability, Code 1 (any auto). Such Automobile Liability Insurance shall have minimum limits of no less than One Million Dollars (\$1,000,000.00) per accident for bodily injury and property damage.
- C. **Workers' Compensation Insurance/ Employer's Liability Insurance:** A policy of workers' compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for both CONSULTANT and CITY against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by CONSULTANT in the course of carrying out the Work contemplated in this Agreement.
- D. **Errors & Omissions Insurance:** For the full term of this Agreement and for a period of three (3) years thereafter, CONSULTANT shall procure and maintain Errors and Omissions Liability Insurance appropriate to CONSULTANT's profession. Such coverage shall have minimum limits of no less than One Million Dollars (\$1,000,000.00) per occurrence and shall be endorsed to include contractual liability.

3.2 ADDITIONAL INSURED REQUIREMENTS: The CGL Coverage and the Automobile Liability Insurance shall contain an endorsement naming the CITY and CITY's elected and appointed officials, officers, employees, agents and volunteers as additional insureds.

3.3 REQUIRED CARRIER RATING: All varieties of insurance required under this Agreement shall be procured from insurers admitted in the State of California and authorized to

issue policies directly to California insureds. Except as otherwise provided elsewhere under this Article, all required insurance shall be procured from insurers who, according to the latest edition of the Best's Insurance Guide, have an A.M. Best's rating of no less than A:VII. CITY may also accept policies procured by insurance carriers with a Standard & Poor's rating of no less than BBB according to the latest published edition the Standard & Poor's rating guide. As to Workers' Compensation Insurance/ Employer's Liability Insurance, the CITY Representatives are authorized to authorize lower ratings than those set forth in this Section.

- 3.4 **PRIMACY OF CONSULTANT'S INSURANCE:** All policies of insurance provided by CONSULTANT shall be primary to any coverage available to CITY or CITY's elected or appointed officials, officers, employees, agents or volunteers. Any insurance or self-insurance maintained by CITY or CITY's elected or appointed officials, officers, employees, agents or volunteers shall be in excess of CONSULTANT's insurance and shall not contribute with it.
- 3.5 **WAIVER OF SUBROGATION:** All insurance coverage provided pursuant to this Agreement shall not prohibit CONSULTANT or CONSULTANT's officers, employees, agents, subcontractors or subconsultants from waiving the right of subrogation prior to a loss. CONSULTANT hereby waives all rights of subrogation against CITY.
- 3.6 **VERIFICATION OF COVERAGE:** CONSULTANT acknowledges, understands and agrees, that CITY's ability to verify the procurement and maintenance of the insurance required under this Article is critical to safeguarding CITY's financial well-being and, indirectly, the collective well-being of the residents of the CITY. Accordingly, CONSULTANT warrants, represents and agrees that its shall furnish CITY with original certificates of insurance and endorsements evidencing the coverage required under this Article on forms satisfactory to CITY in its sole and absolute discretion. **The certificates of insurance and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and shall be on forms provided by the CITY if requested.** All certificates of insurance and endorsements shall be received and approved by CITY as a condition precedent to CONSULTANT's commencement of any work or any of the Work. Upon CITY's written request, CONSULTANT shall also provide CITY with certified copies of all required insurance policies and endorsements.

IV. INDEMNIFICATION

- 4.1 The Parties agree that CITY and CITY's elected and appointed officials, officers, employees, agents and volunteers (hereinafter, the "CITY Indemnitees") should, to the fullest extent permitted by law, be protected from any and all loss, injury, damage, claim, lawsuit, cost, expense, attorneys' fees, litigation costs, or any other cost arising out of or in any way related to the performance of this Agreement. Accordingly, the provisions of this indemnity provision are intended by the Parties to be interpreted and construed to provide the CITY Indemnitees with the fullest protection possible under

the law. CONSULTANT acknowledges that CITY would not enter into this Agreement in the absence of CONSULTANT's commitment to indemnify, defend and protect CITY as set forth herein.

- 4.2 WORK OF CONSULTANT'S DESIGN PROFESSIONALS SERVICES: The duty to indemnify, defend and hold harmless as set forth under this subsection shall apply to the negligence, recklessness or willful misconduct of any individual who qualifies as a "design professional" within the meaning of subsection (c)(2) of Section 2782.8 of the California Civil Code in so far as such negligence, recklessness or willful misconduct occurs in the performance, work or activities that must be performed by a "design professional." Subject to the limitation of the preceding sentence, to the fullest extent permitted by law, CONSULTANT shall immediately defend and indemnify and hold harmless the City Indemnities, defined above, from and against any and all liability, loss, damage, expense, cost (including without limitation reasonable attorneys' fees, expert fees and all other costs and fees of litigation) of every nature arising out of the negligence, recklessness, or willful misconduct of CONSULTANT or any of CONSULTANT's officers, employees, servants, agents, contractors, subcontractors or authorized volunteers or any other person or entity involved by, for, or with or on behalf of CONSULTANT in the performance of design professional services under this Agreement. The Parties understand and agree that the duty of CONSULTANT to indemnify, defend and hold harmless pursuant to this subsection includes the duty to defend as set forth in Section 2778 of the California Civil Code. CONTRACTOR's obligation to indemnify applies unless it is finally adjudicated that the liability was caused by the sole active negligence or sole willful misconduct of an indemnified party. If it is finally adjudicated that liability is caused by the comparative active negligence or willful misconduct of an indemnified party, then CONSULTANT's indemnification obligation shall be reduced in proportion to the established comparative liability.
- 4.3 WORK OF ALL OTHER PERSONS/NON-DESIGN PROFESSIONALS: Except as otherwise provided under Section 4.2 of this Article, above, to the fullest extent permitted by law, CONSULTANT shall indemnify, defend and hold harmless the CITY Indemnities from and against all liability, loss, damage, expense, cost (including without limitation reasonable attorneys' fees, expert fees and all other costs and fees of litigation) of every nature to the extent caused by CONSULTANT's negligent performance under this Agreement, including but not limited to the negligent acts, errors or omissions of CONSULTANT or CONSULTANT's officers, employees, agents, servants, contractors, subcontractors or subconsultants or the failure of the same to comply with any of the duties, obligations or standards of care set forth herein. The duty to indemnify, defend and hold harmless under this subsection shall not encompass a duty to indemnify, defend or hold harmless for liability, loss, suit, damage, expense, or cost caused by the negligence or willful misconduct of any or all of the City Indemnities. The duty to indemnify, defend and hold harmless as set forth under this subsection is intended to encompass liabilities, losses, damages, expense and costs not otherwise subject to subsection 4.2, above.

- 4.4 As to the duties to indemnify under Sections 4.1 and 4.2 of this Article, above, CITY shall have the right to offset against the amount of any compensation due CONSULTANT under this Agreement any amount due CITY from CONSULTANT as a result of CONSULTANT's failure to pay CITY promptly any indemnification arising under this Article and related to CONSULTANT's failure to either (i) pay taxes on amounts received pursuant to this Agreement or (ii) comply with applicable workers' compensation laws.
- 4.5 As to the duties to indemnify under Sections 4.1 and 4.2 of this Article, above, the obligations of CONSULTANT under this Article will not be limited by the provisions of any workers' compensation act or similar act. CONSULTANT expressly waives its statutory immunity under such statutes or laws as to CITY and CITY's elected and appointed officials, officers, employees, agents and authorized volunteers.
- 4.6 As to the duties to indemnify under Sections 4.1 and 4.2 of this Article, above, CONSULTANT agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this Article from each and every subcontractor or any other person or entity involved by, for, with or on behalf of CONSULTANT in the performance of this Agreement. In the event CONSULTANT fails to obtain such indemnity obligations from others as required herein, CONSULTANT agrees to be fully responsible and indemnify, hold harmless and defend CITY and CITY's elected and appointed officials, officers, employees, agents and authorized volunteers from and against any and all claims and losses, costs or expenses for any damage due to death or injury to any person and injury to any property resulting from any alleged intentional, reckless, negligent, or otherwise wrongful acts, errors or omissions of CONSULTANT's subcontractors or any other person or entity involved by, for, with or on behalf of CONSULTANT in the performance of this Agreement. Such costs and expenses shall include reasonable attorneys' fees incurred by counsel of CITY's choice.
- 4.7 As to the duties to indemnify under Sections 4.1 and 4.2 of this Article, above, CITY does not, and shall not, waive any rights that it may possess against CONSULTANT because of the acceptance by CITY, or the deposit with CITY, of any insurance policy or certificate required pursuant to this Agreement. This hold harmless and indemnification provision shall apply regardless of whether or not any insurance policies are determined to be applicable to the claim, demand, damage, liability, loss, cost or expense.
- 4.8 As to the duties to indemnify under Sections 4.1 and 4.2 of this Article, above, the duties to indemnify, defend and hold harmless as set forth under this Section, shall survive the early termination or normal expiration of this Agreement and shall be in addition to any other rights or remedies which the CITY may have at law or in equity.

V. TERMINATION

- 5.1 TERMINATION WITHOUT CAUSE: CITY may terminate this Agreement at any time for convenience and without cause by giving CONSULTANT a minimum of five (5) calendar

days prior written notice of CITY's intent to terminate this Agreement. Upon such termination for convenience, CONSULTANT shall be compensated only for those services and tasks which have been performed by CONSULTANT up to the effective date of the termination. CONSULTANT may not terminate this Agreement except for cause as provided under Section 5.2, below. If this Agreement is terminated as provided herein, CITY may require CONSULTANT to provide all finished or unfinished Documents and Data, as defined in Section 6.1 below, and other information of any kind prepared by CONSULTANT in connection with the performance of the Work. CONSULTANT shall be required to provide such Documents and Data within fifteen (15) calendar days of CITY's written request. No actual or asserted breach of this Agreement on the part of CITY pursuant to Section 5.2, below, shall operate to prohibit or otherwise restrict CITY's ability to terminate this Agreement for convenience as provided under this Section.

5.2 EVENTS OF DEFAULT; BREACH OF AGREEMENT:

- A. In the event either Party fails to perform any duty, obligation, service or task set forth under this Agreement (or fails to timely perform or properly perform any such duty, obligation, service or task set forth under this Agreement), an event of default (hereinafter, "Event of Default") shall occur. For all Events of Default, the Party alleging an Event of Default shall give written notice to the defaulting Party (hereinafter referred to as a "Default Notice") which shall specify: (i) the nature of the Event of Default; (ii) the action required to cure the Event of Default; (iii) a date by which the Event of Default shall be cured, which shall not be less than the applicable cure period set forth under Sections 5.2.B and 5.2C below or if a cure is not reasonably possible within the applicable cure period, to begin such cure and diligently prosecute such cure to completion. The Event of Default shall constitute a breach of this Agreement if the defaulting Party fails to cure the Event of Default within the applicable cure period or any extended cure period allowed under this Agreement.
- B. CONSULTANT shall cure the following Events of Defaults within the following time periods:
 - i. Within three (3) business days of CITY's issuance of a Default Notice for any failure of CONSULTANT to timely provide CITY or CITY's employees or agents with any information and/or written reports, documentation or work product which CONSULTANT is obligated to provide to CITY or CITY's employees or agents under this Agreement. Prior to the expiration of the 3-day cure period, CONSULTANT may submit a written request for additional time to cure the Event of Default upon a showing that CONSULTANT has commenced efforts to cure the Event of Default and that the Event of Default cannot be reasonably cured within the 3-day cure period. The foregoing notwithstanding, CITY shall be under no obligation to grant additional time

for the cure of an Event of Default under this Section 5.2 B.i. that exceeds seven (7) calendar days from the end of the initial 3-day cure period; or

- ii. Within fourteen (14) calendar days of CITY's issuance of a Default Notice for any other Event of Default under this Agreement. Prior to the expiration of the 14-day cure period, CONSULTANT may submit a written request for additional time to cure the Event of Default upon a showing that CONSULTANT has commenced efforts to cure the Event of Default and that the Event of Default cannot be reasonably cured within the 14-day cure period. The foregoing notwithstanding, CITY shall be under no obligation to grant additional time for the cure of an Event of Default under this Section 5.2B.ii that exceeds thirty (30) calendar days from the end of the initial 14-day cure period.

In addition to any other failure on the part of CONSULTANT to perform any duty, obligation, service or task set forth under this Agreement (or the failure to timely perform or properly perform any such duty, obligation, service or task), an Event of Default on the part of CONSULTANT shall include, but shall not be limited to the following: (i) CONSULTANT's refusal or failure to perform any of the services or tasks called for under the Scope of Services; (ii) CONSULTANT's failure to fulfill or perform its obligations under this Agreement within the specified time or if no time is specified, within a reasonable time; (iii) CONSULTANT's and/or its employees' disregard or violation of any federal, state, local law, rule, procedure or regulation; (iv) the initiation of proceedings under any bankruptcy, insolvency, receivership, reorganization, or similar legislation as relates to CONSULTANT, whether voluntary or involuntary; (v) CONSULTANT's refusal or failure to perform or observe any covenant, condition, obligation or provision of this Agreement; and/or (vii) CITY's discovery that a statement representation or warranty by CONSULTANT relating to this Agreement is false, misleading or erroneous in any material respect.

- C. CITY shall cure any Event of Default asserted by CONSULTANT within forty-five (45) calendar days of CONSULTANT's issuance of a Default Notice, unless the Event of Default cannot reasonably be cured within the 45-day cure period. Prior to the expiration of the 45-day cure period, CITY may submit a written request for additional time to cure the Event of Default upon a showing that CITY has commenced its efforts to cure the Event of Default and that the Event of Default cannot be reasonably cured within the 45-day cure period. The foregoing notwithstanding, an Event of Default dealing with CITY's failure to timely pay any undisputed sums to CONSULTANT as provided under Section 1.4, above, shall be cured by CITY within five (5) calendar days from the date of CONSULTANT's Default Notice to CITY.
- D. CITY, in its sole and absolute discretion, may also immediately suspend CONSULTANT's performance under this Agreement pending CONSULTANT's cure

of any Event of Default by giving CONSULTANT written notice of CITY's intent to suspend CONSULTANT's performance (hereinafter, a "Suspension Notice"). CITY may issue the Suspension Notice at any time upon the occurrence of an Event of Default. Upon such suspension, CONSULTANT shall be compensated only for those services and tasks which have been rendered by CONSULTANT to the reasonable satisfaction of CITY up to the effective date of the suspension. No actual or asserted breach of this Agreement on the part of CITY shall operate to prohibit or otherwise restrict CITY's ability to suspend this Agreement as provided herein.

- E. No waiver of any Event of Default or breach under this Agreement shall constitute a waiver of any other or subsequent Event of Default or breach. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.
- F. The duties and obligations imposed under this Agreement and the rights and remedies available hereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. In addition to any other remedies available to CITY at law or under this Agreement in the event of any breach of this Agreement, CITY, in its sole and absolute discretion, may also pursue any one or more of the following remedies:
 - i. Upon written notice to CONSULTANT, the CITY may immediately terminate this Agreement in whole or in part;
 - ii. Upon written notice to CONSULTANT, the CITY may extend the time of performance;
 - iii. The CITY may proceed by appropriate court action to enforce the terms of the Agreement to recover damages for CONSULTANT's breach of the Agreement or to terminate the Agreement; or
 - iv. The CITY may exercise any other available and lawful right or remedy.

CONSULTANT shall be liable for all legal fees plus other costs and expenses that CITY incurs upon a breach of this Agreement or in the CITY's exercise of its remedies under this Agreement.

- G. In the event CITY is in breach of this Agreement, CONSULTANT's sole remedy shall be the suspension or termination of this Agreement and/or the recovery of any unpaid sums lawfully owed to CONSULTANT under this Agreement for completed services and tasks.

- 5.3 **SCOPE OF WAIVER:** No waiver of any default or breach under this Agreement shall constitute a waiver of any other default or breach, whether of the same or other covenant, warranty, agreement, term, condition, duty or requirement contained in this Agreement. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel, or otherwise.
- 5.4 **SURVIVING ARTICLES, SECTIONS AND PROVISIONS:** The termination of this Agreement pursuant to any provision of this Article or by normal expiration of its term or any extension thereto shall not operate to terminate any Article, Section or provision contained herein which provides that it shall survive the termination or normal expiration of this Agreement.

VI. MISCELLANEOUS PROVISIONS

- 6.1 **DOCUMENTS & DATA; LICENSING OF INTELLECTUAL PROPERTY:** All Documents and Data shall be and remain the property of CITY without restriction or limitation upon their use or dissemination by CITY. For purposes of this Agreement, the term "Documents and Data" means and includes all reports, analyses, correspondence, plans, drawings, designs, renderings, specifications, notes, summaries, strategies, charts, schedules, spreadsheets, calculations, lists, data compilations, documents or other materials developed and/or assembled by or on behalf of CONSULTANT in the performance of this Agreement and fixed in any tangible medium of expression, including but not limited to Documents and Data stored digitally, magnetically and/or electronically. This Agreement creates, at no cost to CITY, a perpetual license for CITY to copy, use, reuse, disseminate and/or retain any and all copyrights, designs, and other intellectual property embodied in all Documents and Data. CONSULTANT shall require all subcontractors and subconsultants working on behalf of CONSULTANT in the performance of this Agreement to agree in writing that CITY shall be granted the same right to copy, use, reuse, disseminate and retain Documents and Data prepared or assembled by any subcontractor or subconsultant as applies to Documents and Data prepared by CONSULTANT in the performance of this Agreement.
- 6.2 **CONFIDENTIALITY:** All data, documents, discussion, or other information developed or received by CONSULTANT or provided for performance of this Agreement are deemed confidential and shall not be disclosed by CONSULTANT without prior written consent by CITY. CITY shall grant such consent if disclosure is legally required. Upon request, all CITY data shall be returned to CITY upon the termination or expiration of this Agreement. CONSULTANT shall not use CITY's name or insignia, photographs, or any publicity pertaining to the Work in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of CITY.
- 6.3 **FALSE CLAIMS ACT:** CONSULTANT warrants and represents that neither CONSULTANT nor any person who is an officer of, in a managing position with, or has an ownership interest in CONSULTANT has been determined by a court or tribunal of competent

jurisdiction to have violated the False Claims Act, 31 U.S.C., Section 3789 et seq. and the California False Claims Act, Government Code Section 12650 et seq.

- 6.4 **NOTICES:** All notices permitted or required under this Agreement shall be given to the respective Parties at the following addresses, or at such other address as the respective Parties may provide in writing for this purpose:

Fax: (818) 361-6728

Such notices shall be deemed effective when personally delivered or successfully transmitted by facsimile as evidenced by a fax confirmation slip or when mailed, forty-eight (48) hours after deposit with the United States Postal Service, first class postage prepaid and addressed to the Party at its applicable address.

- 6.5 **COOPERATION; FURTHER ACTS:** The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as is reasonably necessary, appropriate or convenient to achieve the purposes of this Agreement.
- 6.6 **SUBCONTRACTING:** CONSULTANT shall not subcontract any portion of the Work required by this Agreement, except as expressly stated herein, without the prior written approval of CITY. Subcontracts (including without limitation subcontracts with subconsultants), if any, shall contain a provision making them subject to all provisions stipulated in this Agreement, including provisions relating to insurance requirements and indemnification.
- 6.7 **CITY'S RIGHT TO EMPLOY OTHER CONSULTANTS:** CITY reserves the right to employ other contractors in connection with the various projects worked upon by CONSULTANT.
- 6.8 **PROHIBITED INTERESTS:** CONSULTANT warrants, represents and maintains that it has not employed nor retained any company or person, other than a *bona fide* employee working solely for CONSULTANT, to solicit or secure this Agreement. Further, CONSULTANT warrants and represents that it has not paid nor has it agreed to pay any company or person, other than a *bona fide* employee working solely for CONSULTANT, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, CITY shall have the right to rescind this Agreement without liability. For the term of this Agreement, no member, officer or employee of CITY, during the

term of his or her service with CITY, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

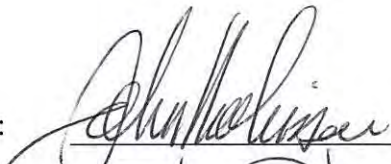

- 6.9 **TIME IS OF THE ESSENCE:** Time is of the essence for each and every provision of this Agreement.
- 6.10 **GOVERNING LAW AND VENUE:** This Agreement shall be interpreted and governed according to the laws of the State of California. In the event of litigation between the Parties, venue, without exception, shall be in the Los Angeles County Superior Court of the State of California. If, and only if, applicable law requires that all or part of any such litigation be tried exclusively in federal court, venue, without exception, shall be in the Central District of California located in the City of Los Angeles, California.
- 6.11 **ATTORNEYS' FEES:** If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorneys' fees and all other costs of such action.
- 6.12 **SUCCESSORS AND ASSIGNS:** This Agreement shall be binding on the successors and assigns of the Parties.
- 6.13 **NO THIRD PARTY BENEFIT:** There are no intended third party beneficiaries of any right or obligation assumed by the Parties. All rights and benefits under this Agreement inure exclusively to the Parties.
- 6.14 **CONSTRUCTION OF AGREEMENT:** This Agreement shall not be construed in favor of, or against, either Party but shall be construed as if the Parties prepared this Agreement together through a process of negotiation and with the advice of their respective attorneys.
- 6.15 **SEVERABILITY:** If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.
- 6.16 **AMENDMENT; MODIFICATION:** No amendment, modification or supplement of this Agreement shall be valid or binding unless executed in writing and signed by both Parties, subject to CITY approval. The requirement for written amendments, modifications or supplements cannot be waived and any attempted waiver shall be void and invalid.
- 6.17 **CAPTIONS:** The captions of the various articles, sections and paragraphs are for convenience and ease of reference only, and do not define, limits, augment, or describe the scope, content, or intent of this Agreement.

- 6.18 **INCONSISTENCIES OR CONFLICTS:** In the event of any conflict or inconsistency between the provisions of this Agreement and any of the exhibits attached hereto, the provisions of this Agreement shall control.
- 6.19 **ENTIRE AGREEMENT:** This Agreement including all attached exhibits is the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed herein and supersedes all other agreements or understandings, whether oral or written, or entered into between CITY and CONSULTANT prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid or binding. No amendment, modification or supplement to this Agreement shall be valid and binding unless in writing and duly executed by the Parties pursuant to Section 6.15, above.
- 6.20 **COUNTERPARTS:** This Agreement shall be executed in three (3) original counterparts each of which shall be of equal force and effect. No handwritten or typewritten amendment, modification or supplement to any one counterparts shall be valid or binding unless made to all three counterparts in conformity with Section 6.16, above. One fully executed original counterpart shall be delivered to CONSULTANT and the remaining two original counterparts shall be retained by CITY.

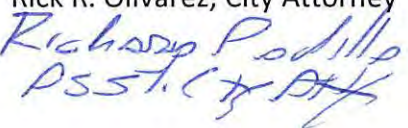

(SIGNATURE PAGE TO FOLLOW)

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed the day and year first appearing in this Agreement, above.

Proposal for the

UPPER RESERVOIR REPLACEMENT ENGINEERING DESIGN

April 9, 2019

Yazdan Emrani, P.E.
Director of Public Works/City Engineer
City of San Fernando
117 Macneil Street
San Fernando, CA 91340

Subject: Proposal for Upper Reservoir Replacement Engineering Design

Dear Mr. Emrani:

You can place your trust in the John Robinson Consulting and Kennedy Jenks (JRC/KJ) team to provide extensive technical expertise, relevant project experience, and thorough understanding of your needs for the Upper Reservoir Replacement Engineering Design Project. Here is what makes our team unique:

- **We Provide Decades of Technical Expertise to Develop Your Project |** The JRC/KJ team has been providing water facility design services for 100 years to our clients throughout California and the West Coast. Our technical leadership team of John Robinson (Project Manager), David Ferguson (Design Manager), and Don Barraza (Reservoir Design) has a combined 97 years of experience and has successfully delivered over 100 reservoir design projects.
- **We Will Provide a Reliable and Safe Reservoir |** Based on our extensive experience with similar reservoir projects, we will provide the City with a reliable and safe facility that will provide uninterrupted water service for the foreseeable future. In order to provide the City with a structure that will have minimal maintenance requirements and exceeds the minimum service life, the team will go beyond minimum building codes and national standards where it is efficient to do so. In addition, the City will be provided with a comprehensive material and construction analysis which will help the determine the reservoir design that best meets the City's goals and objectives.
- **We Will Protect Existing Facilities and Maintain Continuous Operation during Construction |** We understand it is vital to protect Reservoir 3A and ensure it is fully operational during construction of the Upper Reservoir replacement. We will provide an excavation support system on the two sides adjacent to Reservoir 3A that will be rigid to limit deflection of the exposed face and settlement of the earth subgrade materials to prevent leakage from the floor. Protection of Reservoir 3A will also be key in selection of construction material for the new reservoir as above-grade welded steel tank will have a greater impact on Reservoir 3A integrity than a partially-buried concrete tank

Thank you for the opportunity to present our proposal and we look forward to working with you on this important project. If you have any questions, please feel free to contact us.

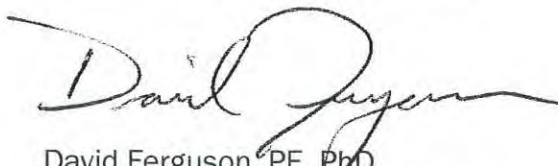

Very truly yours,

JOHN ROBINSON CONSULTING

KENNEDY JENKS CONSULTANTS

1 - UNDERSTANDING OF THE SCOPE OF SERVICES

PROJECT UNDERSTANDING

The City of San Fernando (City) is looking for a design team to assist with preliminary design engineering, final design engineering and engineering services during construction for the Upper Reservoir Replacement Project.

The existing Upper Reservoir is a partially buried, circular reinforced concrete reservoir that was damaged during the 1994 Northridge earthquake and has been operating at reduced capacity to avoid leakage. Due to this damage, the City has determined that Upper Reservoir will need to be replaced, which will provide increased operational flexibility to more effectively meet demands and maximize groundwater supplies.

Our team listened carefully during the mandatory pre-proposal meeting and captured work items desired by the City within this proposal that were not

detailed in the RFP. The preliminary evaluation will include steel versus concrete options but we understand that the City may prefer a concrete reservoir in order to decrease O&M. We worked with our environmental subconsultant to decrease the environmental work from \$35k to \$4.5k; we have added a catwalk between the two reservoirs; with the original designer of Reservoir 3A as our Design Manager, we will provide intimate knowledge of the L-shaped reservoir and existing site that will be key in protecting and maintaining the reservoir in service during decommissioning and construction of the Upper Reservoir replacement.

Our schedule, while conservative, brings the project to a conclusion 2 months ahead of your funding requirement, but we can work with staff to provide a quicker submittal if needed.

2 - METHODOLOGY AND WORK PLAN

METHODOLOGY

This section describes our proposed methodology to complete the Upper Reservoir Replacement project, including identification of key issues and our proposed approach to addressing these issues.

KEY ISSUES

Our Project Team has recently completed the design of similar sized potable water tanks in California

and we have also recently completed storage tank alternative evaluations for Cities of Camarillo, Santa Paula, and South Pasadena where we compared above-grade steel to buried concrete.

The text that follows demonstrates that we have a good understanding of the key issues associated with your project and the experience and expertise to address these issues.

KEY ISSUE: INCREASE RELIABILITY AND SAFETY WITH PROVEN STRUCTURAL/SEISMIC DESIGN

A successful approach to the structural design of the Upper Reservoir replacement must satisfy the following goals and objectives:

RELIABILITY AND DURABILITY:	O&M ACCESS AND SAFETY
The structure must be designed in accordance with adopted building codes and national standards for water containment structures to provide reliable storage over the life of the facility.	The storage tank must be designed to provide safe access for operation and maintenance personnel for regular cleaning, inspection, and routine maintenance activities.
The structure must be designed to withstand the strong ground motion and other site hazards the structure will be exposed to over the life of the facility.	
The structure must provide containment of the water supply with tightness meeting or exceeding currently adopted national standards for water containment facilities. The structure including the roof must provide protection from contamination, evaporation, and temperature fluctuation.	

KEY ISSUES

Our experience not only gives us a good understanding of the key issues associated with your project, but the expertise to address them.

2 - METHODOLOGY AND WORK PLAN

Design Exceeding Building Code and National Standards Provides Reliability and Minimal Maintenance Along With Long-Term Storage

Following review of existing documentation and preparation of preliminary geotechnical recommendations, the preliminary design criteria for the storage tank will be prepared and submitted to the City. The preliminary design criteria will be developed based on information contained in the applicable building codes, consensus national standards for water storage structures, and experience with the design and construction of water storage structures.

Where necessary, the minimum standards contained in the building codes and national standards may be exceeded to provide a design exceeding the minimum service life, hence, providing the City with a structure requiring minimal maintenance over the life of the structure.

Summarized below in **Table 1** are the significant codes and standards that would be utilized in the preparation of the construction drawings and specifications for a cast-in-place concrete or prestressed concrete storage tank.

Designed to Withstand Strong Ground Motion and Other Site Hazards

Seismic design of the storage tank will be in accordance with the seismic provisions of the 2016 California Building Code, ASCE 7-10 Section 15.7, and ACI 350-06. Our approach will also include establishing site specific seismic design criteria for the proposed reservoir that are intended to provide greater reliability than would be obtained by strict application of codes and other standards.

Our team is experienced in designing reservoirs in high seismic regions. Harry Tracy Reservoir (15 MG) is constructed 1,000 feet from San Andreas Fault and Garfield Reservoir (6.5 MG) in South Pasadena is constructed 100 feet from the active Raymond Fault. Both sites have design ground accelerations that are among the highest in California.

TABLE 1: SIGNIFICANT CODES AND STANDARDS

2016 California Building Code, California Code of Regulations, Title 24, Part 2, Volumes 1 and 2 of Part 2, based on the 2015 International Building Code
ASCE 7-16, Minimum Design Loads and Associated Criteria for Buildings and Other Structures, Standard by American Society of Civil Engineers
ACI 350-06 Code Requirements for Environmental Engineering Concrete Structures and Commentary, an ACI Standard
ACI 350.1-10 Specifications for Tightness Testing of Environmental Engineering Concrete Containment Structures and Commentary, an ACI Standard
ACI 350.3-06 Seismic Design of Liquid-Containing Concrete Structures and Commentary
ACI 350.5-12 Specifications for Environmental Concrete Structures
ANSI/AWWA D110-13 – Wire- and Strand- Wound, Circular, Prestressed Concrete Water Tanks
ANSI/AWWA C652-02 – Standard for Disinfection of Water-Storage Facilities
Post Tensioning Manual, 6th Edition, 2006
PCI Design Handbook 7th Edition, 2010
AISC 360-10 Specification for Structural Steel Buildings
AISC 341-10 Seismic Provisions for Structural Steel Buildings
ANSI/AWS D1.1 – Structural Welding Code Steel
State of California Code of Regulations, Title 8, General Industry Safety Orders
OSHA – Occupational Safety and Health Standards, 29 CFR, Part 1910

2 - METHODOLOGY AND WORK PLAN

Design of submerged components shall be based on ASCE 7-10 Section 15.6.4. The determination of forces due to hydrodynamic effects is generally represented by an equivalent added mass of water and is amenable to static and response-spectrum procedures. For columns and other compression members, the component analysis should include secondary P-Delta forces caused by gravity and lateral loads. Components located just above fluid surfaces may be subject to damage due to sloshing and shall be investigated by rational methods.

Enhanced Prestressed Concrete Storage Tank Design to Improve Service Life

Our design approach to prestressed concrete water storage tanks incorporates many elements which have been found to significantly improve the serviceability and life of new prestressed structures.

Elements in the design and construction of the new structure include:

1. A strand-wound, Type I, cast-in-place concrete core wall with vertical pre-stressing.
2. Hot-dipped galvanized seven-wire, high-strength strand to reinforce the circumference.
3. Pinned anchored flexible joints at the top and bottom of walls.
4. Seismic cables in wall sleeves capable of permitting up to $\frac{3}{4}$ -inch of radial wall movement.
5. A two-way flat slab roof with columns.
6. Automated and continuous electronic control, monitoring, and recording of vertical and horizontal pre-stressing to 1.5% and shotcrete operations.
7. Automated shotcrete and plastic wrapping operations of the entire tank wall for shotcrete curing.

Options for increased durability include:

OPTION 1

The addition of a galvanized steel diaphragm on the core wall exterior to provide a continuous membrane minimizing leakage through the core wall.

OPTION 2

The addition of injectable waterstops in the horizontal construction joint between the floor and the wall and the vertical construction joints in the core wall segments.

OPTION 3

Increasing the minimum cover of shotcrete over final strand from $1\frac{1}{2}$ to 2 inches.

Containment with Tightness Meeting or Exceeding National Standards

A concrete water containment structure designed in accordance with ACI 350.1-10 Specifications for Tightness Testing of Environmental Engineering Concrete Containment Structures would have a standard acceptable leakage of 0.05% to 0.075% of the tank capacity for a period of 24 hours.

Our approach will include presenting the City with a design that can provide a higher standard of 0.025% through using shrinkage compensating cement and minimizing construction joints.

Alternatively, if the City selects a water storage tank with no measurable loss, a structure could be designed and constructed using a liner placed on either the floor or the floors and walls.

KEY ISSUE: SELECTING THE BEST TANK MATERIAL AND CONFIGURATION FOR THE CITY

During the preliminary design phase, we will provide an alternatives analysis to confirm the most appropriate tank material and configuration for the reservoir site that meets the City's goals and objectives. Over many years and for many clients we have evaluated the selection of construction materials for water storage facilities comparing the costs and non-cost benefits and drawbacks associated with concrete versus welded steel construction. Some typical advantages and disadvantages of concrete tank and welded steel tank construction are provided on the next page.

Our extensive experience with design of welded steel, cast-in-place concrete and prestressed concrete reservoirs provides us the ability to confirm and evaluate alternatives with comparable service life and performance. This allows us to prepare cost comparisons for the City to confirm the alternative for best meeting your requirements.

2 - METHODOLOGY AND WORK PLAN

Typical Advantages of Concrete Tank Construction

- Depending on core wall type selection the initial construction cost of prestressed concrete tanks has been reduced significantly and can be nearly comparable to welded steel tank construction cost.
- When a present worth cost comparison of prestressed concrete tanks is performed for 50 years a comparison of maintenance costs can result in lower tank costs.
- Concrete tanks can be backfilled at little extra expense.
- Concrete tanks rarely require shutdown for re-coating operations.
- Concrete tanks are typically a better insulator of the tank contents.
- Concrete tanks require little or no maintenance of tank exterior.
- The roofs of concrete tanks typically have a higher load rating than the roofs of steel tanks.
- A concrete tank with a flat roof may have a slightly lower profile than a welded steel tank.

Typical Drawbacks of Concrete Tank Construction

- Exposed concrete roofs are vulnerable to significant temperature differentials which can lead to expansion and contraction of the concrete over the life of the structure contributing to cracks in the concrete roof. Given the relative small diameter of the proposed reservoir, roofing membranes guaranteeing leak free roof construction for 50 or more years are likely not necessary.
- Concrete tanks can have several hundred feet of floor and wall joints with waterstop construction which can be vulnerable to leakage if good construction and inspection are not followed during placement of concrete. This will result in a minimal acceptable leakage for concrete tanks as well as, typically, the installation of an underdrain system for the monitoring of any leakage through the floor of the tank.

Typical Advantages of Welded Steel Tank Construction

- Welded steel tanks provide the assurance of 100% leak tight construction due to fully welded floor and wall plates.
- Welded steel tanks offer the advantage of pro-

Early development and identification of alternative approaches will facilitate stakeholder discussions and decisions on key design criteria including reservoir configuration, and size and type of construction.

tective coatings application in a factory-controlled environment.

- Welded joints in floor and wall plates are afforded continuous inspection for leak free construction.
- Welded steel tanks have a zero-leakage allowance.
- Welded steel tanks are typically relatively easy to modify in the future if additional piping nozzles are required for added connections to the tank.
- Welded steel tanks in 1 MG storage capacity size will almost always have a lower initial construction cost.

Typical Drawbacks of Welded Steel Tank Construction

- Exterior surface of steel tanks is vulnerable to vandalism due to damage of the protective coatings systems.
- Steel tanks will require an initial cost of retaining wall construction if site grades require excavating for steel tank construction.
- The freeboard (sloshing) allowance for a welded steel tank is typically larger than for a concrete tank resulting in a higher structure which might adversely impact adjacent properties.

While both construction materials may appear interchangeable, site conditions including geology and grading will typically lead an Owner and Design team to a preferred alternative. Based on our preliminary analysis, a concrete reservoir may have significant advantages over a welded steel tank at this site. See discussion on the next page for protecting and maintaining Reservoir 3A.

2 - METHODOLOGY AND WORK PLAN

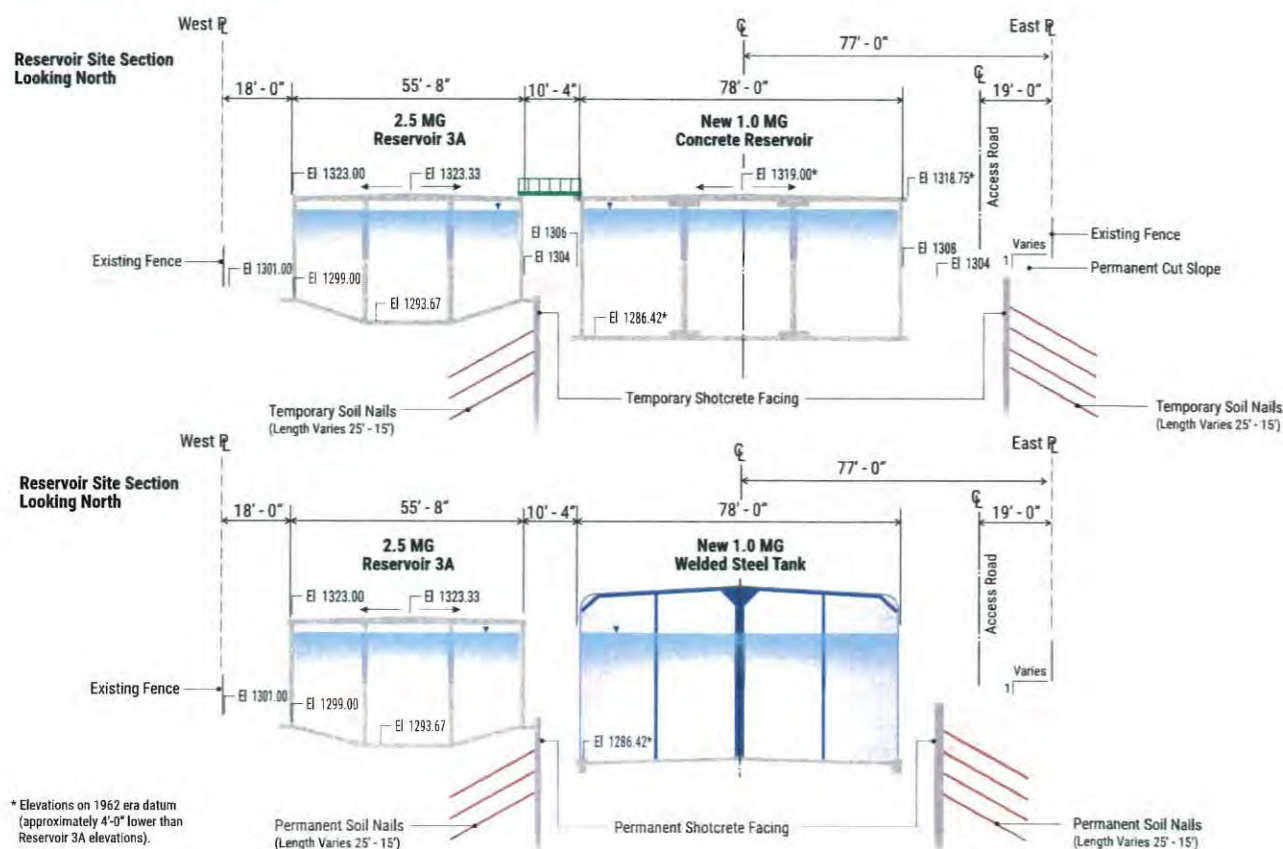

**KEY ISSUE: PROTECT AND MAINTAIN RESERVOIR 3A**

The existing Upper Reservoir is 78-feet in outside diameter with foundations to EL. 1284.75 and back-filled around with existing grades varying from a high point of EL. 1310.00 on the north side to a low point of EL. 1300.00 on the south side (adjacent Foothill Blvd) of the site. The existing Reservoir 3A is adjacent to Upper Reservoir on the north and west sides and has perimeter wall footings founded at EL. 1297.67 on both sides. Reservoir 3A has a hopper bottom which relies on the support of the subgrade materials to maintain the bearing of the concrete membrane floor slab-on-grade with the floor slab sloping to a bottom EL. 1293.17. On the south side of the "L" shaped Reservoir 3A is an outlet drain sump with bottom founded at EL. 1285.58.

The City has a construction requirement to maintain continuous operation of Reservoir 3A during the excavation, demolition and construction of the replacement 1.0 MG Upper Reservoir. In order to maintain the 1.0 MG storage capacity of the replacement reservoir within the approximately 78'-0" diameter

footprint of the existing reservoir, the replacement reservoir will have to be founded near approximately EL. 1284.75. Without first installing an excavation support system, excavating to EL. 1284.75 would undermine the continuous wall footing and sloping membrane floor slab of Reservoir 3A. In order to protect and maintain Reservoir 3A, it is recommended that the selection and design of the excavation support system on the two sides adjacent to Reservoir 3A be rigid to limit deflection of the exposed face and settlement of the earth subgrade materials, which will prevent leakage from the floor. The selection of H-piles with timber lagging or soil nails with shotcrete facing is typically suitable for temporary excavation support systems; however, for permanent excavation support systems or rigid excavation support systems that limit deflection, an and internally braced excavation support system may be necessary. A comparison of the excavation support systems required for each tank material is shown in **Figure 1** below.

FIGURE 1: Significant Permanent Excavation Support System is Required for Steel Tank Construction Compared to Concrete Tank Construction. Catwalk May Not be Possible for Steel Tank due to Height Requirement.

2 - METHODOLOGY AND WORK PLAN

In addition, either for a temporary or permanent excavation support system, the excavation support system will have to be designed to remain rigid and limit deflection during a seismic event to prevent settlement of the perimeter wall footing and sloping concrete membrane floor slab, which will prevent leakage from Reservoir 3A during construction.

Depending on the selection of materials, welded steel versus prestressed concrete, the wall of the new reservoir will either have to be left exposed to the floor level or can be backfilled or differentially backfilled to restore grades and drainage paths back to the preconstruction elevations. In order to protect the long-term structural integrity of Reservoir 3A it is recommended that a concrete reservoir be constructed at the replacement reservoir.

Only a concrete reservoir with backfilled perimeter walls will be able to provide assurance that long term deflection of the exposed wall face will not result in settlement beneath the wall footings and sloping membrane floor of Reservoir 3A.

While a welded steel tank with permanent retaining walls could offer initial construction costs savings over the concrete reservoir, the need to maintain the exposed walls of a welded steel reservoir will require extensive re-design of the site grading and drainage because the welded steel tank constructed with a bottom at EL. 1284.75 will result in a permanent excavation in the middle of the site requiring dewatering and possibly a storm drain pump station depending on elevations of the adjacent storm drain facilities.

KEY ISSUE: RESERVOIR DESIGN WILL INCORPORATE STAFF'S CONCERNS AND IDEAS

During the preliminary design we will work together with the City to present the design approach to staff and enhance their understanding of the structure and facility design for engineering, maintenance, and operations.

Based on our experience, we will also facilitate early discussions on the details of the design, including structure connections to the new pipelines, water quality, details of structure elements, structure appurtenances including inlet, outlet, overflow, wash

down piping, water level monitoring, water quality sampling, roof openings and hatches, ventilation, stairs and ladders, guardrails, power and lighting, instrumentation and SCADA. This will enhance stakeholder participation and buy-in early, thus avoiding surprises at the later stages of design or during construction. **Figure 2**, showing several proposed features suggested by City staff, is provided on the following page.

KEY ISSUE: STREAMLINE CEQA APPROACH FOR COST EFFECTIVENESS AND REDUCED SCHEDULE

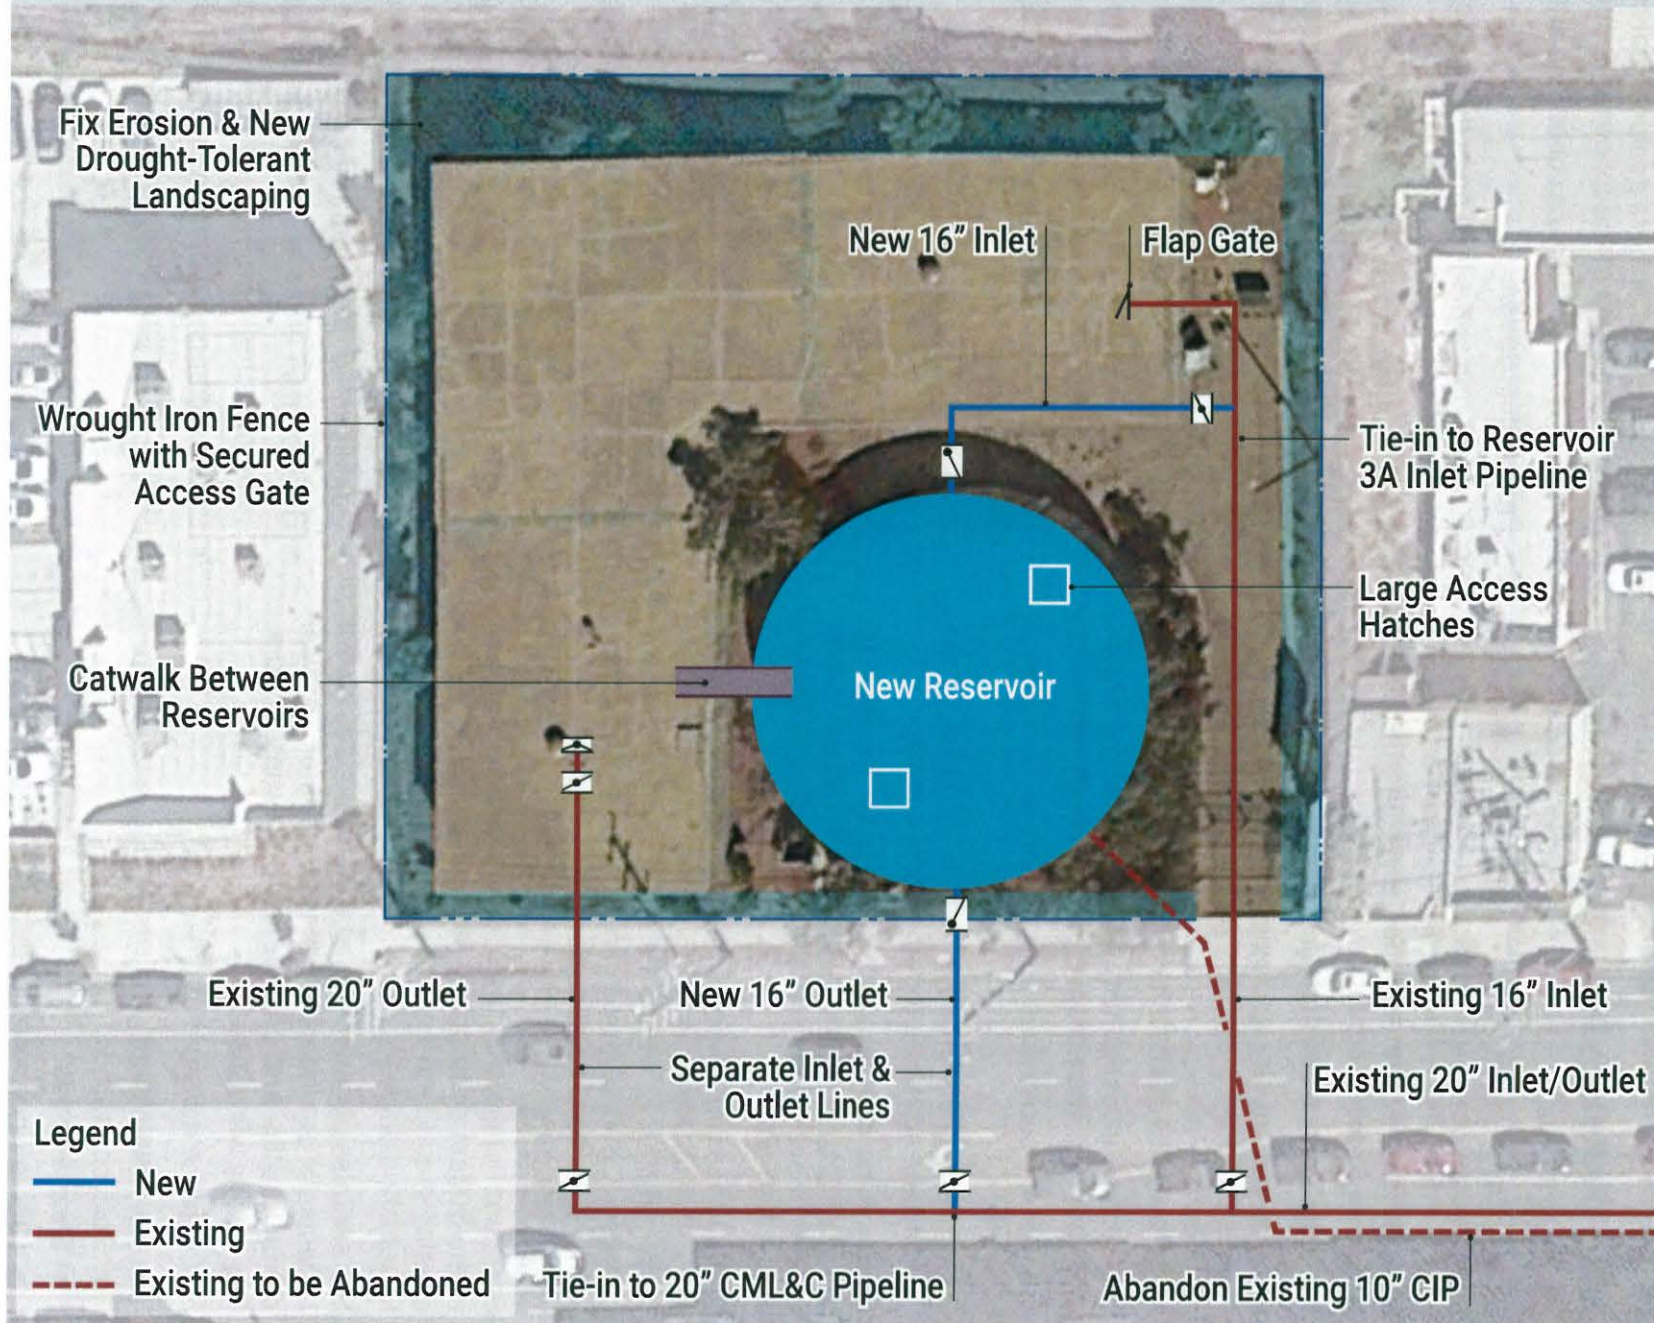

The Project Team has enlisted Tom Dodson & Associates to provide CEQA support services. The City has assumed that an Initial Study (IS) leading to a Negative Declaration (ND) should be assumed for CEQA compliance. To prepare an IS, the new CEQA Environmental Checklist Form needs to be utilized, which requires addressing a total of 21 issues, including two new issues: Energy and Wildfires.

Based on our experience with replacing an existing reservoir, we recommend adoption of a Categorical Exemption, Class 1 or Class 2 (existing facility or replacement, respectively). If this approach is accepted by the City, our team can prepare a Notice of Exemption with a much smaller budget than what would be required for preparation of an IS and **the CEQA process can be completed within a month of submitting the draft Preliminary Design Report.**

The Project Team understands the importance of having strong environmental documentation, permitting, and community outreach.

Between our core Project Team and our two key subconsultants (Tom Dodson & Associates and DePinto Morales), we believe we can address all environmental and community questions for the project.

FIGURE 2: We will provide separate inlet and outlet piping while optimizing use of existing piping.

2 - METHODOLOGY AND WORK PLAN

WORK PLAN

This section describes our scope of work for the Upper Reservoir Replacement Project.

Task 1 - Preliminary Design Engineering Services

1.1 - Data Review

Review City's existing data, reports, record drawings and studies concerning reservoir location, design, construction and other issues. Review and provide findings in a recommendation regarding the Upper Reservoir Replacement.

1.2 - Geotechnical Investigation

Prepare preliminary geological, soils, and seismic studies to address relevant geology, seismicity, and groundwater issues. A report will be prepared to summarize the geotechnical investigation.

The surface investigation will include drilling exploratory borings. The purpose of the borings will be to:

- Obtain subsurface information at the project site.
- Collect undisturbed and bulk samples of the various soil types for laboratory testing.

Soils will be continuously logged and classified by the geologist/engineer in the field by visual examination in accordance with the Unified Soil Classification System.

Undisturbed ring samples of the subsurface materials will be obtained at five-foot intervals, at changes in soil profiles, or where unusual conditions are encountered. Bulk samples of representative soil types will be collected in plastic bags. Groundwater levels, where encountered in the borings, will be recorded.

Standard Penetration Tests (SPTs) will be conducted in the 50-foot deep boring starting at 20 feet below existing ground surface for seismic settlement and liquefaction analysis.

Soil samples obtained during exploratory drilling will be tested in our laboratory to evaluate their physical characteristics and engineering properties. Laboratory testing will consist of:

- In-place moisture and density.
- Sand equivalent.
- Soils corrosivity.
- Sieve analysis.
- Laboratory maximum density.
- Direct shear.
- Collapse.

Data obtained from the exploratory borings and laboratory testing program will be evaluated. Engineering analyses will be performed to present foundation design recommendations in a geotechnical study report, which will consist of the following items:

- Description of the surface conditions at the site.
- Project description.
- A description of the field procedures used in the investigation.
- A description of subsurface conditions and controlling engineering properties of the subsurface materials encountered, including a documentation of the boring and sampling locations, and groundwater level.
- Depth to groundwater and the necessity for dewatering during construction.
- Existing pavement and base material thickness (if encountered).
- Discussion on the laboratory test results including soils corrosivity.
- Geology and faulting relative to the site.
- Seismic coefficients based on 2016 California Building Code.
- Evaluation of liquefaction potential and other secondary effects of earthquakes.
- Coefficients of internal friction and cohesion of in-situ undisturbed soils.
- Lateral earth pressures.
- Allowable soil bearing capacity for shallow foundation design.
- Minimum footing embedment.
- Total and differential settlement estimates.
- Remedial grading recommendations.
- Suitability of on-site material for backfill.
- Guidelines for placement of compacted fill.
- Geotechnical parameters for pipe design.
- Temporary trench wall slope stability evaluation.
- Pipe subgrade preparation recommendations.
- Trench backfill recommendations.

2 - METHODOLOGY AND WORK PLAN

1.3 - Utility Research

Research and identify the location of all underground utilities on the project site and immediate vicinity of the proposed facilities and appurtenances. Information such as material, size, depth, and horizontal location of all facilities shall be clearly identified on the topographic, demolition and construction drawings.

1.4 - Topographic Survey

Provide topographic mapping of the project site and immediate vicinity by land surveying, aerial photogrammetric and other measures necessary for reservoir design, along with horizontal and vertical control.

Topographic mapping shall extend for full street right-of-way width on streets adjoining the project site, and 50-feet beyond the project site property lines that do not adjoin a public roadway. Record all features including water facilities, sanitary sewer, storm drain, power poles, driveways, fences, and bushes.

1.5 - Fire Flow Storage Analysis

A storage evaluation will be provided to determine if there is sufficient storage available to meet fire flow needs with the Upper Reservoir out of commission during construction. The storage evaluation will be based on existing demands, which will be calculated by evaluating meter data provided by the City. Storage criteria, such as operational, emergency, and fire flow requirements, will be defined in conjunction with City staff. Fire flow storage sufficiency will be evaluated based on the storage criteria and available storage.

1.6 - Landscape and Irrigation Design

A landscape and irrigation design will be provided based on the City's desire for drought-tolerant low-maintenance plants at the reservoir site. The existing trees will remain on site. The design drawings and specifications will consist of an irrigation plan with irrigation system layout, irrigation legend, notes, and details; planting with call-outs, and plant list, notes, and details.

1.7 - Reservoir Alternatives Analysis

An alternatives analysis will be provided for comparison of reservoir materials and construction methods. Cast-in-place concrete, pre-stressed concrete, and welded steel reservoir design concepts will be evaluated with life cycle costs and non-cost parameters utilizing a weighted-criteria ranking analysis.

The analysis will yield a reservoir design concept recommendation for incorporation with the preliminary design.

1.8 - Draft Preliminary Design Report (PDR) Preparation

Prepare a detailed PDR that can be construed as 30% design effort and shall include scaled exhibits and drawings. The PDR will consist of the following:

- Site considerations.
- Location of existing reservoirs on the property.
- Location of other existing facilities on the property.
- Hydraulic analysis.
- Maximum possible storage capacity of the site.
- Integration of proposed Upper Reservoir and other potential storage facilities.
- Location of other proposed potential facilities, including booster pumps currently onsite and an evaluation of their current condition.
- New on-site piping configurations.
- Geotechnical considerations.
- Civil design considerations.
- Grading and landscaping.
- Construction staging area and access.
- Protection of existing facilities.
- Community impacts and traffic analysis.
- Reservoir piping including inlet/outlet, drainage, and overflow.
- Off-site piping.
- Structural design.
- Reservoir telemetry, SCADA & instrumentation.
- Photorealistic color renderings of the site with the proposed reservoir.
- Reservoir design considerations including entry/exit, water quality control, ventilation, security, maintenance, and other issues.
- Preparation of a Class 4 Opinion of Probable Construction Cost.
- Design and construction schedule.
- Submit five (5) copies of the draft PDR for City staff review and comments, along with a flash drive containing the electronic files both in the source file format and in Portable Document Format (PDF).

2 - METHODOLOGY AND WORK PLAN

1.9 - Final PDR Preparation

Prepare final PDR based on the City's review of the draft PDR.

Submit five (5) copies of the final PDR, along with a flash drive containing the electronic files both in the source file format and in Portable Document Format (PDF).

Task 2 - Final Design Engineering Services

The final design engineering services is based on designing a 1-MG prestressed concrete reservoir. The scope of work and fee estimate are based on the following assumptions:

- Permanent retaining walls are not required.
- Drought-tolerant landscaping will be provided.
- Existing LADWP power service is adequate.
- Existing Reservoir 3A service, MCC, and telemetry panels will not be replaced.
- Demolition and replacement of existing overflow structure and associated level sensor will be provided.
- Existing 48-inch collector manhole will be protected in place.
- Existing conduit run in access road to service, MCC, and telemetry panels will be protected in place.
- A preliminary drawing list that is provided in Appendix A of the proposal.

2.1 - 60% Design Documents

- Prepare 60%-level construction drawings and specifications including civil, structural, architectural, landscape, mechanical, electrical, and instrumentation and control.
- 60%-level plans and specifications for aspects of the project shall be submitted, including: water reservoir, relocation of on-site utilities, appurtenances, power poles, and other structures; and grading plans.
- Provide a Class 3 Opinion of Probable Construction Cost based on the 60%-level design documents
- Prepare recommended construction completion schedule including key milestones for the construction progress.
- Provide to the City, five (5) hardcopy sets of completed bound drawings and specifications.

- Provide to the City, a flash drive containing the electronic files in the source file format of all project documents, including the construction drawings in AutoCAD format acceptable to the City.

Provide to the City, a flash drive containing the electronic files in PDF of all the project documents for reproduction and distribution purposes.

2.2 - 90% Design Documents

- Prepare 90%-level construction drawings and specifications including civil, structural, architectural, landscape, mechanical, electrical, and instrumentation and control.
- 90%-level plans and specifications for aspects of the project shall be submitted, including: water reservoir, relocation of on-site utilities, appurtenances, power poles, and other structures; and grading plans.
- Provide an updated Class 2 Opinion of Probable Construction Cost based on the 60%-level design documents
- Prepare an updated recommended construction completion schedule including key milestones for the construction progress.
- Provide to the City, five (5) hardcopy sets of completed bound drawings and specifications.
- Provide to the City, a flash drive containing the electronic files in the source file format of all project documents, including the construction drawings in AutoCAD format acceptable to the City.
- Provide to the City, a flash drive containing the electronic files in PDF of all the project documents for reproduction and distribution purposes.

2.3 - 100% Design Documents

- Prepare 100%-level construction drawings and specifications including civil, structural, architectural, landscape, mechanical, electrical, and instrumentation and control for contract bidding.
- 100%-level plans and specifications for all aspects of the project shall be submitted, including: water reservoir, relocation of on-site utilities, appurtenances, power poles, and other structures; and grading plans.
- Provide an updated Class 2 Opinion of Probable Construction Cost based on the 60%-level

2 - METHODOLOGY AND WORK PLAN

design documents.

- Prepare an updated recommended construction completion schedule including key milestones for the construction progress.
- Provide to the City, five (5) hardcopy sets of completed bound drawings and specifications.
- Provide to the City, a flash drive containing the electronic files in the source file format of all project documents, including the construction drawings in AutoCAD format acceptable to the City.
- Provide to the City, a flash drive containing the electronic files in PDF of all the project documents for reproduction and distribution purposes.

2.4 - Traffic Control Plans

- Since the site is located within the City of Los Angeles, we anticipate the traffic control design format and standards shall conform to LADOT guidelines. The plans will be coordinated with LADOT staff and submitted for B-Permit processing.
- Two (2) traffic control plan sheets and typical details, in AutoCad format and at a scale of 1"=40', illustrating the plan view of the proposed traffic control design for construction activities within the street right-of-way adjacent to the site will be provided. The traffic control design will be based on existing conditions and the proposed improvements within public street limits.

1.5 - Public Outreach

- Attend up to three (3) community meetings; prepare presentation material such as PowerPoints and displays to assist City addressing community issues.
- Create public information materials including PowerPoint presentation, fact sheet with renderings, benefits statement, maps, translations, printing.

2.6 - Permitting Support

Submit Plans and Specifications to the following agencies for review:

- City of San Fernando Building Department
- City of Los Angeles Building Department
- SWRCB, Division of Drinking Water

It is assumed that two submittals will be required for

each agency. JRC/KJ will address comments from the reviewing agencies.

It is assumed that the City will pay for any permit fees.

2.7 - CEQA Support

Based on our understanding of the project, it appears an Initial Study and Negative Declaration is not required for CEQA compliance. Based on the project concept of replacing the existing reservoir in-kind, a Categorical Exemption, Class 1 or Class 2 will be prepared to meet CEQA compliance.

2.8 - Bidding Support

- Attendance at the Pre-Bid Meeting with General Contractors.
- Preparation of up to six (6) responses to Contractor inquiries during bidding.
- Preparation of up to two (2) Addenda to the final Contract Documents.
- Preparation of Conformed Drawings.
- Attendance at the Bid Opening.
- Assistance in the evaluation of bids and the award recommendation.

Task 3 - Engineering Services During Construction

The following services shall be provided after award of the project, during the construction period. It is assumed that the construction period will be 12 months.

3.1 - RFI Responses

- Provide up to twenty (20) responses for Requests for Information (RFI). Assist in the correct interpretation of the plans and specifications, including the preparation of engineering details and sketches, if required for clarification.

3.2 - Submittal Reviews

- Review up to forty (40) original and twenty (20) resubmittal shop drawings and working drawings of manufacturers and constructors for substantial conformity with the contract plans and specifications.

3.3 - Contractor Payment Evaluations

- Review up to twelve (12) estimates of progress and final payments, submitted by the contractor, and forward recommended payment to City staff for payment by the City's Finance Department.

SECTION # | SECTION TITLE**3.4 - Meetings and Site Visits**

- Schedule and chair a pre-construction meeting with the contractor, City staff, and consultant staff for the project.
- Forty (40) weekly visits by the Project Engineer to the project site during the active construction period.
- Three (3) site visits by the Structural Engineer to the project site
- Final inspection by the Project Engineer.

3.5 - Record Drawings

- Prepare revisions/corrections of plans to reflect any changed conditions during construction for the record drawings.
- Prepare Record Drawings in AutoCAD version 2008 format.
- Prepare one (1) hard copy set and PDF of the Record Drawings.

3.6 - Public Outreach

- Develop and maintain an informational website about the project construction, including site pictures, project schedule, and detour information for 12 months.

Task 4 - Project Management and Meetings**4.1 - Project Management & Administration**

- Provide project management and administration, consisting of team coordination, City communication, budget tracking, schedule tracking, and invoicing. It is assumed the project duration is thirty (30) months.
- Submit Monthly Progress Reports to include budget status per task, work completed and work to be completed in next thirty (30) days. It is assumed seventeen (17) monthly progress reports will be prepared.

4.2 - Meetings

- Attend a kickoff meeting with the City to discuss the goals and objectives for the project
- Conduct monthly project team meetings to include City and key sub consultants during preliminary and final design phases of the project. Prepare meeting minutes. It is assumed sixteen (16) monthly project team meetings will be provided. It is assumed design review meetings will be incorporated with the monthly team meetings.

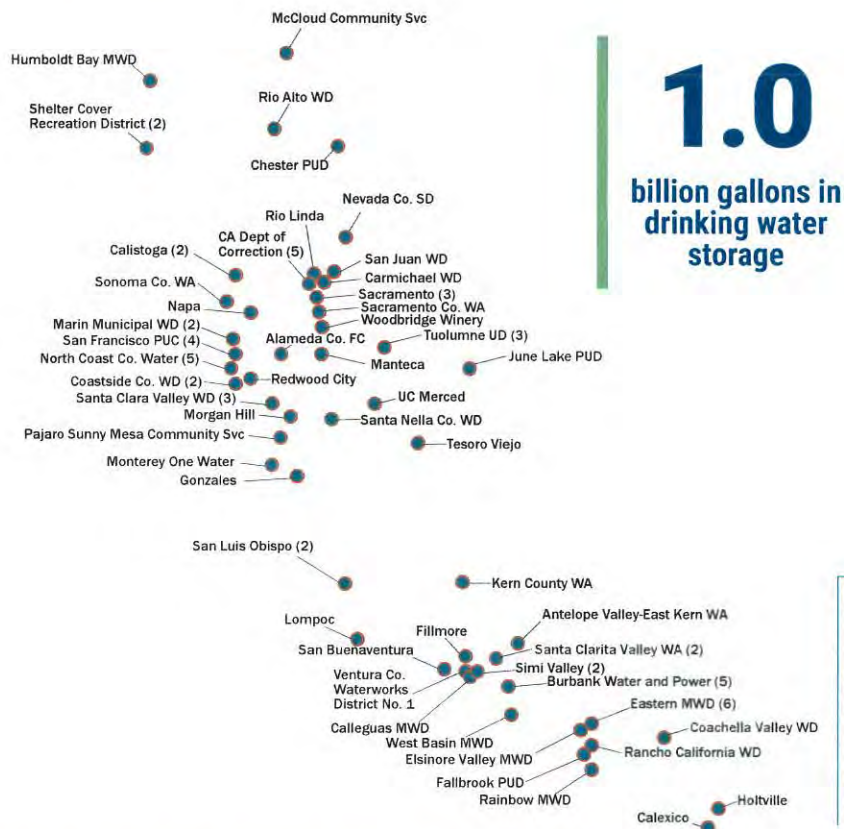

4.3 - QA/QC

- Submit Quality Control and Quality Assurance Plan for City review and approval.
- Submit a detailed construction Quality Control and Quality Assurance Plan for City review and approval.
- Provide quality reviews for project deliverables in accordance with Kennedy Jenks' QA/QC program.
- Provide internal project initiation meeting and concept & criteria review to review the project work plan and initial project concepts.

3 - EXPERIENCE AND QUALIFICATIONS OF FIRM

DEMONSTRATED EXPERTISE IN RESERVOIRS

Our reservoir design experience includes steel tanks and concrete reservoirs (cast-in-place and pre-stressed). We provide the gamut of services for reservoir design projects, including siting evaluations and studies, pumping and distribution facilities, water quality and mixing systems, seismic retrofitting and resilience, telemetry and controls, regulatory agency coordination, public outreach, and construction management.

3 - EXPERIENCE AND QUALIFICATIONS OF FIRM

GARFIELD RESERVOIR REPLACEMENT PROJECT

CITY OF SOUTH PASADENA | SOUTH PASADENA, CA

Completion Date: 2018

Total Project Cost: \$19 M

Project Highlights

- Replacement of the City of South Pasadena's largest storage reservoir
- New cast-in-place structure
- Residential neighborhood

Kennedy Jenks was retained by the City of South Pasadena (City) for preliminary and final design for replacement of the Garfield Reservoir and Pump Station. The project consisted of analyzing six alternate reservoir and pumping configurations during the preliminary design stage. This project also consisted of replacing the City's largest storage reservoir with a cast-in-place structure having a capacity of 6.5 MG.

In addition to replacement of the reservoir, the project included replacement of the existing 2,500 gallon per minute booster station and addition of a on-site chlorination system. The pump station was equipped with two 50 HP and one 100 HP vertical turbine pumps. The site was in a residential neighborhood and the design required landscaping and noise analysis.

The design also included permanent treatment of site stormwater runoff prior to discharging to a flood control channel. The project team used a workshop format at every design milestone to obtain input/feedback from key stakeholders throughout the project.

MESA RESERVOIR REPLACEMENT

CITY OF SANTA PAULA | SANTA PAULA, CA

Completion Date: Design 2019, Construction 2020

Total Project Cost: est. \$1.5 M

Project Highlights

- Site constraints
- Evaluation of tank material options
- Tank configuration alternatives

Kennedy Jenks is designing the Mesa Reservoir Replacement Project which consists of twin 300,000 gallon potable water storage reservoirs (0.6 MG total storage). The existing Mesa Tanks were constructed in the 1960s and each have nominal capacity of 0.21 MG.

Prior to commencing final design, Kennedy Jenks performed a feasibility study that investigated tank construction/material types, configuration alternatives, location and cost. Tank construction alternatives consisted of partially buried prestressed concrete, rectangular cast-in-place concrete and above-grade welded steel tank construction. The alternatives were evaluated based on available space to determine the best option for the City at this particular location.

The Mesa Tank site is constrained and located on a 2:1 hillside abutting the County of Ventura and City limits. Other considerations included providing temporary storage tanks during construction, permitting requirements, maintenance considerations, water quality, constructability, cost, environmental impacts, land acquisition, traffic impacts, grading and geotechnical considerations.

3 - EXPERIENCE AND QUALIFICATIONS OF FIRM

DAILY II RESERVOIR

EASTERN MUNICIPAL WATER DISTRICT, CA

Completion Date: 2015

Total Project Cost: \$3M

Project Highlights

- Public outreach including providing 3-D renderings
- Hydraulic analysis of the pressure zone pipeline sizing, and tank sizing

The District's Daily Pressure Zone was deficient in operational and fire flow storage. The Daily Tank provided a total storage volume of only 0.21 MG while 2.1 MG was required to meet existing system demands, operational storage, and fire flow requirements.

Three separate studies were prepared analyzing the storage requirements for the Daily Pressure Zone. The first study identified storage deficiencies and recommended a 2.0 MG storage tank and 24-inch diameter inlet/outlet pipeline.

Five alternative site locations were evaluated with the recommended site location immediately east of the existing tank site. The design included separate inlet and outlet pipelines and an altitude valve and by-pass vault. An emergency overflow pond was also included and sized to include the ability to drain the bottom 2 feet of storage.

MISSION TRAILS FLOW REGULATORY STRUCTURE

SAN DIEGO COUNTY WATER AUTHORITY | SAN DIEGO, CA

Completion Date: Design 2019

Total Project Cost: \$23M

Project Highlights

- New 5 MG Reservoir
- CEQA documents

The Mission Trails suite of projects is a proposed set of improvements to the untreated water conveyance portions of the Second Aqueduct in and around Mission Trails Regional Park. In 2010, the Water Authority constructed two separate tunnel sections as part of the Mission Trails Pipeline Tunnel project. The Mission Trails Flow Regulatory Structure II will be located in between the two sections of the tunnel. Currently, the tunnel is neither connected to the Second Aqueduct nor is it continuous through its two sections.

Kennedy Jenks is providing structural design for a new five million gallon Mission Trails Flow Regulatory Structure II, new flow control facility, pipeline connections, and demolition of eight existing vent structures in Mission Trails Regional Park.

Kennedy Jenks is designing a concrete emergency storage basin using structural analysis software and developed contract drawings, prepared project design specifications, and attended client meetings.

3 - EXPERIENCE AND QUALIFICATIONS OF FIRM

HARRY TRACY WTP TREATED WATER RESERVOIR

SAN FRANCISCO PUBLIC UTILITIES COMMISSION | SAN FRANCISCO, CA

**Completion Date:** 2017**Total Project Cost:** \$53M**Project Highlights**

- 2017 ACEC award winning 240-foot-diameter circular tank with 46-foot water depth and supported on over 800 driven non-displacement steel H-piles located 1,000 feet from the San Andreas Fault

The 11 MG reservoir is a complex structure involving two tanks consisting of a chlorine contact tank for water treatment, constructed around a treated water storage reservoir. The inner wall of the operational storage reservoir consists of cast-in-place concrete wall with non-prestressed reinforcement and vertical post-tensioning tendons, while the outer wall of the chlorine contact tank is a strand-wound circular pre-stressed concrete tank with a cast-in-place concrete core with vertical prestressed reinforcement.

Design challenges included the location of the reservoir at a site with limited space, situated near the San Andreas and Serra Faults. The reservoir is designed to sit above a stepped excavation of partial cut into a hillside and partial fill, which resulted in a potential for differential settlement. In response, the reservoir is placed above approximately 800 H-piles driven to depths between 20 and 60-feet, which support the reservoir and resist gravity and lateral loads, including seismic and wind loads.

A soil nail retaining wall is located directly uphill of the reservoir to support the cut face of the existing hillside, rising up to 65-feet tall, and supported by approximately 1,000 soil nails up to 70-feet long. The soil nail wall is tied into an adjacent soldier pile wall.

WESTSIDE WATER BANK - TANK 2

ANTELOPE VALLEY-EAST KERN WATER AGENCY | PALMDALE, CA

**Completion Date:** 2016**Total Project Cost:** \$2M**Project Highlights**

- Hydraulics, geotechnical, and hydrogeology evaluations and analyses
- Control strategy and operations plan
- Coordination with DDW for operating permit amendments

Antelope Valley-East Kern Water Agency (AVEK) implemented Phases 1 and 2 of an \$80 million water banking program with a twofold objective: (1) water supply stabilization, and (2) regulatory compliance with the Stage 2 Disinfectants/Disinfection Byproducts (D/DBP) Rule. The Westside Water Bank was constructed on a 1,475-acre agricultural property and the groundwater production is delivered to a central treatment facility with two 4 MG above ground steel tanks for chlorine disinfection and CT compliance.

- Phase 1 (completed in 2013) included over-excavated the site and compacted for the construction of both 4 MG steel tanks; however, only the first tank was constructed under Phase 1.
- Phase 2 (completed in 2016) included drilling and equipping of an additional two potable recovery wells and construction of the second 4 MG steel tank (completed in 2016). Kennedy Jenks performed the design, bid assistance, and construction support services.

3 - EXPERIENCE AND QUALIFICATIONS OF FIRM

CHERRY WILLOW RECYCLED WATER AUTHORITY

SANTA CLARITA VALLEY WATER AGENCY | SANTA CLARITA, CA

Completion Date: Design 2018;
Construction 2019

Total Project Cost: est. \$4M

Project Highlights

- Tank volume and configuration alternatives evaluation
- Grant funded project
- Exterior spiral staircase for access
- Tank overflow basin included to meet discharge requirements sizing

Kennedy Jenks provided a PDR for the Recycled Water System Phase 2B. SCVWA is seeking to expand their existing recycled water system to offset potable water demands and improve water supply reliability. The PDR provided an evaluation of opportunities and design considerations to develop Phase 2B of the recycled water system.

Kennedy Jenks has completed preliminary and final design. The proposed welded steel tank will be designed to hold up to 1.0 MG of recycled water. Kennedy Jenks prepared preliminary layouts and performed tank aspect ratio (diameter vs depth) analysis to determine optimal design/capacity to provide 0.8 MG, usable storage tank within the given site constraints. Tank design will consider freeboard requirements in the analysis, and structural design alternatives (e.g., shell thickness) to address sloshing in a seismic event.

The tank will be equipped with remote monitoring and controls for integration into SCVWA's SCADA System. The tank will be equipped with a SolarBee mixer. The tank will be equipped with exterior spiral staircase for access to the roof. The tank will include protective coatings, interior and exterior to prevent corrosion.

ADDITIONAL SIMILAR PROJECTS

This table summarizes additional reservoir projects of similar nature to your project located in Southern California, demonstrating our team's comprehensive design experience in these areas.

LOCAL, RESPONSIVE DESIGN TEAM SUPPORTED BY NATIONALLY RECOGNIZED INDUSTRY EXPERTS

JRC/KJ has assembled a project team of in-house personnel with specialized and expert services to meet the scope of work identified. The City will benefit from our project team's significant expertise on similar projects. Our reputation for responsiveness has resulted in assignments for similar projects that have included studies, assessments, planning, design and construction support services for numerous clients. To accommodate this contract, the JRC/KJ team was crafted with flexibility, responsiveness, and dependability in mind.

EXPERIENCED AND COMMITTED TO PROJECT SUCCESS:

- JRC/KJ has developed streamlined, cost-effective, and clear methodologies to handle our projects.
- Our team of professionals understand how to work effectively with municipal staff to develop strategies and tools to achieve each assignment's goals, regardless of size, scope, budget, or schedule.
- With local leadership, continuity of project team members and a minimal learning curve due to geographic familiarity, our team is committed to successfully delivering this project on time and within budget. Our commitment is backed by our history of successful project execution and meeting our clients' needs.

Subconsultants

As shown on the organizational chart above, we have selected known and reputable subconsultants to assist in specialty technical areas to supplement our team where necessary. The majority of our subconsultants are local firms that provide direct knowledge and experience to the local conditions and issues.

4 - KEY PERSONNEL

A LOCAL PROJECT MANAGER YOU KNOW AND TRUST

**JOHN ROBINSON****PROJECT MANAGER****SKILL SET SUMMARY**

- Experienced in the planning, design and construction of over 25 potable and recycled water reservoirs in Southern California.
- Experienced in over 300 miles of design for new potable and recycled water pipeline.
- Provided environmental plan development and has been intimately involved with regulatory agencies with permitting jurisdiction over potable and recycled water facilities.

John has **26 years of experience** in the planning, design, and construction phases of civil and environmental engineering projects. He has completed preliminary and final design engineering of capital improvement projects, including cost estimates, reservoirs, booster pump stations, and pipelines for water and reclaimed water projects.

His experience includes construction-phase engineering services for many reservoir, pumping, and pipeline systems, and leading utility systems engineering services for several design/build infrastructure projects. He has managed many relevant projects, including the City of Beverly Hills Coldwater Canyon Reservoir replacement, Foothill Municipal Water District Reservoir Evaluations and Orange County Water District 6.0 MG Reservoir conversion.

John provides technical direction and project oversight for the development of public infrastructure that includes:

- Pipelines
- Pumping Stations
- Reservoirs
- Hydraulic Structures
- Recharge Basins
- Wells

His technical expertise ranges from master planning and program management to final design and construction implementation. As a project manager, he has on numerous occasions successfully led my project teams to complete the work within the project budgets and time schedules and with a high degree of responsiveness to the clients.

As Project Manager, John will proactively manage the project, provide scope, schedule, and budget monitoring, be responsible for staffing coordination and be available to meet with the City, facilitate workshops, and guide the high-level decisions. He understands that providing successful services on this project depends on the competence and capabilities of the team members and how they work together with the stakeholders.

RELEVANT PROJECT MANAGEMENT EXPERIENCE SUMMARY**Reservoir Replacement**

- *City of Beverly Hills*

- Design of an 8.21-MG buried prestressed concrete reservoir.
- Site constraints needed innovative design approaches, such as shoring methods to allow for the concrete casting of the reservoir structural elements without encroaching on the surrounding properties.
- Worked closely with the Beverly Hills Parks Department.

Reservoir Evaluations

- *Foothill Municipal Water District*

- Conducted a reservoir alternative evaluation consisting of:
 - » Modifications to existing
 - » Construct additional
 - » Tear down
 - » Lease capacity
 - » Construct interconnection

Reservoir Conversion

- *Orange County Water District*

- Modified an existing 6.0-MG potable water reservoir for reclaimed water storage.
- Design of a new pump station and modification of another pump station.
- Provided a surge analysis and report, computer hydraulic model (CyberNet 2.0), and update of model (CyberNet 3.0).

4 - KEY PERSONNEL

REGISTRATIONS

- Professional Civil Engineer, California
- Professional Structural Engineer, California

SRIDHAR SADASIVAN, PE, SE

QA/QC MANAGER

Sridhar has **16 years of practical, hands-on experience** in design and construction of potable water reservoirs. He has substantial experience with tank design and retrofits in similar seismic regions in Southern California, including projects with the Cities of South Pasadena, Glendale, and Burbank.

In addition, Sridhar is a senior Operations Director for Kennedy Jenks and has served as QA/QC reviewer for numerous water facility projects throughout the West Coast.

Sridhar will serve as QA/QC and lead a comprehensive review of project deliverables; he will dedicate his time to confirming that our QC program is followed and able to meet your needs and achieve your desired schedule.

REGISTRATIONS

- Professional Civil Engineer, California

DAVID FERGUSON, PhD, PE

DESIGN MANAGER

David has **39 years of practical, hands-on experience** in the planning, design, construction, and operation of water supply, infrastructure, and treatment projects. His background includes project and program management, as well as management of engineering and/or operations for three large water utilities in Southern California. David has been responsible for the evaluation and/or design of upgrades, rehabilitation, retrofit, and/or replacement for over 40 water treatment plants, 30 reservoirs, and 20 pumping stations for 15 different water utilities.

David, serving as Design Manager, will apply his decades of experience to support the City and team in project decision-making. He will guide the planning and design efforts that will result in an affordable water facility that will meet the City's long-term needs.

REGISTRATIONS

- Professional Civil Engineer, California

DON BARRAZA, PE

RESERVOIR DESIGN

Don is a senior engineer with over **30 years of experience** serving as structural engineer, project engineer, project manager, and construction resident engineer. He has worked directly with the team on reservoir assessments and designs throughout Southern California. He has practical hands-on planning, design, and construction support experience with design and condition assessment of 30+ steel and concrete tanks. In his career, he has worked on more than 18 condition assessments, structural design of over 70 concrete tanks and 70 steel reservoirs, 17 pump stations, and more than 30 water treatment plants, and has served as a senior-level reviewer for over a dozen water treatment plant projects.

Don will serve as the reservoir structural design lead for the preliminary, final and construction engineering services associated with location and configuration of the reservoir and integration and protection of the existing structures and geotechnical requirements.

4 - KEY PERSONNEL

TRUSTED SUBCONSULTANT PARTNERS

JRC/KJ maintains excellent relationships with local subconsultants and specialists to help achieve project success.

Since 1946 Converse Consultants (Converse) has provided professional services in the fields of geotechnical engineering, engineering geology, ground-water sciences, environmental sciences and soils and materials testing and inspection. Their clients include public agencies and private sector clients in the transportation, water/wastewater, educational, residential, commercial and other market segments.

DePinto Morales Communications, led by David DePinto, is a firm specializing in environmental issues management, water education projects, crisis communications, public education and outreach campaigns, stakeholder relations, media relations, public affairs, and ethnic/community marketing. Geographically, Dave has implemented public education and outreach campaigns focused in the northeast San Fernando Valley, the San Gabriel Valley, the City of Los Angeles and throughout the State of California. As volunteer president of the largest homeowner association in the City of Los Angeles, Dave has unique insights and capabilities related to facilitating community discourse on controversial issues and development projects involving counties and municipalities, water districts, school districts and non-profit organizations.

JMDiaz (JMD) professionals provide comprehensive traffic engineering services including traffic analyses and design for a variety of projects. JMD conducts traffic impact analysis, including warrant analysis, and prepares traffic impact studies for new developments as well as traffic management plans for major projects involving extensive haul and detour routes. JMD's traffic engineering group performs designs including signage, channelization, traffic signals, street and parking lot lighting.

With more than 46 years of landscape architectural experience, NUVIS, a DBE/SBE professional services firm creates outdoor design solutions. In collaboration with our private sector and public agency clients, NUVIS produces design solutions from concept to construction. They are passionate about our mission to create responsible outdoor venues that provide opportunities for interaction and exhibit dramatic memorable results from texture, form, color, and pattern—inspiring people-oriented experiences.

ON-LINE Engineering is a Civil Engineering and Land Surveying firm based in the City of Pasadena and has served Southern California for 24 years. They provide professional civil engineering and land surveying services are provided to both public and private sector clients in all areas relating to land development.

Tom Dodson & Associates (TDA), incorporated in 1983, is a small environmental consulting and regulatory compliance firm. TDA is capable of providing a full range of environmental and regulatory compliance services. This includes an in-house biological staff capable of providing biological resources evaluations, as well as, revegetation and habitat restoration capabilities. TDA has provided planning and environmental consulting services for various water, hazardous waste management, biological evaluations, and base reuse projects. TDA has also prepared the environmental compliance documents needed for such projects. These documents have ranged from Initial Studies and Negative Declarations to full Environmental Impact Reports that meet California Environmental Quality Act requirements.

John Robinson, Principal Project Manager - Resume

Qualified: BS, Civil Engineering, California State University, Long Beach

Connected: California Water Environment Association (Board of Director – Past President for Los Angeles Basin Section); Orange County Water Association (Board of Directors); WaterReuse Association (Chapter Trustee for the Inland Empire Chapter)

Professional Summary: Mr. Robinson has 26 years of experience in the planning, design, and construction phases of civil and environmental engineering projects. He has completed preliminary and final design engineering of capital improvement projects, including cost estimates, reservoirs, booster pump stations, and pipelines for water and reclaimed water projects. His experience includes construction-phase engineering services for many reservoir, pumping, and pipeline systems, and leading utility systems engineering services for several design/build infrastructure projects. He has managed many relevant projects, including the City of Beverly Hills Coldwater Canyon Reservoir replacement, Foothill Municipal Water District Evaluation and Orange County Water District 6.0 MG Reservoir conversion.

Coldwater Canyon Reservoir Replacement, City of Beverly Hills – Project Manager for design of an 8.21-mg buried prestressed concrete reservoir located among multi-million-dollar homes within the City. Design incorporates demolition and removal of the existing reservoir damaged during the 1994 Northridge Earthquake. Due to site constraints, innovative design approaches were implemented, such as shoring methods to allow for the concrete casting of the reservoir structural elements without encroaching on the surrounding properties. End-use master planning and design also involved working closely with the Beverly Hills Parks Department for incorporation of the reservoir site into its neighboring park system. Proposals for the end-use of the underground reservoir's site included the installation of jogging trails and walking paths on the tank's earthen cover.

Foothill Municipal Water District – FMWD hired John Robinson to conduct a reservoir evaluation based upon the following five (5) alternatives: A.) Modifications to existing distribution system to access more storage currently in place; B.) Construct another reservoir on Valley Water Company land midway between the La Canada and the La Crescenta zone; C.) Tear down and construct larger La Crescenta reservoirs; D.) Lease reservoir capacity from GWP and construct an interconnection for emergency and normal operations purposes to move water to the FMWD service area; and E.) Construct an interconnection with GWP for emergency purposes.

Rowland Water District – Designed two steel tank water storage reservoirs having capacities of 2.0 MG and

5.0 MG. This project involved site grading, landscaping, and construction inspection.

City of Monterey Park – Designed a 3.0 MG steel tank reservoir which involved site grading, landscaping, and construction inspection.

Longden Reservoir, City of Arcadia – Served as quality assurance engineer for a pre-stressed 3.0MG. This project involved site grading, landscaping, structural, mechanical, engineering services during construction and construction inspection.

Reservoir No. 1, Rowland Water District – This project included investigation of a failure of reinforcing wire strand wrap of a 1965 vintage reinforced concrete circular 3.0 MG reservoir. Also included plans, specifications, and construction management for installing post-tensioned reinforcing bar system with gunite concrete corrosion protection. Reservoir was repaired and returned to service in 60 days.

Rowland Water District – Designed six steel tanks and one concrete water storage reservoirs having capacities ranging from 1.0 MG to 8.0 MG. These projects included site grading, landscaping, and construction inspection.

Sunset Reservoir, City of Beverly Hills – Served as Project Manager for this reconstruction project. This reservoir has a tennis court added at the top. This was a 4.5 MG pre-stressed reservoir. This project involved site

grading, landscaping, structural, mechanical, engineering services during construction and construction inspection.

Big Rock Reservoir, Topanga Reservoir, Blue Rock Reservoir, Bute Reservoir, Topanga Beach Reservoir, Fairground Reservoir, and Avenue K-8 Reservoir, Los Angeles County –

Conducted reservoir inspection, prepared specifications for replacing interior coating materials, and coordinating construction inspection service for interior recoating.

City of Pomona – Project Manager for a 4.0 MG pre-stressed concrete reservoir. This project involved site grading, landscaping, structural, mechanical, engineering services during construction and construction inspection.

Reservoir No. 11, Rowland Water District –
Designed a 5.0 MG wire-wrapped partially buried concrete reservoir including site grading, landscaping, irrigation system, telemetry, and site improvements, including paving and decorative wrought iron fencing. Full construction administration services included surveying, inspection, and testing.

Orchard Dale Water District – Conducted reservoir inspection, prepared project specifications, reviewed bids, and made recommendation of award for recoating interior of three 1.0 MG Colima Road Reservoirs and one 5.0 MG Telegraph Road Reservoir.

Hearst Castle, San Simeon State Park, Office of the State Architect – Principal engineer for the design of a 1.5 MG buried concrete reservoir. This project included a design report identifying storage requirements, pump station requirements, surface water treatment system, chlorination system, and water system O&M recommendations, as well as plans and specifications for the reservoir, a 500 gpm variable reverse osmosis water treatment and pumping system, and assistance with the bid process along with construction management services. On-site part-time inspection services were also included.

5 mgd Wastewater Treatment Plant with 2.5 mgd Title 22 Water Reclamation Facility, City of American Canyon – Project Engineer this project currently in progress, which includes planning for a water reclamation project encompassing market assessment, hydraulic analysis, and facilities. Construction plans, specifications and estimates will be prepared for new and/or modifications to existing force mains, gravity sewers, and pumping stations, wastewater treatment plant and storage ponds. The recycled water facilities include 10 miles of recycled water pipeline, 5 miles of an industrial brine line, 1.5 MG above ground steel storage tank, and a recycled water booster pump station. Preliminary design of 4 miles of 16 recycled water pipeline, 9 miles of 6-inch

recycled water and brine pipeline and 2 miles of 6-inch recycled water pipeline for the City of American Canyon

RP-4 Reservoir Rehabilitation, Inland Empire Utilities Agency (IEUA), Chino, CA

Project Manager responsible for the writing, and preparation of the preliminary and final design efforts for the rehabilitation of two 5.5 MG above ground steel reservoirs. In his role as project manager, Mr. Robinson was responsible for the revision and finalization of the retrofit design criteria for the two 5.5 MG reservoirs through the preliminary and final design of the project. Additional duties included management for preliminary and final development and client coordination.

Santa Ana Recycled Water Reservoir Conversion and Pump Station, Orange County Water District – Project Engineer for modifications to the Santa Ana Reservoir and design of a new pump station for the Orange County Water District. Design involved modifying an existing 6.0-million-gallon potable water reservoir for reclaimed water storage and design of a new pump station to supply the Green Acres reclaimed distribution system with the stored reclaimed water and modification of Factory 21 pump station. In addition, project included a surge analysis and report, computer hydraulic model (CyberNet 2.0), and update of model (CyberNet 3.0) of the Districts recycled water distribution system. Preliminary and final design of 500 feet of 24-inch and 36-inch recycled water pipeline on the Santa Ana Reservoir and Pump Station site and Bear Street

**Project Engineer
Title 22 Engineering Report | East Valley Water District | Highland, CA**

Mr. Robinson served as Title 22 Engineering Report lead along with Division of Drinking Water Summary of Public Hearing, Findings of Fact and Condition, Regional Water Quality Control Board Report of Waste Discharge and NPDES permit application. John was responsible for the evaluation of applicable regulations, pollutant identification, and project feasibility to be incorporated in the Title 22 Engineering Report. Mr. Robinson's responsibilities also included the evaluation of multiple technologies, including microfiltration (MF), reverse osmosis (RO), and ultraviolet (UV) for further treatment of Title 22 recycled water for discharge into the Santa Ana River.

Senior Manager, Hollydale Pump Station and Pipeline, Central Basin Municipal Water District and City of Vernon, CA

Mr. Robinson's responsibilities included the preliminary design, design, and construction management of the Hollydale Pump Station located in the City of South Gate and approximately 8,000 linear feet of 12- and 18-inch recycled water pipeline to supply Malburg Generation Station. The facilities were in partnership between Central Basin Municipal Water District and City of Vernon. required SCADA controlled discharge stations for groundwater recharge.

Sridhar Sadasivan, S.E.

QA/QC Manager

Education

BS, Civil/Environmental Engineering, University of
Bombay, India, 2002
MS, Structural Engineering, University of
Cincinnati, 2004

Registrations

Professional Civil Engineer, California (73525)
Professional Structural Engineer, California
(S6039)

Years of Experience

16 years

Professional Summary

Sridhar Sadasivan has practical hands-on experience in design and construction of facilities for environmental projects. He has been involved in structural design of several water/wastewater projects, including design of treatment plants, pumping stations, chemical facilities and reservoirs. Sridhar has field engineering experience, providing construction support and inspection services at a wastewater treatment plant and at several sewer pipeline construction sites. He is knowledgeable in several structural engineering computer programs, and is also proficient in Autocad, Microstation V8, and Triforma.

Relevant Project Experience

DAILY II RESERVOIR AND PIPELINE DESIGN, EASTERN MUNICIPAL WATER DISTRICT, MENIFEE, CA | PROJECT MANAGER / PROJECT ENGINEER | The project includes a 2 MG welded steel tank, 2,000 LF of 12-inch PVC pipeline and 18,000 CY of excavation and miscellaneous sitework. Preliminary design included a siting study for a 2 MG welded steel reservoir with evaluation of potential sites primarily based on operations and geotechnical considerations. Sridhar served as the project manager, lead structural design engineer, and lead civil engineer during the preliminary design and final design.

GARFIELD RESERVOIR, CITY OF SOUTH PASADENA, SOUTH PASADENA, CA | PROJECT ENGINEER | The project involves design of two 3.25 MG partially buried concrete reservoirs in a residential neighborhood in accordance with IBC 2009 and ACI 350 provisions. The project also includes design of a below grade valve structure, a 2,000 gpm booster pump station and a 5,000 SF office/garage facility. The project site is located 100 feet from a known active fault line (Raymond fault). Served as Project Engineer coordinating the design of the project with the City and other concerned agencies including Pasadena Unified School District, LA County Flood Control District, CDPH and SCE. Also served as the lead structural design engineer and civil engineer.

CHEVY CHASE 968 RESERVOIR AND BOOSTER PUMP STATION, CITY OF GLENDALE, GLENDALE, CA | PROJECT ENGINEER | Project includes a 15 MG buried cast-in-place concrete reservoir underneath a golf course and a 2,400 gpm tri-level booster pump station in a residential neighborhood. Served as the project engineer and structural design engineer during final design and construction. During construction, managed the office services provided including attending weekly progress meetings and structural observation.

RESERVOIR NO. 3 ROOF REPLACEMENT AND PIPING IMPROVEMENTS, CITY OF BURBANK, BURBANK, CA | STRUCTURAL ENGINEER | Project involved replacement of roof on a 0.35 MG concrete reservoir. Preliminary design stage included evaluation of roof material alternatives. Served as the lead structural design engineer during preliminary design, design and construction.

PRELIMINARY AND FINAL DESIGN OF RECYCLED WATER POND PUMPING STATIONS, EASTERN MUNICIPAL WATER DISTRICT, PERRIS, CA | TECHNICAL ADVISOR | Project includes preliminary and final design of three pumping stations from effluent storage ponds to the distribution system. Served as a technical advisor supporting the project manager and project engineer.

TANK SEISMIC IMPROVEMENTS, CITY OF BURBANK WATER & POWER, BURBANK, CA | STRUCTURAL DESIGNER | A comprehensive seismic, structural, corrosion and safety assessment of 22 flat bottom steel tanks (18 potable water and four recycled water), size ranging from 0.2 MG to 10 MG, was performed on 14 different sites for the City of Burbank Water & Power. The assessment included observation and inspection to record damage and documented deficiencies and developed recommendations for the seismic rehabilitation of the tanks. The City is in the process of implementing the recommendations of the corrosion study. Seismic deficiencies in 12 tanks were identified. Engineering services included cost evaluation for retrofit alternatives for the tanks, design of the retrofit and construction administration support. To date, 10 steel tanks have been retrofitted.

BENTON RECYCLED WATER STORAGE TANK AND PIPELINE, EASTERN MUNICIPAL WATER DISTRICT, PERRIS, CA | PROJECT ENGINEER | The project includes a 2 MG welded steel tank, 9,000 LF of 24-inch steel pipeline and 65,000 CY of excavation and miscellaneous sitework. Served as the project engineer and lead structural design engineer during the design and construction.

STEEL TANKS SEISMIC IMPROVEMENTS, CITY OF BURBANK WATER & POWER, BURBANK, CA | STRUCTURAL ENGINEER | Project includes geotechnical investigations and seismic evaluation of 10 welded steel reservoirs in accordance with AWWA D100 and design of seismic retrofits. Served as the project engineer and lead structural design engineer during design and construction.

LONGFELLOW RECYCLED WATER TANK AND PIPELINE, EASTERN MUNICIPAL WATER DISTRICT, WINCHESTER, CA | PROJECT ENGINEER | The project includes a 5 MG welded steel tank, 4,000 LF of 36-inch steel pipeline and 25,000 CY of excavation and miscellaneous sitework. Served as the project engineer, lead structural design engineer, and lead civil engineer during the design and construction.

TUSCANY HILLS/WILDOMAR RECYCLED WATER SYSTEM DESIGN, ELSINORE VALLEY MUNICIPAL WATER DISTRICT, LAKE ELSINORE, CA | PROJECT ENGINEER | Design of a 3,300 gpm recycled water pump station, 0.9 MG tank, and approximately 36,000 linear feet of 6-inch to 18-inch diameter recycled water pipeline.

WESTSIDE WATER BANK STEEL TANKS, ANTELOPE VALLEY-EAST KERN WATER AGENCY, PALMDALE, CA | STRUCTURAL ENGINEER | Design and engineering services during construction of two 4 MG steel tanks (Phase 1 and Phase 2) and associated 42-inch inlet and outlet pipelines and tank appurtenances. The appurtenances included reservoir mixers bid and site electrical and instrumentation bid under a separate contract in an effort to obtain the most competitive tank bids.

Professional Summary

David Ferguson, PhD has extensive experience in the planning, design, construction, and operation of water supply, infrastructure, and treatment projects. His background includes project and program management, as well as management of engineering and/or operations for three large water utilities in Southern California. He has been responsible for the evaluation and/or design of upgrades, rehabilitation, retrofit, and/or replacement for over 40 water treatment plants, 30 reservoirs, and 20 pumping stations for 15 different water utilities.

Relevant Project Experience

GARFIELD RESERVOIR PUMP STATION REPLACEMENT, CITY OF SOUTH PASADENA, SOUTH PASADENA, CA | PROJECT MANAGER | Preliminary Design Report and design for a two-cell 6.5 MG cast-in-place concrete rectangular partially-buried reservoir, 2,500 gpm pump station, and on-site sodium hypochlorite generation chlorination facility. The project also includes the design of the Public Works Water Distribution Yard with an office/garage/storage building and support facilities.

WESTSIDE WATER BANK STEEL TANKS, ANTELOPE VALLEY-EAST KERN WATER AGENCY, PALMDALE, CA | PROJECT MANAGER | Design and engineering services during construction of two 4 MG steel tanks (Phase 1 and Phase 2) and associated 42-inch inlet and outlet pipelines and tank appurtenances. The appurtenances included reservoir mixers bid and site electrical and instrumentation bid under a separate contract in an effort to obtain the most competitive tank bids.

DAILY II RESERVOIR, EASTERN MUNICIPAL WATER DISTRICT, PERRIS, CA | QA/QC REVIEWER | Design of a 2 MG above-ground, welded steel potable water storage tank and associated facilities. The project included separate inlet and outlet pipelines and an altitude valve and by-pass vault. An on-site storage pond was sized for emergency overflow as well as draining the bottom 2 feet of the tank for maintenance.

LONGFELLOW RECYCLED WATER TANK AND PIPELINE, EASTERN MUNICIPAL WATER DISTRICT, WINCHESTER, CA | QA/QC REVIEWER | Design of a 5 MG above-ground, welded steel recycled water storage tank and associated facilities. The project also included approximately 4,500 linear feet of a 30-inch diameter steel (CML&C) inlet/outlet recycled water pipeline in Simpson Road.

TUSCANY HILLS/WILDOMAR RECYCLED WATER SYSTEM DESIGN, ELSINORE VALLEY MUNICIPAL WATER DISTRICT, LAKE ELSINORE, CA | QA/QC REVIEWER | Design of a 3,300 gpm recycled water pump station, 0.9 MG tank, and approximately 36,000 linear feet of 6-inch to 18-inch diameter recycled water pipeline.

RESERVOIR 3A, CITY OF SAN FERNANDO, SAN FERNANDO, CA | PROJECT MANAGER | Preliminary Design Report of alternative reservoir configurations and materials of construction to maximize storage at the site of the existing 1.0 MG Upper Reservoir. The recommended reservoir was an L-shaped partially-buried cast-in-place concrete reservoir.

WHITEGATES NO. 1 AND NO. 2 RESERVOIR PLANNING STUDY, CITY OF RIVERSIDE, RIVERSIDE, CA | PROJECT MANAGER | Planning Study for the sizing and site location for two buried concrete reservoirs with a total capacity of 9 million gallons. Two luxury home parcels (totaling approximately three acres) were purchased for each of the two reservoir sites. Following a design-build solicitation, the upper reservoir was constructed as a 3.5 MG cast-in-place rectangular reservoir and the lower reservoir a 5.5 MG cast-in-place rectangular reservoir.

REGIONAL RECYCLED WATER DISTRIBUTION SYSTEM FACILITIES-PHASE II, INLAND EMPIRE UTILITIES AGENCY, CHINO, CA | PROJECT MANAGER | Project Manager for the preliminary design and design six discrete packages that represent an estimated \$40 million in capital improvements and include 75,000 feet of 16- to 30-inch diameter pipeline, three pumping stations, and two steel tanks.

RESERVOIR AND PUMPING STATION, CITY OF SOLVANG, SOLVANG CA | PROJECT MANAGER | Design and Construction Administration of a 0.6 MG concrete reservoir and pumping station.

RESERVOIR AND PUMP ADDITION, CITY OF UPLAND, UPLAND, CA | PROJECT MANAGER | Design of a 4.6 MG concrete reservoir and pump addition.

RESERVOIR, PIPELINE, AND PUMP STATION, CITY OF TORRANCE, TORRANCE, CA | PROJECT ENGINEER | Design of an 18 MG buried concrete reservoir, transmission pipeline, and pump station modifications.

RESERVOIR, SAN GABRIEL VALLEY WATER DISTRICT, EL MONTE, CA | PROJECT MANAGER | Design of a 3 MG steel tank, site improvements, and inlet/outlet piping.

RESERVOIR, CITY OF POMONA, POMONA, CA | PROJECT ENGINEER | Design of a 2.7 MG steel tank, site improvements, and inlet/outlet piping.

Professional Summary

Brandon Hale is a registered professional civil engineer with a background in water resources and environmental planning in Southern California with a focus on the planning and design of infrastructure improvements, water supply and demand management, and water master planning. He has performed planning, preliminary design, final design, and construction support of several water reservoirs, transmission pipelines, pump stations, groundwater wells, and treatment processes. Brandon has developed capital, operating, maintenance and annualized life cycle costs to support the evaluation of alternatives for planning studies, as well as more refined cost estimates during design.

Relevant Project Experience

MESA TANK REPLACEMENT, CITY OF SANTA PAULA, SANTA PAULA, CA | PROJECT ENGINEER |

Evaluated replacing twin 0.21 MG potable water steel tanks with twin 0.30 MG steel tanks, 0.60 MG concrete cast-in-place rectangular reservoir, and 0.60 MG concrete circular pre-stressed tank. Analyzed three tank alternatives on cost, constructability, operations & maintenance, permitting, residential impacts, land acquisition/easements, traffic impacts, water quality, and environmental impacts to recommend a tank alternative. Determined twin steel tanks is the best replacement option for the City.

CHERRY WILLOW RECYCLED WATER TANK FINAL DESIGN, SANTA CLARITA VALLEY WATER AGENCY, SANTA CLARITA, CA | PROJECT ENGINEER/CIVIL ENGINEER |

Currently working to develop an expedited design for the construction of twin 0.5 MG recycled water, welded steel storage tanks to expand the storage system by 1.0 MG. Responsible for coordinating pipeline connections to tank and water supply pipeline, development of an overflow detention basin to test overflow water prior to discharge to the storm drain, and site grading. A staircase will provide access to one tank with a catwalk across to the second tank. Both tanks will operate at the same level, which will communicate via SCADA system.

WESTSIDE WATER BANK PHASE 2 – TANK CONSTRUCTION, ANTELOPE VALLEY-EAST KERN WATER AGENCY, ANTELOPE ACRES, CA | PROJECT ENGINEER (DESIGN PHASE) AND PROJECT CONTROLS ENGINEER (CONSTRUCTION PHASE) |

Coordinated design of a 4 MG potable water welded steel tank between civil, structural, electrical, and instrumentation disciplines. Steel tank included access stairs, SCADA instrumentation for measurement, site lighting, grading improvements, and 42-inch steel pipe connections for inlet and outlet. Served as project controls engineering during construction to process submittal and RFI reviews.

5 MG POTABLE WATER STORAGE TANK, LAS VIRGENES MUNICIPAL WATER DISTRICT, CALABASAS, CA | ENGINEERING SUPPORT | Responsible for design and specification of tank appurtenances: chlorine analyzer, irrigation pump skid, and sampling station. Designed baffle layout with data from computation fluid dynamics model output. Coordinated structural, electrical, and instrumentation disciplines.

GARFIELD RESERVOIR AND PUMP STATION REPLACEMENT, CITY OF SOUTH PASADENA, SOUTH PASADENA, CA | PROJECT ENGINEER | Coordinated and processed over 200 submittals and over 100 RFI reviews for the construction of a twin cell 6.5 MG cast-in-place potable water reservoir, 200 horsepower vertical turbine pump station, and 8,800 square foot, two story administration building.

PACE, MOORPARK & POTRERO NO. 1 RESERVOIRS REHABILITATION, CALIFORNIA AMERICAN WATER, THOUSAND OAKS, CA | DESIGN ENGINEER | Design Engineer and Field Engineer - Performed daily site observations at Pace Reservoir during rehabilitation construction. Responded to RFIs, submittals and change order requests. Revised contract documents for Moorpark and Potrero No. 1 Reservoirs with lessons learned from Pace Reservoir.

PALMDALE REGIONAL GROUNDWATER RECHARGE AND RECOVERY PROJECT, PALMDALE WATER DISTRICT, PALMDALE, CA | CIVIL ENGINEER | The proposed project would deliver water from the California Aqueduct of the State Water Project to new 80-acre recharge basins on an undeveloped site in northeast Palmdale where it will be blended with recycled water and surface recharged into the groundwater aquifer. Banked water would be available for future extraction by up to 16 groundwater extraction wells. Responsible for the preliminary hydraulic analysis of 18.5 miles of pipelines ranging from 30-inches to 48-inches in diameter. Analysis included partial- and full-pipe flows up to 72 cubic feet per second. Determined preliminary 25 miles of pipeline alignment at an estimated construction cost of \$40 million.

DEERLAKE RANCH STORAGE AND PUMPING CAPACITY STUDY, LAS VIRGENES MUNICIPAL WATER DISTRICT, CALABASAS, CA | PROJECT ENGINEER | Developed alternatives to expand an existing pump station by 620 gpm and increase storage by 300,000 gallons. Alternatives were phased based on the phasing of the Deerlake Ranch tract construction. Two pumping and nine storage alternatives were evaluated with a decision matrix to recommend a project. Developed construction costs for alternatives.

POTABLE WATER SYSTEM UPGRADE, MT SINAI MEMORIAL PARKS & MORTUARIES, LOS ANGELES, CA | CIVIL ENGINEER | Drafted a conceptual design report to upgrade the existing potable water pump station to meet the new high pressure potable water service connection, including hydraulic calculations under gravity flow and pumping conditions. Evaluated different alternatives prior to selecting a hydropneumatic pump system to provide service during normal operations and while supplying irrigation water when the recycled water system was offline.

PHASE III RECYCLED WATER PROJECT PIPELINE EXPANSION SEGMENT 5, CARLSBAD MUNICIPAL WATER DISTRICT, CARLSBAD, CA | CIVIL ENGINEER | Led the preliminary and final design of approximately 9 miles of recycled water transmission and distribution pipelines. New pipe ranged in size from 6- to 8-inches in diameter. Determine applicable permits required for construction within the public right-of-way and for crossing a North County Transit District railroad with a bore and jack construction approach.

Years of Experience

32 years

Professional Summary

Don Barraza is a senior engineer with over 30 years of experience serving as structural engineer, project engineer, project manager, and construction resident engineer. In these roles he provided services for the planning, design, condition assessment, and construction of water supply, treatment, storage and distribution facilities. In his career, he has worked on more than 18 condition assessments, structural design of over 70 concrete tanks and 70 steel reservoirs, 17 pump stations, and more than 30 water treatment plants and has served as a senior-level reviewer for over a dozen water and wastewater treatment plant projects. He also serves as chairman of the AWWA committee on cast-in-place conventionally reinforced concrete water storage tanks.

Relevant Project Experience

GARFIELD RESERVOIR REPLACEMENT PROJECT, CITY OF SOUTH PASADENA, SOUTH PASADENA, CA | PROJECT ENGINEER | Structural designer in responsible charge for the alternatives evaluation and preliminary design of a 6.5 MG replacement of the existing cast-in-place earth embankment rectangular concrete reservoir. After completion of preliminary design, provided structural QA/QC review for the final construction document development of the replacement of the reservoir with two new conventional concrete rectangular reservoirs, replacement pump station, inlet/outlet valve vault, and maintenance building.

9.5 MG RESERVOIR NO. 1 RECONSTRUCTION, BURBANK WATER & POWER, CITY OF BURBANK, CA | RESPONSIBLE-IN-CHARGE | Project Manager and structural designer in responsible charge for the design and construction of the replacement of the City's Reservoir No. 1 a 1941 era 6.9 MG earth embankment reservoir constructed within a DSOD jurisdictional dam. Led a design team which evaluated several alternative configurations for replacement of the reservoir. Final design was developed around construction of two new conventional concrete reservoirs, one rectangular and the second trapezoidal, configured to fit within the original footprint of the single 6.9 MG capacity reservoir but increased in total storage capacity to 9.5 MG.

CHEVY CHASE 968 RESERVOIR AND BOOSTER PUMP STATION, CITY OF GLENDALE, GLENDALE, CA | PROJECT ENGINEER | Structural designer in responsible in charge for the design of the 15.0 MG Chevy Chase 968 Reservoir. The trapezoidal reservoir measuring 475 feet by 245 feet was designed with storage separated into two halves and fully buried with vehicle live load over the top of the reservoir and constructed beneath the Chevy Chase County Club golf course.

HARRY TRACY WATER TREATMENT PLANT (HTWTP) LONG-TERM IMPROVEMENTS PROJECT, SAN FRANCISCO PUBLIC UTILITIES COMMISSION, MILLBRAE, CA | PROJECT ENGINEER | Structural responsible in charge and designer for a 15.0 MG conventionally reinforced and prestressed concrete reservoir. The circular reservoir is divided into two compartments with a 4.0 MG circular chlorine contact chamber surrounding an 11.0 MG operational storage clearwell. The reservoir is a 240-foot-diameter circular tank designed in accordance with ANSI/AWWA D110-04 with a 46-foot water depth. The reservoir is pile supported on over 800 driven non-displacement steel H-piles and constructed about 1,000 feet from the active San Andreas Fault and adjacent to Interstate 280.

NICOLAS RESERVOIR ENGINEERING SERVICES, RANCHO CALIFORNIA WATER DISTRICT, TEMECULA, CA | CIVIL ENGINEER | Work included the preparation of design plans, specifications and cost estimates for two 3.5-million-gallon prestressed concrete tanks, inlet/outlet transmission main, and parallel transmission mains.

BENTON RECYCLED WATER STORAGE TANK AND PIPELINE, EASTERN MUNICIPAL WATER DISTRICT, PERRIS, CA | QA/QC MANAGER | Preliminary and final design of a 2.0 MG recycled water steel tank and approximately 8,500 linear feet of a 24-inch diameter recycled water pipeline.

LONGFELLOW RECYCLED WATER TANK AND PIPELINE, EASTERN MUNICIPAL WATER DISTRICT, WINCHESTER, CA | STRUCTURAL DESIGNER | Design of a 5 MG above ground, welded steel recycled water storage tank and associated facilities. The project also included approximately 4,500 linear feet of a 30-inch diameter steel (CML&C) inlet/outlet recycled water pipeline in Simpson Road.

2.0 MG PAXTON ROAD RESERVOIR DESIGN AND CONSTRUCTION, CITY OF KELSO, KELSO, WA | PROJECT ENGINEER | Structural designer in responsible charge for the design of a 2.0 MG strand wound circular prestressed concrete water storage tank with a cast-in-place dome roof.

7.25 MG AND 10.0 MG NORTHEAST WATER STORAGE RESERVOIR REPLACEMENT, CITY OF ROSEVILLE, ROSEVILLE, CA | PROJECT ENGINEER | Structural responsible charge for design and CM for 7.25 MG and 10.0 MG strand-wound, circular, prestressed concrete water storage tanks. The reservoirs were designed with an AWWA D110 Type I core wall, an underdrain system, and a separate inlet and outlet system for mixing and turnover of the tank contents including demolition of a 6.0 MG prestressed reservoir.

RESERVOIR REPLACEMENT, SONOMA STATE UNIVERSITY, ROHNERT PARK, CA | PROJECT ENGINEER | Engineering for the replacement of two precast concrete 0.25 MG water reservoirs. Final design and construction administration services for three new ground level welded steel water storage tanks.

1.0 MG Minor Road Reservoirs Seismic and Structural Evaluation, City of Kelso, Kelso, WA | RESPONSIBLE-IN-CHARGE | Responsible in Charge and structural designer for the seismic evaluation of two 1.0 MG circular conventional concrete water storage tanks. This project included evaluation of the failure path and inundation zone associated with reservoir failure adjacent I-5.

GYPSY HILL AND ROYCE RESERVOIRS EVALUATIONS AND REPLACEMENT, NORTH COAST COUNTY WATER DISTRICT, PACIFICA, CA | PROJECT ENGINEER | Engineering services for the design of two 3.0 MG welded steel tanks for the Gypsy Hill and Royce Reservoir.

1.0 MG Recycled Water Reservoir, Menlo Country Club, Woodside, CA | STRUCTURAL PROJECT MANAGER | Project Manager and structural discipline lead for the design of a new 1.0 MG circular buried conventional concrete reservoir for irrigation storage supply for the country club golf course.

Fire Flow Analysis & Hydraulics

Education

BS, Environmental Engineering and Science,
University of California, Los Angeles, 2006
MS, Civil and Environmental Engineering, Stanford
University, 2007

Certifications

Certified Energy Manager, Association of Energy
Engineers (#21448)

Years of Experience

12 years

Registrations

Professional Civil Engineer, California (C75784)

Professional Summary

Paul Chau is a civil engineer and certified energy manager with a diverse background in master planning, water supply planning, hydraulic water modeling, energy analysis, and infrastructure design. He has built, developed, calibrated, and analyzed hydraulic water models using InfoWater and WaterGEMS. He has also provided engineering analyses such as fire flow storage analysis, demand development, reservoir, pipe, and pump station sizing, and Capital Improvement Program (CIP) development.

Relevant Project Experience

MORRO TANK RETROFIT, RAINBOW MUNICIPAL WATER DISTRICT, FALLBROOK, CA | CIVIL

ENGINEER | The Morro Tank is the lone source of storage in one of Rainbow Municipal Water District's (RMWD) water distribution system pressure zones. A structural and geotechnical analysis of the tank discovered the tank sits on unstable soil, which would require significant investment to rectify. Carried out a hydraulic analysis to determine alternative means of providing storage and pumping facilities for the pressure zone. The hydraulic analysis resulted in a more cost efficient solution for RMWD.

WATER & SEWER MASTER PLAN, ROSAMOND COMMUNITY SERVICES DISTRICT, ROSAMOND, CA

| PROJECT MANAGER | Providing project oversight and project management for the development of water and sewer master plans for Rosamond Community Services District, which provides sewer, water, park, and lighting services for the City of Rosamond in Antelope Valley. An InfoSewer hydraulic model was developed and a facility analysis was executed, including a fire flow assessment for both storage and pipeline capacities.

WATER MASTER PLAN UPDATE, CITY OF THOUSAND OAKS, THOUSAND OAKS, CA | PROJECT

ENGINEER | Served as a project engineer for preparation of the City of Thousand Oaks' (City) 2015 Master Plan Update. The purpose of the project is to identify infrastructure improvements required for the City's water distribution system, including improvements to meet fire flow requirements. In addition, the hydraulic model is utilized to perform a water age analysis of the system, in order to identify areas of the system that potentially can have low disinfection levels

WATER, RECYCLED WATER, AND SEWER MASTER PLANS, CITY OF SOUTH GATE, SOUTH GATE, CA

| PROJECT ENGINEER | Project included the preparation of a Water Master Plan, Recycled Water Master Plan, and Sewer Master Plan as three standalone documents to address water demands, recycled water demands, and gravity sewer flows. Each document evaluates the immediate, short-

term (5-year), and ultimate deficiencies and establish the infrastructure requirements. The Water Master Plan included a facility analysis that analyzed fire flow requirements for the storage and pipeline facilities.

WATER FACILITIES MASTER PLAN UPDATE, CITY OF SAN BERNARDINO, SAN BERNARDINO, CA

| PROJECT ENGINEER | Worked collaboratively with the San Bernardino Municipal Water Department to update its Water Facilities Master Plan, and develop a roadmap for continued successful performance and operation of critical water system infrastructure. Project included update of geographic information system (GIS) database, hydraulic model development, fire-flow testing, calibration, demand modeling and projections, statistical analysis to determine impact factors (economy, weather, employment etc.) on future demands, water conservation strategies, water resources, hydraulic analysis, Capital Improvements Program (CIP), and model training.

HATTAN ROAD PUMP STATION DESIGN, CLACKAMAS RIVER WATER, CLACKAMAS, OR | MODELING TECHNICAL ADVISOR

| Clackamas River Water District is working to complete their Backbone Projects initiative to meet water demand and increase reliability and capacity in both their north and south service areas. Kennedy Jenks designed a new water booster pump station to deliver water south of the Clackamas River. The station includes three, 400-horsepower vertical turbine pumps to deliver 5.6 MGD to the Redland Reservoirs, a dual surge tank system and a pressure relief valve to deliver water north by gravity and bypassing the pump station. Paul provided technical guidance for hydraulic modeling services to define the pump station capacities.

LAS POSAS REPLACEMENT WATER STUDY, CALLEGUAS MUNICIPAL WATER DISTRICT, MOORPARK, CA | PROJECT ENGINEER

| Kennedy Jenks provided CMWD and Fox Canyon Groundwater Management Agency engineering services to perform the Study, which comprised fourteen individual studies each evaluating a water supply alternative. Kennedy Jenks developed key criteria to assess each project alternative. Results of this Study found that opportunities to diversify the Basin's water supply are regionally accessible within supply types including stormwater, treated brackish water, imported water, and recycled water, as well as invasive vegetation removal. Factors impacting the overall feasibility of an evaluated alternative include capacity and capital costs per project, and potential limitations on supply availability such as water rights, agency terms, hydrological availability, drought, and other limitations. Project also included stakeholder engagement for criteria development and analysis review.

RECYCLED WATER RESOURCES PLAN, RANCHO CALIFORNIA WATER DISTRICT, TEMECULA, CA

| PROJECT ENGINEER | Currently developing a Recycled Water Resources Plan (RWRP) to provide the District a clear and concise strategy for utilizing its available recycled water supplies. Twelve non-potable and potable reuse alternatives (including groundwater replenishment, conjunctive use via nearby reservoir, streamflow augmentation and direct potable reuse) were evaluated using a weighted-criteria ranking analysis utilizing criteria developed by the Board of Directors. Led the development of the technical parameters, regulatory compliance, and life cycle cost estimates for the project alternatives that were considered.

RECYCLED WATER MASTER PLAN UPDATE, SANTA CLARITA VALLEY WATER AGENCY (CASTAIC LAKE WATER AGENCY), SANTA CLARITA, CA | PROJECT ENGINEER

| Led the engineering team for Prop 84-funded Recycled Water Plan to investigate non-potable reuse, groundwater recharge, surface water augmentation and direct potable reuse for CLWA and the four retailers in the region. Paul led oversight and QA/QC of the hydraulic modeling development. Included alternative analysis and facility siting considerations for 14 sub-alternatives, including evaluation of conveyance requirements and costs.

Gregory B. Behnke

Site Civil

Years of Experience

41 years

Professional Summary

Greg offers over 40 years of experience in the civil and sanitary engineering field. His regular responsibilities include the development of design and preparation of plans and specifications for wastewater and water treatment plants, as well as sanitary, potable and reclaimed water pipelines, reservoirs, mass grading and wetland restorations projects. He also has experience working as a system administrator, IT coordinator and providing CAD support. Greg is experienced in the production of grading plans, pipeline and site design, yard piping design, and reservoir design using Bentley MicroStation, InRoads, InterPlot, and Autodesk Civil 3D modeling software applications. He is skilled in detailed design of pipelines, digital terrain modeling, and extremely proficient in earthwork, earthwork quantities and pond storage volume calculations.

Relevant Project Experience

DAILY II HYDROPNEUMATIC BOOSTER PUMP STATION, EASTERN MUNICIPAL WATER DISTRICT, TEMECULA, CA | CIVIL DESIGN LEAD | Provided design of horizontal controls, paving, and grading and drainage.

DAILY ROAD CONSTRUCTION SUPPORT, EASTERN MUNICIPAL WATER DISTRICT, TEMECULA, CA | CIVIL DESIGN LEAD | Provided horizontal control, paving, and grading, and drainage.

TWO-8 MG RESERVOIRS, PUMPING STATION, WELL IMPROVEMENTS, AND PIPELINES, CITY OF WESTMINSTER, WESTMINSTER, CA | LEAD DESIGNER | Lead designer for the reservoir replacement project located at the intersection of Hoover Street and Hazard Avenue. The work involved the development of a water production well drilled within the site to provide additional water supply for the City's drinking water system. The well pump was 2,500 gpm with 200 hp. The project consisted of a complete water supply and storage system that included a booster pump station (4-3,100 gpm, 200 hp pumps), well pump, disinfection system using sodium hypochlorite and water softeners, emergency back-up power generator, two 8-MG, steel tank reservoirs. The site improvement also included soil stabilization by drilling an array of stone columns and surcharging the site where the two reservoirs will be placed. The soil stabilization project was completed after the well was drilled and tested. The yard piping varied from 36" to 10" and involved connections to two different water service areas.

10 MG TILDEN RESERVOIR, CITY OF RIVERSIDE PUBLIC UTILITIES DEPARTMENT, CITY OF RIVERSIDE PUBLIC UTILITIES DEPARTMENT, RIVERSIDE, CA | LEAD DESIGNER | Civil engineering design lead for this 10 MG with 16-foot side water depth and a total depth of 24 feet (2-5 MG cells), Pressure Zone 1020, buried concrete reservoir located in the southwest part of the city. The 10 MG reservoir was a buried cast-in-place concrete reservoir with 16 feet side water depth and 24 overall depth feet using a hopper bottom. The reservoir is located in the hillside overlooking Creighton Street and Gramercy Place. This project had unique challenges because the design and construction had to keep an above ground 1.5 MG steel reservoir in service while the new concrete buried reservoir was

constructed in the hillside next to it. The civil site work was also challenging due to the hillside design and steep access roads needed to access both the existing steel tank reservoir and the top of the new buried reservoir. Assisted during the construction phase where surficial erosion occurred and affected the cover. Significant repairs were necessary due storm water flooding.

7.5 MG VAN BUREN RESERVOIR, CITY OF RIVERSIDE PUBLIC UTILITIES DEPARTMENT, RIVERSIDE, CA | LEAD DESIGNER | Civil engineering design lead for this 7.5 MG, Pressure Zone 1200 with 16 feet side water depth and a total depth of 24 feet using a hopper bottom, buried concrete reservoir located in near Equestrian Drive and Van Buren Boulevard at Mockingbird Canyon Reservoir. This project was planned to expand one additional 7.5 MG cell to the west. Additional features were provided for that future expansion such as a common 30-inch steel inlet with stub outs. Also, the wall connections for the expansion were built so that the reinforcing and water stops were included.

CANYON LAKE WATER TREATMENT PLANT FACILITIES MASTER PLAN, ELSINORE VALLEY MUNICIPAL WATER DISTRICT, CANYON LAKE, CA | CIVIL DESIGN LEAD | Provided horizontal control, paving, grading and drainage, and yard piping design.

DIAMOND VALLEY LAKE ENGINEERING SERVICES DURING CONSTRUCTION (AS A SUBCONSULTANT), METROPOLITAN WATER DISTRICT, LOS ANGELES, CA | CIVIL CAD TECHNICIAN | Provided civil plans and profiles.

STERLING NATURAL RESOURCE CENTER DESIGN-BUILD BRIDGING DOCUMENTS, SAN BERNARDINO VALLEY MUNICIPAL WATER DISTRICT, HIGHLAND, CA | CIVIL DESIGN LEAD | Provided horizontal control, paving, and grading and drainage.

NORTH CITY PLANT EXPANSION - PIPELINE DESIGN AND SECONDARY CLARIFIER AREA DESIGN, CITY OF SAN DIEGO, SAN DIEGO, CA | CIVIL DESIGN LEAD | Provided horizontal control, pipe design and relocations.

NORTH CITY PLANT EXPANSION - EARLY SITE WORK FOR PIPELINE DESIGN AND SECONDARY CLARIFIER AREA DESIGN, CITY OF SAN DIEGO, SAN DIEGO, CA | CIVIL DESIGN LEAD | Provided horizontal control, pipe design and relocations.

WASTEWATER RECLAMATION FACILITY CONSTRUCTION MANAGEMENT, HI-DESERT WATER DISTRICT, YUCCA VALLEY, CA | CIVIL DESIGN LEAD | Provided horizontal control, paving, grading and drainage and yard piping design.

WELL NO. 41 WELLHEAD TREATMENT PROJECT, ONTARIO MUNICIPAL UTILITIES COMPANY, ONTARIO, CA | DESIGN ENGINEER | Provided design engineering and bid support services for the Well No. 41 Wellhead Treatment Project. The project included a 2,350 gpm ion exchange perchlorate treatment facility, new chlorine building for on-site generation of sodium hypochlorite (relocation of existing OSG system from Well No. 41 building), associated site improvements, approximately 1,300 LF of 16-inch diameter CML&C groundwater supply pipeline, 200 LF of 16-inch diameter CML&C treated water pipeline, and 300 LF of 18-inch diameter RCP storm drain. The ion exchange treatment process includes two pre-filters, four 12-foot diameter ion exchange treatment vessels (two trains in lead-lag configuration), along with flow metering, and controls.

Years of Experience

19 years

Professional Summary

Jeff Mohr has over 19 years of experience in the design and construction administration of power, control, and instrumentation systems for various water and wastewater projects. His designs have included low- and medium-voltage power generation and distribution systems, variable frequency drives, indoor and outdoor lighting, solid state power system monitoring and protection, hardwired relay and programmable logic controller (PLC) control systems, and various data acquisition and other instrumentation systems. Jeff has managed several large electrical generator installation projects and electrical equipment replacements on existing facilities, while maintaining continuous operation during the construction process, improving electrical safety and optimizing existing facilities to save construction costs.

Relevant Project Experience

PURE WATER MONTEREY - GROUNDWATER REPLENISHMENT, GWR INJECTION WELL FACILITIES, ENGINEERING SERVICES DURING CONSTRUCTION, MONTEREY ONE WATER, MONTEREY, CA |

ELECTRICAL ENGINEER | Project responsibilities included assisting the team with Engineering Services During Construction and helped coordinate the incoming electric utility service with Pacific Gas and Electric (PG&E). The AWTF facility was designed to receive two power feeds through its 21kV Main-Tie-Main switchgear. To meet construction schedules, the 21kV primary service was coordinated with PG&E. The design of the alternate 21kV power supply from Waste management District is currently being finalized and coordinated with PG&E. The final power distribution arrangement will provide the client with a reliable power distribution system while optimizing energy usage costs.

CHERRY WILLOW RECYCLED WATER TANK FINAL DESIGN, SANTA CLARITA VALLEY WATER AGENCY, SANTA CLARITA, CA | LEAD ELECTRICAL ENGINEER |

Design of an electrical distribution system to support the construction of two recycled water tanks, associated seismic valve controllers and area site lighting and receptacles. Coordinated with SCE to ensure incoming utility modifications were brought to the site.

LIFT STATION 1 REPLACEMENT, RAINBOW MUNICIPAL WATER DISTRICT, BONSALL, CA | LEAD ELECTRICAL ENGINEER |

Assisting junior engineers in the design of lift station replacement project. Project includes a 50kW optional standby power generator to back up necessarily facility equipment and maintain operation of the lift station.

PLEASANT GROVE WASTEWATER TREATMENT PLANT EXPANSION, CITY OF ROSEVILLE, ROSEVILLE, CA | CHIEF ELECTRICAL ENGINEER | Responsibilities included performing quality review of design-assist documents for plant modifications to construct primary clarifier and associated pumping, solids thickening facilities, rehab of a WAS holding tank to centrate storage tank, digester facilities and a waste gas burner. The electrical work included modifications to an existing 480V metal clad switchgear, new 480V motor control centers, 480-120/208V step-down transformers and 120/208V panelboards.

SAN JOSE-SANTA CLARA REGIONAL WASTEWATER FACILITY FILTER REHABILITATION, CITY OF SAN JOSE, WATER POLLUTION CONTROL, SAN JOSE, CA | ELECTRICAL ENGINEER | Project responsibilities included review of existing design documents for the upgrading of 16 filters and associated electrical infrastructure. Will provide quality analysis and control throughout the duration of design to ensure project constructability and help optimize project costs.

SOUTH SAN LUIS OBISPO WWTP REDUNDANCY PROJECT, SOUTH SAN LUIS OBISPO COUNTY, OCEANO, CA | ELECTRICAL ENGINEER | Project responsibilities included review of existing design documents for the installation of both medium and low-voltage electrical distribution system for the operation of groundwater injection wells and future facility booster pumps. Jeff will be providing quality analysis and control throughout the duration of design to ensure project constructability and help optimize electrical equipment layout and project costs.

PROJECT 716 DUAL MEDIA FILTERS PHASES 3 & 4, CLARK COUNTRY WATER RECLAMATION DISTRICT, LAS VEGAS, NV | LEAD ELECTRICAL ENGINEER | Served as the lead electrical engineer for the design of expanded tertiary facilities for Clark Country Water Reclamation District. Project included the expansion/addition of granular media filters, a new filter influent pump station, retrofit of existing UV disinfection technology, and retrofit of other existing ancillary facilities. Tasks included bringing in two new utility services to a double-ended 12.47kV-480/277V unit substation. Unit substation was equipped with differential relay protection to limit arc flash hazard levels. Other project tasks included design and preparation of single line diagrams for both medium and low voltage distribution systems, electrical motor control schematics, uninterruptible power supply system, and interfaces with PA, telephone communication, site security and fire alarm systems.

GREEN RIVER WATER TREATMENT PLANT, TACOMA PUBLIC UTILITIES, TACOMA, WA | LEAD ELECTRICAL ENGINEER | Served as the lead electrical engineer in the construction management of the filtration facilities expansion for the Green River Water Treatment Plant. Work included modifications to the 12.47 kV primary electrical system to loop feed power around the site and interface with a new optional standby 12.47 kV paralleling diesel engine generator system. Remote operating panels were designed for the primary generator system to reduce arc flash hazards and promote safety for plant personnel. Other project details included the design of aeration and final sedimentation facilities, filters, new chemical systems and modifications to existing chemical systems, solids handling facilities, including thickeners and dewatering, two clearwells, and a finished water pump station.

FULTON PUMP STATION, PORTLAND WATER BUREAU, PORTLAND, OR | LEAD ELECTRICAL ENGINEER | Served as the lead electrical engineer for the Fulton Pump Station Replacement Project. The pump station was designed to supply 18 mgd as a reliable means to supply to Burlingame Service Area. Project tasks included utility coordination with the electrical provider (PGE), development of site plans, single line diagrams, equipment elevations, control schematics, panelboard and luminaire schedules, power, control and signal plans, and lighting, receptacle and grounding plans for the pump station.

Hashmi Quazi, PhD, PE, GE

Principal-in-Charge / Project Director

Dr. Quazi has over 31 years of experience providing geotechnical engineering services and has earned a reputation for providing quality work in an honest and ethical manner, on time and within budget. Dr. Quazi provides quality control, budget oversight, and technical assistance on various types of projects, including pipelines, water treatment plants, wells, reservoirs, booster pump station and other related projects.

Relevant Experience

Mojave Water Agency R3 Pipeline, San Bernardino County, CA. Principal in Charge. Provided technical and budget oversight, resource allocation and contract management for the geotechnical investigation. The project involved 10 miles of proposed Phase 1 Water Conveyance pipeline, utilizing trenchless crossings under BNSF railroad tracks, under Interstate 15 along Mesa Street, and under Highway 395 at Mesa Street. The project also included proposed Turnout Structure Nos. 6 and 7 to be located at Mesa View Drive in the City of Victorville, & proposed steel reservoir and pump station in the City of Hesperia.

The Mojave River Pipeline – Reach 4A, San Bernardino County, CA. Principal in Charge. Provided technical and budget oversight, resource allocation and contract management for the geotechnical investigation, observation and testing. The project consisted of the design and construction of approximately 30,620 linear feet of 24-inch diameter raw water pipeline located in an unincorporated area in the County of San Bernardino, north of the City of Barstow, California.

WDI-1 & WDI-2 Pump Station, Victorville, CA. Principal in Charge. Provided technical and budget oversight, resource allocation, and contract management for the geotechnical investigation. The project consisted of the construction of the WDI-1 & WDI-2 Pump Station in Victorville, CA. It will be an approximately 30' x 30' masonry block wall building with slab-on-grade. There will be piping running from the pump station to connect in the street and stub south of Sycamore Street for future extension.

Morongo Basin Water Pipeline Project, Mojave Water Agency, High Desert Area, CA. Principal in Charge. Provided technical and budget oversight, resource allocation and contract management for the geotechnical investigation. The project consisted of 70 miles of pipeline, a turnout structure, pump stations, and water reservoirs.

2.5 MG Tank & Pump Station, Hesperia, CA. Principal in Charge. Provided technical oversight and budget control for the geotechnical investigation. The project consisted of the design and construction of a 2.5 MG water tank, pump station, and associated pipelines and appurtenances located at 13500 Live Oak Street, Hesperia, CA. The proposed water tank diameter was 115 feet with a height of 30 feet and was constructed at-grade with a 4-foot-wide by 2.5-foot-deep ring wall foundation. A second future water tank is proposed with a footprint of 25 feet by 50 feet. The building was a one-story masonry block wall structure founded on shallow footings with a slab-on-grade.

EDUCATION

- Ph.D., Civil Engineering, University of Arizona, 1987
- M.S., Civil Engineering, Arizona State University, 1982
- B.S., Bangladesh Engineering University, 1978

REGISTRATIONS/CERTIFICATIONS

- California, Civil Engineer, #46651
- California, Geotechnical Engineer, #2517

Zahangir Alam, PhD, EIT

Senior Staff Engineer / Project Manager

Mr. Burnham has 6 years of experience which includes geotechnical investigations, fault studies, rock slope stability, landslide investigation, rock rippability assessment, liquefaction mitigation, and geotechnical monitoring of grading, including many hillside and hard rock sites. Mr. Burnham's organization and focus enables him to effectively coordinate projects in the field and oversee professional and field staff on their projects.

Relevant Experience

OMUC Water Main Replacement, Ontario, CA. Project Geologist. Managed fieldwork and paperwork for the geological investigation for the project. The project consists of 9,000 linear feet of 8-inch and 12-inch diameter pipeline at various locations in the Ontario, California. The pipelines will be located along Euclid Avenue, Main Street, Transit Street, "C" Street, 5th Street and College Way. Converse drilled borings in previous years in or in the close vicinity of these streets and recently for the Euclid Recycled Water Pipeline.

IEUA Baseline Pipeline Extension, Fontana, CA. Senior Staff Engineer. Managed fieldwork and paperwork and prepared reports for the project. during the design phase. The project consisted of extending approximately 8,200 linear feet of 24 inch diameter recycled water pipeline on Baseline Avenue to Cherry Avenue in Fontana, California. 4,500 linear feet was run along Baseline Avenue and 3,700 linear feet was run along Heritage Circle. The pipeline was located in the IEUA 1630 Pressure Zone.

Hemlock & Redlands Booster Pump Station & Pipeline, Redlands, CA. Senior Staff Engineer. Managed fieldwork and paperwork and prepared the geotechnical investigation. The project included the installation of 3,000 gpm capacity vertical pump cans, a 30 foot x 20 foot control and equipment building, and a 1,400 l.f. of pipeline exiting the new booster pump station (BPS) site and running north along Redlands Boulevard in Moreno Valley, California. The pipeline was 24 inches in diameter with an invert depth of approximately 6 to 8 feet bgs. Open cut and cover technique was used to install the pipeline.

Magnolia Avenue Techite Pipeline and Pump Station, Riverside, CA. Senior Staff Engineer. Managed fieldwork and paperwork and prepared reports for the project. The project consists of the installing approximately 3,920 linear feet of 36-inch CML&C steel water pipe along the southern barrel on Magnolia Avenue from Hughes Alley to Polk and installing approximately 1,620 linear feet of 36-inch CML&C steel water pipe along the southern barrel on Magnolia Avenue from Polk Street to Park Sierra Drive. The pipes will be installed using the cut and cover technique. It will have 5 feet of soil cover.

Chromium 6 Treatment Facilities Well Sites, Coachella Valley, CA. Senior Staff Engineer. Managed fieldwork and paperwork and prepared the geotechnical investigation. The Chromium 6 Treatment Facilities project consisted of several components within 30 well sites in various locations in Coachella Valley, California. Those sites included 5 well sites with no treatment facilities, 23 sites with strong base anion (SBA) and 2 well sites with weak base anion (WBA) treatment facilities, approximately 52,350 linear feet of raw and finished water pipelines, and a Central Resin Regeneration Facility (CRRF).

Tom Dodson, Tom Dodson & Associates

Title

President /
Environmental Specialist

Education

M.A., *Geography*, University of
California, Berkeley, 1973
B.A., *Geography*, University of
California Berkeley, 1968

Experience

30+ years

Summary

Tom Dodson is the President of Tom Dodson and Associates, an environmental consulting firm in San Bernardino, California. He has more than 40 years of experience in land use planning, and environmental and resource management, with special expertise in CEQA, NEPA, regulatory compliance, expert witness testimony and communication/facilitation for resolution of environmental issues. He personally prepares environmental documentation for a broad variety of projects and acts as a resource person in working with clients, governmental agencies, and decision-makers in finding solutions to complex problems. He negotiates with regulators at the federal, state and local level, and designs formal presentations to committees.

Mr. Dodson has served as a facilitator in resolving environmental issues for several agencies, including the Bureau of Land Management, San Bernardino County, City of San Bernardino, and other agencies. Mr. Dodson also provides expert witness testimony on land use and environmental issues on a variety of court cases, primarily in CEQA litigation, takings, land use and regulatory cases. He serves as program manager on most projects undertaken by the firm and maintains close contacts with subconsultants and specialists who can provide technical information, as needed, in a timely manner. Mr. Dodson also serves as the environmental advisor/consultant to the San Bernardino County Local Agency Formation Commission, San Bernardino International Airport Authority, Inland Valley Development Agency, Inland Empire Utilities Agency, cities of Murrieta and El Monte, and several other agencies.

Relevant Experience

Negotiation of Stream Alteration Agreements and Section 404 Permits

Since 1988 Mr. Dodson has been involved in more than 20 projects that required acquisition of Stream Alteration Agreements from the State Department of Fish and Wildlife and Section 404 Permits from the U.S. Army Corps of Engineers. This includes several permits in Big Bear Valley, along the Santa Ana River and its tributaries, and southern California in general.

City of San Bernardino, Various CEQA/NEPA Documents

Over the past four years, TDA has prepared environmental documents to comply with both the California Environmental Quality Act and National Environmental Policy Act for a variety of City projects. These projects include: Orange Show Road Extension, involving two bridges, one over Twin Creek and the other over the Santa Ana River; the downtown movie theater sponsored by the City Economic Development Agency (EDA); installation of sewer lines along Cajon Boulevard for the City EDA; and most recently, several demolition projects, also initiated and carried out by the EDA. All of these documents have been successful in accomplishing full compliance with both CEQA and NEPA and other regulatory requirements, such as Corps of Engineers and endangered species permits.

Tom Dodson, Tom Dodson & Associates

Inland Valley Development Agency (IVDA)/San Bernardino International Airport Authority (SBIAA) (1992-Present)

Environmental manager for the IVDA and SBIAA in their role as the redevelopment and reuse agency for Norton Air Force Base located in San Bernardino, California. Assisted the Air Force in completing its first and only air conformity determination for reuse of a closing military base. The analysis was used in presentations to the federal Environmental Protection Agency (EPA) to revise the Conformity Regulations to exclude transfers of military bases from conformity findings. TDA has been involved in every facet of base closure, working closely with the Air Force Base Closure Agency (AFBCA) at Norton and in Washington D.C. to complete the Final EIS and issue the Record of Decision. This support effort includes endangered species management programs at the former Base and consultations with the State and Federal government under endangered species laws.

Inland Empire Utilities Agency (IEUA, 1999-Present)

As environmental consultant to the IEUA, TDA prepared the Program EIR for the Optimum Basin Management Program which evaluated the whole program that is proposed to be implemented to remove groundwater contamination from the Chino Basin. This EIR was prepared to meet court mandated deadlines and was certified in a timely manner by the IEUA. TDA has continued consulting with IEUA and recently completed a Program EIR for IEUA Facilities Masters Plans, which examined the long-term implementation of wastewater, recycled water and organic waste management programs. TDA is currently working with ASL/Tetra Tech to implement a major expansion in the organic composting operations currently being carried out by IEUA as part of the Chino Basin groundwater aquifer remediation. Site selection, due diligence, and CEQA documentation are part of the tasks that TDA has assisted with on this project.

SCRRA/Metrolink Projects (2008-Present)

Tom Dodson & Associates has worked through several different engineering firms over the past ten years with SCRRA/Metrolink. During this period, TDA performed more than 15 specific jobs/projects with SCRRA/Metrolink to support both NEPA and CEQA compliance. The largest of these projects was the compilation of an environmental data base for Positive Train Control (PTC) for each of the Metrolink Subdivisions. Each of these projects have been successfully implemented (except for the most current project, San Juan Creek Bridge Replacement Project).

Qualifications

With over 28 years of civil engineering experience as a Project Manager, Steve has worked on a variety of civil, highway, traffic, rail, and transit engineering projects for client cities, outside agencies, private sectors and California Department of Transportation (Caltrans). Steve has been responsible for managing and preparing plans, specifications and estimates for traffic signal, street lighting, signing, striping and traffic control projects utilizing AutoCAD with AutoTurn, Microstation, and Lighting Programs AGI32 and Visual. His experience also includes traffic studies and reports utilizing the Highway Capacity Software (HCS), Intersection Capacity Utilization (ICU), Synchro, and SPEEDPLOT.

Mr. Itagaki has a thorough proficiency in current Caltrans standards and procedures, traffic engineering modeling and methodologies, County of Los Angeles traffic standards and methodologies, and the State of California Vehicle Code.

Relevant Experience

Traffic Control

Site Specific Traffic Control Plans – City of Walnut Valley Water District

Served as *Lead Design Engineer* responsible for preparing traffic control plans for the short- and long-term maintenance of valves and regulating stations at 29 arterial intersections. The intersections resided in the jurisdictional agencies of the Cities of Walnut, Diamond Bar, Industry, Los Angeles County, and Caltrans. Each plan included an inventoried list of traffic control equipment required for proper delineation and not only designed for clear and sunny weather conditions but also for adverse weather conditions as well. The scope of work included in this task was a traffic report which reviewed the agencies' current traffic control device inventory and recommendations to correct deficiencies or enhance equipment to meet current standards. The report also included assumptions, analyses made, results, conclusions, recommendations, and an executive summary of this project.

English Canyon Trunk Sewer – City of Santa Margarita Water District

Served as *Lead Design Engineer* responsible for preparing traffic control plans for the installation of approximately 7,600 feet of sewer lines through the Cities of Lake Forest and Mission Viejo. The installation of this line impacted four (4) lanes of traffic through major intersections and was staged to minimize traffic interruptions.

Flight Avenue TCP (Planes of Fame) – City of Chino

Served as *Lead Traffic Engineer* responsible for providing engineering services for the temporary closure of Flight Road from Merrill Avenue to Kimball Avenue. The scope of work included preparing a final traffic control design plan for the Planes of Fame Air Museum's annual airshow.

SR-60/Azusa Avenue Roadway Improvements – City of Industry

Served as *Project Manager* responsible for developing roadway and traffic control plans on Azusa Avenue at State Route 60. The scope of work included sidewalk improvements, utility modifications, and pavement overlays as well as close coordination with Caltrans and the City of Industry. The traffic signals along Azusa Avenue required careful coordination of roadway improvements. All improvements were designed to meet ADA requirements.

On Call Traffic Engineering Services – City of Desert Hot Springs (c/o Glenmorra Consultants)

Served as *Project Manager* responsible for providing on call traffic engineering in support of various capital improvement projects in design or construction throughout the City. The projects included roadway, signing, striping, traffic signals, street lighting, and traffic control improvements.

Valley Boulevard/Grand Avenue Traffic Control – City of Industry (c/o CNC Engineering)

Served as *Project Engineer* responsible for providing traffic control services for the impacted intersection of Valley Boulevard and Grand Avenue. Tasks also involved performing site visits during the various stages of construction and recommendations on traffic control adjustments.

SR-60/Azusa Avenue Roadway Improvements – City of Industry (c/o CNC Engineering)

Served as *Project Engineer* responsible for developing roadway and traffic control plans on Azusa Avenue at State Route 60. The project included sidewalk improvements, utility modifications, and pavement overlays as well as close coordination with Caltrans and the City of Industry. The Traffic signals along Azusa Avenue required careful coordination of roadway improvements. All improvements are designed to meet ADA requirements.

On Call Traffic Engineering Services – City of Desert Hot Springs (c/o Glenmorra Consultants)

Served as *Project Engineer* responsible for providing on call traffic engineering to the City of Desert Hot Springs, in support of various capital improvement projects currently in design or construction throughout the City. The projects included roadway, signing, striping, traffic signals, street lighting, and traffic control improvements.

City Engineering Services – City of Industry

Served as *City Traffic Engineer* responsible for providing City engineering services to the City of Industry. Services included permitting, plan checking, and inspection as well as the preparation of studies and design plans for roadway, traffic signal, railroad crossing, and rail/highway grade separation projects.

SR-60/Crossroads Parkway North Traffic Control – City of Industry

Served as *Lead Design Engineer* responsible for providing engineering services for the proposed street improvements at the on and off-ramps of State Route 60 (SR-60) and Crossroads Parkway North. The project included traffic control design, review of the existing signing and striping conditions, as well as timely coordination with Caltrans. Various construction stages were developed to maintain access to SR-60 and major business in the area.

Oxnard Transportation Center – East Fourth Street Parking Lot – City of Oxnard

Served as *Project Engineer* responsible for providing engineering services to plans, specifications, and estimate (PS&E) for the proposed improvements at the Oxnard Transportation Center's East Fourth Street Parking Lot in the City of Oxnard. The project included surveying and mapping, signing and striping, grading, drainage, lighting, landscaping, irrigation, geotechnical analysis, and traffic control as well as timely coordination with Caltrans and the City of Oxnard.

Buena Vista Street – City of Burbank

Served as *Design Engineer* responsible for the preparation of traffic control plans for this State Route 134 off-ramp. The project required detouring traffic for the construction of ramp widening. Pedestrian detours were also required within the construction area.

Pacific Coast Highway – City of Long Beach

Served as *Design Engineer* responsible for the preparation of traffic control plans for the installation of a storm drain along this state route. Due to the construction staging of this project, traffic was diverted in three separate phases in order to maintain traffic progression and ease of the construction.

TOM MUNOZ, PLA

With decades of on-call experience with the City of Los Angeles, County of Los Angeles, Port of Los Angeles, and many other public agencies, Tom shares his talents and passion for our profession as a volunteer vice-president of the Corona Historic Preservation Society, volunteer vice-president for the City of Corona Partners for Parks Foundation, volunteer with the Boy Scouts and participant in local California Park and Recreation Society Programs. His emphasis is in water-wise public- and private-oriented park/recreation planning and urban design projects. As a Project Manager on many of NUVIS' public agency projects; client relations, technical direction of construction documents, and multi-team/agency coordination are his notable strengths.

Professional Affiliations

California Park and Recreation Society
Corona Partners Foundation (CPF) for Parks and Recreation
Corona Historic Preservation Society (CHPS)
Boy Scouts of America, Assistant Scout Master, 1997 National Jamboree

Recognition

2015 CMAA Project Achievement Award, Berth 200 Rail Yard & Roadway, San Pedro, CA
2008 APWA Project of the Year, Parks & Recreation, Hesperia Civic Plaza Pk, Hesperia, CA
2006 WCCC Distinguished Project, Honorable Mention, LA Riverfront Park, Studio City, CA
2005 City of Los Angeles Certificate of Commendation, LA Riverfront Park, Studio City, CA
2004 CPRS Award of Excellence, Central Park Sports Complex, Huntington Beach, CA
2004 So Cal Municip. Athletic Fed., Central Park Sports Complex, Huntington Beach, CA

Berth 200 Rail Yard & Field Office

Port of Los Angeles, San Pedro, CA

Tom served as project manager on the renovation of an existing rail yard and field office including accent pottery, low water use plantings, high-efficiency irrigation system, decorative concrete walkways, California Coastal Trail improvements, fountain plaza, fencing, vehicular gate, flagpole, benches, pilasters, and plaza seat wall. CMAA Southern California Chapter 2015 Project Achievement Award. Dates: 2009-2014

Newhope-Placentia Median Landscape

Lee & Ro, Inc. for the Orange County Sanitation District, Fullerton & Anaheim, CA
Tom provided project management for design development and construction documents on 4-miles of median landscape along State College Blvd. as part of an \$80 million trunk sewer replacement project with high-efficiency subsurface drip irrigation and new low water use planting. Stakeholders include the cities of Fullerton and Anaheim, Caltrans, CSU Fullerton, USACE, and Anaheim Stadium. Dates: 2016- on-going

Carbon Canyon Water Recycling Facility

CDM Smith for Inland Empire Utility Agency, Chino, CA

Tom serves as project manager for planting and irrigation to replace landscape disturbed during the renovation of the facility. Scope of services also includes replacing dead/dying trees within the project site, governmental agency coordination, preliminary landscape plans, PS&E, and professional services during bid and construction phases.

Hermosa Beach Parking Lot D Improvements

Adam Streeter Engineers for the City of Hermosa Beach, CA

Tom serves as project manager for project includes redesign of a small municipal parking lot that is in disrepair to be a multi-benefit demonstration project that includes ADA improvements, enhanced lighting and electrical upgrades, a bicycle corral, electric vehicle charging stations, storm water capture and retention, and drought tolerant landscaping. Designs will address the sidewalk, curb and gutter as well as assess the parking lot layout and surrounding on-street parking spaces to maximize parking potential in the parking lot. Scope of services includes preliminary design, PS&E, professional services during bid and construction and governmental agency coordination.

DEPINTO MORALES
COMMUNICATIONS, INC.

David J. De Pinto
Partner/CEO
De Pinto Morales Communications, Inc.

Dave is a founding partner of *De Pinto Morales Communications, Inc. (DMCI)*, a firm specializing in environmental issues management, water education projects, crisis communications, public education and outreach campaigns, stakeholder relations, media relations, public affairs, and ethnic/community marketing. Dave is most notably a senior marketing and corporate communications strategist, with extensive experience implementing grassroots public education and outreach campaigns for controversial/complex environmental projects in both the public and private sectors. Geographically, Dave has implemented such campaigns focused in the northeast San Fernando Valley, the San Gabriel Valley, the City of Los Angeles and throughout the State of California. Dave has worked extensively with attorneys, engineers and operations staff for a wide variety of business and government enterprises, including highly sensitive and confidential matters.

Dave's industry specialties include water supply, water quality, food, beverage, hospitality, transportation, solid waste/recycling, hazardous waste, air quality, land use, oil and gas, and environmental services sectors. As DMCI expanded its water policy practice, Dave has directed several regional public education campaigns promoting the benefits of water conservation, water quality and recycled water for clients such as the San Gabriel Valley Municipal Water District, Upper San Gabriel Valley Municipal Water District, San Gabriel Basin Water Quality Authority and Main San Gabriel Basin Watermaster. Dave originated the plans for the 2012, 2013, 2014, 2016 and 2018 San Gabriel Valley Water Forums, which have become a "must attend" community leader event in the San Gabriel Valley.

Due to his campaign, business management and community leadership experience, Dave possesses intimate knowledge of and sensitivity to communities and their cultures in the northeast San Fernando Valley, the San Gabriel Valley and throughout California. As volunteer president of the largest homeowner association in the City of Los Angeles, Dave has unique insights and capabilities related to facilitating community discourse on controversial issues and development projects involving counties and municipalities, water districts, school districts and non-profit organizations.

Prior to founding his own firm in June 2001 along with long-time business associate Bob Morales, Dave was President and Chief Executive Officer for San Diego-based Stoorza Communications, a leading independent public relations consulting company in California. Dave was a member of the firm's board of directors and directed the management, staff and operations of the company's diverse practice areas and offices in San Diego, Los Angeles, Sacramento, Riverside and Fresno. The firm had annual revenue in excess of \$10 million during his tenure, with nearly 100 employees.

From 1994-1999, Dave was a global partner for Ketchum Public Relations and was general manager/director of the company's Los Angeles, Riverside and Sacramento offices. Dave also served as executive vice president of Pacific/West Communications Group, a Los Angeles-based issues management and public relations firm.

Dave's corporate background includes serving as director of marketing, public relations and public affairs for Coca-Cola Bottling Company of Los Angeles (CCLA), the nation's largest soft drink bottler, which also owned Arrowhead Water. He achieved a distinguished record of marketing innovation, sales growth and community leadership in both general and ethnic markets for Coca-Cola. Dave also was integrally involved with Coca-Cola's sponsorship of the 1984 Olympics in Los Angeles, and directed Coca-Cola's marketing partnerships with theme parks, sports and entertainment venues, professional sports franchises, major sporting events, and major universities throughout Southern California.

Dave has received numerous professional awards and recognition, including two Public Relations Society of America's (PRSA) prestigious Silver Anvil Awards for public relations campaigns on behalf of his clients, the 1996 Olympic Games Torch Relay and Knotts Berry Farm Theme Park. Dave received his M.B.A. from the University of Southern California, and his B.A. degree from Brown University, majoring in Political Science and Economics.

Dave is a member of and serves on a variety of volunteer civic and community boards of directors and committees, including the Shadow Hills Property Owners' Association, S.A.F.E. Coalition and Oakmont Country Club. Dave is married with two children. Since 2014, Dave has voluntarily spearheaded creation of and advocacy by the S.A.F.E. Coalition, a northeast San Fernando Valley based coalition of community leaders opposed to the high speed train project and the negative impacts it will create for residents and businesses in the northeast San Fernando Valley.

2020
FIRST AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT
(John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir
Replacement Engineering Design Services)

THIS 2020 FIRST AMENDMENT (“First Amendment”) to that certain agreement entitled “Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services” originally executed 17th day of June, 2019 by and between the CITY OF SAN FERNANDO, a municipal corporation and general law city (“CITY”) and JOHN ROBINSON CONSULTING, a California corporation (hereinafter, “CONSULTANT” is made and entered into this 5th day of October, 2020 (“Effective Date”). For purposes of this First Amendment, the capitalized term “Parties” shall be a collective reference to both CITY and CONSULTANT. The capitalized term “Party” may refer to either CITY or CONSULTANT interchangeably as appropriate.

RECITALS

WHEREAS, the Parties executed and entered into an employment agreement dated June 17, 2019 and entitled “Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services”, Contract No. 1912 (hereinafter, the “Master Agreement”); and

WHEREAS, the Parties now wish to modify the Master Agreement further for purposes of modifying the Master Agreement's compensation terms; and

WHEREAS, execution of this First Amendment was approved by the San Fernando City Council (“City Council”) at its Regular Meeting of October 5, 2020.

NOW, THEREFORE, in consideration of the mutual agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties agree as follows:

SECTION 1. The Not-to-Exceed Sum as defined under Section 1.3 of the Master Agreement is hereby amended to mean and refer to the sum of Five Hundred and Forty-Five Thousand, Three Hundred and Forty-Five Dollars (\$545,345.00).

SECTION 2. Notwithstanding anything in the Master Agreement or the First Amendment to the contrary, CONSULTANT shall perform the various services and tasks set forth in the Scope of Services in accordance with the performance scheduled entitled “Additional Scope of Services” which is attached and incorporated hereto as **Exhibit “A”**).

SECTION 3. Except as otherwise set forth in this First Amendment, the Master Agreement shall remain binding, controlling and in full force and effect. The provisions of this First Amendment shall be deemed a part of the Master Agreement and except as otherwise provided under this First Amendment, the Master Agreement and all provisions contained therein shall remain binding and enforceable. In the event of any conflict or inconsistency between the provisions of this First Amendment and the provisions of the Master Agreement, the provisions of this First Amendment shall govern and control, but only in so far as such provisions conflict with the Master Agreement and no further.

SECTION 4. The Master Agreement as amended by way of this First Amendment, constitutes the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed herein and supersedes all other agreements or understandings, whether oral or written, or entered into between CITY and CONSULTANT prior to the execution of this First Amendment. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid or binding. No amendment, modification or supplement to the Master Agreement as amended by this First Amendment shall be valid and binding unless in writing and duly executed by the Parties in the form of a written contract amendment.

IN WITNESS WHEREOF, the Parties hereto have caused this First Amendment to be executed on the day and year first appearing above.

Additional Scope of Services

Task 1.2 – Geotechnical Investigation – Converse Consultants, based on the draft geotechnical investigation report, is required to complete extra evaluation, engineering analysis, and drafting.

Task 1.3 – Utility Research and Task 2.1 – 60% Design Documents (Civil Discipline) – Kennedy/Jenks, based on the direction on the draft preliminary design report, are adding effort to accommodate the following design changes:

- Addition of piping modifications at the Hubbard pump station site including two (2) new civil sheets, one civil plan, based on additional survey to be provided by the surveyor, and one new additional set of details for the piping connections at that location.
- Add site lighting attached to both tanks using LED lights.
- Add 2-foot deep concrete curb at south fence line.
- Change concrete tank configuration from circular pre-stressed concrete to rectangular conventionally reinforced tank, resulting in three additional structural sheets being added for additional detailing.
- Provision of a motorized swing gate with remote operation.

Task 1.4 – Topographic Survey – On-Line Engineering, based on the addition of piping modifications at the Hubbard pump station site, would provide additional survey to support the civil design.

Task 2.4 – Traffic Control Plans – JMDiaz, based on the addition of piping modifications at the Hubbard pump station site, would provide additional traffic control for the future construction of the pipeline modifications at the Hubbard pump station.

Task 4.1 Project Management and Administration – John Robinson Consulting is not requesting any additional compensation for the above effort as we believe this work will not impact the project schedule and can be incorporated into the existing quality assurance/quality control review of the overall project.

Project Schedule:

The additional scope of services would not impact the schedule for the overall project design.

Additional Compensation:

The following is fee breakdown of our fee for each discipline. The fee will be on a time and materials basis, not to exceed \$75,454.

Task No.	Project Task	Total Fee
1.2	Geotechnical Investigation	\$2,560
1.3 and 2.1	Utility Research / 60% Design	\$60,674
1.4	Topographic Survey	\$2,500
2.4	Traffic Control Plans	\$9,720
4.1	Project Management	\$0
	Total Not-to-Exceed Fee:	\$75,454

Per the April 9, 2019 proposal, JRC will not mark-up any of our Project Team invoices and pass those savings back to the City.

2021
SECOND AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT
(John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir
Replacement Construction Management Services)

THIS 2021 SECOND AMENDMENT ("Second Amendment") to that certain agreement entitled "Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services" originally executed 17th day of June, 2019 by and between the CITY OF SAN FERNANDO, a municipal corporation and general law city ("CITY") and JOHN ROBINSON CONSULTING, a California corporation (hereinafter, "CONSULTANT" is made and entered into this 21st day of June, 2021 ("Effective Date"). For purposes of this Second Amendment, the capitalized term "Parties" shall be a collective reference to both CITY and CONSULTANT. The capitalized term "Party" may refer to either CITY or CONSULTANT interchangeably as appropriate.

RECITALS

WHEREAS, the Parties executed and entered into an employment agreement dated June 17, 2019 and entitled "Professional Services Agreement – John Robinson Consulting Incorporated (John Robinson Consulting) - Upper Reservoir Replacement Engineering Design Services", Contract No. 1912 (hereinafter, the "Master Agreement"); and

WHEREAS, the Parties now wish to modify the Master Agreement further for purposes of modifying the Master Agreement's compensation terms; and

WHEREAS, execution of the First Amendment was approved by the San Fernando City Council ("City Council") at its Regular Meeting of October 5, 2020.

WHEREAS, execution of this Second Amendment was approved by the San Fernando City Council ("City Council") at its Regular Meeting of June 21, 2021.

NOW, THEREFORE, in consideration of the mutual agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties agree as follows:

SECTION 1. The Term as defined under Section 1.2 of the Master Agreement is hereby amended to terminate on December 31, 2022.

The Not-to-Exceed Sum as defined under Section 1.3 of the Master Agreement is hereby amended to mean and refer to the sum of Nine Hundred and Five Thousand, Three Hundred and Five Dollars (\$905,305.00).

SECTION 2. Notwithstanding anything in the Master Agreement or the Second Amendment to the contrary, CONSULTANT shall perform the various services and tasks set forth in the Scope of Services in accordance with the performance scheduled entitled "Additional Scope of Services" which is attached and incorporated hereto as **Exhibit "A"**).

SECTION 3. Except as otherwise set forth in this Second Amendment, the Master Agreement shall remain binding, controlling and in full force and effect. The provisions of this Second Amendment

CONTRACT NO. 1912(b)

shall be deemed a part of the Master Agreement and except as otherwise provided under this Second Amendment, the Master Agreement and all provisions contained therein shall remain binding and enforceable. In the event of any conflict or inconsistency between the provisions of this Second Amendment and the provisions of the Master Agreement, the provisions of this Second Amendment shall govern and control, but only in so far as such provisions conflict with the Master Agreement and no further.

SECTION 4. The Master Agreement as amended by way of this Second Amendment, constitutes the entire, complete, final and exclusive expression of the Parties with respect to the matters addressed herein and supersedes all other agreements or understandings, whether oral or written, or entered into between CITY and CONSULTANT prior to the execution of this Second Amendment. No statements, representations or other agreements, whether oral or written, made by any Party which are not embodied herein shall be valid or binding. No amendment, modification or supplement to the Master Agreement as amended by this Second Amendment shall be valid and binding unless in writing and duly executed by the Parties in the form of a written contract amendment.

IN WITNESS WHEREOF, the Parties hereto have caused this Second Amendment to be executed on the day and year first appearing above.

CONTRACT NO. 1912(b)

EXHIBIT A

Additional Scope of Services

CONTRACT NO. 1912(b)
EXHIBIT "A"

May 14, 2021

Mr. John Robinson
Project Manager
John Robinson Consulting, Inc.
1055 E. Colorado Blvd, Suite 500
Pasadena, CA 91106

Subject: Proposal for City of San Fernando - Upper Reservoir Replacement Project Construction Management Services

Dear Mr. Robinson:

This letter describes our proposal for providing construction management services for the City of San Fernando Upper Reservoir Replacement Project.

KEY PERSONNEL

Project Manager – John Robinson, John Robinson Consulting

Construction Manager – Thien Ng, Kennedy Jenks

Site Inspector – Jayce Waldren, Kennedy Jenks

Electrical Inspector – Phil Sanders, Kennedy Jenks

Specialty Inspection – Ninyo & Moore Consultants

SCOPE OF WORK

Task 1. Inspection Services

1.1 Site Inspection

Provide a construction inspector to oversee construction activities and provide daily reports on construction progress. This task assumes 40 hours per week of full-time inspection for 8 months.

1.2 Electrical Inspection

Provide an electrical inspector to oversee major electrical and controls work. The inspector will also oversee testing. Assume 48 hours total.

Mr. John Robinson
John Robinson Consulting, Inc.
May 14, 2021
Page 2

CONTRACT NO. 1912(b)
EXHIBIT "A"

The following work items will be provided by the inspectors:

- Construction daily inspection activities, including civil, mechanical, concrete, reinforcement, electrical, and SWPPP.
- Prepare daily inspection and coordination report.
- Photographic record of the project, before, during, and after construction.
- Attend bi-weekly construction progress meeting.
- Monthly review of the contractor as-built drawings.
- Review monthly payment application from the contractor.
- Coordinate existing reservoir isolation and shutdown activities with the contractor.
- Coordinate new reservoir hydraulic testing with the contractor.
- Coordinate start up and testing activities with the contractor.
- Coordinate new landscape work with the landscape architect.
- Prepare project punchlist.

Assumptions:

- All inspections will be within the project limits.
- Photographs will remain at the Kennedy Jenks office until the end of the project.
- Work requiring correction will be included on the punchlist when it is first noted. These interim punchlists will be transmitted to the contractor periodically during the course of construction.
- Items may be placed on the punchlist at any time up until the Notice of Completion is filed.
- Project labor compliance will be conducted by the City.

Deliverables:

- Daily inspection reports.
- Concrete placement and testing reports.
- All photographic records.

Mr. John Robinson
John Robinson Consulting, Inc.
May 14, 2021
Page 3

CONTRACT NO. 1912(b)
EXHIBIT "A"

- All materials and supplies acquired, and charged to City of San Fernando, for use under this subtask.
- One set of marked up as-built drawings.
- Completed punchlist with items initialed and dated and included with the closeout documents.

Task 2. Specialty Inspection

Provide geotechnical services including concrete testing during construction. The structural inspection involves the verification of reinforcement steel and general building inspection. However, the structural and pipe backfill compaction test is the responsibility of the contractor. We have including a few compaction tests in our proposal for independent field verification if necessary.

Assumptions:

- Ninyo & Moore, as a subconsultant to John Robinson Consulting, will provide field independent verification test if necessary.
- Ninyo & Moore will collect field concrete samples and perform concrete testing, including compressive strength, slump, air content, shrinkage tests.
- Ninyo & Moore will perform special structural and pipe welding testing on an as needed basis.
- Structural backfill testing requirements are the responsibility of the contractor.

Deliverables:

- Compression tests on all concrete samples taken.
- Structural and pipe welding test reports.

Task 3. Project Management & Administration

This task consists of project management and administration of the following services.

- Establish and maintain effective project management and communication throughout the project.
- Maintain open lines of communications and cooperation between City staff, design engineer, inspectors, and contractor.
- Manage electronic construction document control system (Procore).
- Conduct pre-construction meeting and prepare meeting summary report.

Mr. John Robinson
John Robinson Consulting, Inc.
May 14, 2021
Page 4

CONTRACT NO. 1912(b)
EXHIBIT "A"

- Conduct bi-weekly construction progress meeting and special coordination meetings. Prepare meeting summary report.
- Coordinate construction submittal activities with City staff, design engineer, inspector, and contractor.
- Prepare monthly progress payment.
- Review change order proposal from the contractor. Thoroughly analyze the proposal and develop a negotiating position. Prepare change order and submit to the City.
- Review schedule of values and monthly construction schedule update.
- Manage project closeout and one-year guarantee inspection activities.

FEE ESTIMATE

A fee estimate for the proposed scope of work is provided in Attachment A.

SCHEDULE

It is assumed that the project will be completed 9 months from receipt of Notice to Proceed.

Very truly yours,

Kennedy/Jenks Consultants, Inc.

Registrations

Professional Civil Engineer, California (73390)

Professional Summary

Thien Ng is a licensed civil and chemical professional engineer with over 31 years of experience in the development and management of public works infrastructure related to water and wastewater enterprises. He has served in a design and construction management capacity for consulting engineering firms. For the past 16 years, Thien has been in the public sector, most recently serving as Assistant Public Works Director for a large municipality overseeing a \$200 million annual budget and 300 staff members. He has managed major programs and projects in both the private and public sectors for the planning, design, construction and operation of water, wastewater, recycled water, storm water, and solid waste infrastructure.

Project Experience

PUBLIC WORKS DEPARTMENT, UTILITY ENTERPRISE, CITY OF OXNARD, CA | ASSISTANT PUBLIC WORKS DIRECTOR | As Assistant Public Works Director, Thien was responsible for managing the City's water, wastewater, recycled water, storm water, and solid waste divisions, and \$200 million annual operations budget.

During his tenure with the City, Thien also served as Senior Civil Engineer where he managed the design, construction, start up, and operation of public works utility capital improvements in excess of \$200 million. Projects included major improvements and modifications to the City's wastewater treatment plant, Advanced Water Purification Facility, recycled water transmission pipeline, water blending facilities, and water transmission pipeline.

CITY OF OXNARD, CA | PROGRAM MANAGER AND CONSTRUCTION MANAGER | Constructed a 12.5 mgd and 5 mgd water blending facilities and 4 miles of 36-inch water transmission pipeline. Responsibilities included: in-house constructability and operability reviews, coordinated City's plan check review, oversaw daily construction activities, review of construction schedule and updates, conducted weekly construction progress meeting, prepared monthly progress payment report, negotiated and prepared final change order documentation, led project start-up effort, review of as-built drawings, warranties, and final acceptance.

CITY OF OXNARD, CA | PROJECT MANAGER AND CONSTRUCTION MANAGER | Constructed a 6.25 mgd recycled water treatment plant and 10 miles of 36-inch recycled water transmission pipeline. Responsibilities included: facilitated a third-party constructability review, coordinated City's plan check review, oversaw daily construction activities, review of construction schedule and up-dates, conducted weekly construction progress meeting, prepared monthly progress payment report,

negotiated and prepared final change orders, led project start-up effort, review of as-built drawings, warranties, final acceptance, and City Council project completion presentation.

BLENDING STATION #1 ADA/ENERGY EFFICIENCY IMPROVEMENTS PROJECT, CITY OF OXNARD, CA | CONSTRUCTION MANAGER | Provided constructability reviews, coordinated City plan check review, oversaw daily construction activities, reviewed the construction schedule and updates, conducted weekly construction progress meetings, prepared monthly progress payment report, negotiated and prepared final change order documentation, prepared RFI responses, led project start-up effort, reviewed as-built drawings, and warranties.

LESTER J. BERGLUND WATER TREATMENT PLANT PHASE 1 UPGRADE AND EXPANSION PROJECT, CITY OF POWAY, CA | CONSTRUCTION MANAGER | Project included expansion of water treatment capacity from 12 mgd to 24 mgd. Responsibilities included: oversaw daily construction activities, prepared San Diego Air Pollution Control District (APCD) permit applications, reviewed construction schedule and updates, conducted weekly construction progress meeting, negotiated and prepared final change orders documentation, review of shop drawings and O&M manuals, prepared RFI responses, led project start-up effort, review of as-built drawings, and warranties.

U.S. INTERNATIONAL BOUNDARY AND WATER COMMISSION WASTEWATER TREATMENT PLANT, SAN YSIDRO, CA | PROJECT ENGINEER AND ASSISTANT RESIDENT ENGINEER | The project included design and construction of a new wastewater treatment plant and collection facilities that served as a long-term solution for treatment of wastewater flows originating in Tijuana, Mexico. Responsibilities included: Prepared San Diego APCD permits, prepared treatment plant storm water NPDES permit, developed a one-year sampling and analysis pro-gram for wastewater characterization, developed wastewater treatment plant design criteria, evaluated effluent concentrations to meet California Ocean Plan limitations, design of odor control facilities, review of construction schedule and updates, conducted weekly construction progress meeting, review of certified payment, negotiate and prepared final change order documentation, review of as-built drawings, and warranties.

Jayce Waldren

Senior Civil/Mechanical Inspector

Certifications

40-Hour Hazwoper Certification Training Course
CAL OSHA 30-hour Safety Training
Certified Operator Powered Industrial Trucks and
Aerial Lifts
Qualified Rigger for Rigging Safety and Procedures

CPVC Pipe Certification
3G Welding Certification, qualified to weld flat,
horizon, and vertical up

Years of Experience

26 years

Professional Summary

Jayce has over 26 years of construction experience including underground, underground utilities, and general construction. He has a wide range of skills and experience including operating heavy equipment, framing, plumbing, electrical, excavating, backfill and grading, and traffic control. His knowledge and experiences allow him to maintain a safe work environment by identifying safety hazards and properly operating and maintaining a variety of equipment. Jayce's attention to detail and ability to effectively communicate with team members ensures project specifications are met while meeting project deadlines. His hands-on experience results in an expert-level understanding of all aspects of construction allowing him to perform the highest quality inspection services.

Project Experience

WATER AND WASTEWATER INFRASTRUCTURE DESIGN FOR THE TESORO VIEJO COMMUNITY DEVELOPMENT, RIVER INTAKE (COMMON DIVERSION FACILITY), TESORO VIEJO, INC., MADERA, CA | INSPECTOR/SITE OBSERVATION | Providing construction observation and inspection services for the Common Diversion Facility. Responsibilities include daily inspection reports, photographs, documentation. Serves as the "eyes and ears" for our client. The project includes replacement of the existing river intake with a new 5,000 gpm river intake within the San Joaquin River. Project components include: state-of-the-art fish screen technology, 36-inch steel intake pipe, submersible vertical turbine pumps, County/CSA-16 turnout, demolition and a removal of existing intakes and pumping facilities; cove fill and riverbank restoration. Responsible for the design and preparation of design documents. Established pipeline, fish screen and pipeline design criteria and evaluated intake location alternatives. Provided CEQA support for technical project aspects and responsible for overall project description in support of CEQA; supported multi-agency permitting efforts and served as the technical representative for TV in support of permit acquisition; responsible for preliminary and final design and engineering services during construction.

BOSS ENGINEERING, WOODLAND, CA | Responsibilities included commercial, industrial and residential plumbing and fire protection; trenching and backfilling; operating large equipment, including backhoe, excavator and skid steer; grading and leveling education.

MYERS AND SONS CONSTRUCTION, SACRAMENTO, CA | Underground/underground utilities and general construction duties included:

- Ensuring every project is met following code specs from start to finish
- Logging daily reports and track
- Attending weekly management meetings
- Read, review, and manage blueprints, RFI's, change order and submittals

- Maintaining a safe work site and complete job requirements in a timely manner
- Underground construction including sewer, water (potable and non-potable), waste, agriculture, pump stations, new and rehabilitation
- Operating and maintaining a variety of power tools and large equipment
- Conducting job bids and estimates for upcoming projects
- Training new employees
- Managing written communication between owner and contractor

PROMINENT PLUMBING, WOODLAND, CA | Conducted weekly safety meetings, operated large equipment including backhoes and excavators for digging trenches, backfilling and grading. Conducted job bids and estimates for upcoming projects.

INTERSTATE COMPANIES, WOODLAND, CA | Construction responsibilities included:

- Conducted job bids for upcoming projects
- Read and understand data, blueprints, and specifications
- Knowledge of building codes for installation, maintenance and construction
- Developed project design including ADA accessibility and local and state building codes
- Operated and maintained a variety of power tools and large equipment
- Framing using both wood and metal studs, demolition, sheet rock, taping, painting, electrical
- Wall and fence construction including masonry, wood, chain-link and welded wire
- Experience with using shearing, plasma-cutting and metal-forming machine tools to convert raw materials
- Knowledge of asphalt paving process and repairs
- LB & Dewalt flat/sloping lasers to locate grade: cut grade, establish drainage, slope and fall
- Installed and removed traffic control barricades, cones, and lights
- Painted and installed traffic markings on streets, crosswalks, curbs, and parking lots
- Aggregates, backfilling and grading
- Used desktop database software to enter/edit data
- Interpreted all federal, state and university rules, regulations, and policies
- Prevented interruptions and fines by enforcing and meeting codes
- Maintained a safe work environment and identified improvements needed

Phil Sanders

Senior Electrical Inspector

Certifications

California General Electrician Certification
(E150135)
Medium Voltage Certification, AVO Training #517
(MVCT-T)
OSHA 30 Certified
Confined Space Certified

OP2 Awareness Certified
HAZWOPER 24 Certified
NFPA 70E Trained
First Aid/CPR/AED Certified
Construction Management Trained

Years of Experience

45 years

Professional Summary

Phil has over 45 years of experience in many facets of construction including electrical, generation, transmission, civil, and structural. He has a wide range of skills and experience including low/medium voltage, industrial electrical, Hydro Power electrical, underground utilities, fire alarm, on-site inspections, and equipment commissioning. Phil's has stellar project and construction management skills with great attention to detail and the ability to effectively communicate with team members to ensure project specifications are met while meeting project deadlines.

Project Experience

WATER QUALITY CONTROL PLANT WET WEATHER AND DIGESTERS IMPROVEMENTS

CONSTRUCTION MANAGEMENT SERVICES, CITY OF SOUTH SAN FRANCISCO, SOUTH SAN

FRANCISCO, CA | CONSTRUCTION INSPECTOR | Provided construction support for the \$49M improvements project to rehabilitate and upgrade the secondary treatment and solids handling facilities. Work includes digester demolition and new construction, digester control building rehabilitation, rehabilitation of aeration basins, addition of a secondary clarifier and two storm water pump stations.

CITY OF SAN MATEO CLEAN WATER PROGRAM, SAN MATEO, CA | CONSTRUCTION INSPECTOR |

Project electrical inspector for the \$950M City of San Mateo Clean Water Program. Project elements include replacing, upsizing or rehabilitating 260 miles of pipelines ranging from 6"- 39" in diameter and upgrading 24 sanitary sewer lift and pump stations.

SECONDARY TREATMENT PLANT UPGRADE AND RECYCLED WATER EXPANSION, LAS GALLINAS

VALLEY SANITARY DISTRICT (LGVSD), SAN RAFAEL, CA | CONSTRUCTION INSPECTOR |

Expansion for LGVSD includes new anoxic/aeration basin with new primary and internal recycle pump stations. New electrical bldg. and all new electrical equipment with 1.5 megawatt genset and transfer switch.

HEXAVALENT CHROMIUM (CR VI) COMPLIANCE WATER SYSTEM PROJECT ENGINEERING

SUPPORT AND CONSTRUCTION SERVICES CITY OF, NEWMAN, CA | CONSTRUCTION INSPECTOR |

The Cr VI Compliance project includes a new well, storage tank, booster pump station, electrical building, Back up genset with load bank, and two chemical feed buildings.

HYDRO ELECTRIC POWER PLANT RENOVATION & RESTORATION, PHASE 2, HGH ELECTRIC, CA |

ELECTRICAL SUPERINTENDENT/PROJECT MANAGER | The project included: complete rewire of 122 Megawatt, 4 unit power generating/pumping plant, all PLC cabinets, AVR's, Digital Governor control

cabinets, Main Control Board, Protection Control Boards, 13.8 substations. 230KV Transformers, Low Volt Substations and Gear. Responsible for a 20-man team of electrician's daily duties, inspections of their work and quality control for the electrical work in the plant. Wrote all MOPO's for plant cutovers and commissioned MCC's and peripheral equipment. Oversee all necessary subcontractor work. Code Call. Fire Alarm. Security system.

CSI ELECTRIC, LOOMIS, CA | ELECTRICIAN/GENERAL FOREMAN | Served as Industrial Electrician, Superintendent, and/or General Foreman on various construction projects:

- Menlo Park VA Hospital & Mather AFT VA Hospital - Chiller/Air handler replacement
- Palo Alto VA Hospital & Martinez VA Hospital - Medium voltage duct-bank installation
- San Francisco VA Hospital - Temporary and permanent chiller power and controls
- Sunsweet Growers - 15KV sub-station installation; Full install, automate, commission food processing and bottling lines; lighting renovation to energy efficient lighting for 1 million SF of warehouse
- Suburban Propane - Change dual 400 hp gas compressor system to automated soft-starts
- Pacific Coast Producers - Install, automate, commission new steam tomato peeler
- Mariani Products - Overhaul and automation of several food processing lines
- Herlong State Prison - New 15KV switch installs
- Folsom State Prison - Transformer changeouts
- Vacaville State Prison - New 15KV switch and inverter install for solar field

STEINER MCBRIDE ELECTRIC, INC., CITRUS HEIGHTS, CA | ELECTRICAL SUPERINTENDENT |

Served as Electrical Superintendent and/or Foreman on various construction projects:

- Hydro Electric Power Plant Renovation and Restoration Phase 1 - Install temporary power system for life support systems
- QE for backbone fiber installation over energized PG&E vault and duct bank structures throughout the San Francisco Bay area.
- Stockton Business Park - Install new medium voltage infrastructure
- 15KV sub-station install/energization/commissioning
- Hyatt Power Plant - Camera system install in tail race tunnels
- Large capacity 3 phase ups install and commissioning, sump pump control system, two 1-million gallon tanks
- Thermalito Power Plant - Install new strain gauge sensor system on spillway gate

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager

Date: January 10, 2022

Subject: Receive and File an Update Regarding COVID-19 Response Efforts

RECOMMENDATION:

Receive and file an update related to the City's COVID-19 efforts, including, but not limited to the City's COVID-19 planning, response, enforcement; education and outreach efforts; financial assistance programs and the pursuit of funding opportunities; COVID-19 related policy initiatives; and related recommendations, as appropriate.

BACKGROUND/ANALYSIS:

This report is meant to provide City Council and the public the opportunity to review all items related to the City's response efforts and policy initiatives related to the COVID-19 pandemic, including, but not limited to, financial hardship programs and other potential stimulus funding.

Staff Updates.

Los Angeles County Department of Public Health (LACDPH) A Safer Return Together at Work and in the Community Beyond the Blueprint for a Safer Economy.

Since reopening on June 15, 2021, LACDPH has updated the Health Officer Order on July 16, 2021, July 22, 2021, July 30, 2021, August 23, 2021, September 17, 2021, and most recently on September 28, 2021. Currently, all residents are required to follow masking guidelines and wear masks indoors in public. Proof of vaccination is required to enter bars, breweries, wineries, distilleries and nightclubs. Additionally, the City of Los Angeles requires proof of a full COVID-19 vaccination to enter the indoor portions of food establishments, gyms, entertainment and recreational locations, personal care establishments, and outdoor events within the City, as well as certain City facilities. Please note: the City of Los Angeles requirements DO NOT apply to the City of San Fernando.

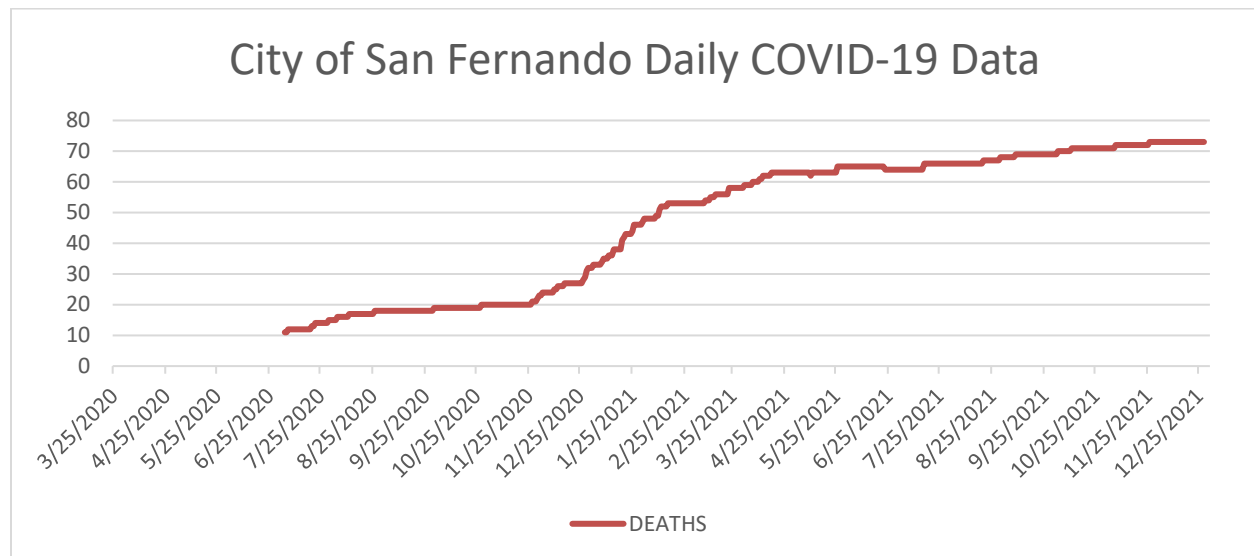

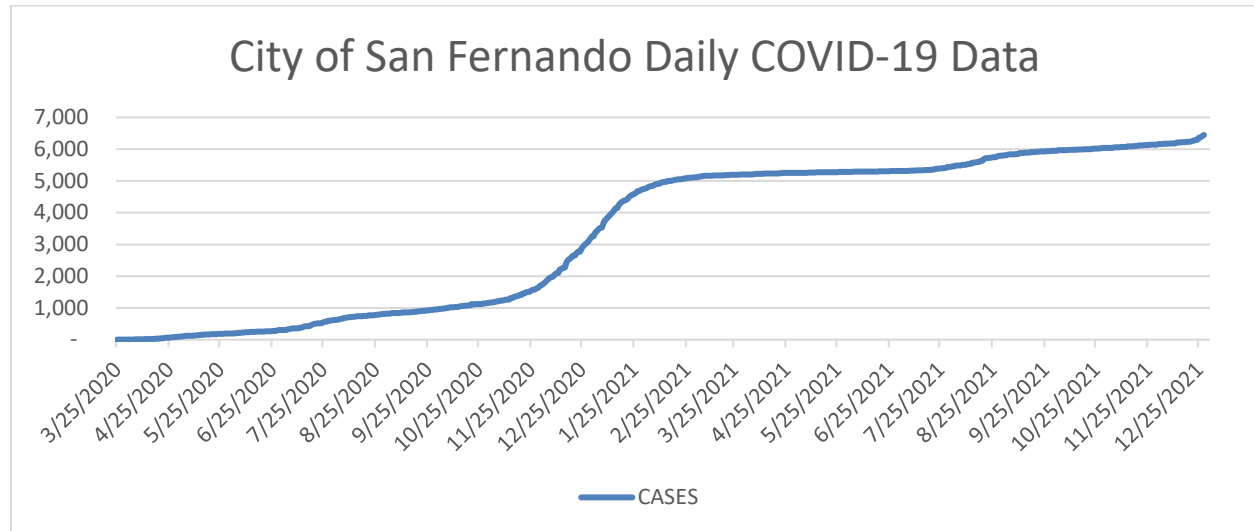

Please visit the City's website for current Health Orders issued by the LACDPH: [SFCITY.ORG/Coronavirus/#Health-Officer-Order](https://www.sfcity.org/Coronavirus/#Health-Officer-Order).

Receive and File an Update Regarding COVID-19 Response Efforts

Page 2 of 7

Daily COVID-19 Cases and Deaths in the City of San Fernando.

As of December 28, 2021, the City of San Fernando has experienced a total of 6,447 cases of COVID-19 and a total of 73 residents have lost their lives to the pandemic.

Receive and File an Update Regarding COVID-19 Response Efforts

Page 3 of 7

Masking Guidance.

EVERYONE, regardless of vaccination status, must wear a mask:

- In all indoor public settings, venues, gatherings, and public and private businesses in Los Angeles County.
- On planes, trains, buses, ferries, taxis and ride-shares, and all other forms of public transport.
- In transportation hubs like airports, bus terminals, train stations, marinas, seaports or other ports, subway stations, or any other area that provides transportation.
- Healthcare settings (including long-term care facilities).
- State and local correctional facilities and detention centers.
- Shelters and cooling centers.
- Indoors at any youth-serving facility (such as K-12 schools, childcare, day camps, etc.)
- At outdoor Mega Events (events with over 10,000 attendees like concerts, sports games, and parades).
- In any outdoor location where it is the policy of the business or venue.

Please visit the City's website for additional masking guidance issued by the LACDPH: SFCITY.ORG/Coronavirus/#Face-Masks

Health Order Enforcement.

Staff will provide an update on current enforcement efforts during the meeting, if requested.

COVID-19 Vaccine Distribution.

Los Angeles County residents in have multiple options to register for an appointment to receive the COVID-19 vaccine:

- California Department of Public Health Online portal: MyTurn.ca.gov
- LACDPH Online portal: VaccinateLACounty.com
- Los Angeles Fire Department Online portal: CarbonHealth.com/COVID-19-Vaccines
- LACDPH Call Center (between 8 am and 8:30 pm): (833) 540-0473

Since May 13, 2021, all California residents age 12 and older have been eligible to be vaccinated. On November 3, 2021, children ages five and older became eligible to receive the Pfizer vaccination.

On August 14, 2021 and October 21, 2021, a third (booster) dose of the Pfizer, Moderna and Johnson & Johnson vaccines, respectively, became available to residents with the following recommendations:

Receive and File an Update Regarding COVID-19 Response Efforts

Page 4 of 7

Primary, Additional and Booster Doses for FDA Approved/Authorized COVID-19 Vaccines¹

	Pfizer ² /Comirnaty	Moderna ³	Johnson & Johnson (J&J)
Eligible age	Everyone 5 and older ¹	Everyone 18 and older	Everyone 18 and older
Primary Series	Two doses 21 days apart	Two doses 28 days apart	One dose
Additional (3rd) Dose ^{3, 4}	Who: Strongly recommended if you are age 12 or older and have a moderately or severely weakened immune system . When: At least 28 days after your second dose		Not recommended. See Booster Dose below.
Booster Dose ^{3, 5} <i>A booster dose may be any COVID-19 vaccine (J&J, Pfizer, or Moderna)</i>	Who: Strongly Recommended for everyone age 18 and older. Very important if you are: <ul style="list-style-type: none"> • Age 65 and older • Age 18 and older and have an underlying medical condition or have risk of exposure at work or in the community. 		Who: Strongly recommended for everyone who got J&J for their primary series. This includes if you have a moderately or severely weakened immune system .
	When: At least 6 months after your second dose ⁶ .		When: At least 2 months after your J&J dose.

- ¹ If you received a WHO-listed vaccine or a vaccine as part of a COVID-19 vaccine clinical trial, see table on the next page for additional dose and booster dose information.
- ² The Pfizer vaccine for children 5-11 years of age has the same active ingredients as the adult vaccine but is a smaller dose (1/3rd the dose that teens and adults receive).
- ³ Moderna doses vary. The primary series and the additional (3rd) dose are a full dose. The booster dose is a half dose.
- ⁴ Additional dose - The CDC recommends that [moderately to severely immunocompromised people](#) who received an mRNA vaccine (Pfizer or Moderna) as their primary series receive an additional (3rd) dose. The additional dose should be the same COVID-19 vaccine as their primary series. Talk to your doctor about the need to get an additional dose of COVID-19 vaccine and ask about the best timing based on your current treatment plan. *Note:* if you are immunocompromised and received the J&J vaccine for your primary series, you should get a booster dose.
- ⁵ Booster doses. You may choose which vaccine you receive as a booster dose. It can be a booster dose of Pfizer, Moderna, or J&J COVID-19 vaccine. Talk to your doctor if you have questions about the risks and benefits of a booster or about which vaccine to get as a booster.
- ⁶ If you are immunocompromised, this will be 6 months after your additional (3rd) dose.

Receive and File an Update Regarding COVID-19 Response Efforts

Page 5 of 7

**Additional and Booster Doses for Fully Vaccinated¹ Persons
Who Received a Non-FDA Authorized/Approved Vaccine for Their Primary Series**

	WHO-listed COVID-19 vaccine ²	Active vaccine from a COVID-19 clinical trial ³
Additional (3rd) Dose⁴	Who: Strongly recommended if you are age 12 or older and have a moderately or severely weakened immune system . When: At least 28 days after your second dose	
Booster Dose⁴	Who: Strongly Recommended for everyone age 18 and older. Very important if you are: <ul style="list-style-type: none"> • Age 65 and older • Age 18 and older and have an underlying medical condition or have risk of exposure at work or in the community. When: At least 6 months after your second dose ⁵ .	

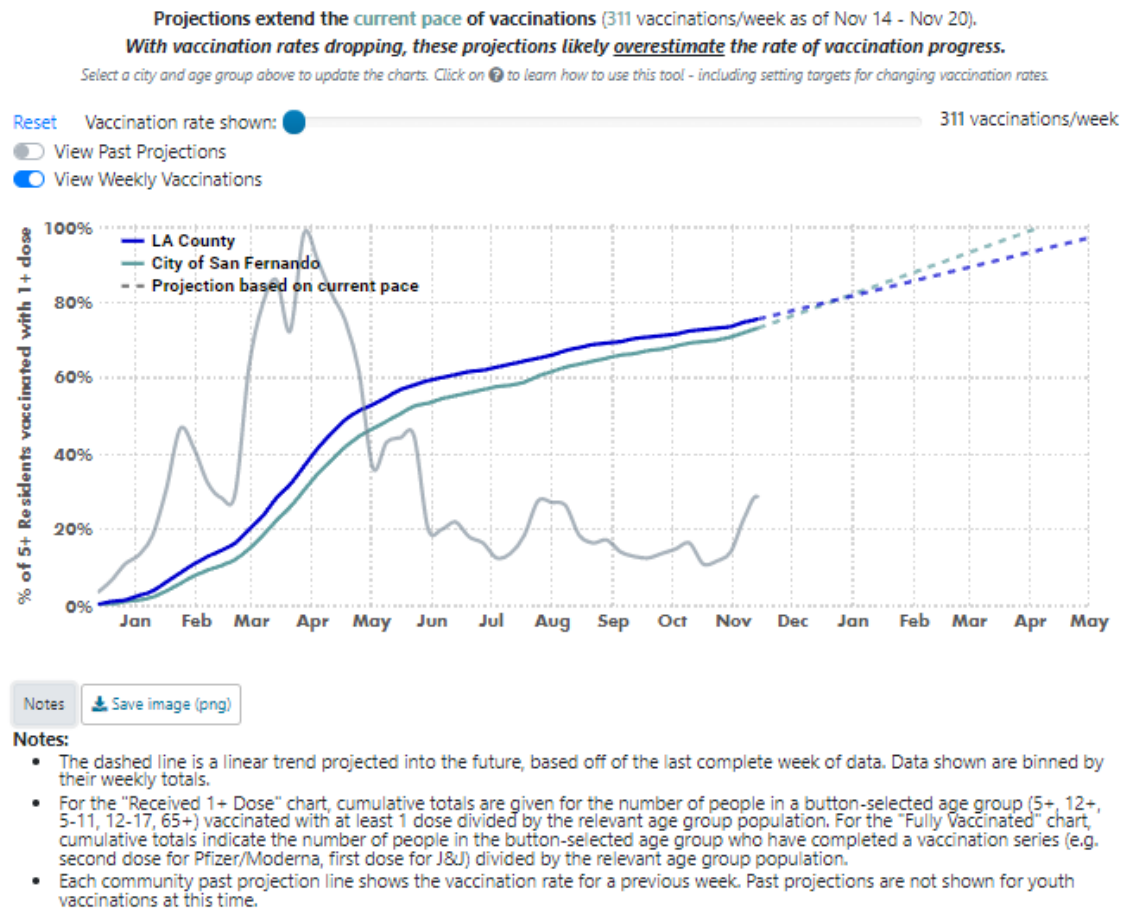

- 1 You are considered fully vaccinated** two weeks after receiving your final dose of the vaccine series. See [When You've Been Fully Vaccinated](#) webpage for more details.
- 2 This also includes if you completed a mix and match series.** A mix and match series is a combination of FDA-approved, FDA-authorized, or WHO-listed COVID-19 vaccines. Current non-FDA approved/authorized [WHO-listed vaccines](#) are AstraZeneca-Oxford (e.g., Covishield, Vaxzevria), Sinopharm, Sinovac, and Covaxin. See the [When Am I Fully Vaccinated?](#) section on the *When You've Been Fully Vaccinated* webpage to learn more.
- 3 If you took part in the AstraZeneca or Novavax clinical vaccine trial** and you received the "active" COVID-19 vaccine (not placebo).
- 4 The Pfizer COVID-19 vaccine is the only vaccine authorized** as an additional dose or booster for people who did not receive an FDA authorized/approved COVID-19 vaccine series.
- 5 If you are immunocompromised**, this will be 6 months after your additional (3rd) dose.

This information is also available on the City's website: SFCITY.ORG/Coronavirus/#COVID-19-Vaccine.

Per data provided by LACDPH as of December 23, 2021: 18,217 (77.1%) of San Fernando residents over the age of five and 2,338 (90.8%) of San Fernando residents over the age of 65 are fully vaccinated. The chart below (solid gray line) shows the uptick in vaccinations in July and August 2021 while a digital ad campaign was being run. Although there were undoubtedly other factors that contributed to the increase in vaccinations, it is reasonable to assume that the digital ad campaign assisted those interested in getting the vaccination with easy access to registration sites.

Receive and File an Update Regarding COVID-19 Response Efforts

Page 6 of 7

San Fernando Recreation Park Vaccination and Testing Site.

In cooperation with CORE, the City is able to offer a small-scale mobile unit and San Fernando Recreation Park. Although the site is significantly scaled down from the Supersite the closed in July 2021, there is more flexibility to change days and hours of service as needed, and there will also be a much smaller impact on the surrounding neighborhood and park services. An additional service that CORE is providing to the community at this mobile site is information related to eligibility for public assistance programs and health screenings (i.e., CalFresh/SNAP, WIC, Medi-Cal, LIHEAP, and General Relief).

The San Fernando Recreation Park site is currently open Monday through Saturday from 8 am to 4 pm. No appointment is necessary for any of the services below. The daily schedule is as follows:

- Testing – Monday through Saturday, 8 am to 4 pm
- Vaccine (Pfizer), including Booster Dose for eligible residents – Tuesday, Wednesday, Friday, and Saturday, 8 am to 4 pm
- Public Assistance Program Information – Monday through Saturday, 8 am to 4 pm
- Wellness Checks – Tuesday, Wednesday, Friday, and Saturday, 8 am to 4 pm

Receive and File an Update Regarding COVID-19 Response Efforts

Page 7 of 7

COVID-19 Relief Programs.

The City Council approved a number of COVID-19 Relief Programs and is working with staff to develop additional relief programs. Please visit the City's website: SFCITY.ORG/Coronavirus/#Business-Resources for more information on the City's COVID-19 Relief Programs.

City Facilities Reopening.

Effective, April 19, 2021, City Hall reopened to the public with normal hours (i.e., Monday through Thursday, 7:30 am to 5:30 pm). City Hall will remain closed on Fridays and certain services will be by appointment only through the end of January 2022.

All visitors to City Hall and the San Fernando Police Department must wear a cloth face covering at all times, until further notice.

Limited outdoor recreation programming and service have resumed at most of the City parks with the condition that the County of Los Angeles Protocols for Organized Activities are implemented. Las Palmas Park and Recreation Park are currently offering limited indoor recreational programs and services. For more information regarding the programs and services being offered please visit the Recreation and Community Services webpage (SFCITY.ORG/SFRecreation) or call (818) 898-1290.

LiveSan services and the Court Commitment Program have both resumed at the Police Department. Customers are urged to contact the Police Department at (818) 898-1267 or Police@sfcity.org prior to visiting to check on availability of services.

BUDGET IMPACT:

American Rescue Plan Act.

On March 12, 2021, President Biden signed the American Rescue Plan Act into law which provides fiscal stimulus funding paid directly to state and local governments. The City's total allocation is approximately \$5.8 million, which is being distributed in two equal installments of \$2.9 million in July 2021 and July 2022. City Council will be considering appropriation of these funds through separate City Council action items.

Prior Coronavirus Relief Funds.

The overall total that the City of San Fernando received from the Coronavirus Relief Funds (CRF) from the Department of Finance of the State of California through the first CARES Act was \$311,234. City Council appropriated these funds to reimburse the City for COVID-19 response costs in FY 2020-2021.

Additionally, the City received \$136,000 in special CDBG Coronavirus (CV) funds that were used to fund a residential food distribution program and small business PPE program.

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager
By: Matt Baumgardner, Director of Public Works
Patsy Orozco, Civil Engineering Assistant II

Date: January 10, 2022

Subject: A Public Hearing to Consider the Adoption of a Resolution to Approve the 2021 Citywide Engineering and Traffic Survey for Speed Limits to Allow for Speed Radar Enforcement on City Streets and the Adoption of an Ordinance Amending the City Code Relating to Speed Limits

RECOMMENDATION:

It is recommended that the City Council:

- a. Conduct a Public Hearing; and
- b. Pending public testimony, introduce for first reading, in title only, and waive further reading of Ordinance No. 1705, "An Ordinance of the City Council of the City of San Fernando, California, Amending Sections 90-941 and 90-942 of Chapter 90 of the City of San Fernando City Code Relating to Speed Limits" (Attachment "A"); and
- c. Adopt Resolution No. 8111 (Attachment "B") approving the 2021 Citywide Engineering and Traffic Survey Report (Survey) (Attachment "C") to establish speed limit zones in the City.

BACKGROUND:

1. The California Vehicle Code requires that the City conduct an Engineering and Traffic Survey of local streets every seven years, with the option to extend the survey for three additional years, if no changes exist. This requirement helps to ensure the proper posting of speed limits and also enables the Police Department to utilize radar or other electronic speed measuring devices for speed enforcement efforts. The City's existing survey is set to expire in 2022.
2. To meet this requirement, staff coordinated an analysis with its traffic engineering consultant, Tom Brohard, to evaluate the existing speed zones within the City.

A Public Hearing to Consider Approval of the 2021 Citywide Engineering and Traffic Survey for Speed Limits to Allow for Speed Radar Enforcement on City Streets, Adopt a Resolution Establish Speed Limit Zones and Adopt an Ordinance Amending the City Code Relating to Speed Limits

Page 2 of 4

3. On November 3, 2021, the Transportation and Safety Commission reviewed the findings and concurred with the recommendations identified in the Survey, with the exception of two segments recommended for speed limit increases.

ANALYSIS:

The California Vehicle Code (CVC) establishes that roadway speed limits are to be set based on specific criteria. These are called prima facie speed limits or posted speed limits. A blanket speed limit of 15 miles per hour (mph) is established on all alleys, blind intersections, and at blind railroad crossings. A 25 mph speed limit may be established under the following conditions: 1) On any business or residential district; 2) At school zones, when children are present, and; 3) In senior zones.

The California Department of Transportation requires that the criteria set forth in the California Manual on Uniform Traffic Control Devices (CA MUTCD) be utilized in the establishment of speed limits. This manual requires that a speed limit be set closest to the 85th percentile speeds. The 85th percentile speed is the speed at or below which 85% of the traffic travels. This threshold represents what is historically found to be a safe and reasonable speed for most drivers based on common roadway conditions. Speed limits cannot be set arbitrarily low, as this would create violators of the majority drivers and would not command the respect of the public.

Based on data collected in an engineering and traffic survey, a speed limit is established at the nearest five-mile per hour increment to the 85th percentile speed. The CA MUTCD does allow for certain conditions to warrant lower speeds, if necessary. In reviewing speed zones and making recommendations, several criteria are considered, including the 85th percentile of existing speed conditions, accident histories over a three-year period, roadway conditions, pedestrian activities, and speed limits in neighboring jurisdictions.

A copy of the 2021 Citywide Engineering and Traffic Survey Report for Speed Limits is included with this report (Attachment "C"). The report was completed under the direction of a licensed traffic engineer and includes a significant amount of data collection including speed sampling, a review of accident histories, roadway conditions, traffic characteristics, and land use. Based on a review of this information, the survey recommended no change to most street segments in the City, with the exception of the recommendation to increase speeds on two of the street segments surveyed as follows:

Street	From	To	Existing Speed	Recommended Speed	Justification
Park Ave.	First St.	Fourth St.	15	25	85 th Percentile
Maclay Ave.	Glenoaks Blvd.	North City Limit	30	35	85 th Percentile

A Public Hearing to Consider Approval of the 2021 Citywide Engineering and Traffic Survey for Speed Limits to Allow for Speed Radar Enforcement on City Streets, Adopt a Resolution Establish Speed Limit Zones and Adopt an Ordinance Amending the City Code Relating to Speed Limits

Page 3 of 4

The Park Avenue and Maclay Avenue segments recorded an 85th percentile speed threshold of 29 mph and 39 mph, respectively. The procedure set forth in the vehicle code requires that the threshold speed be first rounded up or down to the nearest five-mile per hour interval. Following that, the engineer is allowed to make just one five-mile per hour reduction based on the criteria mentioned above. Using this logic, the engineer first rounded up the speed limits to 30 mph and 40 mph, respectively, and then made the one allowable five-mph reduction to result in the recommend speed increases shown in the table.

Transportation and Safety Commission Recommendation.

After reviewing the Survey at its November 3, 2021 meeting, the Transportation and Safety Commission were comfortable recommending the findings of the survey, with the exception of the speed increases recommended by the Survey, as shown in the table above. The City's traffic engineering consultant, Tom Brohard, explained that the vehicle code does not allow him to make any further speed limit reductions. He also indicated that adopting a speed survey that does not follow the procedures outlined in the CVC may lead to judicial reversal of any traffic tickets issued during enforcement activities.

Assembly Bill 43.

On October 8, 2021, Governor Newsom signed Assembly Bill (AB) 43 into law, which may eventually grant cities with more discretion to decrease speed limits based on a variety of conditions, such as proximity to schools, businesses, or senior zones, as well as factoring in high accident histories. However, it may take until June 30, 2024 before cities can exercise this discretion due to the State Judicial Council's need to develop guidelines.

Legal Analysis.

The City Attorney's office reviewed case law and found that any reduction in speed limit must currently be based on the procedures in the vehicle code. Furthermore, it was concluded that AB 43 would not be a tool for cities to establish reduction in speed limits until the Judicial Council develops guidelines or June 30, 2024, whichever is sooner. Any speed limit set below what is permissible using the State's calculation methodology as described in the engineering and traffic survey would be invalid and unenforceable. If the City were to maintain speed limits at the legally prescribed limits as to all but a few streets, it is unknown whether such action would render all speed limits prescribed in the survey invalid and unenforceable. As of the date of this report, the City Attorney has not been able to find authority that is conclusive on this issue. It is also unclear whether maintaining speed limits at limits that are less than what is legally prescribed under the State's methodology may create other types of legal exposure for the City (for example, by creating a legally actionable "dangerous condition") – at least until such time as the City may properly avail itself of the added relief offered under AB 43.

A Public Hearing to Consider Approval of the 2021 Citywide Engineering and Traffic Survey for Speed Limits to Allow for Speed Radar Enforcement on City Streets, Adopt a Resolution Establish Speed Limit Zones and Adopt an Ordinance Amending the City Code Relating to Speed Limits

Page 4 of 4

BUDGET IMPACT:

Funding for the Citywide Engineering and Traffic Survey Report was included in the Fiscal Year 2021-2022 Adopted Budget. The funds are appropriated in the General Fund Public Works Department budget.

CONCLUSION:

It is recommended that the City Council conduct a public hearing and, pending public testimony, introduce for first reading, in title only, and waive further reading of Ordinance No. 1705 "An Ordinance of the City Council of the City of San Fernando, California, Amending Sections 90-941 and 90-942 of Chapter 90 of the City of San Fernando City Code Relating to Speed Limits". It is also recommended that City Council consider the approval of the 2021 Citywide Engineering and Traffic Survey Report to establish speed limit zones in the City adoption of Resolution No. 8111.

ATTACHMENTS:

- A. Ordinance No. 1705
- B. Resolution No. 8111
- C. 2021 Citywide Engineering and Traffic Survey Report for Speed Limits

ORDINANCE NO. 1705

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, AMENDING SECTIONS 90-941 AND 90-942 OF CHAPTER 90 OF THE CITY OF SAN FERNANDO CITY CODE RELATING TO SPEED LIMITS

The City Council of the City of San Fernando does ordain as follows:

SECTION 1. Section 90-941 ("Decrease of local speed limits") of Article XI ("Schedules") of Chapter 90 ("Traffic and Vehicles") of the San Fernando City Code is hereby amended to read as follows:

Sec. 90-941. – Amending of local speed limits.

It is determined and declared, upon the basis of an engineering and traffic investigation, that for safe operation of vehicles on the following streets the prima facie speed limit shall be as set forth on those designated streets or parts of streets when signs are erected giving notice thereof, in accordance with Vehicle Code § 22358:

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour) as established in the engineering and traffic survey adopted by Resolution No. ____ on January 3, 2022.
Arroyo Avenue, from Glenoaks Boulevard to north city limits	35
Arroyo Street, from Glenoaks Boulevard to Fifth Street	30
Brand Boulevard, from Fourth Street to Glenoaks Boulevard	30
Brand Boulevard, from Truman Street to Fourth Street	35
Brand Boulevard, from Truman Street to the south city limits	35
Chatsworth Drive, from the south city limits to San Fernando Road	30
Eighth Street, from west city limits to Maclay Avenue	25

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour) as established in the engineering and traffic survey adopted by Resolution No. ____ on January 3, 2022.
Fifth Street, from west city limits to east city limits	30
First Street, from Hubbard Avenue to Maclay Avenue	30
Fourth Street, from west city limits to east city limits	30
Glenoaks Boulevard, from west city limits to east city limits	40
Harding Avenue, from north city limits to Glenoaks Boulevard	25
Harding Avenue, from Glenoaks Boulevard to Fourth Street	25
Harding Avenue, from Fourth Street to First Street	25
Hubbard Avenue, from south city limits to north city limits	35
Maclay Avenue from Truman Street to Fourth Street	25
Maclay Avenue, from Fourth Street to Glenoaks Boulevard	30
Maclay Avenue, from Glenoaks Boulevard to north city limits	30 35
Mission Boulevard, from south city limits to Truman Street	35
Orange Grove Avenue, from Glenoaks Boulevard to north city limits	25
Orange Grove Avenue, from Glenoaks Boulevard to Fourth Street	25

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour) as established in the engineering and traffic survey adopted by Resolution No. ____ on January 3, 2022.
San Fernando Road, from Kittridge Street to east city limits	30
San Fernando Road, from west city limits to Mission Boulevard	35
Seventh Street, from west city limits to Maclay Avenue	25
Truman Street, from west city limits to east city limits	35
Workman Street, from south city limits to San Fernando Road	25

SECTION 2. Section 90-942("Decrease of speed limits on narrow streets") of Article XI ("Schedules") of Chapter 90 ("Traffic and Vehicles") of the San Fernando City Code is hereby amended to read as follows:

Sec. 90-942. - Amending of speed limits on narrow streets.

It is determined upon the basis of an engineering and traffic investigation that the state prima facie speed limit of 25 miles per hour in a business or residence district or in a public park on any street having a roadway not exceeding 25 feet in width is more than is reasonable or safe under the conditions found to exist upon such streets, and it is declared that the prima facie speed limit shall be 15 miles per hour on those designated streets or parts thereof when signs are erected giving notice thereof, in accordance with Vehicle Code § 22358.3:

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour) established under the engineering and traffic survey adopted by Resolution No. ____ on January 3, 2022
Park Avenue, from Fourth Street to First Street	15 25
San Fernando Road, from Mission Boulevard to Kittridge Street	20

SECTION 3. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase in this ordinance or any part thereof is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional, or invalid, or ineffective.

SECTION 4. The City Clerk shall certify to the passage of this Ordinance and shall cause this Ordinance to be published or posted as required by law.

PASSED, APPROVED, AND ADOPTED by the City Council of the City of San Fernando this _____ day of _____, 2022.

ATTEST:

Julia Fritz, City Clerk

Mary Mendoza, Mayor of the City of San
Fernando, California

APPROVED AS TO FORM:

Richard A. Padilla, Assistant
City Attorney

CERTIFICATION

I, City Clerk of the City of San Fernando, California, do hereby certify that the foregoing is a full, true, and correct copy of Ordinance No. 1705 which was introduced on January 10, 2022, and adopted by the City Council of the City of San Fernando, California at a regular meeting thereof held on the ____ day of _____, ____, by the following vote of the City Council:

AYES:

RESOLUTION NO. 8111**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, APPROVING THE 2021 CITYWIDE ENGINEERING AND TRAFFIC SURVEY USED IN ESTABLISHING SPEED LIMITS ON CITY STREETS**

WHEREAS, the City of San Fernando ("City") uses the engineering and traffic survey to establish and enforce speed limits legally on its streets with the use of radar and electronic devices in accordance with the California Vehicle Code; and

WHEREAS, the City's previously adopted engineering and traffic survey is no longer considered admissible by the County of Los Angeles Traffic Court and needs to be replaced with an updated survey prepared in accordance with the California Vehicle Code; and

WHEREAS, the update of the City's engineering and traffic survey was conducted in 2021 in compliance with the requirements of the California Vehicle Code; and

WHEREAS, the signing of Assembly Bill 43 into law by Governor Newsom on October 8, 2021 will provide the City Council with the discretion to establish safety corridors in certain zones in the City to reduce speed limits once guidelines are established by the State's Judicial Council or by June 30, 2024, whichever is sooner; and

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA DOES HEREBY RESOLVE, FIND, DETERMINE, AND ORDER AS FOLLOWS:

SECTION 1. The City Council calls for the amendment of local speed limits as required by Section 90-941 of the San Fernando Municipal Code and shown in the following table:

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour)
Arroyo Avenue, from Glenoaks Boulevard to north city limits	35
Arroyo Street, from Glenoaks Boulevard to Fifth Street	30
Brand Boulevard, from Fourth Street to Glenoaks Boulevard	30
Brand Boulevard, from Truman Street to Fourth Street	35
Brand Boulevard, from Truman Street to the south city limits	35
Chatsworth Drive, from the south city limits to San Fernando Road	30
Eighth Street, from west city limits to Maclay Avenue	25
Fifth Street, from west city limits to east city limits	30

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour)
First Street, from Hubbard Avenue to Maclay Avenue	30
Fourth Street, from west city limits to east city limits	30
Glenoaks Boulevard, from west city limits to east city limits	40
Harding Avenue, from north city limits to Glenoaks Boulevard	25
Harding Avenue, from Glenoaks Boulevard to Fourth Street	25
Harding Avenue, from Fourth Street to First Street	25
Hubbard Avenue, from south city limits to north city limits	35
Maclay Avenue from Truman Street to Fourth Street	25
Maclay Avenue, from Fourth Street to Glenoaks Boulevard	30
Maclay Avenue, from Glenoaks Boulevard to north city limits	30 35
Mission Boulevard, from south city limits to Truman Street	35
Orange Grove Avenue, from Glenoaks Boulevard to north city limits	25
Orange Grove Avenue, from Glenoaks Boulevard to Fourth Street	25
San Fernando Road, from Kittridge Street to east city limits	30
San Fernando Road, from west city limits to Mission Boulevard	35
Seventh Street, from west city limits to Maclay Avenue	25
Truman Street, from west city limits to east city limits	35
Workman Street, from south city limits to San Fernando Road	25

SECTION 2. The City Council calls for the amendment of speed limits on narrow streets as required by Section 90-942 of the San Fernando Municipal Code and shown in the following table:

Name of Street or Portion Affected	Declared Prima Facie Speed Limit (miles per hour)
Park Avenue, from Fourth Street to First Street	15 25
San Fernando Road, from Mission Boulevard to Kittridge Street	20

SECTION 3. The City Clerk shall certify to the adoption of this Resolution and shall cause this Resolution and her certification to be filed in the office of the City Clerk.

PASSED, APPROVED, AND ADOPTED THIS 10th day of January, 2022.

Mary Mendoza, Mayor of the City of San
Fernando, California

ATTEST:

Julia Fritz, City Clerk

CERTIFICATION

I, City Clerk of the City of San Fernando, California, do hereby certify that the foregoing is a full, true, and correct copy of Resolution No. 8111, which was regularly introduced and adopted by the City Council of the City of San Fernando, California, at a regular meeting thereof held on the 10th day of January, 2022, by the following vote of the City Council:

AYES:

NAYS:

ABSENT:

ABSTAINED:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of San Fernando, California, this _____ day of January 2022.

Julia Fritz, City Clerk

October 15, 2021

Tom Brohard and Associates

Ms. Patsy Orozco
Civil Engineering Assistant II
City of San Fernando
117 Macneil Street
San Fernando, California 91340-2993

Subject: Engineering and Traffic Survey Report for Speed Limits, 2021

Dear Ms. Orozco:

As authorized, Tom Brohard and Associates has prepared this Engineering and Traffic Survey Report for Speed Limits, 2021, for the City of San Fernando. This work has been conducted in accordance with and in compliance with provisions in the California Vehicle Code (CVC) and the California Manual on Uniform Traffic Control Devices (California MUTCD 2014 Edition).

A total of 32 street segments were initially surveyed in 2005 as required to establish enforceable speed limits in the City. Each street segment requiring an engineering and traffic survey was identified from the City's Functional Classification Maps filed with the California Department of Transportation.

Engineering and traffic surveys have included measurement of vehicle speeds, traffic volumes, and reviews of roadway design, adjacent development, and traffic collisions. Each engineering and traffic survey was initially valid for seven years, with an extension of three years allowed if there were no significant changes in adjacent development, roadway width, and/or number of travel lanes.

Over the years, some roadway conditions have changed in the City such as the Maclay Avenue Streetscape and the Glenoaks Boulevard Roadway Improvement Projects. With changed roadway conditions, new traffic volume, speed, and collision data have been collected. For other roadway segments where no significant changes were found when roadway conditions were reviewed after seven years, the surveys were extended for three years up to 10 years, the maximum allowable. After 10 years, the engineering and traffic surveys expire, and all new data is required to reestablish an enforceable speed limit.

The following procedure has been followed to establish enforceable speed limits:

- 1) For each of the 32 street segments, calculation of collision rates from the 2018, 2019, and 2020 collision histories from SWITRS (State-Wide Integrated Traffic Records System), together with comparison of these calculated rates to those experienced on similar streets in California.
- 2) Review of all 32 street segments using the most recent Google Earth aerial photography to determine if roadway conditions had changed since the last engineering and traffic survey.

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

- 3) Collection of new vehicle speed and traffic volume data for the nine street segments nearing expiration at 10 years old as well as for the two segments of Glenoaks Boulevard where roadway conditions had changed.
- 4) Analyze data and develop recommended speed limits based on the California Vehicle Code and the California Manual on Uniform Traffic Control Devices, 2014 Edition.

INTRODUCTION

This Engineering and Traffic Survey Report for Speed Limits, 2021, is intended to serve as the basis for the reestablishment and continued enforcement of speed limits for selected streets. This report was authorized by the City of San Fernando and independently conducted by the private traffic engineering consulting firm of Tom Brohard and Associates. Traffic speeds and traffic volumes were collected by Counts Unlimited, a professional traffic data collection company.

Engineering and traffic surveys for speed limits must be regularly conducted by governing municipalities in California to comply with provisions of the California Vehicle Code (CVC). Since the 1970's, Section 40802 of the CVC requires that these surveys be performed at locations where speed limits are enforced with the use of radar or other electronic speed measuring devices. Without a valid engineering and traffic survey, the roadway segment is considered to be a "speed trap". Should that occur, then all testimony and evidence by the enforcing police officer is inadmissible in a court of law, and the speeding ticket is dismissed. State law also requires that enforcement personnel receive periodic training and that their speed measuring devices also be calibrated periodically.

PURPOSE OF SPEED LIMITS

The setting of speed limits can be controversial and requires a rational and defensible determination to maintain public confidence. For many years, speed limits have been set near the 85th percentile speed, a speed that statistically represents the upper limit of what is considered reasonable and prudent behavior. As with most laws, speed limits must depend on voluntary compliance of the greater majority of motorists. Speed limits cannot be set arbitrarily low, as this would create violators of the majority of drivers and would not command the respect of the public.

PROVISIONS OF THE SPEED TRAP LAW

CVC Section 40802 defines a "Speed Trap" as a section of highway which has a speed limit that is not justified by current engineering and traffic survey, and the enforcement of the speed limit involves the use of radar or any other electronic device. CVC Section 40802 defining "Speed Traps" does not apply to a local

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

street, road, or school zone, but rather applies to all highways that appear on the latest Functional Classification Maps submitted to Caltrans by the local agency.

REQUIRED METHODOLOGY FOR ESTABLISHING SPEED LIMITS

Speed limits in California are governed by the California Vehicle Code (CVC). CVC Section 627 defines the required components of an engineering and traffic survey for a street segment as considering each of the following three items:

- 1) Prevailing speeds as determined by traffic engineering measurements.
- 2) Collision records.
- 3) Highway, traffic, and roadside conditions not readily apparent to the driver.

The California MUTCD, 2014 Edition, provides requirements for engineering and traffic surveys (see enclosure). While engineers have previously had some latitude for engineering judgment in setting speed limits, the current policies and procedures are rigid and even explain how to round up or round down as indicated below. The current procedure requires that the speed limit normally be established at the 5 MPH increment closest to the 85th percentile speed (85% of vehicles travelling at that speed or less) on the street segment, and provides the following options to explain the application of the required rounding procedures:

- Option 1, Example 1 (Rounding Down) - If the 85th percentile speed in a speed survey for a location was 37 MPH, then the speed limit would initially be established at 35 MPH since it is the closest 5 MPH increment to the 37 MPH speed. However, the 35 MPH speed limit could then be reduced further by 5 MPH to 30 MPH if conditions and justification for using the lower speed limit are documented in the engineering and traffic survey and approved by a registered Civil or Traffic Engineer.
- Option 1, Example 2 (Rounding Up) - If the 85th percentile speed in a speed survey for a location was 33 MPH, then the speed limit would initially be established at 35 MPH since it is the closest 5 MPH increment to the 33 MPH speed. However, the 35 MPH speed limit could then be reduced further by 5 MPH to 30 MPH if conditions and justification for using the lower speed limit are documented in the engineering and traffic survey and approved by a registered Civil or Traffic Engineer.
- Option 2, Example 3 (Alternative to Rounding Up) - If the 85th percentile speed in a speed survey for a location was 33 MPH, then the speed limit can be established at 30 MPH rather than rounding up, but no further reductions can be applied (as in Option 1 above).

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

In the two examples for Option 1 above, the established speed limit can be reduced by 5 MPH if the conditions and justification for using this lower speed limit are documented in the engineering and traffic survey and approved by a registered Civil or Traffic Engineer. Justifications used to reduce the speed limit by 5 MPH involve either a collision rate significantly greater than experienced on other similar roadways, or very unusual roadside conditions that are not readily apparent to motorists.

TRAFFIC VOLUMES AND SPEED MEASUREMENTS FOR SURVEYS

Where the engineering and traffic survey was nearing 10 years old and where roadway conditions had changed (Glenoaks Boulevard), traffic volumes were counted, and vehicle speeds were measured on each of these 11 street segments by Counts Unlimited, a professional traffic data collection company. This traffic data was collected under clear and dry weather conditions. Traffic data was recorded on Wednesday, September 22, 2021, by machines every 15 minutes and summarized every hour over 24 hours by direction of travel. The total daily traffic volumes in both directions were then used to calculate the collision rate for each street segment. Data sheets of the traffic volumes counted, and the vehicle speeds recorded for each of the new surveys are enclosed.

Traffic speeds of all vehicles observed over the 24 hours were simultaneously measured at each location on September 22, 2021. These speed measurements provide a complete sampling of all vehicles counted over the 24 hours. The following measurements were then calculated from the data:

- 1) Average Speed – This speed represents the arithmetic average of the speeds recorded at the particular location.
- 2) 85th Percentile Speed – This is the speed at or below which 85 percent of the traffic was observed. It is the primary measurement as this value represents the top speed of the majority of safe, reasonable motorists. Speed limits are typically established within a range of 5 miles per hour of this speed.
- 3) 10 Mile Pace Speed – This is the 10 mile per hour speed range that contains the largest number of vehicles that were observed. It provides a measure of the dispersion of speeds within the sample surveyed. The top of the 10-mile pace speed typically coincides with the 85th percentile speed.

COLLISION HISTORIES FOR ENGINEERING AND TRAFFIC SURVEYS

Available collision records from the State-Wide Integrated Traffic Records System (SWITRS) were obtained for the three-year period from January 1, 2018, through December 31, 2020. All collisions outside the intersection areas as well as sideswipe collisions, parked vehicle collisions, and solo vehicle hitting fixed

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

object collisions were identified. Using the daily traffic volumes collected by Counts Unlimited and the roadway segment length, the annual average collision rate for each segment was calculated as follows:

$$\frac{(\text{No. of collisions}) \times (1,000,000)}{(\text{Daily Volume}) \times (365 \text{ Days}) \times (\text{Segment Length}) \times (3 \text{ Years})}$$

The calculated collision rate for each street segment over the three-year period was then compared to state-wide collision rates for similar streets in California, with the results shown on the enclosed spreadsheet "Collision Rates".

DISCUSSION OF SPEED LIMIT CONSIDERATIONS/RECOMMENDATIONS

New Survey Sheets for 11 Street Segments

Speed limit recommendations contained in this report are based upon the California MUTCD 2014 Edition Section 2B.13 and the 2021 CVC which establish policies and procedures for setting speed limits in California. While engineers previously had some latitude for engineering judgment in setting speed limits, the current policies and procedures are rigid and even explain how to round up or round down as indicated above. Individual engineering and traffic survey sheets for each of the 11 street segments (nine of which were expiring at nearly 10 years old and the two locations on Glenoaks Boulevard where roadway conditions changed) are enclosed. These survey sheets include summaries of the measured traffic speeds, roadway design and traffic characteristics, and analysis of collisions.

The results of the traffic engineering analyses of each of the 11 street segments are summarized below as follows:

➤ **Increase of Speed Limits (Two Street Segments)**

- Survey #19 - Maclay Avenue from North City Limit to Glenoaks Boulevard – Increase existing 30 MPH speed limit to 35 MPH – The 85th percentile speed on September 22, 2021, was 39 MPH. Option #2, Example #3 requires rounding up to 40 MPH, and then a reduction of 5 MPH to 35 is applied with the collision rate double the state-wide average. A further reduction to 30 MPH would make about 85% of motorists in violation and is not supported under present speed zoning parameters.
- Survey #25 - Park Avenue from Fourth Street to First Street – Increase existing 15 MPH speed limit to 25 MPH - The 85th percentile speed on September 22, 2021, was 29 MPH. Option #2, Example #3 requires rounding up to 30 MPH, and then a reduction of 5 MPH to 25 MPH is applied with a slightly higher than the state-wide average collision rate. A further reductions back to 15 MPH would make 85% of motorists in violation and cannot be supported under present parameters.

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

➤ **No Change in Speed Limits (Nine Street Segments)**

- Arroyo Avenue from North City limit to Glenoaks Boulevard – Retain existing 35 MPH speed limit when children are not present
- Glenoaks Boulevard from West City limit to Maclay Avenue – Retain existing 40 MPH speed limit
- Glenoaks Boulevard from Maclay Avenue to East City limit – Retain existing 40 MPH speed limit
- Harding Avenue from North City limit to Glenoaks Boulevard – Retain existing 25 MPH speed limit
- Harding Avenue from Glenoaks Avenue to Fourth Street – Retain existing 25 MPH speed limit
- Harding Avenue from Fourth Street to First Street – Retain existing 25 MPH speed limit
- Maclay Avenue from Glenoaks Boulevard to Fourth Street – Retain existing 30 MPH speed limit when children are not present
- Maclay Avenue from Fourth Street to Truman Street – Retain existing 25 MPH speed limit
- Orange Grove Avenue from Glenoaks Boulevard to Fourth Street – Retain existing 25 MPH speed limit

Updated Surveys on 21 Street Segments

Two street segments on San Fernando Road have experienced significantly higher than average state-wide collision rates for the last three years. The previously measured 85th percentile speeds of 38 MPH and 33 MPH together with the requirements for rounding up at the present time to 40 MPH and 35 MPH respectively do not allow further speed limit reductions of 5 MPH from the present 35 MPH and 30 MPH posted speed limits.

New data including speed measurements will be required for both of these segments as well as the other 19 street segments in this grouping during the next resurvey in about three years. At that time, it may be possible to reduce the speed limit on San Fernando Road to 30 MPH west of San Fernando Mission Boulevard and 25 MPH east of Kittridge Street if the collision history remains higher than the state-wide average.

Assembly Bill 43 has just made a number of significant changes in setting speed limits (see Page 8). As a new additional consideration to reduce the speed limit, it may be possible to declare San Fernando Road as a “safety corridor” depending on how that will be exactly defined by Caltrans. Yet another option could involve consideration of a “road diet” where the existing four through travel lanes with on-street parking on both sides would be restriped to provide one through travel lane in each direction separated by a continuous two-way left turn lane, together with on-street parking and striped bicycle lanes on both sides. At the present time, no changes in the posted speed limits are recommended on any of the 21 street segments listed below.

Ms. Patsy Orozco, Civil Engineering Assistant II
Engineering and Traffic Survey Report for Speed Limits, 2021
October 15, 2021

➤ **No Change in Speed Limits (21 Street Segments)**

- Arroyo Avenue from Glenoaks Boulevard to Fifth Street – Retain existing 30 MPH posted speed limit
- Brand Boulevard from Glenoaks Boulevard to Fourth Street - Retain existing 30 MPH posted speed limit when children are not present
- Brand Boulevard from Fourth Street to Truman Street – Retain existing 35 MPH speed limit when children are not present
- Brand Boulevard from Truman Street to South City Limit – Retain existing 35 MPH posted speed limit
- Chatsworth Drive from San Fernando Road to South City Limit - Retain existing 30 MPH posted speed limit
- Eighth Street from West City Limit to Maclay Avenue - Retain existing 25 MPH posted speed limit
- Fifth Street from West City Limit to Maclay Avenue - Retain existing 30 MPH posted speed limit
- Fifth Street from Maclay Avenue to East City Limit - Retain existing 30 MPH posted speed limit when children are not present
- First Street from Hubbard Street to Maclay Avenue - Retain existing 30 MPH posted speed limit
- Fourth Street from West City Limit to Maclay Avenue - Retain existing 30 MPH posted speed limit
- Fourth Street from Maclay Avenue to East City Limit - Retain existing 30 MPH posted speed limit
- Hubbard Street from North City Limit at Fourth Street to South City Limit at San Fernando Road – Retain existing 35 MPH posted speed limit
- San Fernando Mission Boulevard from Truman Street to South City Limit - Retain existing 35 MPH posted speed limit when children are not present
- Orange Grove Avenue from North City Limit to Glenoaks Boulevard – Retain existing 25 MPH posted speed limit
- San Fernando Road from West City Limit to San Fernando Mission Boulevard - Retain existing 35 MPH posted speed limit
- San Fernando Road (Mall) from San Fernando Mission Boulevard to Kittridge Street – Retain 20 MPH posted speed limit
- San Fernando Road from Kittridge Street to East City Limit - Retain existing 30 MPH posted speed limit
- Seventh Street from West City Limit to Maclay Avenue - Retain existing 25 MPH posted speed limit
- Truman Street from West City Limit to Maclay Avenue - Retain existing 35 MPH posted speed limit
- Truman Street from Maclay Avenue to East City Limit - Retain existing 35 MPH posted speed limit
- Workman Street from San Fernando Road to South City Limit - Retain existing 25 MPH posted speed limit

October 15, 2021

CALIFORNIA ASSEMBLY BILL 43

On October 8, 2021, the Governor signed Assembly Bill 43 modifying and also adding provisions to the CVC relating to establishment of enforceable speed limits (see enclosure). This Bill requires Caltrans, the California Department of Transportation, to modify the California MUTCD and develop an on-line tool to include additional considerations and criteria for further reduction of speed limits by 5 MPH to be considered after June 30, 2024, based on these new criteria:

- CVC 22358.6 allows a local authority to round down to the next lowest 5 MPH increment near the 85th percentile speed where prior methodology required rounding up to the next lowest 5 MPH increment.
- CVC 22358.7 allows a local authority to reduce the speed limit by designating the highway as a “safety corridor” or if the highway is adjacent to any facility that generates high concentrations of bicyclists or pedestrians “...especially those from vulnerable groups such as children, seniors, persons with disabilities, and the unhoused.” Up to 25% of the highways within a local agency may be designated as “safety corridors.”

Other CVC modifications created by Assembly Bill 43 extend the engineering review interval out to 14 years rather than the currently required 7 or 10 years.

The new as well as the revised and updated survey sheets have all been prepared to accordance with current requirements that do not include additional alternatives within Assembly Bill 43 that became law on October 8, 2021. Before June 30, 2024, the new law directs Caltrans to define “safety corridor” and develop an on-line tool for use by local agencies in setting speed limits.

SUMMARY OF NEXT STEPS

Please share this report with the San Fernando Police Department. I would be pleased to discuss their comments with you, and the Public Works and Police Departments prior to the Transportation & Safety Commission Meeting on November 3, 2021. I also plan to respond to questions during the Commission meeting via Zoom.

This report and adoption of a Resolution by the City Council on December 6, 2021, of the recommendations for the two speed limit increases identified in this report should be considered. That action, if approved, together with periodic training and equipment calibration, will enable the City of San Fernando Police Department to continue to deploy enforcement using radar, laser, or other electronic devices for at least the next three years.

Mean Speed (Average): 30 MPH Critical Speed (85th Percentile): 38 MPH
10 Mile Pace Speed: 26 to 35 MPH
Percentages Related to Pace Speed: 50% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 64' north of Seventh St.; 36' south of Seventh St.
Number of travel lanes (both directions): Two thru lanes
Segment Length: 0.55 miles
Average Daily Traffic: 9,700 vehicles Date Measured: 9/22/2021
Existing Conditions: Straight alignment; industrial development and on street parking allowed both sides, industrial development both sides; High school and no parking on west side

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 3 collisions
Calculated Collision Rate: 0.51 collisions per million vehicle miles
Statewide Average Collision Rate: 1.61 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the 2014 California MUTCD, this Engineering and Traffic Survey including the analysis of new speed measurements and traffic volumes as well as current collision characteristics indicates that the 85th percentile speed of 38 MPH should initially be rounded up to 40 MPH but the speed limit can be established at 35 MPH in Option 2, Example 3, retaining the existing speed limit of 35 MPH. This Survey requires reevaluation in Year 2028, seven years from the date below, but may be reviewed in Year 2024 or earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 2
Street: Arroyo Avenue
Limits: Glenoaks Boulevard to Fifth Street
Existing Speed Limit: 30 MPH

SPEEDS

Location of Survey: S/o De Garmo Avenue Date Measured: 11/6/2014
Mean Speed (Average): 24 MPH Critical Speed (85th Percentile): 29 MPH
10 Mile Pace Speed: 21 thru 30 MPH Posted Speed Limit 30 MPH
Percentage Related to Pace Speed: 60% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 40 feet Number of travel lanes (both directions): Two thru lanes
Segment Length: 0.25 miles
Average Daily Traffic: 3,100 vehicles Date Measured: 11/13/2014
Existing Conditions: Industrial development on both sides with on street parking allowed; straight alignment

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 2 collisions
Calculated Collision Rate: 2.36 collisions per million vehicle miles
Statewide Average Collision Rate: 1.61 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: The January 20, 2015, Engineering and Traffic Survey collected new traffic data summarized above including vehicle speeds and traffic volumes. The current update of this survey found that roadway characteristics have not changed, and the traffic collision characteristics for the last three years are about equal to the statewide average rate. In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the California MUTCD 2014 Edition, this Engineering and Traffic Survey retains the speed limit of 30 MPH. This Survey expires in Year 2024, three years from the date below, but may be reviewed earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 13
Street: Glenoaks Boulevard
Limits: West City Limit to Maclay Avenue
Existing Speed Limit: 40 MPH (also 40 MPH posted speed limit to West in City of Los Angeles)

SPEEDS

Location of Survey: W/o Fermoore Street Date Measured: 9/22/2021
Mean Speed (Average): 33 MPH Critical Speed (85th Percentile): 39 MPH
10 Mile Pace Speed: 31 thru 40 MPH
Percentages Related to Pace Speed: 53% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 60 feet Number of Lanes (Both Directions): Four thru lanes
Segment Length: 0.73 miles
Average Daily Traffic: 18,400 vehicles Date Measured: 9/22/2021
Existing Conditions: On 4/5/2021, City Council accepted a major street improvement project that resulted in changed roadway conditions; commercial development at west and east ends; mixed development in center area; left turn lanes with raised medians at major intersections and at west end; on street parking allowed in areas without left turn lanes; left turns and cross traffic prohibited at Alexander and at Hagar; straight alignment

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 26 collisions
Calculated Collision Rate: 1.77 collisions per million vehicle miles
Statewide Average Collision Rate: 1.34 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the 2014 California MUTCD, this Engineering and Traffic Survey including the analysis of new speed measurements and traffic volumes as well as current collision characteristics indicates that the 85th percentile speed of 39 MPH should be rounded up to 40 MPH, retaining the existing speed limit of 40 MPH. This Survey requires reevaluation in Year 2028, seven years from the date below, but may be reviewed in Year 2024 or earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 16
Street: Harding Avenue
Limits: Glenoaks Boulevard to Fourth Street
Existing Speed Limit: 25 MPH

SPEEDS

Location of Survey: S/o Library Street Date Measured: 9/22/2021
Mean Speed (Average): 27 MPH Critical Speed (85th Percentile): 32 MPH
10 Mile Pace Speed: 21 to 30 MPH
Percentages Related to Pace Speed: 62% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 40 feet Number of Lanes (Both Directions): Two thru lanes
Segment Length: 0.50 miles
Average Daily Traffic: 1,400 vehicles Date Measured: 9/22/2021
Existing Conditions: Adjacent fronting residential development with on street parking allowed on both sides; straight alignment; one speed hump north of Fourth Street

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 2 collisions
Calculated Collision Rate: 2.61 collisions per million vehicle miles
Statewide Average Collision Rate: 1.61 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the 2014 California MUTCD, this Engineering and Traffic Survey including the analysis of new speed measurements and traffic volumes as well as current collision characteristics indicates that the 85th percentile speed of 32 MPH should initially be rounded down to 30 MPH and the speed limit can be established at 25 MPH in Option 1, Example 1, retaining the existing speed limit of 25 MPH. This Survey requires reevaluation in Year 2028, seven years from the date below, but may be reviewed in Year 2024 or earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 17
Street: Harding Avenue
Limits: Fourth Street to First Street
Existing Speed Limit: 25 MPH

SPEEDS

Location of Survey: N/o Second Street Date Measured: 9/22/2021
Mean Speed (Average): 23 MPH Critical Speed (85th Percentile): 29 MPH
10 Mile Pace Speed: 21 to 30 MPH
Percentages Related to Pace Speed: 58% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 40 feet Number of Lanes (Both Directions): Two thru lanes
Segment Length: 0.25 miles
Average Daily Traffic: 1,340 vehicles Date Measured: 9/22/2021
Existing Conditions: Adjacent fronting residential development with on street parking allowed on both sides; industrial development at south end; straight alignment; speed humps

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 1 collision
Calculated Collision Rate: 2.73 collisions per million vehicle miles
Statewide Average Collision Rate: 1.61 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the 2014 California MUTCD, this Engineering and Traffic Survey including the analysis of new speed measurements and traffic volumes as well as current collision characteristics indicates that the 85th percentile speed of 29 MPH should initially be rounded up to 30 MPH but the speed limit can be established at 25 MPH in Option 1, Example 2, retaining the existing speed limit of 25 MPH. This Survey requires reevaluation in Year 2028, seven years from the date below, but may be reviewed in Year 2024 or earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

Prepared by: Tom Brohard, PE

California Traffic Engineer #TR724
Date: _____

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 18
Street: Hubbard Street
Limits: North City Limit at Fourth Street to South City Limit at San Fernando Road
Existing Speed Limit: 35 MPH

SPEEDS

Location of Survey: N/o Second Street Date Measured: 11/6/2014
Mean Speed (Average): 34 MPH Critical Speed (85th Percentile): 39 MPH
10 Mile Pace Speed: 29 thru 38 MPH
Percentage Related to Pace Speed: 75% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 64 feet and variable Number of Lanes (Both Directions): Four thru lanes
Segment Length: 0.40 miles
Average Daily Traffic: 23,400 vehicles Date Measured: 11/13/2014
Existing Conditions: Commercial development at Glenoaks Boulevard; fronting residential development to the north and south; left turn lanes at intersections and midblock; on street parking in certain areas; straight alignment; posted 35 MPH speed limit to the North and South in the City of Los Angeles

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 27 collisions
Calculated Collision Rate: 2.63 collisions per million vehicle miles
Statewide Average Collision Rate: 1.34 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: The January 20, 2015, Engineering and Traffic Survey collected new traffic data summarized above including vehicle speeds and traffic volumes. The current update of this survey found that roadway characteristics have not changed, and the traffic collision characteristics for the last three years are about equal to the statewide average rate. In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the California MUTCD 2014 Edition, this Engineering and Traffic Survey retains the speed limit of 35 MPH. This Survey expires in Year 2024, three years from the date below, but may be reviewed earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 19
Street: Maclay Avenue
Limits: North City Limit to Glenoaks Boulevard
Existing Speed Limit: 30 MPH (also 30 MPH posted speed limit to North in City of Los Angeles)

SPEEDS

Location of Survey: N/o Lucas Street Date Measured: 9/22/2021
Mean Speed (Average): 33 MPH Critical Speed (85th Percentile): 39 MPH
10 Mile Pace Speed: 31 to 40 MPH
Percentages Related to Pace Speed: 55% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 60 feet Number of Lanes (Both Directions): Four thru lanes midblock; three at ends
Segment Length: 0.52 miles
Average Daily Traffic: 14,600 vehicles Date Measured: 9/22/2021
Existing Conditions: Commercial development on both sides; on street parking allowed on both sides with bulb outs; straight alignment

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 24 collisions
Calculated Collision Rate: 2.69 collisions per million vehicle miles
Statewide Average Collision Rate: 1.34 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: Double the statewide rate

SURVEY RESULTS

Recommendation: In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the 2014 California MUTCD, this Engineering and Traffic Survey including the analysis of new speed measurements and traffic volumes as well as current collision characteristics indicates that the 85th percentile speed of 39 MPH should initially be rounded up to 40 MPH but the speed limit can be established at 35 MPH in Option 2, Example 3, increasing the existing speed limit of 30 MPH to 35 MPH. This Survey requires reevaluation in Year 2028, seven years from the date below, but may be reviewed in Year 2024 or earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

Recommendation: The January 20, 2015, Engineering and Traffic Survey collected new traffic data summarized above including vehicle speeds and traffic volumes. The current update of this survey found that roadway characteristics have not changed, and the traffic collision characteristics for the last three years are about equal to the statewide average rate. In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the California MUTCD 2014 Edition, this Engineering and Traffic Survey retains the speed limit of 35 MPH. This Survey expires in Year 2024, three years from the date below, but may be reviewed earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 31
Street: Truman Street
Limits: Maclay Avenue to East City Limit
Existing Speed Limit: 35 MPH

SPEEDS

Location of Survey: E/o Kittridge Street Date Measured: 11/6/2014
Mean Speed (Average): 33 MPH Critical Speed (85th Percentile): 37 MPH
10 Mile Pace Speed: 29 thru 38 MPH
Percentage Related to Pace Speed: 78% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 64 feet Number of Lanes (Both Directions): Four thru lanes
Segment Length: 0.45 miles
Average Daily Traffic: 16,800 vehicles Date Measured: 11/13/2014
Existing Conditions: Commercial development on both sides; left turn lanes with no on street parking allowed except for short midblock segment east of Brand Boulevard which provides on street parking; horizontal curves east of Brand Boulevard

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 22 collisions
Calculated Collision Rate: 2.66 collisions per million vehicle miles
Statewide Average Collision Rate: 1.34 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: The January 20, 2015, Engineering and Traffic Survey collected new traffic data summarized above including vehicle speeds and traffic volumes. The current update of this survey found that roadway characteristics have not changed, and the traffic collision characteristics for the last three years are about equal to the statewide average rate. In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the California MUTCD 2014 Edition, this Engineering and Traffic Survey retains the speed limit of 35 MPH. This Survey expires in Year 2024, three years from the date below, but may be reviewed earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

**CITY OF SAN FERNANDO
ENGINEERING AND TRAFFIC SURVEY
TO ESTABLISH AN ENFORCABLE SPEED LIMIT**

Survey No.: 32
Street: Workman Street
Limits: San Fernando Road to South City Limit
Existing Speed Limit: 25 MPH

SPEEDS

Location of Survey: S/o Pico Street Date Measured: 11/6/2014
Mean Speed (Average): 25 MPH Critical Speed (85th Percentile): 27 MPH
10 Mile Pace Speed: 21 thru 30 MPH
Percentage Related to Pace Speed: 89% within pace

ROADWAY DESIGN AND TRAFFIC CHARACTERISTICS

Width: 36 feet Number of Lanes (Both Directions): Two thru lanes
Segment Length: 0.55 miles
Average Daily Traffic: 5,300 vehicles Date Measured: 11/13/2014
Existing Conditions: Commercial development with on street parking allowed on both sides at north end and on west side at south end; residential development with on street parking allowed on both sides for rest of segment; straight alignment

COLLISION CHARACTERISTICS

Collision Period Analyzed: 1/1/2018 thru 12/31/2020 (3 years)
Total Number of Midblock Collisions: 9 collisions
Calculated Collision Rate: 2.82 collisions per million vehicle miles
Statewide Average Collision Rate: 1.61 collisions per million vehicle miles
Calculated Collision Rate Compared to Statewide Average Rate: About average

SURVEY RESULTS

Recommendation: The January 20, 2015, Engineering and Traffic Survey collected new traffic data summarized above including vehicle speeds and traffic volumes. The current update of this survey found that roadway characteristics have not changed, and the traffic collision characteristics for the last three years are about equal to the statewide average rate. In accordance with applicable provisions of the California Vehicle Code and Section 2B.13 of the California MUTCD 2014 Edition, this Engineering and Traffic Survey retains the speed limit of 25 MPH. This Survey expires in Year 2024, three years from the date below, but may be reviewed earlier in accordance with Assembly Bill 43 approved on October 8, 2021.

04 If used, the Overhead Pedestrian Crossing sign shall be placed over the roadway at the crosswalk location.

05 An In-Street or Overhead Pedestrian Crossing sign shall not be placed in advance of the crosswalk to educate road users about the State law prior to reaching the crosswalk, nor shall it be installed as an educational display that is not near any crosswalk.

Guidance:

06 If an island (see Chapter 3I) is available, the In-Street Pedestrian Crossing sign, if used, should be placed on the island.

Option:

07 If a Pedestrian Crossing (W11-2) warning sign is used in combination with an In-Street or an Overhead Pedestrian Crossing sign, the W11-2 sign with a diagonal downward pointing arrow (W16-7P) plaque may be post-mounted on the right-hand side of the roadway at the crosswalk location.

Standard:

08 The In-Street Pedestrian Crossing sign and the Overhead Pedestrian Crossing sign shall not be used at signalized locations controlled approaches.

09 The STOP FOR legend shall only be used in States where the State law specifically requires that a driver must stop for a pedestrian in a crosswalk.

10 The In-Street Pedestrian Crossing sign shall have a black legend (except for the red STOP or YIELD sign symbols) and border on a white background, surrounded by an outer yellow or fluorescent yellow-green background area (see Figure 2B-2). The Overhead Pedestrian Crossing sign shall have a black legend and border on a yellow or fluorescent yellow-green background at the top of the sign and a black legend and border on a white background at the bottom of the sign (see Figure 2B-2).

11 Unless the In-Street Pedestrian Crossing sign is placed on a physical island, the sign support shall be designed to bend over and then bounce back to its normal vertical position when struck by a vehicle.

Support:

12 The Provisions of Section 2A.18 concerning mounting height are not applicable for the In-Street Pedestrian Crossing sign.

Standard:

13 The top of an In-Street Pedestrian Crossing sign shall be a maximum of 4 feet above the pavement surface. The top of an In-Street Pedestrian Crossing sign placed in an island shall be a maximum of 4 feet above the island surface.

Option:

14 The In-Street Pedestrian Crossing sign may be used seasonably seasonally to prevent damage in winter because of plowing operations, and may be removed at night if the pedestrian activity at night is minimal.

15 In-Street Pedestrian Crossing signs, Overhead Pedestrian Crossing signs, and Yield Here To (Stop Here For) Pedestrians signs may be used together at the same crosswalk.

Section 2B.13 Speed Limit Sign (R2-1)

Support:

00 The setting of speed limits can be controversial and requires a rational and defensible determination to maintain public confidence. Speed limits are normally set near the 85th-percentile speed that statistically represents one standard deviation above the average speed and establishes the upper limit of what is considered reasonable and prudent. As with most laws, speed limits need to depend on the voluntary compliance of the greater majority of motorists. Speed limits cannot be set arbitrarily low, as this would create violators of the majority of drivers and would not command the respect of the public.

Standard:

01 Speed zones (other than statutory speed limits) shall only be established on the basis of an engineering and traffic survey (E&TS) study that has been performed in accordance with traffic engineering practices. The engineering study shall include an analysis of the current speed distribution of free-flowing vehicles.

02 The Speed Limit (R2-1) sign (see Figure 2B-3) shall display the limit established by law, ordinance, regulation, or as adopted by the authorized agency based on the engineering study. The speed limits displayed shall be in multiples of 5 mph.

03 Speed Limit (R2-1) signs, indicating speed limits for which posting is required by law, shall be located at the points of change from one speed limit to another.

04 At the downstream end of the section to which a speed limit applies, a Speed Limit sign showing the next speed limit shall be installed. Additional Speed Limit signs shall be installed beyond major intersections and at other locations where it is necessary to remind road users of the speed limit that is applicable.

05 Speed Limit signs indicating the statutory speed limits shall be installed at entrances to the State and, where appropriate, at jurisdictional boundaries in urban areas.

Support:

06 In general, the maximum speed limits applicable to rural and urban roads are established:

- A. Statutorily – a maximum speed limit applicable to a particular class of road, such as freeways or city streets, that is established by State law; or
- B. As altered speed zones – based on engineering studies.

07 State statutory limits might restrict the maximum speed limit that can be established on a particular road, notwithstanding what an engineering study might indicate.

Option:

~~08 If a jurisdiction has a policy of installing Speed Limit signs in accordance with statutory requirements only on the streets that enter a city, neighborhood, or residential area to indicate the speed limit that is applicable to the entire city, neighborhood, or residential area unless otherwise posted, a CITYWIDE (R2-5aP), NEIGHBORHOOD (R2-5bP), or RESIDENTIAL (R2-5cP) plaque may be mounted above the Speed Limit sign and an UNLESS OTHERWISE POSTED (R2-5P) plaque may be mounted below the Speed Limit sign (see Figure 2B-3).~~

Guidance:

09 A Reduced Speed Limit Ahead (W3-5 or W3-5a) sign (see Section 2C.38) should be used to inform road users of a reduced speed zone where the speed limit is being reduced by more than 10 mph, or where engineering judgment indicates the need for advance notice to comply with the posted speed limit ahead.

10 States and local agencies should conduct engineering studies at least once every 5, 7 or 10 years, in compliance with CVC Section 40802 to reevaluate non-statutory speed limits on segments of their roadways that have undergone significant changes since the last review, such as the addition or elimination of parking or driveways, changes in the number of travel lanes, changes in the configuration of bicycle lanes, changes in traffic control signal coordination, or significant changes in traffic volumes.

11 No more than three speed limits should be displayed on any one Speed Limit sign or assembly.

~~12 When a speed limit within a speed zone is posted, it should be within 5 mph of the 85th percentile speed of free-flowing traffic.~~

Standard:

12a When a speed limit is to be posted, it shall be established at the nearest 5 mph increment of the 85th-percentile speed of free-flowing traffic, except as shown in the two Options below.

Option:

1. The posted speed may be reduced by 5 mph from the nearest 5 mph increment of the 85th-percentile speed, in compliance with CVC Sections 627 and 22358.5. See Standard below for documentation requirements.
2. For cases in which the nearest 5 mph increment of the 85th-percentile speed would require a rounding up, then the speed limit may be rounded down to the nearest 5 mph increment below the 85th percentile speed, if no further reduction is used. Refer to CVC Section 21400(b).

Standard:

12b If the speed limit to be posted has had the 5 mph reduction applied, then an E&TS shall document in writing the conditions and justification for the lower speed limit and be approved by a registered Civil or Traffic Engineer. The reasons for the lower speed limit shall be in compliance with CVC Sections 627 and 22358.5.

Support:

12c The following examples are provided to explain the application of these speed limit criteria:

Example 1. Using Option 1 above and first step is to round down: If the 85th percentile speed in a speed survey for a location was 37 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 37 mph speed. As indicated by the option, this 35 mph established speed limit could be reduced by 5 mph to 30 mph if

the conditions and justification for using this lower speed limit are documented in the E&TS and approved by a registered Civil or Traffic Engineer.

Example 2. Using Option 1 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, then the speed limit would be established at 35 mph since it is the closest 5 mph increment to the 33 mph speed. As indicated by the option, this 35 mph speed limit could be reduced by 5 mph to 30 mph if the conditions and justification for using this lower speed limit are documented in the E&TS and approved by a registered Civil or Traffic Engineer.

Example 3. Using Option 2 above and first step is to round up: If the 85th percentile speed in a speed survey for a location was 33 mph, instead of rounding up to 35 mph, the speed limit can be established at 30 mph, but no further reductions can be applied (which is allowed in the two examples above).

Standard:

^{12d} Examples 1 and 2 for establishing posted speed limits shall apply to engineering and traffic surveys (E&TS) performed on or after July 1, 2009 in accordance with Caltrans' Traffic Operations Policy Directive Number 09-04 dated June 29, 2009.

Option:

^{12e} After January 1, 2012, Example 3 may be used to establish speed limits. Refer to CVC 21400(b).

Support:

^{12f} Any existing E&TS that was performed before July 1, 2009 in accordance with previous traffic control device standards is not required to comply with the new criteria until it is due for reevaluation per the 5, 7 or 10 year criteria.

¹³ *Speed studies for signalized intersection approaches should be taken outside the influence area of the traffic control signal, which is generally considered to be approximately 1/2 mile, to avoid obtaining skewed results for the 85th-percentile speed.*

Support:

¹⁴ Advance warning signs and other traffic control devices to attract the motorist's attention to a signalized intersection are usually more effective than a reduced speed limit zone.

Guidance:

¹⁵ *An advisory speed plaque (see Section 2C.08) mounted below a warning sign should be used to warn road users of an advisory speed for a roadway condition. A Speed Limit sign should not be used for this situation.*

Option:

¹⁶ Other factors that may be considered when establishing or reevaluating speed limits are the following:

- A. Road characteristics, shoulder condition, grade, alignment, and sight distance;
- B. The pace;
- C. Roadside development and environment;
- D. Parking practices and pedestrian activity; and
- E. Reported crash experience for at least a 12-month period.

¹⁷ Two types of Speed Limit signs may be used: one to designate passenger car speeds, including any nighttime information or minimum speed limit that might apply; and the other to show any special speed limits for trucks and other vehicles.

¹⁸ A changeable message sign that changes the speed limit for traffic and ambient conditions may be installed provided that the appropriate speed limit is displayed at the proper times.

¹⁹ A changeable message sign that displays to approaching drivers the speed at which they are traveling may be installed in conjunction with a Speed Limit sign.

Guidance:

²⁰ *If a changeable message sign displaying approach speeds is installed, the legend YOUR SPEED XX MPH or such similar legend should be displayed. The color of the changeable message legend should be a yellow legend on a black background or the reverse of these colors.*

Support:

²¹ Advisory Speed signs and plaques are discussed in Sections 2C.08 and 2C.14. Temporary Traffic Control Zone Speed signs are discussed in Part 6. The WORK ZONE (G20-5aP) plaque intended for installation above a Speed Limit sign is discussed in Section 6F.12. School Speed Limit signs are discussed in Section 7B.15.

²² Speed limits in California are governed by the California Vehicle Code (CVC), Sections 22348 through 22413; also, pertinent sections are found in Sections 627 and 40802 and others referenced in this section. See Section 1A.11 for information regarding this publication.

²³ Refer to Part 6, Section 6C.01 for speed limit signs in temporary traffic control zones. Refer to Part 7 for speed limit signs in school areas.

Engineering and Traffic Survey (E&TS)

Support:

²⁴ CVC Section 627 defines the term "Engineering and traffic survey" and lists its requirements.

Standard:

²⁵ **An engineering and traffic survey (E&TS) shall include, among other requirements deemed necessary by Caltrans, consideration of all of the following:**

- A. Prevailing speeds as determined by traffic engineering measurements.**
- B. Collision records.**
- C. Highway, traffic, and roadside conditions not readily apparent to the driver.**

Guidance:

²⁶ *The E&TS should contain sufficient information to document that the required three items of CVC Section 627 are provided and that other conditions not readily apparent to a driver are properly identified.*

²⁷ *Prevailing speeds are determined by a speed zone survey. A speed zone survey should include:*

- A. The intent of the speed measurements is to determine the actual speed of unimpeded traffic. The speed of traffic should not be altered by concentrated law enforcement, or other means, just prior to, or while taking the speed measurements.*
- B. Only one person is required for the field work. Speeds should be read directly from a radar or other electronic speed measuring devices; or,*
- C. Devices, other than radar, capable of accurately distinguishing and measuring the unimpeded speed of free flowing vehicles may be used.*
- D. A location should be selected where prevailing speeds are representative of the entire speed zone section. If speeds vary on a given route, more than one speed zone section may be required, with separate measurements for each section. Locations for measurements should be chosen so as to minimize the effects of traffic signals or stop signs.*
- E. Speed measurements should be taken during off-peak hours between peak traffic periods on weekdays. If there is difficulty in obtaining the desired quantity, speed measurements may be taken during any period with free flowing traffic.*
- F. The weather should be fair (dry pavement) with no unusual conditions prevailing.*
- G. The surveyor and equipment should not affect the traffic speeds. For this reason, an unmarked car is recommended, and the radar speed meter located as inconspicuously as possible.*
- H. In order for the sample to be representative of the actual traffic flow, the minimum sample should be 100 vehicles in each survey. In no case should the sample contain less than 50 vehicles.*
- I. Short speed zones of less than 0.5 miles should be avoided, except in transition areas.*
- J. Speed zone changes should be coordinated with changes in roadway conditions or roadside development.*
- K. Speed zoning should be in 10 mph increments except in urban areas where 5 mph increments are preferable.*
- L. Speed zoning should be coordinated with adjacent jurisdictions.*

Support:

²⁸ Physical conditions such as width, curvature, grade and surface conditions, or any other condition readily apparent to the driver, in the absence of other factors, would not require special downward speed zoning. Refer to CVC 22358.5.

Option:

²⁹ When qualifying an appropriate speed limit, local authorities may also consider all of the following findings:

- A. Residential density, if any of the following conditions exist on the particular portion of highway and the property contiguous thereto, other than a business district:**
 - 1. Upon one side of the highway, within 0.25 miles, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures.**
 - 2. Upon both sides of the highway, collectively, within a distance of 0.25 miles the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures.**

3. The portion of highway is larger than 0.25 miles but has the ratio of separate dwelling houses or business structures to the length of the highway described in either subparagraph 1 or 2 above.

B. Pedestrian and bicyclist safety.

³⁰ The following two methods of conducting E&TS may be used to establish speed limits:

1. State Highways - The E&TS for State highways is made under the direction of the Caltrans District Traffic Engineer. The data includes:

- a. One copy of the Example of Speed Zone Survey Sheet (See Figure 2B-101(CA)) showing:
 - A north arrow
 - Engineer's station or post mileage
 - Limits of the proposed zones
 - Appropriate notations showing type of roadside development, such as "scattered business," "solid residential," etc. Schools adjacent to the highway are shown, but other buildings need not be plotted unless they are a factor in the speed recommendation or the point of termination of a speed zone.
 - Collision rates for the zones involved
 - Average daily traffic volume
 - Location of traffic signals, signs and markings
 - If the highway is divided, the limits of zones for each direction of travel
 - Plotted 85th percentile and pace speeds at location taken showing speed profile
- b. A report to the District Director that includes:
 - The reason for the initiation of speed zone survey.
 - Recommendations and supporting reasons.
 - The enforcement jurisdictions involved and the recommendations and opinions of those officials.
 - The stationing or reference post in mileage at the beginning and ending of each proposed zone and any intermediate equations. Location ties must be given to readily identifiable physical features.

2. City and County Through Highways, Arterials, Collector Roads and Local Streets.

- a. The short method of speed zoning is based on the premise that a reasonable speed limit is one that conforms to the actual behavior of the majority of motorists, and that by measuring motorists' speeds, one will be able to select a speed limit that is both reasonable and effective. Other factors that need to be considered include but are not limited to: the most recent two-year collision record, roadway design speed, safe stopping sight distance, superelevation, shoulder conditions, profile conditions, intersection spacing and offsets, commercial driveway characteristics, and pedestrian traffic in the roadway without sidewalks.
- b. Determination of Existing Speed Limits - Figures 2B-103(CA) & 2B-104(CA) show examples of data sheets which may be used to record speed observations. Specific types of vehicles may be tallied by use of letter symbols in appropriate squares.

³¹ In most situations, the short form for local streets and roads will be adequate; however, the procedure used on State highways may be used at the option of the local agency.

Guidance:

³² *The factors justifying a reduction below the 85th percentile speed for the posted speed limit are the same factors mentioned above. Whenever such factors are considered to establish the speed limit, they should be documented on the speed zone survey or the accompanying engineering report.*

³³ *The establishment of a speed limit of more than 5 mph below the 85th percentile speed should be done with great care as studies have shown that establishing a speed limit at less than the 85th percentile generally results in an increase in collision rates; in addition, this may make violators of a disproportionate number of the reasonable majority of drivers.*

Support:

³⁴ Generally, the most decisive evidence of conditions not readily apparent to the driver surfaces in collision histories.

³⁵ Speed limits are established at or near the 85th percentile speed, which is defined as that speed at or below which 85th percent of the traffic is moving. The 85th percentile speed is often referred to as the critical speed. Pace speed is defined as the 10 mph increment of speed containing the largest number of vehicles (See Figure 2B-102(CA)). The lower limit of the pace is plotted on the Speed Zone Survey Sheets as an aid in determining the proper zone limits. Speed limits higher than the 85th

percentile are not generally considered reasonable and prudent. Speed limits below the 85th percentile do not ordinarily facilitate the orderly movement of traffic and require constant enforcement to maintain compliance. Speed limits established on the basis of the 85th percentile conform to the consensus of those who drive highways as to what speed is reasonable and prudent, and are not dependent on the judgment of one or a few individuals.

³⁶ The majority of drivers comply with the basic speed law. Speed limits set at or near the 85th percentile speed provide law enforcement officers with a limit to cite drivers who will not conform to what the majority considers reasonable and prudent. Further studies show that establishing a speed limit at less than the 85th percentile (Critical Speed) generally results in an increase in collision rates.

Option:

³⁷ When roadside development results in traffic conflicts and unusual conditions which are not readily apparent to drivers, as indicated in collision records, speed limits somewhat below the 85th percentile may be justified. Concurrence and support of enforcement officials are necessary for the successful operation of a restricted speed zone.

Guidance:

³⁸ *Speed zones of less than 0.5 miles and short transition zones should be avoided.*

Signs

Standard:

³⁹ **The Speed Limit (R2-1) sign shall be used to give notice of a prima facie or maximum speed limit except as provided under Prima Facie Speed Limits in CVC 22352.**

⁴⁰ **When used, the TRUCKS, 3 AXLES OR MORE 55 MAXIMUM (R6-3(CA)) sign shall be installed approximately 750 feet following each R2-1 sign.**

⁴¹ **The ALL VEHICLES WHEN TOWING 55 MAXIMUM (R6-4(CA)) sign shall be installed approximately 750 feet following the R6-3(CA) sign.**

Guidance:

⁴² *The R6-3(CA) and R6-4(CA) signs should be placed on highway segments where speeds in excess of 55 mph are permitted.*

Option:

⁴³ The existing AUTOS WITH TRAILERS, TRUCKS 55 MAXIMUM (R6-1(CA)) sign may remain in place until it is knocked down, damaged, stolen, vandalized, or otherwise reaches the end of its useful life.

⁴⁴ The local California Highway Patrol office may be consulted to identify highway segments where enforcement is an issue. On these segments early replacement of existing R6-1(CA) signs may be necessary.

Support:

⁴⁵ Refer to CVC Section 22406 for types of vehicles subject to the 55 mph maximum speed limit.

Option:

⁴⁶ The Speed Zone Ahead (R2-4(CA)) sign (see Figure 2B-3(CA)) may be used to inform the motorist of a reduced speed zone.

Standard:

⁴⁷ **The R2-4(CA) sign shall always be followed by a Speed Limit (R2-1) sign installed at the beginning of the zone where the reduced speed limit applies.**

⁴⁸ **The End Speed Limit (R3(CA)) sign shall only be used to mark the end of a speed zone.**

⁴⁹ **The R3(CA) sign shall not be used at a transition into a change in speed limits within a reduced zone.**

Option:

⁵⁰ The R3(CA) sign (see Figure 2B-3(CA)) may be used with the TRUCK (M4-4) plaque to mark the end of truck speed zones on descending grades.

Standard:

⁵¹ **Speed limit signs shall be placed at the beginning of all restricted speed zones.**

Option:

⁵² Where speed zones are longer than 1 mile, intermediate signs may be placed at approximate 1 mile intervals. For three or more lanes in each direction, dual installation may be used.

Bill Text: CA AB43 | 2021-2022 | Regular Session | Chaptered California Assembly Bill 43 (*In Recess*)

Bill Title: Traffic safety.

Spectrum: Partisan Bill (Democrat 13-0)

Status: (*Passed*) 2021-10-08 - Chaptered by Secretary of State - Chapter 690, Statutes of 2021. [AB43 Detail]

Download: California-2021-AB43-Chaptered.html

Assembly Bill No. 43

CHAPTER 690

An act to amend Sections 627, 21400, 22352, 22354, 22358, and 40802 of, and to add Sections 22358.6, 22358.7, 22358.8, and 22358.9 to, the Vehicle Code, relating to traffic safety.

[Approved by Governor October 08, 2021. Filed with Secretary of State October 08, 2021.]

LEGISLATIVE COUNSEL'S DIGEST

AB 43, Friedman. Traffic safety.

(1) Existing law establishes various default speed limits for vehicles upon highways, as specified. Existing law authorizes state and local authorities to adjust these default speed limits, as specified, based upon certain findings determined by an engineering and traffic survey. Existing law defines an engineering and traffic survey and prescribes specified factors that must be included in the survey, including prevailing speeds and road conditions. Existing law authorizes local authorities to consider additional factors, including pedestrian and bicyclist safety.

This bill would authorize local authorities to consider the safety of vulnerable pedestrian groups, as specified.

(2) Existing law establishes a prima facie speed limit of 25 miles per hour on any highway, other than a state highway, located in any business or residence district, as defined. Existing law authorizes a local authority to change the speed limit on any such highway, as prescribed, including erecting signs to give notice thereof.

This bill would establish a prima facie speed limit of 25 miles per hour on state highways located in any business or residence district and would authorize the Department of Transportation (Caltrans) to change the speed limit on any such highway, as prescribed, including erecting signs to give notice thereof.

(3) Existing law establishes a speed limit of 65 miles per hour on state highways, as specified. Existing law authorizes Caltrans to declare a speed limit on any such highway, as prescribed, of 60, 55, 50, 45, 40, 35, 30, or 25 miles per hour, including erecting signs to give notice thereof. Existing law also authorizes a local authority, on a section of highway, other than a state highway, where the speed limit is 65 miles per hour to declare a lower speed limit, as specified.

This bill would additionally authorize Caltrans and a local authority to declare a speed limit of 20 or 15 miles per hour, as specified, on these highways.

(4) Existing law authorizes a local authority, without an engineering and traffic survey, to declare a lowered speed limit on portions of highway, as specified, approaching a school building or school grounds. Existing law limits this authority to sections of highway meeting specified requirements relating to the number of lanes and the speed limit of the highway before the school zone.

This bill would similarly authorize a lowered speed limit on a section of highway contiguous to a business activity district, as defined, and would require that certain violations be subject to a warning citation, for the first 30 days of implementation.

(5) Existing law requires Caltrans, by regulation, to provide for the rounding up or down to the nearest 5 miles per hour increment of the 85th percentile speed of free-flowing traffic on a portion of highway as determined by a traffic and engineering survey. Existing law requires the Judicial Council to create and implement an online tool by June 30, 2024, for the adjudication of traffic infractions, among other things.

This bill would authorize a local authority to further reduce the speed limit, as specified, and require that certain violations be subject to a warning citation, for the first 30 days of implementation. The bill would, in some circumstances, authorize the reduction of a speed limit beginning June 30, 2024, or when the Judicial Council has developed an online tool for adjudicating traffic infraction violations, whichever is sooner. The bill would require Caltrans to accordingly revise the California Manual on Uniform Traffic Control Devices, as specified.

(6) Existing law defines a speed trap and prohibits evidence of a driver's speed obtained through a speed trap from being admissible in court in any prosecution against a driver for a speed-related offense. Existing law deems a road where the speed limit is not justified by a traffic and engineering survey conducted within the previous 7 years to be a speed trap, unless the roadway has been evaluated by a registered engineer, as specified, in which case the speed limit remains enforceable for a period of 10 years. Existing law exempts a school zone, as defined, from certain provisions relating to defining a speed trap.

This bill would extend the period that a speed limit justified by a traffic and engineering survey conducted more the 7 years ago remains valid, for purposes of speed enforcement, if evaluated by a registered engineer, as specified, to 14 years.

This bill would also exempt a senior zone and business activity district, as defined, from those provisions.

Bill Text

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 627 of the Vehicle Code is amended to read:

627. (a) "Engineering and traffic survey," as used in this code, means a survey of highway and traffic conditions in accordance with methods determined by the Department of Transportation for use by state and local authorities.

(b) An engineering and traffic survey shall include, among other requirements deemed necessary by the department, consideration of all of the following:

- (1) Prevailing speeds as determined by traffic engineering measurements.
- (2) Accident records.
- (3) Highway, traffic, and roadside conditions not readily apparent to the driver.

(c) When conducting an engineering and traffic survey, local authorities, in addition to the factors set forth in paragraphs (1) to (3), inclusive, of subdivision (b) may consider all of the following:

(1) Residential density, if any of the following conditions exist on the particular portion of highway and the property contiguous thereto, other than a business district:

(A) Upon one side of the highway, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures.

(B) Upon both sides of the highway, collectively, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures.

(C) The portion of highway is longer than one-quarter of a mile but has the ratio of separate dwelling houses or business structures to the length of the highway described in either subparagraph (A) or (B).

(2) Safety of bicyclists and pedestrians, with increased consideration for vulnerable pedestrian groups including children, seniors, persons with disabilities, users of personal assistive mobility devices, and the unhoused.

SEC. 2. Section 21400 of the Vehicle Code is amended to read:

21400. (a) The Department of Transportation shall, after consultation with local agencies and public hearings, adopt rules and regulations prescribing uniform standards and specifications for all official traffic control devices placed pursuant to this code, including, but not limited to, stop signs, yield right-of-way signs, speed restriction signs, railroad warning approach signs, street name signs, lines and markings on the roadway, and stock crossing signs placed pursuant to Section 21364.

(b) The Department of Transportation shall, after notice and public hearing, determine and publicize the specifications for uniform types of warning signs, lights, and devices to be placed upon a highway by a person engaged in performing work that interferes with or endangers the safe movement of traffic upon that highway.

(c) Only those signs, lights, and devices as are provided for in this section shall be placed upon a highway to warn traffic of work that is being performed on the highway.

(d) Control devices or markings installed upon traffic barriers on or after January 1, 1984, shall conform to the uniform standards and specifications required by this section.

SEC. 3. Section 22352 of the Vehicle Code is amended to read:

22352. The prima facie limits are as follows and shall be applicable unless changed as authorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

(1) When traversing a railway grade crossing, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along the railway. This subdivision does not apply in the case of any railway grade crossing where a human flagperson is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways if during the last 100 feet of the driver's approach to the intersection the driver does not have a clear and unobstructed view of the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all those highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(3) On any alley.

(b) Twenty-five miles per hour:

(1) On any highway, in any business or residence district unless a different speed is determined by local authority or the Department of Transportation under procedures set forth in this code.

(2) When approaching or passing a school building or the grounds thereof, contiguous to a highway and posted with a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. The prima facie limit shall also apply when approaching or passing any school grounds which are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children and the highway is posted with a standard "SCHOOL" warning sign. For purposes of this subparagraph, standard "SCHOOL" warning signs may be placed at any distance up to 500 feet away from school grounds.

(3) When passing a senior center or other facility primarily used by senior citizens, contiguous to a street other than a state highway and posted with a standard "SENIOR" warning sign. A local authority may erect a sign pursuant to this paragraph when the local agency makes a determination that the proposed signing should be implemented. A local authority may request grant funding from the Active Transportation Program pursuant to Chapter 8 (commencing with Section 2380) of Division 3 of the Streets and Highways Code, or any other grant funding available to it, and use that grant funding to pay for the erection of those signs, or may utilize any other funds available to it to pay for the erection of those signs, including, but not limited to, donations from private sources.

SEC. 4. Section 22354 of the Vehicle Code is amended to read:

22354. (a) Whenever the Department of Transportation determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of a state highway where the limit of 65 miles is applicable, the department may determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30, 25, 20, or 15 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

(b) This section shall become operative on the date specified in subdivision (c) of Section 22366.

SEC. 5. Section 22358 of the Vehicle Code is amended to read:

22358. (a) Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of any street other than a state highway where the limit of 65 miles per hour is applicable, the local authority may by ordinance determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30, 25, 20, or 15 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street.

(b) This section shall become operative on the date specified in subdivision (c) of Section 22366.

SEC. 6. Section 22358.6 is added to the Vehicle Code, to read:

22358.6. The Department of Transportation shall, in the next scheduled revision, revise and thereafter maintain the California Manual on Uniform Traffic Control Devices to require the Department of Transportation or a local authority to round speed limits to the nearest five miles per hour of the 85th percentile of the free-flowing traffic. However, in cases in which the speed limit needs to be rounded up to the nearest five miles per hour increment of the 85th-percentile speed, the Department of Transportation or a local authority may decide to instead round down the speed limit to the lower five miles per hour increment. A local authority may additionally lower the speed limit as provided in Sections 22358.7 and 22358.8.

SEC. 7. Section 22358.7 is added to the Vehicle Code, to read:

22358.7. (a) If a local authority, after completing an engineering and traffic survey, finds that the speed limit is still more than is reasonable or safe, the local authority may, by ordinance, determine and declare a prima facie speed limit that has been reduced an additional five miles per hour for either of the following reasons:

(1) The portion of highway has been designated as a safety corridor. A local authority shall not deem more than one-fifth of their streets as safety corridors.

(2) The portion of highway is adjacent to any land or facility that generates high concentrations of bicyclists or pedestrians, especially those from vulnerable groups such as children, seniors, persons with disabilities, and the unhoused.

(b) (1) As used in this section, "safety corridor" shall be defined by the Department of Transportation in the next revision of the California Manual on Uniform Traffic Control Devices. In making this determination, the department shall consider highways that have the highest number of serious injuries and fatalities based on collision data that may be derived from, but not limited to, the Statewide Integrated Traffic Records System.

(2) The Department of Transportation shall, in the next revision of the California Manual on Uniform Traffic Control Devices, determine what constitutes land or facilities that generate high concentrations of bicyclists and pedestrians, as used in paragraph (2) of subdivision (a). In making this determination, the department shall consider density, road use type, and bicycle and pedestrian infrastructure present on a section of highway.

(c) A local authority may not lower a speed limit as authorized by this section until June 30, 2024, or until the Judicial Council has developed an online tool for adjudicating infraction violations statewide as specified in Article 7 (commencing with Section 68645) of Chapter 2 of Title 8 of the Government Code, whichever is sooner.

(d) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

SEC. 8. Section 22358.8 is added to the Vehicle Code, to read:

22358.8. (a) If a local authority, after completing an engineering and traffic survey, finds that the speed limit is still more than is reasonable or safe, the local authority may, by ordinance, retain the current speed limit or restore the immediately prior speed limit if that speed limit was established with an engineering and traffic survey and if a registered engineer has evaluated the section of highway and determined that no additional general purpose lanes have been added to the roadway since completion of the traffic survey that established the prior speed limit.

(b) This section does not authorize a speed limit to be reduced by any more than five miles per hour from the current speed limit nor below the immediately prior speed limit.

(c) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

SEC. 9. Section 22358.9 is added to the Vehicle Code, to read:

22358.9. (a) (1) Notwithstanding any other law, a local authority may, by ordinance, determine and declare a 25 or 20 miles per hour prima facie speed limit on a highway contiguous to a business activity district when posted with a sign that indicates a speed limit of 25 or 20 miles per hour.

(2) The prima facie limits established under paragraph (1) apply only to highways that meet all of the following conditions:

(A) A maximum of four traffic lanes.

(B) A maximum posted 30 miles per hour prima facie speed limit immediately prior to and after the business activity district, if establishing a 25 miles per hour speed limit.

(C) A maximum posted 25 miles per hour prima facie speed limit immediately prior to and after the business activity district, if establishing a 20 miles per hour speed limit.

(b) As used in this section, a "business activity district" is that portion of a highway and the property contiguous thereto that includes central or neighborhood downtowns, urban villages, or zoning designations that prioritize commercial land uses at the downtown or neighborhood scale and meets at least three of the following requirements in paragraphs (1) to (4), inclusive:

(1) No less than 50 percent of the contiguous property fronting the highway consists of retail or dining commercial uses, including outdoor dining, that open directly onto sidewalks adjacent to the highway.

(2) Parking, including parallel, diagonal, or perpendicular spaces located alongside the highway.

(3) Traffic control signals or stop signs regulating traffic flow on the highway, located at intervals of no more than 600 feet.

(4) Marked crosswalks not controlled by a traffic control device.

(c) A local authority shall not declare a prima facie speed limit under this section on a portion of a highway where the local authority has already lowered the speed limit as permitted under Sections 22358.7 and 22358.8.

(d) A local authority shall issue only warning citations for violations of exceeding the speed limit by 10 miles per hour or less for the first 30 days that a lower speed limit is in effect as authorized by this section.

SEC. 10. Section 40802 of the Vehicle Code is amended to read:

40802. (a) A "speed trap" is either of the following:

(1) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(2) A particular section of a highway with a prima facie speed limit that is provided by this code or by local ordinance under paragraph (1) of subdivision (b) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects. This paragraph does not apply to a local street, road, school zone, senior zone, or business activity district.

(b) (1) For purposes of this section, a local street or road is one that is functionally classified as "local" on the "California Road System Maps," that are approved by the Federal Highway Administration and maintained by the Department of Transportation. It may also be defined as a "local street or road" if it primarily provides access to abutting residential property and meets the following three conditions:

(A) Roadway width of not more than 40 feet.

(B) Not more than one-half of a mile of uninterrupted length. Interruptions shall include official traffic control signals as defined in Section 445.

(C) Not more than one traffic lane in each direction.

(2) For purposes of this section, "school zone" means that area approaching or passing a school building or the grounds thereof that is contiguous to a highway and on which is posted a standard "SCHOOL" warning sign, while children are going to or leaving the school either during school hours or during the noon recess period. "School zone" also includes the area approaching or passing any school grounds that are not separated from the highway by a fence, gate, or other physical barrier while the grounds are in use by children if that highway is posted with a standard "SCHOOL" warning sign.

(3) For purposes of this section, "senior zone" means that area approaching or passing a senior center building or other facility primarily used by senior citizens, or the grounds thereof that is contiguous to a highway and on which is posted a standard "SENIOR" warning sign, pursuant to Section 22352.

(4) For purposes of this section, "business activity district" means a section of highway described in subdivision (b) of Section 22358.9 in which a standard 25 miles per hour or 20 miles per hour speed limit sign has been posted pursuant to paragraph (1) of subdivision (a) of that section.

(c) (1) When all of the following criteria are met, paragraph (2) of this subdivision shall be applicable and subdivision (a) shall not be applicable:

(A) When radar is used, the arresting officer has successfully completed a radar operator course of not less than 24 hours on the use of police traffic radar, and the course was approved and certified by the Commission on Peace Officer Standards and Training.

(B) When laser or any other electronic device is used to measure the speed of moving objects, the arresting officer has successfully completed the training required in subparagraph (A) and an additional training course of not less than two hours approved and certified by the Commission on Peace Officer Standards and Training.

(C) (i) The prosecution proved that the arresting officer complied with subparagraphs (A) and (B) and that an engineering and traffic survey has been conducted in accordance with subparagraph (B) of paragraph (2). The prosecution proved that, prior to the officer issuing the notice to appear, the arresting officer established that the radar, laser, or other electronic device conformed to the requirements of subparagraph (D).

(ii) The prosecution proved the speed of the accused was unsafe for the conditions present at the time of alleged violation unless the citation was for a violation of Section 22349, 22356, or 22406.

(D) The radar, laser, or other electronic device used to measure the speed of the accused meets or exceeds the minimal operational standards of the National Highway Traffic Safety Administration, and has been calibrated within the three years prior to the date of the alleged violation by an independent certified laser or radar repair and testing or calibration facility.

(2) A "speed trap" is either of the following:

(A) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(B) (i) A particular section of a highway or state highway with a prima facie speed limit that is provided by this code or by local ordinance under paragraph (1) of subdivision (b) of Section 22352, or established under Section 22354, 22357, 22358, or 22358.3, if that prima facie speed limit is not justified by an engineering and traffic survey conducted within one of the following time periods, prior to the date of the alleged violation, and enforcement of the speed limit involves the use of radar or any other electronic device that measures the speed of moving objects:

(I) Except as specified in subclause (II), seven years.

(II) If an engineering and traffic survey was conducted more than seven years prior to the date of the alleged violation, and a registered engineer evaluates the section of the highway and determines that no significant changes in roadway or traffic conditions have occurred, including, but not limited to, changes in adjoining property or land use, roadway width, or traffic volume, 14 years.

(ii) This subparagraph does not apply to a local street, road, or school zone, senior zone, or business activity district.

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager
By: Kanika Kith, Director of Community Development

Date: January 10, 2022

Subject: Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

RECOMMENDATION:

It is recommended that City Council receive a presentation and provide feedback on the proposed 2021-2029 Housing Element and Safety Element Update to the General Plan.

BACKGROUND:

1. Since 1969, the State has required all cities and counties in California to adopt a Housing Element that adequately plan to accommodate each jurisdiction's fair share of housing needs in California. The Housing Element is a chapter of the General Plan that serves as each jurisdiction's blueprint for how it plans to grow and develop.
2. The City of San Fernando is one of 197 local jurisdictions within the Southern California Association of Governments (SCAG), who is responsible for assigning the Regional Housing Needs Assessment (RHNA) allocation in Los Angeles, Orange, Riverside, San Bernardino, Imperial, and Ventura counties. All jurisdictions in SCAG regions are currently working on updating their Housing Element to plan for the 6th Cycle RHNA allocation for the next 8-year period (October 2021 to October 2029) as required by the State.
3. On September 4, 2020, SCAG issued a draft of the 6th Cycle RHNA allocation, which assigned 1,791 housing units to the City of San Fernando.
4. On October 26, 2020, the City filed an appeal of the RHNA allocation to SCAG arguing that the allocation does not reflect local planning factors such as jobs-housing balance, sewer and water infrastructure constraints, and availability of land in the City, among other flaws.
5. On December 18, 2020, staff held a kick-off meeting with the City's Housing Consultant, Houseal Lavigne, to commence work on the Housing Element Update.

Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

Page 2 of 6

6. On January 11, 2021, SCAG 6th Cycle RHNA Appeals Board considered and denied the appeal filed by the City, thus reaffirming the draft allocation of 1,791 housing units. Out of 52 jurisdictions who filed the appeal, only one jurisdiction (Pico Rivera) received a re-allocation that was granted due to a mathematical miscalculation on SCAG's behalf.
7. On March 4, 2021, SCAG finalized their 6th Cycle RHNA Allocation plan that increased the total allocation to the City of San Fernando from 1,791 to 1,795 units.
8. Virtual community meetings were held on March 25, 2021, May 12, 2021, and August 11, 2021 to share the process and receive feedback from the community.
9. Technical Advisory Committee (TAC) meetings were held on April 13, 2021, May 18, 2021, and December 2, 2021 to review the proposed Housing Element Update and receive feedback.
10. On October 29, 2021, a Draft 2021-2029 Housing Element Update was posted on the City's Website ([Click Here](#)) for public review. Hard copies of the Draft Housing Element were made available at the San Fernando Library, Las Palmas Park, and Recreation Park.
11. The Draft Housing Element Update was presented to the Planning and Preservation Commission on November 8, 2021. Prior to presentation of the Draft Housing Element Update, discussions were held with the Commission regarding the RHNA allocation and Housing Element Update process on October 12, 2020 and May 10, 2021.
12. On November 12, 2021, the Draft Housing Element Update was sent to the California Department of Housing and Community Development (HCD) for their initial 60-day review.
13. On December 16, 2021, a Draft Mitigated Negative Declaration (MND) was released for a 30-day public review period from December 16, 2021 to January 17, 2021. A Notice of Intent to adopt the Draft MND was published in the *San Fernando Sun* and submitted to the State Clearinghouse. The notice was also sent to all interested residents, regional, state and federal agencies. A copy of the draft MND is available at City Hall and online ([Click Here](#)).
14. On December 22, 2021, a Draft Safety Element was posted on the city website ([Click Here](#)) for public review. A copy the Draft Safety Element is available for public review at city hall and online. The Safety Element was updated to satisfy Senate Bill (SB) 379 and SB 1035.

ANALYSIS:

Housing Element Updates and Regional Housing Needs Allocation.

State law requires every city and county in California to adopt and implement a General Plan, which established overall goals and polices for future growth of the jurisdiction. A city's General

Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

Page 3 of 6

Plan must include a Housing Element as one of seven mandatory elements (land use, transportation, conservation, noise, open space, safety and housing). The Housing Element must include policies and programs to meet existing and future housing needs for the City, as established by HCD and SCAG.

For jurisdictions in the SCAG region, which includes San Fernando, state law requires that the Housing Element be updated every eight years. The Housing Element update process serves as an opportunity to update housing and land-use strategies to reflect changing needs, resources, and conditions. For the upcoming 6th Cycle RHNA allocation, the due date for local jurisdictions to adopt an updated Housing Element is February 12, 2022.

Draft 2021-2029 Housing Element

To meet the City's RHNA allocation of 1,795 units, the Draft Housing Element proposes a mixed-use overlay in existing commercial corridors along South Brand Boulevard and San Fernando Mission Boulevard. The proposed mixed-use overlay helps protect existing residential neighborhoods by not increasing density to accommodate additional housing units in residential neighborhoods. The overlay approach helps preserve existing residential neighborhood characters while directing developments to commercial corridors that can accommodate the demand for additional density to meet the RHNA allocation.

The proposed mixed-use overlay will not only help meet the RHNA allocation, but also bring several benefits to the City. The proposed mixed-use overlay will create flexibility for existing commercial properties to create a live-work environment that will:

1. Help increase foot traffic to support local businesses.
2. Reduce the need for vehicle travel by bringing residents and visitors to one location to live, work, eat, shop, and play.
3. Bring shared community spaces to help foster interaction amount community members.

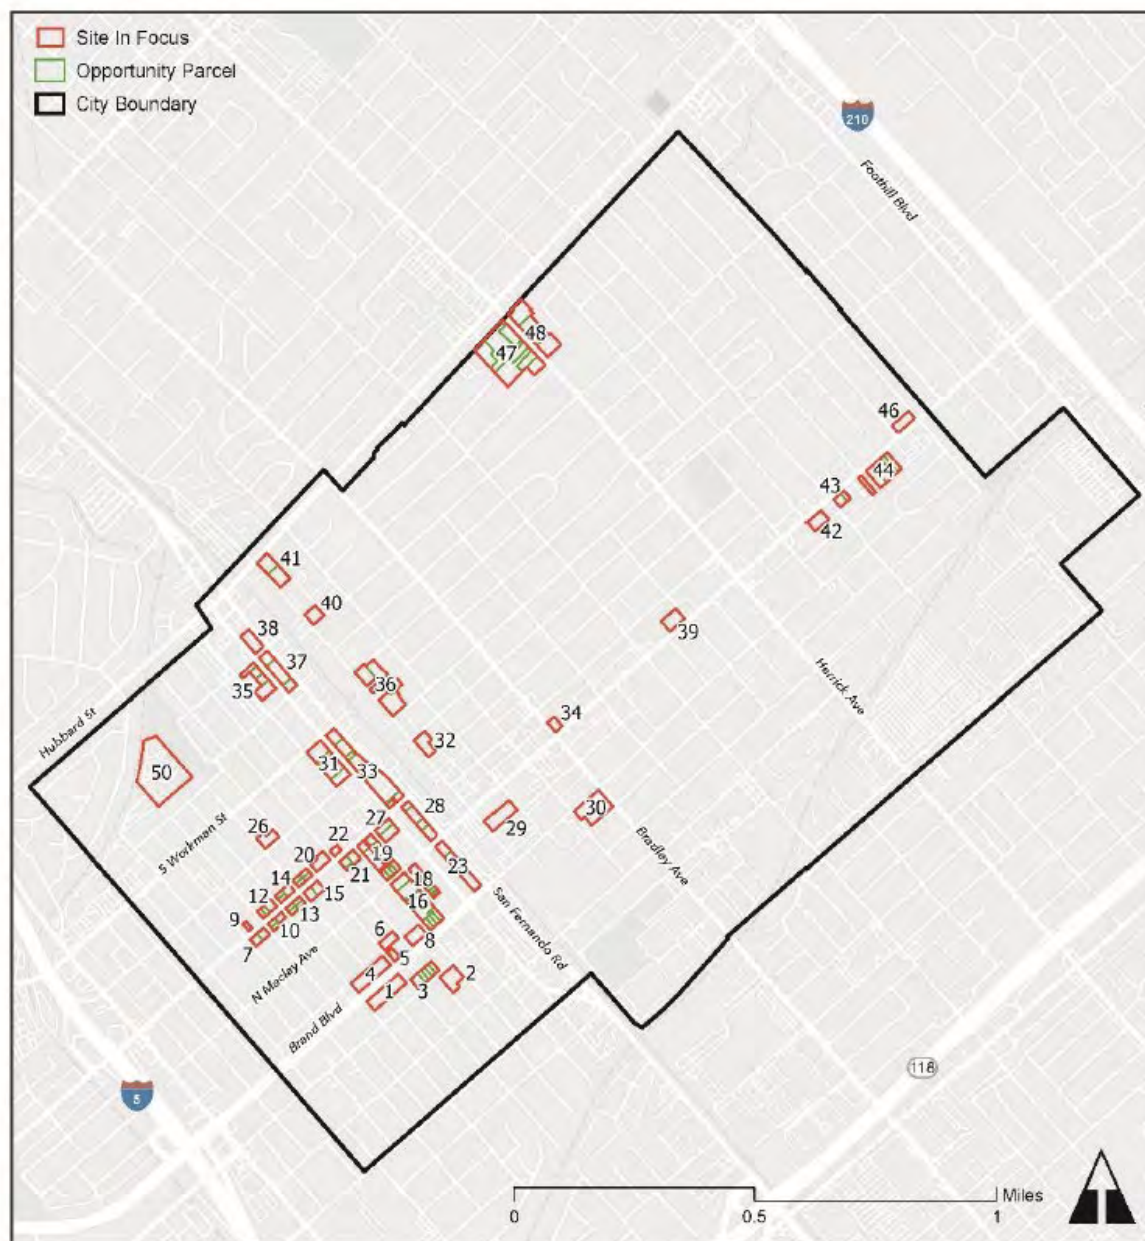

Overall, the proposed mixed-use overlay will address the City's housing needs, help promote sustainability, and encourage economic development.

As required by HCD, 50 opportunity sites have been identified to accommodate the 1,795 RHNA allocation. These sites are mostly in Specific Plan 5 (SP 5) area with a few sites outside the SP 5 boundary. A map of the potential sites is shown below. More details of these sites are provided as an appendix to the Draft Housing Element.

Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

Page 4 of 6

Figure 1: Opportunity Sites

Safety Element Update

As part of the Housing Element update, the Safety Element has been updated to address wildfire and climate adaptation as required by SB 379 and SB 1035. The Draft Safety Element identifies existing hazard conditions such as geological, flood, fire, water demand, hazardous materials and climate change vulnerability. The Draft Safety Element update provides goals and policies that aim to address each hazard conditions.

Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

Page 5 of 6

Environmental Justice Policies

Both the Draft Housing Element and Safety Element include policies addressing environmental justice as required by SB 1000. SB 1000 requires all local jurisdictions to create an Environmental Justice Element or incorporate environmental justice policies when updating two or more elements of its general plan. Environmental justice policies are included in the Draft Housing Element and Safety Element to address challenges in disadvantaged communities and to promote civic engagement. These policies will serve as the basis for a separate Environment Justice Element, which staff will explore creating as part of a comprehensive General Plan update in the near future.

Environmental Review

Pursuant to the California Environmental Quality Act (CEQA), a Draft Mitigated Negative Declaration (MND) has been prepared for the Housing Element and Safety Element update. The Draft MND analyzed potential environmental impacts and included mitigation measures to mitigate any potential impacts to less than a significant level. The Draft MND was released for a 30-day public review period starting on December 16, 2021 and ending on January 17, 2021. The Draft MND is available on the City of San Fernando website ([Link to Mitigate Negative Declaration](#)) and at the planning counter.

Time Line

A schedule has been created to meet the deadline for adoption of the Housing Element by February 12, 2022.

- January 3, 2022: City Council Study Session of the Draft Housing Element Safety Element Study Session.
- January 12, 2022: Comments due from HCD.
- January 24, 2022: Special meeting of the Planning and Preservation Commission review and recommendation of the Draft Housing Element and Safety Element.
- February 7, 2022: City Council consideration and adoption of the Draft Housing Element and Safety Element.

BUDGET IMPACT:

The Housing Element Update is funded by a combination of state grant funds totaling \$310,000 from the Senate Bill 2 (SB 2) Planning Grant Program and the State's Local Early Action Planning (LEAP) Grants Program.

Presentation and Study Session of the Draft 2021-2029 Housing Element and Safety Element Update to the General Plan

Page 6 of 6

CONCLUSION:

Staff recommends that the City Council receive the presentation and provide feedback on the proposed 2021-2029 Housing Element and Safety Element Update to the General Plan.

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Nick Kimball, City Manager
By: Kanika Kith, Director of Community Development

Date: January 10, 2022

Subject: Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

RECOMMENDATION:

It is recommended that City Council:

- a. Adopt Interim Urgency Ordinance No. U-1706 (Attachment "A") establishing regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for implementation of Senate Bill 9; and
- b. Authorize the Mayor and City Manager to submit a letter of support to the Brand-Huang-Mendoza Tripartisan Land Use Initiative committee and take other related actions supporting the ballot initiative titled, "Provides That Local Land-Use and Zoning Laws Override Conflicting State Laws. Initiative Constitutional Amendment." (Attachment "B") (hereafter referred to as the "Ballot Initiative").

BACKGROUND:

1. On July 19, 2021, the City Council discussed Senate Bill 9 (SB 9) and directed staff to submit a letter in opposition to SB 9.
2. On July 30, 2021, the City submitted a letter of opposition of SB 9 to Senate President pro Tempore Atkins.
3. On August 26, 2021, a Ballot Initiative seeking to supersede the requirements included in SB 9 with a constitutional amendment that will return land use authority to local land use agencies was initiated and is currently being circulated for supporting signatures. Should the ballot measure be certified by the State Registrar, it will be placed on November 8, 2022 ballot.

Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

Page 2 of 6

4. On August 30, 2021, the California Legislature approved SB 9 and sent it to the Governor's Office for signature.
5. On September 8, 2021 the City submitted a letter to Governor Newsom requesting a veto of SB 9.
6. On September 16, 2021, Governor Newsom signed Senate Bill 9 into law that requires all local land use agencies to ministerially approve urban lot splits and development of two residential units per single-family residential lot.
7. SB 9 became effective on January 1, 2022.

ANALYSIS:

Senate Bill 9

SB 9 is part of the Senate housing package "Building Opportunities for All" from California State Senators Atkins, Caballero, Skinner, and Wiener. SB 9 created two Government Code sections:

- Section 66441.7 establishes a new land subdivision method that allows a single-family residential zoned property be subdivided into two lots, known as "urban lot splits."
- Section 65851.21 allows each single-family residential zoned lot to be developed with two single-family homes.

Under SB 9, the subdivision and development of two-residential units per lot must be approved ministerially (i.e. without discretionary review or hearing), if certain conditions are met. SB 9 effectively allows an existing single-family lot to be developed with four residential units with no public hearing or other review other than a staff review for compliance with state codes and objective City standards.

Prior to SB 9, a single-family lot was allowed to contain a primary housing unit, a detached accessory dwelling unit (ADU), and a junior ADU under State ADU law. SB 9 expands the potential density of existing single-family lot from three units to four units. The significant changes under SB 9 is that State law now requires all cities and counties to ministerially approve a second primary residential unit outside of the State ADU law, and it also allows the creation of second lot within the original lot. However, SB 9 does not require local agencies to permit an ADU or JADU in addition to the four units allowed under SB 9.

Urban Lot Splits under SB 9 (Govt Code Section 66441.7)

Land subdivision under SB 9 must be approved ministerially if the following conditions are met:

Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

Page 3 of 6

1. The lot is zoned single-family residential.
2. The property is located in an urbanized area or urban cluster as designated by the United States Census Bureau.
3. No more than two new lots of approximately equal size can be created, with one lot being no smaller than 40% of the original lot area.
4. Neither lot is less than 1,200 square feet.
5. The property is not within prime farmland, a wetland, a high or very high fire severity zone, a hazardous waste site, a special flood area or floodway, a delineated earthquake fault zone, a conservation easement, or other conditions listed in Gov't Code Section 65913.4.
6. The subdivision does not require demolition or alteration of affordable housing, local rent-controlled housing, or housing occupied by a tenant in the last three years.
7. The property is not located in "a historic district, or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as city or county landmark or historic property or district pursuant to a city or county ordinance."

If these conditions are met, the proposed subdivision must be approved and requirements for dedication for right-of-way or construction of off-site improvements are not permitted under SB 9. However, local agencies can impose objective standards that do not conflict with the SB 9.

Local agencies cannot impose standards that would physically preclude the construction of two units on either of the resulting lots or would result in a unit size of less than 800 square feet. The local agency can require a four-foot setback from the side and rear lot lines. However, no setbacks can be required for existing structures or for a new structure built at the same location and same dimensions as an existing structure. Local agencies also cannot require correction of non-conforming zoning conditions (e.g., setbacks, height, lot coverage, etc.).

Applicants of urban lot splits must sign an affidavit stating that the applicant intends to occupy one of the housing units as a primary residence for a minimum of three years from the date of the approval of the urban lot splits. No other owner-occupancy requirements may be imposed by local agencies. An agency may limit the use of the lots to residential uses and rental terms may be restricted to a minimum of 30 days.

Housing Development under SB 9 (Govt Code Section 65852.21)

Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

Page 4 of 6

Additionally, SB 9 allows developing a second primary unit on the same lot on single-family residential properties. The same conditions and restrictions that apply to urban lot splits under SB 9, described above, also apply to such housing development under SB 9.

Cities may require one parking space per unit if the property is not located within one-half mile walking distance from a high-quality transit corridor or a major transit stop, or not located within one block of a car share vehicle facility. Most residential properties in San Fernando are located within one-half mile from a high-quality transit corridor or major transit stop. Therefore, the City is precluded from requiring an additional parking space in most cases.

A local agency may deny a housing development if the building official makes a written finding based on the preponderance of the evidence that the proposed development would have a specific, adverse impact upon the public health and safety, or physical environment for which there is no feasible method to mitigate or avoid such impact.

Adopting an Urgency Ordinance to Implement SB 9

The proposed Urgency Ordinance puts a number of regulations in place to minimize the initial impact of SB 9 while allowing the City to establish permanent regulations to comply with SB 9. The proposed Urgency Ordinance focuses on the urban lot splits and development of properties in the Single-Family Residential (R-1) zone. The Urgency Ordinance includes standards in SB 9 that are restated and clarified, and additional City regulations that establish objective standards for SB 9 subdivisions and housing units.

Most importantly, the Urgency Ordinance allows the City to impose local regulations to the maximum extent allowed by SB 9, such as limiting the number of housing units to four units, requiring an affordability covenant for at least one unit, and establishing objective design standards. Some of the key regulations in the proposed Urgency Ordinance are, as follows:

1. Setting a maximum number of units to two units per lot for all lots created with the SB 9 urban lot splits.
2. Requiring a covenant to be recorded on the property limiting a parcel to be subdivided only once under SB 9, no housing units can be used for short-term rental, and if rented, one of the units must be for low-income households.
3. Limiting unit size to be no more than 800 square feet and not higher than 14 feet or one story.
4. Establishing a front yard setback of 10 feet for a new rear lot (new lot with no street frontage).

Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

Page 5 of 6

5. Requiring the unit facing the street to have a minimum width of 40 feet or 75% of the lot width and the remaining units to be screened by the front unit.
6. Requiring new units or additions to existing structure to be designed to match the architectural style of the existing dwelling unit including architectural details (e.g. window treatment, building materials).

The proposed regulations in the Urgency Ordinance have been established to minimize the impacts of new development on public infrastructure and public safety. For example, the proposed Urgency Ordinance prohibits adding an ADU and a junior ADU to each split-lot created under SB 9. This prohibition ensures the original single-family lot will only be allowed to have a maximum of four units, rather than a total of eight units.

If adopted, the Urgency Ordinance is effective immediately. After adoption, the Urgency Ordinance will be presented to the Planning and Preservation Commission for consideration of additional regulations that will ultimately be presented to the City Council for consideration as a non-urgency ordinance. Staff anticipates that this matter will be placed on the first meeting of the Commission in February 2022 and on the City Council agenda in March or April 2022.

Environmental Review for Urgency Ordinance

The adoption of this Urgency Ordinance is exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15061(b)(3) (the “common sense exemption”) and Section 15378 (“not a project”) since it can be seen with certainty that adopting an ordinance to comply with the state law provisions of SB 9 will not have a significant effect on the environment. Adopting the Urgency Ordinance is also exempt under Government Code Section 66411.7, subd. (n) which exempts cities’ adoption of ordinances implementing that section of SB 9 from CEQA.

City Support for the Ballot Initiative to Supersede SB 9 (Initiative No. 21-0016A1)

On August 26, 2021, the initial draft of the Ballot Initiative to supersede SB 9 was submitted by a group of citizens to the State Attorney General for official title and summary for circulating petitions. On November 1, 2021, the Attorney General issued the Ballot Initiative’s title (“Provides That Local Land-Use and Zoning Laws Override Conflicting State Laws. Initiative Constitutional Amendment.”) and summary. The Ballot Initiative’s circulation and signature gathering is due by May 3, 2022. If signature gathering is successful, the Ballot Initiative may appear on the ballot for the November 8, 2022 election.

The Ballot Initiative aims to rebuke SB 9 by amending the California Constitution to allow local jurisdictions to override state housing laws, including SB 9. The Ballot Initiative states that its purpose is to “ensure that all decision regarding local land use controls, including zoning law and regulations, are made by the affected communities...”

Consideration and Discussion to Adopt an Interim Urgency Ordinance Establishing Regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for Implementation of Senate Bill 9 (SB 9) and Authorize a Letter of Support for a Proposed Ballot Initiative to Overturn SB 9

Page 6 of 6

If passed, the new law would allow local land use and zoning ordinances to override conflicting state laws, thus allowing cities and counties to adopt regulations to protect the character of their communities. It would protect other voter-approved local land-use or zoning initiatives and prohibit the State from changing, granting, or denying funding to local governments based on implementing the Ballot Initiative. However, the new law would not allow local control to supersede three areas of particular statewide concern, as follows: (1) the California Coastal Act of 1976; (2) siting of power plants; or (3) development of water, communication, or transportation infrastructure projects.

Staff is requesting the Council to authorize the City, through the Mayor and City Manager, to submit to a letter of support to the organizations supporting the Ballot Initiative and related efforts to negate the impact of SB 9.

BUDGET IMPACT:

Preparation of zoning related ordinances and legislative advocacy programs are included in the annual work program for the Community Development Department and City Manager's Office, respectively. Therefore, funding for both efforts is included in the Fiscal Year 2021-2022 Adopted Budget.

CONCLUSION:

Staff recommends that the City Council adopt Urgency Ordinance No. U-1706 establishing regulations for Urban Lot Splits and Housing Development in Single-Family Residential (R-1) Zone for implementation of SB 9.

Staff also recommends that the City Council authorize staff to support efforts to negate the impacts of SB 9, including, but not limited to, a letter of support for the current effort to place a ballot initiative superseding SB 9 on the November 2022 General Election.

URGENCY ORDINANCE NO. U-1706

**AN INTERIM URGENCY ORDINANCE OF THE CITY COUNCIL OF THE
CITY OF SAN FERNANDO, CALIFORNIA MAKING FINDINGS AND
ESTABLISHING OBJECTIVE STANDARDS FOR URBAN LOT SPLITS AND
TWO-UNIT RESIDENTIAL DEVELOPMENT PROJECTS IN SINGLE-FAMILY
RESIDENTIAL (R-1) ZONE PURSUANT TO SENATE BILL 9**

WHEREAS, California Constitution Article XI, Section 7, enables the City of San Fernando (the "City") to enact local planning and land use regulations; and

WHEREAS, the authority to adopt and enforce zoning regulations is an exercise of the City's police power to protect the public health, safety, and welfare; and

WHEREAS, the City desires to ensure that residential development occurs in an orderly manner, in accordance with the goals and objectives of the General Plan and reasonable land use planning principles; and

WHEREAS, on September 16, 2021, California Governor Gavin Newsom signed Senate Bill 9 (SB 9) into law as part of an effort to address the State's housing crisis by streamlining housing production; and

WHEREAS, the new legislation is effective on January 1, 2022 and requires local agencies to ministerially approve urban lot splits and development of two residential units per single family residential lots provided the projects meet certain criteria; and

WHEREAS, the City wishes to balance compliance with State law with the rights still preserved under the new legislation authorizing the City to establish objective zoning, subdivision and design review standards consistent with SB 9 required to approve urban lot splits and two-unit residential development; and

WHEREAS, Government Code section 65858 authorizes the City Council to adopt an urgency ordinance by a four-fifths vote for the immediate preservation of the public health, safety, or welfare, and to prohibit a land use that may be in conflict with a contemplated general plan, specific plan, or zoning proposal that the City Council, Planning and Preservation Commission, or the Community Development Department is considering or studying or intends to study within a reasonable time.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. Recitals.

The above recitals are true and correct and incorporated herein by reference.

SECTION 2. Purpose, Legislative Findings, and Intent.

- (1) During the 2021 legislative session, the California Legislature passed, and the Governor signed Senate Bill 9 (SB 9), which requires local agencies to ministerially approve urban lot splits and development of two residential units per single family residential lot in single family residential zones provided the projects meet certain criteria. SB 9 is effective on January 1, 2022.
- (2) SB 9 projects have the potential to significantly impact the character of the City's well established single family neighborhoods and well-thought out community planning and housing strategy and requires further study.
- (3) The City intends to study and formulate permanent regulations for the implementation of SB 9 projects in the City, but will need adequate time to complete that process following SB 9's effective date. Thus, the City Council wishes to adopt an interim ordinance that will take effect immediately and impose baseline standards for land subdivisions and units constructed under SB 9 while permanent standards are studied and formulated.
- (4) SB 9 projects have the potential to impact the health, safety, and welfare of residents in the City, and particularly on the character of single family residential neighborhoods, vehicular and pedestrian safety, on-street parking demand and impacts, and housing affordability. As such, the City of San Fernando City Council finds that there is an immediate need to establish objective zoning and subdivision standards for SB 9 projects in order to protect the public health, safety, and welfare while it studies permanent land use regulations for such projects and to ensure SB 9 does not have a detrimental impact on single family residential neighborhoods within the City. This process may be lengthy and therefore the City Council wishes to adopt an interim ordinance that will take effect immediately to mitigate the potential health, safety and welfare impacts of SB 9 projects.
- (5) The California Legislature has declared a statewide housing emergency, to be in effect until January 1, 2025.
- (6) California is experiencing a housing supply crisis, with housing demand far outstripping supply. In 2018, California ranked 49th out of the 50 states in housing units per capita. Seven of the 10 most expensive real estate markets in the United States are in California.
- (7) The housing crisis has particularly exacerbated the need for affordable homes at prices below market rates, and for the current 2021-2029 planning period, the City must accommodate the development of 1,795 residential units of which 734 units must be very-low to low income households.

- (8) To address these issues of affordability in San Fernando, it is necessary for the City to limit the size of units developed pursuant to SB 9 and to require that some units be affordable to low income families, as an interim measure to ensure that SB 9 developments do not conflict with forthcoming permanent regulations.

SECTION 3. Urgency Findings.

In accordance with Government Code Section 65858(a), and pursuant to the findings stated herein, the City Council hereby finds and declares: (1) that the findings and determinations in Section 2 are true and correct; (2) that there exists a current and immediate threat to the public health, safety, and welfare requiring this Ordinance; (3) that this Ordinance is necessary for the immediate preservation of the public peace, health, and safety as set forth herein.

SECTION 4. Imposition of Interim Regulations

- A. Notwithstanding any other ordinance or provision of the San Fernando City Code, no application for a building permit or other land use entitlement shall be approved for a new “urban lot split” or “two-unit development” (whether the project is the construction of two new units or adding a second unit) unless it satisfies all the requirements in Section C of this Ordinance. These interim regulations shall remain in effect for so long as this Ordinance remains in place or until such time as the same are amended by new permanent regulations that comply with new State regulations.
- B. The City shall not approve an application for a new urban lot split and/or two-unit development unless the proposed subdivision and/or housing project satisfies all of the standards below. An application for a new urban lot split and/or two-unit development that satisfies each of the below standards shall be approved by the Community Development Director following a ministerial review for compliance. A proposal for development under this section shall be initiated by an application on a form prescribed by the City together with the required fee.
- C. Except as otherwise provided under this Ordinance or under Government Code Section 65852.21 and Section 66411.7 the following conditions and restrictions shall apply to any proposed urban lot split and two-unit development:

1. Purpose.

The provisions of this section establish interim standards and procedures for projects developed pursuant to the regulations included in state Senate Bill 9 (SB 9).

2. Definitions.

For the purposes of this section, certain words and phrases used in this section are defined as follows:

Front lot means when an urban lot split creates two lots where there was previously one lot, the lot with the most frontage on the primary street shall be considered the front lot.

Rear lot means when an urban lot split creates two lots where there was previously one lot, the lot with the least frontage on the primary street shall be considered the rear lot.

Rear lot front setback means the distance between the front lot line and closest element of a building or structure on the site area of a rear lot created by an urban lot split. The front lot line of such rear lot may also be the rear lot line of the front lot, and shall be the lot line closest to, and parallel to the primary street.

Second primary dwelling unit means a dwelling unit constructed on a lot zoned single-family residential as permitted pursuant to the requirements of this Ordinance and SB 9.

Senate Bill 9 or *SB 9* means the state law passed by the California state senate and approved by the Governor on September 16, 2021. The bill amends Government Code section 66452.6 and adds to sections 65852.21 and 66411.7 of Chapter 162, and takes effect on January 1, 2022.

Two-unit development means a housing development containing two dwelling units on a lot zoned single-family residential (R-1) pursuant to the requirements of this Ordinance and SB 9.

Urban lot split means a parcel map subdivision of a single family residential parcel as permitted pursuant to SB 9 that creates no more than two parcels of approximately equal lot area.

3. Applicability.

The provisions of this section shall apply to residential projects and urban lot splits with Single-Family Residential (R-1) zone that are proposed pursuant to the regulations in SB 9. Except as expressly provided in SB 9 or in this section, all other regulations of the underlying zone of a property developed pursuant to SB 9 shall apply, along with all other applicable regulations related to any urban lot split or two-unit development.

4. General Requirements; Covenant Required.

A property owner seeking to complete an urban lot split, or develop units on a single-family residential property pursuant to the regulations set forth in SB 9 and the standards in this section, shall be subject to the following general requirements, which shall be accepted and acknowledged by the property owner by signing and recording a covenant against the property. The covenant shall be supplied by the City and provide as follows:

- A. The short term rental defined as rentals of any duration less than 31 consecutive calendar days of any units on the site shall be prohibited;
- B. Non-residential uses on the site shall be prohibited;
- C. Any subsequent urban lot split of land that was previously subdivided with an urban lot split shall be prohibited;
- D. The owner of the property for which an urban lot split is proposed shall sign an affidavit stating that the owner intends to occupy one of the housing units as their principal residence for at least three years from the date of the approval of the urban lot split; and
- E. If, pursuant to SB 9, more than one unit is developed on a lot, one of such units shall be rented or leased at a rate affordable to low income tenants, if it is rented. Upon request from the City, the property owner shall furnish a copy of the rental or lease agreement of any unit created by SB 9 that is rented or leased; and
- F. The owner of the property for which an urban lot split is proposed shall sign an affidavit stating that neither the owner nor any person acting in concert with the owner of the parcel being subdivided has previously subdivided an adjacent parcel using an urban lot split as provided for in this section.

5. Urban Lot Split Regulations.

Approval of a tentative parcel map or parcel map for urban lot split shall not result in a subdivision of more than two lots for a single-family residential lot, pursuant to the regulations contained in SB 9 as follows:

- A. No lot resulting from an urban lot split shall be smaller than 1,200 square feet.
- B. The two resulting lots shall be of approximately equal lot area, and not smaller than 48% or larger than 52% of the lot area of the original parcel.
- C. No flag lots shall be created as a result of an urban lot split.

- D. The width of any lot resulting from an urban lot split shall not be less than 75% of the original lot width.
- E. No right-of-way dedications shall be imposed upon urban lot split projects.

6. Maximum Number of Units.

- A. For projects that include an urban lot split, no more than two units may be located on a lot that results from an urban lot split. The units must conform to the objective standards included in this section. Existing and proposed ADUs and Junior ADUs shall be counted toward the maximum number of units permitted.
- B. For projects that do not include an urban lot split, no more than three units (including one ADU, and one Junior ADU) may be located on a site. The units must conform to the objective standards included in this section and as otherwise regulated by ADU or Junior ADU regulations.
- C. No second primary dwelling units shall be permitted on a property already developed with an ADU and/or Junior ADU. No ADU or Junior ADU shall be permitted on a property developed with a second primary dwelling unit.

7. Maximum Unit Size.

No unit constructed pursuant to SB 9 regulations shall be more than 800 square feet in size. For the purposes of this section, basements shall count as floor area.

8. Maximum Unit Height.

No unit constructed pursuant to SB 9 regulations shall exceed 14 feet and one story in height.

9. Setbacks.

- A. Side and rear setbacks. Any units constructed pursuant to the provisions of SB 9 shall have a minimum four foot setback from all side and rear lot lines.
- B. Front setback for a front lot shall be the setback as established in the Zoning Code for R-1 Zone.
- C. Front setback for a rear lot created by the urban lot split shall be ten feet. The front lot line shall be the lot line closest to, and parallel to the primary street.
- D. Setbacks for existing structures. No setbacks shall be required if a unit is constructed within the footprint of an existing structure on a lot.

10. Minimum Width of Building.

The front most unit constructed on a site with street frontage shall have a minimum unit width of 40 feet or 75% of the lot width, whichever is less.

11. Design of Unit.

- A. The front most unit constructed on a front lot shall have a front door facing the street.
- B. Each unit on each lot created by an urban lot split shall have a separate entrance.
- C. Any unit other than front most unit, or the front most unit on the front lot, shall be completely screened by either: 1) other unit(s) on the lot; or 2) landscaping.
- D. Additions or new second primary dwelling units added to sites where an existing structure will be retained must match the architectural style of the existing dwelling including but not limited to the roof pitch, window size, window type, exterior building materials, lighting fixtures, and paint colors.

12. Parking.

- A. Parking required - One uncovered parking space is required for each unit created pursuant to SB 9, unless the parcel upon which the unit is created is within one-half mile of a high quality transit corridor or a major transit stop, or a car share vehicle facility located within one block of the project.
- B. Parking location restrictions
 - 1. Parking shall not be provided within a front setback.
 - 2. Rear lot parking shall be accessed via an alley, if there is an alley.

13. Affordable Rental Rate Required.

If more than one unit is developed on a single lot using SB 9, one of such units shall be available at a rental rate affordable to low income tenants if it is rented. Upon request by the City, a property owner shall furnish the rental or lease agreements for any units rented or leased on a parcel that was developed pursuant to the regulations outlined in this section.

14. Open Space.

Urban dwelling units must provide a minimum of 400 square feet of private open space. The open space must be directly accessible to the unit it serves.

15. Building Separation.

No detached second primary dwelling unit shall be closer than six feet to any other accessory building or primary dwelling unit, on the same lot or parcel. The six-foot distance shall be measured from the closet points of the building walls or structure walls. A minimum of four feet shall be maintained between eave overhangs, chimneys, bay windows or any other architectural feature.

16. Compliance with Standards Cannot Physically Preclude Minimum Unit Size Requirements.

The standards set forth in this Chapter shall not physically preclude the construction of up to two dwelling units per parcel and shall not preclude each unit from being at least 800 square feet in floor area, unless otherwise permitted by law. In such event, the housing development shall comply with the objective standards to the maximum extent necessary as determined by the Community Development Director that will not preclude the construction of up to two units per parcel with at least 800 square feet in floor area.

17. Adverse Impact Findings

The Building Official, or his or her designee, may make a written finding to deny an urban lot split or the construction of units pursuant to the regulations of SB 9. Such findings shall be based upon the preponderance of evidence that the proposed housing development project would have a specific, adverse impact (as defined in paragraph (2) of subdivision (d) of Government Code Section 65589.5) upon the public health and safety or the physical environment, and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact.”

SECTION 5. CEQA Finding.

The City Council hereby finds that this Ordinance is exempt from the California Environmental Quality Act (CEQA) under CEQA Guidelines Section 15061(b)(3) (the “common sense exemption”) and Section 15378 (“not a project”) since it can be seen with certainty that adopting an ordinance to comply with the state law provisions of SB 9 will not have a significant effect on the environment. Adopting the Urgency Ordinance is also exempt under Government Code Section 66411.7, subd. (n) which exempts cities’ adoption of ordinances implementing that section of SB 9 from CEQA.

SECTION 6. Penalty.

Violation of any provision of this Ordinance shall constitute a misdemeanor and a civil violation subject to the penalties provided for under Article II (General Penalties) and Article III (Administrative Penalties – Citations) of Chapter 1 (General Provisions and Penalties of the San Fernando City Code. Each and every day such a violation exists shall constitute a separate and distinct violation of this Ordinance. In addition to the foregoing, any violation of this Ordinance shall constitute a public nuisance and shall be subject to abatement as provided by all applicable provisions of law.

SECTION 7. Severability.

If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of any competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The City Council hereby declares that it would have passed this Ordinance, and each and every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional without regard to whether any portion of the Ordinance would be subsequently declared invalid or unconstitutional.

SECTION 8. Savings Clause.

Neither the adoption of this Ordinance nor the repeal or amendment by this Ordinance of any ordinance or part or portion of any ordinance previously in effect in the City, or within the territory comprising the City, shall in any manner affect the prosecution for the violation of any ordinance, which violation was committed prior to the effective date of this Ordinance, nor be construed as a waiver of any license, fee or penalty or the penal provisions applicable to any violation of such ordinances.

SECTION 9. Effective Date and Extension of Ordinance.

If adopted by at least four-fifths vote of the City Council, this Ordinance shall be effective commencing immediately. This Ordinance shall expire, and its standards and requirements shall terminate, forty-five (45) days after the date of adoption of this Interim Urgency Ordinance, unless extended by the City Council at a regularly noticed public hearing, pursuant to Government Code Section 65858.

PASSED, APPROVED, AND ADOPTED by the City Council of the City of San Fernando at a regular meeting on this 3rd day of January 2022.

Mary Mendoza, Mayor of the City of
San Fernando, California

Senate Bill No. 9

CHAPTER 162

An act to amend Section 66452.6 of, and to add Sections 65852.21 and 66411.7 to, the Government Code, relating to land use.

[Approved by Governor September 16, 2021. Filed with Secretary of State September 16, 2021.]

LEGISLATIVE COUNSEL'S DIGEST

SB 9, Atkins. Housing development: approvals.

The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions.

This bill, among other things, would require a proposed housing development containing no more than 2 residential units within a single-family residential zone to be considered ministerially, without discretionary review or hearing, if the proposed housing development meets certain requirements, including, but not limited to, that the proposed housing development would not require demolition or alteration of housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income, that the proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls, except as provided, and that the development is not located within a historic district, is not included on the State Historic Resources Inventory, or is not within a site that is legally designated or listed as a city or county landmark or historic property or district.

The bill would set forth what a local agency can and cannot require in approving the construction of 2 residential units, including, but not limited to, authorizing a local agency to impose objective zoning standards, objective subdivision standards, and objective design standards, as defined, unless those standards would have the effect of physically precluding the construction of up to 2 units or physically precluding either of the 2 units from being at least 800 square feet in floor area, prohibiting the imposition of setback requirements under certain circumstances, and setting maximum setback requirements under all other circumstances.

The Subdivision Map Act vests the authority to regulate and control the design and improvement of subdivisions in the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final, and parcel maps, and the modification of those maps. Under the Subdivision Map Act, an approved or conditionally approved tentative map expires 24 months after its approval or conditional approval or after any additional period of time as prescribed by local ordinance, not to exceed an additional 12 months, except as provided.

This bill, among other things, would require a local agency to ministerially approve a parcel map for an urban lot split that meets certain requirements, including, but not limited to, that the urban lot split would not require the demolition or alteration of housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income, that the parcel is located within a single-family residential zone, and that the parcel is not located within a historic district, is not included on the State Historic Resources Inventory, or is not within a site that is legally designated or listed as a city or county landmark or historic property or district.

The bill would set forth what a local agency can and cannot require in approving an urban lot split, including, but not limited to, authorizing a local agency to impose objective zoning standards, objective subdivision standards, and objective design standards, as defined, unless those standards would have the effect of physically precluding the construction of 2 units, as defined, on either of the resulting parcels or physically precluding either of the 2 units from being at least 800 square feet in floor area, prohibiting the imposition of setback requirements under certain circumstances, and setting maximum setback requirements under all other circumstances. The bill would require an applicant to sign an affidavit stating that they intend to occupy one of the housing units as their principal residence for a minimum of 3 years from the date of the approval of the urban lot split, unless the applicant is a community land trust or a qualified nonprofit corporation, as specified. The bill would prohibit a local agency from imposing any additional owner occupancy standards on applicants. By requiring applicants to sign affidavits, thereby expanding the crime of perjury, the bill would impose a state-mandated local program.

The bill would also extend the limit on the additional period that may be provided by ordinance, as described above, from 12 months to 24 months and would make other conforming or nonsubstantive changes.

The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment. CEQA does not apply to the approval of ministerial projects.

This bill, by establishing the ministerial review processes described above, would thereby exempt the approval of projects subject to those processes from CEQA.

The California Coastal Act of 1976 provides for the planning and regulation of development, under a coastal development permit process, within the coastal zone, as defined, that shall be based on various coastal resources planning and management policies set forth in the act.

This bill would exempt a local agency from being required to hold public hearings for coastal development permit applications for housing developments and urban lot splits pursuant to the above provisions.

By increasing the duties of local agencies with respect to land use regulations, the bill would impose a state-mandated local program.

The bill would include findings that changes proposed by this bill address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for specified reasons.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1. Section 65852.21 is added to the Government Code, to read:

65852.21. (a) A proposed housing development containing no more than two residential units within a single-family residential zone shall be considered ministerially, without discretionary review or a hearing, if the proposed housing development meets all of the following requirements:

(1) The parcel subject to the proposed housing development is located within a city, the boundaries of which include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(2) The parcel satisfies the requirements specified in subparagraphs (B) to (K), inclusive, of paragraph (6) of subdivision (a) of Section 65913.4.

(3) Notwithstanding any provision of this section or any local law, the proposed housing development would not require demolition or alteration of any of the following types of housing:

(A) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(B) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(C) Housing that has been occupied by a tenant in the last three years.

(4) The parcel subject to the proposed housing development is not a parcel on which an owner of residential real property has exercised the owner's rights under Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.

(5) The proposed housing development does not allow the demolition of more than 25 percent of the existing exterior structural walls, unless the housing development meets at least one of the following conditions:

(A) If a local ordinance so allows.

(B) The site has not been occupied by a tenant in the last three years.

(6) The development is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.

(b) (1) Notwithstanding any local law and except as provided in paragraph (2), a local agency may impose objective zoning standards, objective subdivision standards, and objective design review standards that do not conflict with this section.

(2) (A) The local agency shall not impose objective zoning standards, objective subdivision standards, and objective design standards that would have the effect of physically precluding the construction of up to two units or that would physically preclude either of the two units from being at least 800 square feet in floor area.

(B) (i) Notwithstanding subparagraph (A), no setback shall be required for an existing structure or a structure constructed in the same location and to the same dimensions as an existing structure.

(ii) Notwithstanding subparagraph (A), in all other circumstances not described in clause (i), a local agency may require a setback of up to four feet from the side and rear lot lines.

(c) In addition to any conditions established in accordance with subdivision (b), a local agency may require any of the following conditions when considering an application for two residential units as provided for in this section:

(1) Off-street parking of up to one space per unit, except that a local agency shall not impose parking requirements in either of the following instances:

(A) The parcel is located within one-half mile walking distance of either a high-quality transit corridor, as defined in subdivision (b) of Section 21155 of the Public Resources Code, or a major transit stop, as defined in Section 21064.3 of the Public Resources Code.

(B) There is a car share vehicle located within one block of the parcel.

(2) For residential units connected to an onsite wastewater treatment system, a percolation test completed within the last 5 years, or, if the percolation test has been recertified, within the last 10 years.

(d) Notwithstanding subdivision (a), a local agency may deny a proposed housing development project if the building official makes a written finding, based upon a preponderance of the evidence, that the proposed housing development project would have a specific, adverse impact, as defined and determined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact.

(e) A local agency shall require that a rental of any unit created pursuant to this section be for a term longer than 30 days.

(f) Notwithstanding Section 65852.2 or 65852.22, a local agency shall not be required to permit an accessory dwelling unit or a junior accessory dwelling unit on parcels that use both the authority contained within this section and the authority contained in Section 66411.7.

(g) Notwithstanding subparagraph (B) of paragraph (2) of subdivision (b), an application shall not be rejected solely because it proposes adjacent or connected structures provided that the structures meet building code safety standards and are sufficient to allow separate conveyance.

(h) Local agencies shall include units constructed pursuant to this section in the annual housing element report as required by subparagraph (I) of paragraph (2) of subdivision (a) of Section 65400.

(i) For purposes of this section, all of the following apply:

(1) A housing development contains two residential units if the development proposes no more than two new units or if it proposes to add one new unit to one existing unit.

(2) The terms "objective zoning standards," "objective subdivision standards," and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal. These standards may be embodied in alternative objective land use specifications adopted by a local agency, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances.

(3) "Local agency" means a city, county, or city and county, whether general law or chartered.

(j) A local agency may adopt an ordinance to implement the provisions of this section. An ordinance adopted to implement this section shall not be considered a project under Division 13 (commencing with Section 21000) of the Public Resources Code.

(k) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local agency shall not be required to hold public hearings for coastal development permit applications for a housing development pursuant to this section.

SEC. 2. Section 66411.7 is added to the Government Code, to read:

66411.7. (a) Notwithstanding any other provision of this division and any local law, a local agency shall ministerially approve, as set forth in this section, a parcel map for an urban lot split only if the local agency determines that the parcel map for the urban lot split meets all the following requirements:

(1) The parcel map subdivides an existing parcel to create no more than two new parcels of approximately equal lot area provided that one parcel shall not be smaller than 40 percent of the lot area of the original parcel proposed for subdivision.

(2) (A) Except as provided in subparagraph (B), both newly created parcels are no smaller than 1,200 square feet.

(B) A local agency may by ordinance adopt a smaller minimum lot size subject to ministerial approval under this subdivision.

(3) The parcel being subdivided meets all the following requirements:

(A) The parcel is located within a single-family residential zone.

(B) The parcel subject to the proposed urban lot split is located within a city, the boundaries of which include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(C) The parcel satisfies the requirements specified in subparagraphs (B) to (K), inclusive, of paragraph (6) of subdivision (a) of Section 65913.4.

(D) The proposed urban lot split would not require demolition or alteration of any of the following types of housing:

(i) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(ii) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(iii) A parcel or parcels on which an owner of residential real property has exercised the owner's rights under Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 to withdraw accommodations from rent or lease within 15 years before the date that the development proponent submits an application.

(iv) Housing that has been occupied by a tenant in the last three years.

(E) The parcel is not located within a historic district or property included on the State Historic Resources Inventory, as defined in Section 5020.1 of the Public Resources Code, or within a site that is designated or listed as a city or county landmark or historic property or district pursuant to a city or county ordinance.

(F) The parcel has not been established through prior exercise of an urban lot split as provided for in this section.

(G) Neither the owner of the parcel being subdivided nor any person acting in concert with the owner has previously subdivided an adjacent parcel using an urban lot split as provided for in this section.

(b) An application for a parcel map for an urban lot split shall be approved in accordance with the following requirements:

(1) A local agency shall approve or deny an application for a parcel map for an urban lot split ministerially without discretionary review.

(2) A local agency shall approve an urban lot split only if it conforms to all applicable objective requirements of the Subdivision Map Act (Division 2 (commencing with Section 66410)), except as otherwise expressly provided in this section.

(3) Notwithstanding Section 66411.1, a local agency shall not impose regulations that require dedications of rights-of-way or the construction of offsite improvements for the parcels being created as a condition of issuing a parcel map for an urban lot split pursuant to this section.

(c) (1) Except as provided in paragraph (2), notwithstanding any local law, a local agency may impose objective zoning standards, objective subdivision standards, and objective design review standards applicable to a parcel created by an urban lot split that do not conflict with this section.

(2) A local agency shall not impose objective zoning standards, objective subdivision standards, and objective design review standards that would have the effect of physically precluding the construction of two units on either of the resulting parcels or that would result in a unit size of less than 800 square feet.

(3) (A) Notwithstanding paragraph (2), no setback shall be required for an existing structure or a structure constructed in the same location and to the same dimensions as an existing structure.

(B) Notwithstanding paragraph (2), in all other circumstances not described in subparagraph (A), a local agency may require a setback of up to four feet from the side and rear lot lines.

(d) Notwithstanding subdivision (a), a local agency may deny an urban lot split if the building official makes a written finding, based upon a preponderance of the evidence, that the proposed housing development project would have a specific, adverse impact, as defined and determined in paragraph (2) of subdivision (d) of Section 65589.5, upon public health and safety or the physical environment and for which there is no feasible method to satisfactorily mitigate or avoid the specific, adverse impact.

(e) In addition to any conditions established in accordance with this section, a local agency may require any of the following conditions when considering an application for a parcel map for an urban lot split:

(1) Easements required for the provision of public services and facilities.

(2) A requirement that the parcels have access to, provide access to, or adjoin the public right-of-way.

(3) Off-street parking of up to one space per unit, except that a local agency shall not impose parking requirements in either of the following instances:

(A) The parcel is located within one-half mile walking distance of either a high-quality transit corridor as defined in subdivision (b) of Section 21155 of the Public Resources Code, or a major transit stop as defined in Section 21064.3 of the Public Resources Code.

(B) There is a car share vehicle located within one block of the parcel.

(f) A local agency shall require that the uses allowed on a lot created by this section be limited to residential uses.

(g) (1) A local agency shall require an applicant for an urban lot split to sign an affidavit stating that the applicant intends to occupy one of the housing units as their principal residence for a minimum of three years from the date of the approval of the urban lot split.

(2) This subdivision shall not apply to an applicant that is a "community land trust," as defined in clause (ii) of subparagraph (C) of paragraph (11) of subdivision (a) of Section 402.1 of the Revenue and Taxation Code, or is a "qualified nonprofit corporation" as described in Section 214.15 of the Revenue and Taxation Code.

(3) A local agency shall not impose additional owner occupancy standards, other than provided for in this subdivision, on an urban lot split pursuant to this section.

(h) A local agency shall require that a rental of any unit created pursuant to this section be for a term longer than 30 days.

(i) A local agency shall not require, as a condition for ministerial approval of a parcel map application for the creation of an urban lot split, the correction of nonconforming zoning conditions.

(j) (1) Notwithstanding any provision of Section 65852.2, 65852.21, 65852.22, 65915, or this section, a local agency shall not be required to permit more than two units on a parcel created through the exercise of the authority contained within this section.

(2) For the purposes of this section, "unit" means any dwelling unit, including, but not limited to, a unit or units created pursuant to Section 65852.21, a primary dwelling, an accessory dwelling unit as defined in Section 65852.2, or a junior accessory dwelling unit as defined in Section 65852.22.

(k) Notwithstanding paragraph (3) of subdivision (c), an application shall not be rejected solely because it proposes adjacent or connected structures provided that the structures meet building code safety standards and are sufficient to allow separate conveyance.

(l) Local agencies shall include the number of applications for parcel maps for urban lot splits pursuant to this section in the annual housing element report as required by subparagraph (I) of paragraph (2) of subdivision (a) of Section 65400.

(m) For purposes of this section, both of the following shall apply:

(1) "Objective zoning standards," "objective subdivision standards," and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official prior to submittal. These standards may be embodied in alternative objective land use specifications adopted by a local agency, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances.

(2) "Local agency" means a city, county, or city and county, whether general law or chartered.

(n) A local agency may adopt an ordinance to implement the provisions of this section. An ordinance adopted to implement this section shall not be considered a project under Division 13 (commencing with Section 21000) of the Public Resources Code.

(o) Nothing in this section shall be construed to supersede or in any way alter or lessen the effect or application of the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), except that the local agency shall not be required to hold public hearings for coastal development permit applications for urban lot splits pursuant to this section.

SEC. 3. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) (1) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 24 months. However, if the subdivider is required to expend two hundred thirty-six thousand seven hundred ninety dollars (\$236,790) or more to construct, improve, or finance the construction or improvement of public improvements outside the property boundaries of the tentative map, excluding improvements of public rights-of-way that abut the boundary of the property to be subdivided and that are reasonably related to the development of that property, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 48 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps that may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

(2) Commencing January 1, 2012, and each calendar year thereafter, the amount of two hundred thirty-six thousand seven hundred ninety dollars (\$236,790) shall be annually increased by operation of law according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the State Allocation Board at its January meeting. The effective date of each annual adjustment shall be March 1. The adjusted amount shall apply to tentative and vesting tentative maps whose applications were received after the effective date of the adjustment.

(3) "Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) (1) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) The length of time specified in paragraph (1) shall be extended for up to three years, but in no event beyond January 1, 1992, during the pendency of any lawsuit in which the subdivider asserts, and the local agency that approved or conditionally approved the tentative map denies, the existence or application of a development moratorium to the tentative map.

(3) Once a development moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed before the expiration of the approved or conditionally approved tentative map, the time at which the map expires pursuant to subdivision (a) may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or

periods not exceeding a total of six years. The period of extension specified in this subdivision shall be in addition to the period of time provided by subdivision (a). Before the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium includes a water or sewer moratorium, or a water and sewer moratorium, as well as other actions of public agencies that regulate land use, development, or the provision of services to the land, including the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium shall also be deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because of either of the following:

(1) The condition was one that, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action before expiration of the tentative map.

(2) The condition necessitates acquisition of real property or any interest in real property from a public agency, other than the city or county that approved or conditionally approved the tentative map, and that other public agency fails or refuses to convey the property interest necessary to satisfy the condition. However, nothing in this subdivision shall be construed to require any public agency to convey any interest in real property owned by it. A development moratorium specified in this paragraph shall be deemed to have been imposed either on the date of approval or conditional approval of the tentative map, if evidence was included in the public record that the public agency that owns or controls the real property or any interest therein may refuse to convey that property or interest, or on the date that the public agency that owns or controls the real property or any interest therein receives an offer by the subdivider to purchase that property or interest for fair market value, whichever is later. A development moratorium specified in this paragraph shall extend the tentative map up to the maximum period as set forth in subdivision (b), but not later than January 1, 1992, so long as the public agency that owns or controls the real property or any interest therein fails or refuses to convey the necessary property interest, regardless of the reason for the failure or refusal, except that the development moratorium shall be deemed to terminate 60 days after the public agency has officially made, and communicated to the subdivider, a written offer or commitment binding on the agency to convey the necessary property interest for a fair market value, paid in a reasonable time and manner.

SEC. 4. The Legislature finds and declares that ensuring access to affordable housing is a matter of statewide concern and not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution. Therefore, Sections 1 and 2 of this act adding Sections 65852.21 and 66411.7 to the Government Code and Section 3 of this act amending Section 66452.6 of the Government Code apply to all cities, including charter cities.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act or because costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

November 1, 2021
Initiative 21-0016 (Amdt. 1)

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

PROVIDES THAT LOCAL LAND-USE AND ZONING LAWS OVERRIDE

CONFLICTING STATE LAWS. INITIATIVE CONSTITUTIONAL AMENDMENT.

Provides that city and county land-use and zoning laws (including local housing laws) override all conflicting state laws, except in certain circumstances related to three areas of statewide concern: (1) the California Coastal Act of 1976; (2) siting of power plants; or (3) development of water, communication, or transportation infrastructure projects. Prevents state legislature and local legislative bodies from passing laws invalidating voter-approved local land-use or zoning initiatives. Prohibits state from changing, granting, or denying funding to local governments based on their implementation of this measure. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: **Fiscal effects of the measure depend on future decisions by the cities and counties and therefore are unknown.** (21-0016A1.)

Re: Initiative 21-0016 (Local Land Use) - Amendment

Dear Initiative Coordinator:

Pursuant to subdivision (b) of Section 9002 of the Elections Code, enclosed please find amendments to Initiative No. 21-0016. The amendments are reasonably germane to the theme, purpose or subject of the initiative measure as originally proposed. I am a proponent of the measure and request that the Attorney General prepare a circulating title and summary of the measure as provided by law, using the amended language. Thank you for your time and attention processing my request.

Please direct all inquiries and correspondence regarding this proposed initiative to:

John Heath
(323) 248-1699
jheath@uhawhvp.org

A handwritten signature in blue ink, appearing to read "Dennis Richards", with a long horizontal flourish extending to the right.

Dennis Richards

Date: SEPTEMBER 29, 2021

21 - 0016 Amdt. # 1

SECTION 1. The people of the State of California find and declare all of the following:

- (a) The circumstances and environmental impacts of local land use decisions vary greatly across the state from locality to locality.
- (b) The infrastructure required to maintain appropriate levels of public services, including police and fire services, parklands and public open spaces, transportation, water supply, schools, and sewers varies greatly across the state from locality to locality.
- (c) Land use decisions made by local officials must balance development with public facilities and services while addressing the economic, environmental, and social needs of the particular communities served by those local officials.
- (d) Thus, it is in the best interests of the state and local communities for these complex decisions to be made at the local level to ensure that the specific, unique characteristics, constraints, and needs of those communities are properly analyzed and addressed.
- (e) Gentrification of housing adjacent to public transportation will reduce or eliminate the availability of low or very low income housing near public transit, resulting in the loss of access by low or very low income persons to public transit, declines in public transit ridership, and increases in vehicle miles travelled.
- (f) The State Legislature cannot properly assess the impacts upon each community of sweeping centralized and rigid state land use rules and zoning regulations that apply across the state without regard to community impacts and, as a result, statewide land use and zoning will do great harm to local communities with differing circumstances and concerns.
- (g) Community development should not be controlled by state planners, but by local governments that know and can address the needs of, and the impacts upon, local communities. Local initiatives approved by voters pertaining to land use and zoning restrictions should not be nullified or superseded by the actions of any local or state legislative body.
- (h) Numerous state laws that target communities for elimination of zoning standards have been enacted, and continue to be proposed, that eliminate or erode local control over local development and circumvent the California Environmental Quality Act ("CEQA"), creating the potential for harmful environmental impacts to occur.
- (i) The purpose of this measure is to ensure that all decisions regarding local land use controls, including zoning law and regulations, are made by the affected communities in accordance with applicable law, including but not limited to CEQA (Public Resources Code § 21000 et seq.), the California Fair Employment and Housing Act (Government Code §§ 12900 – 12996), prohibitions against discrimination (Government Code § 65008), and affirmatively furthering fair housing (Government Code § 8899.50). This constitutional amendment would continue to provide for state control in the coastal zone, the siting of a power plant that can generate more than 50 megawatts of electricity, or the development or construction of water, communication or transportation infrastructure projects which the Legislature declares are matters of statewide concern and are in the best interests of the state. For purposes of this measure, it is the intent that a transportation infrastructure project shall not include a transit-oriented development project that is residential, commercial, or mixed-use.

SECTION 2. Section 4.5 is added to Article XI of the California Constitution, to read:

SEC. 4.5. (a) Except as provided in subdivision (b), in the event of a conflict with a state statute, a county charter provision, general plan, specific plan, ordinance or a regulation adopted pursuant to a county charter, that regulates the zoning, development or use of land within the boundaries of an unincorporated area of the county shall be deemed a county affair within the meaning of Section 4 and shall prevail over a conflicting state statute. No voter approved local initiative that regulates the zoning, development or use of land within the boundaries of any county shall be overturned or otherwise nullified by any legislative body.

(b) A county charter provision, general plan, specific plan, ordinance or a regulation adopted and applicable to an unincorporated area within a county, may be determined only by a court of competent jurisdiction, in accordance with Section 4, to address either a matter of statewide concern or a county affair if that provision, ordinance, or regulation conflicts with a state statute with regard to only the following:

(1) The California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), or a successor statute.

(2) The siting of a power generating facility capable of generating more than 50 megawatts of electricity and the California Public Utilities Commission has determined that a need exists at that location that is a matter of statewide concern.

(3) The development or construction of a water, communication or transportation infrastructure project for which the Legislature has declared in statute the reasons why the project addresses a matter of statewide concern and is in the best interests of the state. For purposes of this paragraph, a transportation infrastructure project does not include a transit-oriented development project, whether residential, commercial, or mixed-use.

(c) No modification to appropriations for state funded programs shall occur, and no state grant applications or funding shall be denied as a result of the application of this section. No benefit or preference in state appropriations or grants shall be given to an entity that opts not to utilize the provisions of this section.

(d) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SECTION 3. Section 5.5 is added to Article XI of the California Constitution, to read:

SEC. 5.5. (a) Except as provided in subdivision (b), in the event of a conflict with a state statute, a city charter provision, general plan, specific plan, ordinance or a regulation adopted pursuant to a city charter, that establishes land use policies or regulates zoning or development standards within the boundaries of the city shall be deemed a municipal affair within the meaning of Section 5 and shall prevail over a conflicting state statute. No voter approved local initiative that regulates the zoning, development or use of land within the boundaries of any city shall be overturned or otherwise nullified by any legislative body.

(b) A city charter provision, general plan, specific plan, ordinance or a regulation adopted pursuant to a city charter, may be determined only by a court of competent jurisdiction, in accordance with Section 5, to address either a matter of statewide concern or a municipal affair

if that provision, ordinance, or regulation conflicts with a state statute with regard to only the following:

- (1) The California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), or a successor statute.
 - (2) The siting of a power generating facility capable of generating more than 50 megawatts of electricity and the California Public Utilities Commission has determined that a need exists at that location that is a matter of statewide concern.
 - (3) The development or construction of a water, communication or transportation infrastructure project for which the Legislature has declared in statute the reasons why the project addresses a matter of statewide concern and is in the best interests of the state. For purposes of this paragraph, a transportation infrastructure project does not include a transit-oriented development project, whether residential, commercial, or mixed-use.
- (c) No modification to appropriations for state funded programs shall occur, and no state grant applications or funding shall be denied as a result of the application of this section. No benefit or preference in state appropriations or grants shall be given to an entity that opts not to utilize the provisions of this section.
- (d) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SECTION 4. Section 7 of Article XI of the California Constitution is amended to read:

SEC. 7. (a) A county or city may make and enforce within its limits all local, police, sanitary, and other ordinances and regulations ~~not that are not, except as provided in subdivision (b), in conflict with general laws. A county or city may not supersede or otherwise interfere with any voter approved local initiative pertaining to land use or zoning restrictions.~~

(b) A county or city general plan, specific plan, ordinance or regulation that regulates the zoning, development or use of land within the boundaries of the county or city shall prevail over conflicting general laws, except for only the following:

(A) A coastal land use plan, ordinance or regulation that conflicts with the California Coastal Act of 1976 (Division 20 (commencing with Section 30000) of the Public Resources Code), or a successor statute.

(B) An ordinance or regulation that addresses the siting of a power generating facility capable of generating more than 50 megawatts of electricity and the California Public Utilities Commission has determined that a need exists at that location that is a matter of statewide concern.

(C) An ordinance or regulation that addresses the development or construction of a water, communication or transportation infrastructure project for which the Legislature has declared in statute the reasons why the project addresses a matter of statewide concern and is in the best interests of the state. For purposes of this subparagraph, a transportation infrastructure project does not include a transit-oriented development project, whether residential, commercial, or mixed-use.

(c) No modification to appropriations for state funded programs shall occur, and no state grant applications or funding shall be denied as a result of the application of this section. No benefit or preference in state appropriations or grants shall be given to an entity that opts not to utilize the provisions of this section.

(d) The provisions of this subdivision are severable. If any provision of this subdivision or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

AGENDA REPORT

To: Mayor Mary Mendoza and City Councilmembers

From: Nick Kimball, City Manager
By: Julia Fritz, City Clerk

Date: January 10, 2022

Subject: Consideration and Discussion Regarding City Council Liaison Assignments, Ad Hoc Committees and Commissions and Adopt a Resolution Appointing a Primary Alternate Representative to the Independent Cities Risk Management Authority Governing Board

RECOMMENDATION:

It is recommended that the City Council:

- a. Review and provide direction to staff regarding Councilmember Liaison Assignments (Attachment "A"), Ad Hoc Committees (Attachment "B") and Commissions (Attachment "C"); and
- b. Adopt Resolution No. 8110 (Attachment "D") appointing Michael Okafor as the primary alternate representative to the Independent Cities Risk Management Authority (ICRMA) Governing Board.

BACKGROUND:

1. The San Fernando City Council selects a Mayor and Vice Mayor from among their members in December each year as part of the annual reorganization. The annual reorganization involves, in part, new (or re-appointed) liaison appointments and assignments to various committees and outside organizations such as the Independent Cities Management Authority (ICMRA). Pursuant to Section 11.2 of the City Council Procedures Manual (Attachment "E"), the Mayor, with the consent of the majority of the City Council, may appoint Councilmembers to serve on liaison commissions, Ad Hoc committees, and standing committees.
2. On December 6, 2021, the City Council proceeded with the annual reorganization and selected Mary Mendoza to serve as Mayor and Hector A. Pacheco to serve as Vice Mayor.
3. Since July 1, 1986, the City of San Fernando has been a member of ICRMA, a joint powers authority that provides Risk Management Programs to reduce the amount and frequency of

Consideration and Discussion Regarding City Council Liaison Assignments, Ad Hoc Committees and Commissions and Adopt a Resolution Appointing an Alternate Representative to the Independent Cities Risk Management Authority Governing Board

Page 2 of 3

losses through a pooled or self-funded basis whereby the Members share some portion or all, of the costs of the program losses. ICRMA requires that the City appoint by resolution a primary, and a primary alternate and a substitute alternate to be available to attend and vote during board meetings, if the primary cannot attend.

4. On August 19, 2019, the City Council adopted Resolution No. 7945 appointing City Manager Nick Kimball to serve as the primary, Deputy City Manager/Director of Community Development Tim Hou as the primary alternate representative, and Personnel Manager Michael Okafor as the substitute alternate representative of the ICRMA.
5. In March 2021, the primary alternate representative position became vacant, due to the departure of former Deputy City Manager/Director of Community Development Tim Hou.

ANALYSIS:

Liaison Assignments (Outside Organizations).

Liaison Assignments consist of either one or two appointed Councilmembers that will allow the City of San Fernando to have consistent and appropriate representation in various governmental associations of which the City is a participating member. The Mayor is not recommending any changes to the current Liaison assignments (Attachment "A").

Ad Hoc Committees.

Ad Hoc committees consist of either one or two Councilmembers, have a clear and definite scope, and dissolve upon completion of the scope, unless otherwise extended by the City Council with a new scope. Ad Hoc committees are less formal than standing committees and are therefore not subject to the requirements of the Ralph M. Brown Act. The Mayor is not recommending any changes to the current Ad Hoc Committee assignments (Attachment "B").

City Commissions.

Per the City's Code, each Councilmember may appoint one Commissioner to each Commission (i.e., Planning and Preservation Commission, Parks and Wellness Commission, Transportation and Safety Commission, and Education Commission), with such appointment to be ratified by the City Council. Attachment "C" provides the current roster of City Commissioners and their respective appointing Councilmember.

The Parks, Wellness, and Recreation Commission currently has two vacant Commissioner seats, due to resignations of former Commissioner Saydith Navarro and Commissioner Sandra Richards, respectively. Vice Mayor Hector A. Pacheco is the appointing Councilmember to fill the vacancy left by Ms. Richards and Councilmember Celeste Rodriguez is the appointing Councilmember to fill the vacancy left by Ms. Navarro. The "Application to serve on a City Commission" is attached for reference (Attachment "F").

Consideration and Discussion Regarding City Council Liaison Assignments, Ad Hoc Committees and Commissions and Adopt a Resolution Appointing an Alternate Representative to the Independent Cities Risk Management Authority Governing Board

Page 3 of 3

Independent Cities Risk Management Authority (ICRMA).

Due to the departure of Mr. Hou in March 2021, it is necessary to adopt a resolution as required by ICRMA (Attachment “D”) to appoint Personnel Manager Michael Okafor as the City’s primary alternate representative and leaving the substitute primary alternate representative vacant. City Manager Kimball currently serves as the President of ICRMA. Insurance and risk management programs tend to be specialized, technical and have a potentially significant impact on the City’s finances. Therefore, it is in the City’s best interest to appoint Governing Board members that have risk management experience and are available to attend meetings regularly that will ensure consistent representation of the City’s interests on the Board.

BUDGET IMPACT:

The City Council annual updates to the liaison assignments, Ad Hoc and committees lists are included in the City Clerk’s regular work plan and, therefore, included in the Fiscal Year 2021-2022 Adopted Budget.

CONCLUSION:

It is recommended that the City Council review and approve the City Council Liaison and Ad Hoc Committee Assignments (Attachment “A” and “B,” respectively) and adopt Resolution No. 8110 (Attachment “D”) appointing Michael Okafor Personnel Manager as the primary alternate representative on the ICRMA Governing Board.

ATTACHMENTS:

- A. City Council Liaison Assignments
- B. City Council Ad Hoc Committee Assignments
- C. Committees/Commissions List
- D. Resolution No. 8110 (Appoint New Alternate to ICMRA)
- E. City Council Procedure, Section 11.2
- F. Application to Serve on a City Commission

ATTACHMENT "D"

RESOLUTION NO. 8110

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA APPOINTING A DELEGATE AND ALTERNATE REPRESENTATIVE TO THE GOVERNING BOARD OF THE INDEPENDENT CITIES RISK MANAGEMENT AUTHORITY (ICRMA)

WHEREAS, the City of San Fernando ("City") is a member of the Independent Cities Risk Management Authority ("ICRMA"), a joint powers authority created pursuant to the provisions of the California Government Code;

WHEREAS, ICRMA provides a Liability Program, Workers' Compensation Program, Property Program, and other coverage programs for its members;

WHEREAS, the Joint Powers Agreement provides that the Governing Board of the Authority shall be comprised of one representative from each member;

WHEREAS, the City Council of each member may select and change any of its representatives by filing a resolution with ICRMA;

WHEREAS, the City council may appoint legislative member(s) or staff member(s) to serve on the Governing Board;

WHEREAS staff members shall have one of the following positions, or equivalent: City Attorney, Assistant City Attorney, Financial Officer, City Administrator/Manager, Assistant/Deputy City Administrator/Manager, Assistant to City Manager, Risk Manager, Human Resources Director/Manager, or Administrative Services Director; and

WHEREAS, City desires to designate its representative(s) to the ICRMA Governing Board.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SAN FERNANDO DOES HEREBY RESOLVE, FIND, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. That Nick Kimball (a staff person) is hereby appointed to serve as a delegate on the ICRMA Governing Board.

SECTION 2. That Michael Okafor (a staff person) is hereby appointed as the alternate, to serve on the ICRMA Governing Board in the absence of the primary member noted in Section 1 above.

SECTION 3. That the substitute alternate, to serve on the ICRMA Governing Board in the absence of the primary and alternate members noted in Sections 1 and 2 above, is currently vacant.

SECTION 4. That the individuals designated by this City Council as the City's delegate, alternate and substitute alternate to the ICRMA Governing Board are hereby confirmed and designated as the City's delegates for all purposes of representing the City's interests and exercising the authority of the City with respect to all matters delegated to the Governing Board and signing all amendments as are contemplated to be approved by the Governing Board.

RESOLVED, that a certified copy of this Resolution shall be provided to the Executive Director of ICRMA.

PASSED, APPROVED, AND ADOPTED this 10th day of January 2022.

Mary Mendoza, Mayor of the City of San
Fernando, California

ATTEST:

Julia Fritz, City Clerk

CERTIFICATION

I, City Clerk of the City of San Fernando, California, do hereby certify that the foregoing is a full, true, and correct copy of Resolution No. 8110, which was regularly introduced and adopted by the City Council of the City of San Fernando, California, at a regular meeting thereof held on the 10th day of January, 2022, by the following vote of the City Council:

AYES:

NAYS:

ABSENT:

ABSTAINED:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of San Fernando, California, this _____ day of January 2022.

Julia Fritz, City Clerk

- a. City Clerk opens the nominations for the position of Mayor
- b. Nomination(s) is/are made for Mayor, and seconded
- c. Hearing no objections, motion to close nominations
- d. City Clerk conducts a roll call vote and each Councilmember announces their vote for Mayor until a Mayor is elected by majority vote
- e. City Clerk announces the results

Election of Vice Mayor: (City Clerk to follow steps a-e above)

11.2 SELECTION OF CITY COUNCIL LIAISONS AND DELEGATES

After the procedure prescribed in Section 11.1 has been completed, the Mayor, with the consent of a majority of the City Council, may appoint new City Council liaisons/delegates to the various City Committees and Commissions, or as liaison/delegate to any other organization as may be appropriate. Nothing in this Section would prohibit the Mayor, with approval of a majority of the City Council from making changes or other appointments during any other time.

12. COMMITTEES

12.1 GENERAL

The Mayor may, subject to concurrence of a majority of the City Council: (a) designate standing and ad hoc committees (collectively "Committee"); and (b) make appointments to all committees.

Each standing committee shall consist of two (2) Councilmembers. An ad hoc committee may consist of either one or two Councilmembers.

12.2 PURPOSE

The primary purpose of each Committee is to provide a forum for the thorough vetting of matters within the committee's subject matter jurisdiction, before they are presented to the City Council. A secondary purpose is to provide guidance to City staff on matters within the committee's subject matter jurisdiction, enabling staff to obtain interim guidance as they develop and refine matters for presentation to the City Council. The objective is to eliminate, to the extent possible, those situations where the City Council is forced to deal with large and difficult issues at their meetings without any prior formal discussion or analytical input to guide staff's work product.

Ad hoc committees shall have a clear and definite scope and will be dissolved upon completion of the scope, unless otherwise extended by the City Council with a new scope. Ad hoc committees are less formal than standing committees and are therefore not subject to the requirements of the Ralph M. Brown Act.

APPLICATION TO SERVE ON A CITY COMMISSION

This is a public document. To assist the City Council in evaluating each applicant in the selection of Commission Members, please provide as complete of a response as possible to all questions.

APPLICANT INFORMATION

AGENDA REPORT

To: Mayor Mary Mendoza and Councilmembers

From: Vice Mayor Hector A. Pacheco

Date: January 10, 2022

Subject: Consideration and Discussion to Adopt a Resolution Authorizing Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies in Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

RECOMMENDATION:

I have placed this on the agenda for City Council discussion (Attachment "A") to reconsider authorizing remote teleconference meetings of the City of San Fernando's Legislative Bodies in compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361.

BACKGROUND:

On October 4, 2021, the City Council was presented with a staff report (Attachment "B") regarding adopting a resolution to continue remote teleconference meetings of the City of San Fernando's Legislative Bodies under the provisions of Assembly Bill 361 (AB 361), which was signed into law on September 17, 2021. The City Council did not adopt the resolution, thereby reverting all legislative body meetings to comply with all Ralph M. Brown Act (Brown Act) requirements for public meetings.

ANALYSIS:

In response to the COVID-19 pandemic, Governor Newsom issued EO N-29-20, which waived certain teleconferencing requirements under the Brown Act, allowing public agencies to conduct public meetings via teleconference, while still complying with open meeting requirements and abiding by public health orders. EO N-29-20 expired on September 30, 2021.

AB 361 amends the Brown Act's Government Code Section 54953 to allow a local agency the option to hold teleconference meetings without complying with the teleconferencing requirements of the Brown Act if certain circumstances and findings are met. The following

Consideration and Discussion to Adopt a Resolution Authorizing Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies in Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

Page 2 of 2

options were presented to the City Council at the October 4, 2021 regular meeting and City Council opted for Option 2:

Option 1: Adopt Resolution No. 8098 re-authorizing to continue remote teleconference meetings of the City of San Fernando's Legislative bodies for a period of 30 days from October 4, 2021 to November 2, 2021 in compliance with Government Code Section 54953(E) and other applicable provisions of Assembly Bill 361.

OR

Option 2: Take no action and the legislative body meetings will be required to comply with the requirements for public meetings (Pre-COVID-19 Pandemic).

BUDGET IMPACT:

There is no fiscal impact associated with consideration of the proposed resolution. The cost of the Zoom virtual meeting platform is included in the FY 2021-2022 Adopted Budget.

CONCLUSION:

It is recommended that the City Council discuss the agenda item and provide staff with direction, as applicable.

AGENDA REPORT

To: Mayor Sylvia Ballin and Councilmembers

From: Nick Kimball, City Manager
By: Richard Padilla, Assistant City Attorney
Julia Fritz, City Clerk

Date: October 4, 2021

Subject: Consideration and Adoption of a Resolution to Continue Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies for a Period of 30 days from October 4, 2021 to November 2, 2021 In Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

RECOMMENDATION:

It is recommended that the City Council:

Option 1: Adopt Resolution No. 8098 (Attachment "A") re-authorizing to continue remote teleconference meetings of the City of San Fernando's Legislative bodies for a period of 30 days from October 4, 2021 to November 2, 2021 in compliance with Government Code Section 54953(E) and other applicable provisions of Assembly Bill 361 (Attachment "B").

OR

Option 2: Take no action and the legislative body meetings will be required to comply with the requirements for public meetings (Pre-COVID-19 Pandemic).

BACKGROUND:

1. On March 4, 2020, Governor Newsom proclaimed a State of Emergency in California in response to the COVID-19 pandemic.
2. On March 17, 2020, Governor Newsom issued Executive Order N-29-20 to, among other things, suspend certain provisions of The Ralph M. Brown Act ("Brown Act"), the California open meetings law, to authorize a local legislative body to hold public meetings via teleconferencing and waiving the requirements of having the physical presence of the legislative body members or the public as a condition of participation in, or quorum, for a public meeting.

Consideration and Adoption of a Resolution to Continue Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies for a Period of 30 days from October 4, 2021 to November 2, 2021 In Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

Page 2 of 4

3. On June 11, 2021, Governor Newsom issued Executive Order (EO) N-08-21 to begin winding down some of the prior measures adopted to respond to COVID-19. Notably, EO N-08-21 rescinds the Brown Act Orders, effective September 30, 2021.
4. On September 17, 2021, Governor Newsom signed into law, Assembly Bill 361 (AB 361) amending the Brown Act's Government Code Section 54953 that would allow a local agency the option to hold teleconference meetings without complying with the teleconferencing requirements of the Brown Act if the legislative body adopts specific findings to support continued remote meetings.

ANALYSIS:

In response to the COVID-19 pandemic, Governor Newsom issued EO N-29-20, which waived certain teleconferencing requirements under the Ralph M. Brown Act (Brown Act), allowing public agencies to conduct public meetings via teleconference, while still complying with open meeting requirements and abiding by public health orders. EO N-29-20 expired on September 30, 2021.

AB 361 amends the Brown Act's Government Code Section 54953 to allow a local agency the option to hold teleconference meetings without complying with the teleconferencing requirements of the Brown Act if certain circumstances are met. The special circumstances are found particularly in subsection (e) of Section 54953, and require that the legislative body holds a meeting during a proclaimed state of emergency and:

1. that state and local officials have imposed or recommended measures to promote social distancing; or
2. the legislative body holds a meeting for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; or
3. the legislative body holds a meeting and determines by majority vote, that as a result of the emergency, meeting in person would present imminent risks to the health or safety of the attendees.

If the state of emergency remains active or state or local officials have imposed or recommended measures to promote social distancing, the legislative body must renew the resolution every 30 days, by majority vote, to continue to meet under the special teleconferencing provisions.

Consideration and Adoption of a Resolution to Continue Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies for a Period of 30 days from October 4, 2021 to November 2, 2021 In Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

Page 3 of 4

In addition, a meeting under these special circumstances requires compliance with additional safeguards to ensure public access, which are:

1. All teleconferenced meetings shall be conducted in a manner that protects the statutory and constitutional rights of those appearing before the legislative body.
2. In addition to providing notice and posting the time of the teleconferenced meeting, the agency shall also give notice of the manner by which members of the public may access the meeting and offer public comment.
3. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option but does not require the agency to provide a physical location for which the public may attend or comment.
4. The agency shall allow members of the public to access the meeting, and the agenda shall include an opportunity for members of the public to address the legislative body directly and to offer comments in real time.
5. In the event of a disruption, which prevents the agency from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the agency's control, which prevents the public from offering public comments using the call-in option or internet-based service option, the legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored.
6. Written or remote public comments must be accepted until the public comment period is formally closed; registration or sign-up to provide or to be recognized to provide public comment can only be closed when the public comment period is formally closed.

Since the initial emergency declaration, the City swiftly responded to the health crises and public agency protocols regarding all publicly noticed meetings of the legislative body and implemented options for members of the public the opportunity to submit public comments by email, live call-in (real-time), and through an internet based platform (Zoom). The Zoom platform offers live video and audio conferencing as well as the ability to stream meetings live to YouTube.

The proposed resolution (Attachment "A") making a determination approving findings in accordance with AB 361, would allow the City to continue the option to hold teleconference meetings without complying with certain teleconferencing requirements of the Brown Act. The resolution would only be effective for 30 days (October 4, 2021 through November 2, 2021).

Consideration and Adoption of a Resolution to Continue Remote Teleconference Meetings of the City of San Fernando's Legislative Bodies for a Period of 30 days from October 4, 2021 to November 2, 2021 In Compliance with Government Code Section 54953(E) and Other Applicable Provisions of Assembly Bill 361

Page 4 of 4

If necessary, the City Council can renew the resolution, every 30 days, at which time a subsequent resolution will need to be adopted. If the resolution lapses, the Board can adopt a new resolution to make the initial determinations again.

BUDGET IMPACT:

There is no fiscal impact associated with consideration of the proposed resolution. The cost of the Zoom virtual meeting platform is included in the FY 2021-2022 Adopted Budget.

CONCLUSION:

It is recommended that the City Council discuss and consider the following options:

Option 1: Adopt Resolution No. 8098 (Attachment "A") re-authorizing to continue remote teleconference meetings of the City of San Fernando's Legislative bodies for a period of 30 days from October 4, 2021 to November 2, 2021 in compliance with Government Code Section 54953(E) and other applicable provisions of Assembly Bill 361.

OR

Option 2: Take no action and the legislative body meetings will be required to comply with the requirements for public meetings (Pre-COVID-19 Pandemic).

ATTACHMENT:

- A. Resolution No. 8098

RESOLUTION NO. 8098

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, RATIFYING THE PROCLAMATION OF A STATE OF EMERGENCY BY GOVERNOR NEWSOM ON MARCH 4, 2020, AND AUTHORIZING REMOTE TELECONFERENCE MEETINGS FOR ALL LEGISLATIVE BODIES OF THE CITY OF SAN FERNANDO, FROM OCTOBER 4, 2021 THROUGH NOVEMBER 2, 2021, PURSUANT TO GOVERNMENT CODE SECTION 54953(E) IN ACCORDANCE WITH ASSEMBLY BILL 361

WHEREAS, COVID-19 (also known as the "Coronavirus Disease") is a respiratory disease that was first reported in China in December 2019, it has now spread throughout the world, including the State of California and the City of San Fernando ("City"); and

WHEREAS, on March 4, 2020, Governor Gavin Newsom declared a State of Emergency in response to the rising cases of COVID-19 throughout the state of California; and

WHEREAS, on March 4, 2020, the Los Angeles County Board of Supervisors and Los Angeles County Department of Public Health ("LACDPH") declared a local emergency and public health emergency in response to the spread of COVID-19 throughout the County; and

WHEREAS, on April 10, 2020, in response to the conditions of extreme peril to the safety of persons within the City, the San Fernando City Council ("City Council") declared a local emergency consistent with the declaration of local emergency by the LACPH; and

WHEREAS, on September 16, 2021, Governor Newsom signed into law Assembly Bill No. 361 ("AB 361"), which, until January 1, 2024, authorizes a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. Brown Act ("Brown Act") when a legislative body of a local agency holds a meeting during a declared state of emergency, as that term is defined, when state or local health officials have imposed or recommended measures to promote social distancing or when the legislative body has determined that meeting in person would present imminent risks to the health or safety of attendees; and

WHEREAS, since the declaration of emergency by LACDPH, LACDPH have issued a series of Health Officer Orders containing mandates and recommendations for keeping individuals safe and preventing the spread of COVID-19; and

WHEREAS, the most recent Health Officer Order, issued by LACDPH on September 17, 2021, states that all individuals and businesses are strongly urged to follow the LACDPH Best Practice Guidance, containing health and safety recommendations for COVID-19; the LACDPH Best Practice Guidance for individuals titled "COVID-19: Reducing Risk, Keeping Safe & Preventing Spread," in a section titled:

“How to Reduce the Risk of COVID-19,” states “Keep your distance. Use two arms lengths as your guide (about 6 feet) for social distancing with people outside your household when you are not sure they are fully vaccinated”; and the LACDPH Best Practices to Prevent COVID-19, Guidance for Businesses and Employers, in a section titled “Maintain healthy business operations,” recommends implementation of policies and practices that support physical distancing, stating, “Whenever possible, take steps to reduce crowding indoors and enable employees and customers to physically distance from each other. Generally, at least 6 feet of distance is recommended, although not a guarantee of safety, especially in enclosed or poorly ventilated spaces.”; and

WHEREAS, AB 361 requires legislative bodies that conduct teleconferenced meetings under its the relaxed and abbreviated teleconferencing procedures to give notice of the meeting and post agendas, as described, to allow members of the public to access the meeting and address the legislative body, to give notice of the means by which members of the public may access the meeting and offer public comment, including an opportunity for all persons to attend via a call-in option or an internet-based service option, and to conduct the meeting in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body; and

WHEREAS, AB 361 requires the legislative body take no further action on agenda items when there is a disruption which prevents the public agency from broadcasting the meeting, or in the event of a disruption within the local agency’s control which prevents members of the public from offering public comments, until public access is restored; and

WHEREAS, AB 361 prohibits the legislative body from requiring public comments to be submitted in advance of the meeting and specifies that the legislative body must provide an opportunity for the public to address the legislative body and offer comment in real time; and

WHEREAS, AB 361 prohibits the legislative body from closing the public comment period and the opportunity to register to provide public comment, until the public comment period has elapsed or until a reasonable amount of time has elapsed, as specified; and

WHEREAS, the City Council meetings and meetings of certain other subordinate bodies of the City (e.g, the Planning and Preservation Commission) are open and public, as required by the Brown Act, so that any member of the public may attend, participate, and watch the City Council or City Commission conduct their business; and

WHEREAS, the City finds that the continuous spread of COVID-19 throughout the community has caused, and will continue to cause, conditions of peril to the safety of persons within the City that are likely to be beyond the control of the City; and

WHEREAS, the City continues to recommend measures to promote social distancing which include but are not limited to: 1) requiring that staff and civilians wear masks in City buildings, and 2) posting COVID-19 safety measures throughout City buildings and on City’s social media accounts.

WHEREAS, in light of the continuing State declaration of emergency resulting from the COVID-19 pandemic, the continuing recommendation by Los Angeles County Public Health officials of measures to promote social distancing, and the imminent risks to the health of safety of attendees at meetings conducted in person due to the spread of COVID-19, the City Council desires to make the findings required by AB 361 to allow the City Council and all City Boards and Commissions to continue to meet under AB 361's abbreviated teleconferencing procedures.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED BY THE CITY COUNCIL OF THE CITY OF SAN FERNANDO, CALIFORNIA, AS FOLLOWS:

SECTION 1. The Recitals set forth above are true and correct and are incorporated into this Resolution by reference; and

SECTION 2. The City Council finds that the State and County declarations of emergency in response to the COVID-19 pandemic remain in place; and

SECTION 3. The City Council finds that local officials, specifically, the Los Angeles County Department of Public Health, has continued to recommend social distancing measures.

SECTION 4. The City of San Fernando staff along with the City Council are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, taking measures to ensure that meetings of the City Council, the Planning and Preservation Commission and all meetings of other commissions subject to the Brown Act are conducted in accordance with the provisions of Government Code Section 54953(e) to the extent such bodies continue to avail themselves of the relaxed and teleconferencing procedures permitted under AB 361.

SECTION 5. If any section, subsection, sentence, clause, or phrase of this Resolution is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Resolution. The City Council hereby declares that it would have passed this Resolution and each and every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional without regard to whether any portion of this Resolution would be subsequently declared invalid or unconstitutional.

SECTION 6. This Resolution shall take effect immediately upon adoption and shall be effective until the earlier of (i) November 4, 2021 or such time the City Council adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the legislative bodies of the City of SAN FERNANDO may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

SECTION 7. The City Clerk shall certify to the adoption of this resolution and shall cause a certified resolution to be filed in the Office of the City Clerk.

PASSED, APPROVED, AND ADOPTED THIS 4th day of October, 2021.

Assembly Bill No. 361

CHAPTER 165

An act to add and repeal Section 89305.6 of the Education Code, and to amend, repeal, and add Section 54953 of, and to add and repeal Section 11133 of, the Government Code, relating to open meetings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 2021.

Filed with Secretary of State September 16, 2021.]

LEGISLATIVE COUNSEL'S DIGEST

AB 361, Robert Rivas. Open meetings: state and local agencies: teleconferences.

(1) Existing law, the Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to directly address the legislative body on any item of interest to the public. The act generally requires all regular and special meetings of the legislative body be held within the boundaries of the territory over which the local agency exercises jurisdiction, subject to certain exceptions. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. The act authorizes the district attorney or any interested person, subject to certain provisions, to commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that specified actions taken by a legislative body are null and void.

Existing law, the California Emergency Services Act, authorizes the Governor, or the Director of Emergency Services when the governor is inaccessible, to proclaim a state of emergency under specified circumstances.

Executive Order No. N-29-20 suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic provided that notice and accessibility requirements are met, the public members are allowed to observe and address the legislative body at the meeting, and that a legislative body of a local agency has a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, as specified.

This bill, until January 1, 2024, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting during a declared state of emergency, as that term is defined, when state or local health officials have imposed or recommended measures to promote social distancing, during a proclaimed state of emergency held for the purpose of determining, by majority vote, whether meeting in person would present imminent risks to the health or safety of attendees, and during a proclaimed state of emergency when the legislative body has determined that meeting in person would present imminent risks to the health or safety of attendees, as provided.

This bill would require legislative bodies that hold teleconferenced meetings under these abbreviated teleconferencing procedures to give notice of the meeting and post agendas, as described, to allow members of the public to access the meeting and address the legislative body, to give notice of the means by which members of the public may access the meeting and offer public comment, including an opportunity for all persons to attend via a call-in option or an internet-based service option, and to conduct the meeting in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body. The bill would require the legislative body to take no further action on agenda items when there is a disruption which prevents the public agency from broadcasting the meeting, or in the event of a disruption within the local agency's control which prevents members of the public from offering public comments, until public access is restored. The bill would specify that actions taken during the disruption are subject to challenge proceedings, as specified.

This bill would prohibit the legislative body from requiring public comments to be submitted in advance of the meeting and would specify that the legislative body must provide an opportunity for the public to address the legislative body and offer comment in real time. The bill would prohibit the legislative body from closing the public comment period and the opportunity to register to provide public comment, until the public comment period has elapsed or until a reasonable amount of time has elapsed, as specified. When there is a continuing state of emergency, or when state or local officials have imposed or recommended measures to promote social distancing, the bill would require a legislative body to make specified findings not later than 30 days after the first teleconferenced meeting pursuant to these provisions, and to make those findings every 30 days thereafter, in order to continue to meet under these abbreviated teleconferencing procedures.

Existing law prohibits a legislative body from requiring, as a condition to attend a meeting, a person to register the person's name, or to provide other information, or to fulfill any condition precedent to the person's attendance.

This bill would exclude from that prohibition, a registration requirement imposed by a third-party internet website or other online platform not under the control of the legislative body.

(2) Existing law, the Bagley-Keene Open Meeting Act, requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend any meeting of a state body. The act requires at least one member of the state body to be physically present at the location specified in the notice of the meeting.

The Governor's Executive Order No. N-29-20 suspends the requirements of the Bagley-Keene Open Meeting Act for teleconferencing during the COVID-19 pandemic, provided that notice and accessibility requirements are met, the public members are allowed to observe and address the state body at the meeting, and that a state body has a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, as specified.

This bill, until January 31, 2022, would authorize, subject to specified notice and accessibility requirements, a state body to hold public meetings through teleconferencing and to make public meetings accessible telephonically, or otherwise electronically, to all members of the public seeking to observe and to address the state body. With respect to a state body holding a public meeting pursuant to these provisions, the bill would suspend certain requirements of existing law, including the requirements that each teleconference location be accessible to the public and that members of the public be able to address the state body at each teleconference location. Under the bill, a state body that holds a meeting through teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically would satisfy any requirement that the state body allow members of the public to attend the meeting and offer public comment. The bill would require that each state body that holds a meeting through teleconferencing provide notice of the meeting, and post the agenda, as provided. The bill would urge state bodies utilizing these teleconferencing procedures in the bill to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to existing law, as provided.

(3) Existing law establishes the various campuses of the California State University under the administration of the Trustees of the California State University, and authorizes the establishment of student body organizations in connection with the operations of California State University campuses.

The Gloria Romero Open Meetings Act of 2000 generally requires a legislative body, as defined, of a student body organization to conduct its business in a meeting that is open and public. The act authorizes the legislative body to use teleconferencing, as defined, for the benefit of the public and the legislative body in connection with any meeting or proceeding authorized by law.

This bill, until January 31, 2022, would authorize, subject to specified notice and accessibility requirements, a legislative body, as defined for purposes of the act, to hold public meetings through teleconferencing and to make public meetings accessible telephonically, or otherwise electronically, to all members of the public seeking to observe and to address the legislative body. With respect to a legislative body holding a public meeting pursuant to these provisions, the bill would suspend certain requirements of existing law, including the requirements that each teleconference location be accessible to the public and that members of the public be able to address the legislative body at each teleconference location. Under the bill, a legislative body that holds a meeting through teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically would satisfy any requirement that the legislative body allow members of the public to attend the meeting and offer public

comment. The bill would require that each legislative body that holds a meeting through teleconferencing provide notice of the meeting, and post the agenda, as provided. The bill would urge legislative bodies utilizing these teleconferencing procedures in the bill to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to existing law, as provided.

(4) This bill would declare the Legislature's intent, consistent with the Governor's Executive Order No. N-29-20, to improve and enhance public access to state and local agency meetings during the COVID-19 pandemic and future emergencies by allowing broader access through teleconferencing options.

(5) This bill would incorporate additional changes to Section 54953 of the Government Code proposed by AB 339 to be operative only if this bill and AB 339 are enacted and this bill is enacted last.

(6) The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose.

This bill would make legislative findings to that effect.

(7) Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

(8) This bill would declare that it is to take effect immediately as an urgency statute.

Vote: 2/3 Appropriation: no Fiscal Committee: yes Local Program: no

BILL TEXT

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:

SECTION 1.

Section 89305.6 is added to the Education Code, to read:

89305.6.

(a) Notwithstanding any other provision of this article, and subject to the notice and accessibility requirements in subdivisions (d) and (e), a legislative body may hold public meetings through teleconferencing and make public meetings accessible telephonically,

or otherwise electronically, to all members of the public seeking to observe and to address the legislative body.

(b) (1) For a legislative body holding a public meeting through teleconferencing pursuant to this section, all requirements in this article requiring the physical presence of members, the clerk or other personnel of the legislative body, or the public, as a condition of participation in or quorum for a public meeting, are hereby suspended.

(2) For a legislative body holding a public meeting through teleconferencing pursuant to this section, all of the following requirements in this article are suspended:

(A) Each teleconference location from which a member will be participating in a public meeting or proceeding be identified in the notice and agenda of the public meeting or proceeding.

(B) Each teleconference location be accessible to the public.

(C) Members of the public may address the legislative body at each teleconference conference location.

(D) Post agendas at all teleconference locations.

(E) At least one member of the legislative body be physically present at the location specified in the notice of the meeting.

(c) A legislative body that holds a meeting through teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically, consistent with the notice and accessibility requirements in subdivisions (d) and (e), shall have satisfied any requirement that the legislative body allow members of the public to attend the meeting and offer public comment. A legislative body need not make available any physical location from which members of the public may observe the meeting and offer public comment.

(d) If a legislative body holds a meeting through teleconferencing pursuant to this section and allows members of the public to observe and address the meeting telephonically or otherwise electronically, the legislative body shall also do both of the following:

(1) Implement a procedure for receiving and swiftly resolving requests for reasonable modification or accommodation from individuals with disabilities, consistent with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.), and resolving any doubt whatsoever in favor of accessibility.

(2) Advertise that procedure each time notice is given of the means by which members of the public may observe the meeting and offer public comment, pursuant to paragraph (2) of subdivision (e).

(e) Except to the extent this section provides otherwise, each legislative body that holds a meeting through teleconferencing pursuant to this section shall do both of the following:

(1) Give advance notice of the time of, and post the agenda for, each public meeting according to the timeframes otherwise prescribed by this article, and using the means otherwise prescribed by this article, as applicable.

(2) In each instance in which notice of the time of the meeting is otherwise given or the agenda for the meeting is otherwise posted, also give notice of the means by which members of the public may observe the meeting and offer public comment. As to any instance in which there is a change in the means of public observation and comment, or any instance prior to the effective date of this section in which the time of the meeting has been noticed or the agenda for the meeting has been posted without also including notice of the means of public observation and comment, a legislative body may satisfy this requirement by advertising the means of public observation and comment using the most rapid means of communication available at the time. Advertising the means of public observation and comment using the most rapid means of communication available at the time shall include, but need not be limited to, posting such means on the legislative body's internet website.

(f) All legislative bodies utilizing the teleconferencing procedures in this section are urged to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to the otherwise applicable provisions of this article, in order to maximize transparency and provide the public access to legislative body meetings.

(g) This section shall remain in effect only until January 31, 2022, and as of that date is repealed.

SEC. 2.

Section 11133 is added to the Government Code, to read:

11133.

(a) Notwithstanding any other provision of this article, and subject to the notice and accessibility requirements in subdivisions (d) and (e), a state body may hold public meetings through teleconferencing and make public meetings accessible telephonically, or otherwise electronically, to all members of the public seeking to observe and to address the state body.

(b) (1) For a state body holding a public meeting through teleconferencing pursuant to this section, all requirements in this article requiring the physical presence of members, the clerk or other personnel of the state body, or the public, as a condition of participation in or quorum for a public meeting, are hereby suspended.

(2) For a state body holding a public meeting through teleconferencing pursuant to this section, all of the following requirements in this article are suspended:

(A) Each teleconference location from which a member will be participating in a public meeting or proceeding be identified in the notice and agenda of the public meeting or proceeding.

(B) Each teleconference location be accessible to the public.

(C) Members of the public may address the state body at each teleconference conference location.

(D) Post agendas at all teleconference locations.

- (E) At least one member of the state body be physically present at the location specified in the notice of the meeting.
- (c) A state body that holds a meeting through teleconferencing and allows members of the public to observe and address the meeting telephonically or otherwise electronically, consistent with the notice and accessibility requirements in subdivisions (d) and (e), shall have satisfied any requirement that the state body allow members of the public to attend the meeting and offer public comment. A state body need not make available any physical location from which members of the public may observe the meeting and offer public comment.
- (d) If a state body holds a meeting through teleconferencing pursuant to this section and allows members of the public to observe and address the meeting telephonically or otherwise electronically, the state body shall also do both of the following:
- (1) Implement a procedure for receiving and swiftly resolving requests for reasonable modification or accommodation from individuals with disabilities, consistent with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.), and resolving any doubt whatsoever in favor of accessibility.
 - (2) Advertise that procedure each time notice is given of the means by which members of the public may observe the meeting and offer public comment, pursuant to paragraph (2) of subdivision (e).
- (e) Except to the extent this section provides otherwise, each state body that holds a meeting through teleconferencing pursuant to this section shall do both of the following:
- (1) Give advance notice of the time of, and post the agenda for, each public meeting according to the timeframes otherwise prescribed by this article, and using the means otherwise prescribed by this article, as applicable.
 - (2) In each instance in which notice of the time of the meeting is otherwise given or the agenda for the meeting is otherwise posted, also give notice of the means by which members of the public may observe the meeting and offer public comment. As to any instance in which there is a change in the means of public observation and comment, or any instance prior to the effective date of this section in which the time of the meeting has been noticed or the agenda for the meeting has been posted without also including notice of the means of public observation and comment, a state body may satisfy this requirement by advertising the means of public observation and comment using the most rapid means of communication available at the time. Advertising the means of public observation and comment using the most rapid means of communication available at the time shall include, but need not be limited to, posting such means on the state body's internet website.
- (f) All state bodies utilizing the teleconferencing procedures in this section are urged to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to the otherwise applicable provisions of this article, in order to maximize transparency and provide the public access to state body meetings.

(g) This section shall remain in effect only until January 31, 2022, and as of that date is repealed.

SEC. 3.

Section 54953 of the Government Code is amended to read:

54953.

(a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all otherwise applicable requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivisions (d) and (e). The agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3 at each teleconference location.

(4) For the purposes of this section, "teleconference" means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this section shall prohibit a local agency from providing the public with additional teleconference locations.

(c) (1) No legislative body shall take action by secret ballot, whether preliminary or final.

(2) The legislative body of a local agency shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

(3) Prior to taking final action, the legislative body shall orally report a summary of a recommendation for a final action on the salaries, salary schedules, or compensation paid in the form of fringe benefits of a local agency executive, as defined in subdivision (d) of Section 3511.1, during the open meeting in which the final action is to be taken. This paragraph shall not affect the public's right under the California Public Records Act

(Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) to inspect or copy records created or received in the process of developing the recommendation.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), if a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and the number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county-sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(e) (1) A local agency may use teleconferencing without complying with the requirements of paragraph (3) of subdivision (b) if the legislative body complies with the requirements of paragraph (2) of this subdivision in any of the following circumstances:

(A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.

(B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(2) A legislative body that holds a meeting pursuant to this subdivision shall do all of the following:

(A) The legislative body shall give notice of the meeting and post agendas as otherwise required by this chapter.

(B) The legislative body shall allow members of the public to access the meeting and the agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3. In each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body shall also give notice of the means by which members of the public may access the meeting and offer public comment. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option. This subparagraph shall not be construed to require the legislative body to provide a physical location from which the public may attend or comment.

(C) The legislative body shall conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body of a local agency.

(D) In the event of a disruption which prevents the public agency from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the local agency's control which prevents members of the public from offering public comments using the call-in option or internet-based service option, the body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption which prevents the public agency from broadcasting the meeting may be challenged pursuant to Section 54960.1.

(E) The legislative body shall not require public comments to be submitted in advance of the meeting and must provide an opportunity for the public to address the legislative body and offer comment in real time. This subparagraph shall not be construed to require the legislative body to provide a physical location from which the public may attend or comment.

(F) Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the local legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate.

(G) (i) A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to subparagraph (F), to provide public comment until that timed public comment period has elapsed.

(ii) A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to subparagraph (F), or otherwise be recognized for the purpose of providing public comment.

(iii) A legislative body that provides a timed general public comment period that does not correspond to a specific agenda item shall not close the public comment period or the

opportunity to register, pursuant to subparagraph (F), until the timed general public comment period has elapsed.

(3) If a state of emergency remains active, or state or local officials have imposed or recommended measures to promote social distancing, in order to continue to teleconference without compliance with paragraph (3) of subdivision (b), the legislative body shall, not later than 30 days after teleconferencing for the first time pursuant to subparagraph (A), (B), or (C) of paragraph (1), and every 30 days thereafter, make the following findings by majority vote:

(A) The legislative body has reconsidered the circumstances of the state of emergency.

(B) Any of the following circumstances exist:

(i) The state of emergency continues to directly impact the ability of the members to meet safely in person.

(ii) State or local officials continue to impose or recommend measures to promote social distancing.

(4) For the purposes of this subdivision, "state of emergency" means a state of emergency proclaimed pursuant to Section 8625 of the California Emergency Services Act (Article 1 (commencing with Section 8550) of Chapter 7 of Division 1 of Title 2).

(f) This section shall remain in effect only until January 1, 2024, and as of that date is repealed.

SEC. 3.1.

Section 54953 of the Government Code is amended to read:

54953.

(a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency in person, except as otherwise provided in this chapter. Local agencies shall conduct meetings subject to this chapter consistent with applicable state and federal civil rights laws, including, but not limited to, any applicable language access and other nondiscrimination obligations.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all otherwise applicable requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivisions (d) and (e). The agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3 at each teleconference location.

(4) For the purposes of this section, "teleconference" means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this section shall prohibit a local agency from providing the public with additional teleconference locations.

(c) (1) No legislative body shall take action by secret ballot, whether preliminary or final.

(2) The legislative body of a local agency shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

(3) Prior to taking final action, the legislative body shall orally report a summary of a recommendation for a final action on the salaries, salary schedules, or compensation paid in the form of fringe benefits of a local agency executive, as defined in subdivision (d) of Section 3511.1, during the open meeting in which the final action is to be taken. This paragraph shall not affect the public's right under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) to inspect or copy records created or received in the process of developing the recommendation.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), if a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and the number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1

(commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county-sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(e) (1) A local agency may use teleconferencing without complying with the requirements of paragraph (3) of subdivision (b) if the legislative body complies with the requirements of paragraph (2) of this subdivision in any of the following circumstances:

(A) The legislative body holds a meeting during a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing.

(B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(C) The legislative body holds a meeting during a proclaimed state of emergency and has determined, by majority vote, pursuant to subparagraph (B), that, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.

(2) A legislative body that holds a meeting pursuant to this subdivision shall do all of the following:

(A) The legislative body shall give notice of the meeting and post agendas as otherwise required by this chapter.

(B) The legislative body shall allow members of the public to access the meeting and the agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3. In each instance in which notice of the time of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the legislative body shall also give notice of the means by which members of the public may access the meeting and offer public comment. The agenda shall identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option. This subparagraph shall not be construed to require the legislative body to provide a physical location from which the public may attend or comment.

(C) The legislative body shall conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties and the public appearing before the legislative body of a local agency.

(D) In the event of a disruption which prevents the public agency from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the local agency's control which prevents members of the public from offering public comments using the call-in option or internet-based service option, the body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored. Actions taken on agenda items during a disruption which prevents the

public agency from broadcasting the meeting may be challenged pursuant to Section 54960.1.

(E) The legislative body shall not require public comments to be submitted in advance of the meeting and must provide an opportunity for the public to address the legislative body and offer comment in real time. This subparagraph shall not be construed to require the legislative body to provide a physical location from which the public may attend or comment.

(F) Notwithstanding Section 54953.3, an individual desiring to provide public comment through the use of an internet website, or other online platform, not under the control of the local legislative body, that requires registration to log in to a teleconference may be required to register as required by the third-party internet website or online platform to participate.

(G) (i) A legislative body that provides a timed public comment period for each agenda item shall not close the public comment period for the agenda item, or the opportunity to register, pursuant to subparagraph (F), to provide public comment until that timed public comment period has elapsed.

(ii) A legislative body that does not provide a timed public comment period, but takes public comment separately on each agenda item, shall allow a reasonable amount of time per agenda item to allow public members the opportunity to provide public comment, including time for members of the public to register pursuant to subparagraph (F), or otherwise be recognized for the purpose of providing public comment.

(iii) A legislative body that provides a timed general public comment period that does not correspond to a specific agenda item shall not close the public comment period or the opportunity to register, pursuant to subparagraph (F), until the timed general public comment period has elapsed.

(3) If a state of emergency remains active, or state or local officials have imposed or recommended measures to promote social distancing, in order to continue to teleconference without compliance with paragraph (3) of subdivision (b), the legislative body shall, not later than 30 days after teleconferencing for the first time pursuant to subparagraph (A), (B), or (C) of paragraph (1), and every 30 days thereafter, make the following findings by majority vote:

(A) The legislative body has reconsidered the circumstances of the state of emergency.

(B) Any of the following circumstances exist:

(i) The state of emergency continues to directly impact the ability of the members to meet safely in person.

(ii) State or local officials continue to impose or recommend measures to promote social distancing.

(4) For the purposes of this subdivision, "state of emergency" means a state of emergency proclaimed pursuant to Section 8625 of the California Emergency Services Act (Article 1 commencing with Section 8550) of Chapter 7 of Division 1 of Title 2).

(f) This section shall remain in effect only until January 1, 2024, and as of that date is repealed.

SEC. 4.

Section 54953 is added to the Government Code, to read:

54953.

(a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, except as otherwise provided in this chapter.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivision (d). The agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3 at each teleconference location.

(4) For the purposes of this section, "teleconference" means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this section shall prohibit a local agency from providing the public with additional teleconference locations

(c) (1) No legislative body shall take action by secret ballot, whether preliminary or final.

(2) The legislative body of a local agency shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

(3) Prior to taking final action, the legislative body shall orally report a summary of a recommendation for a final action on the salaries, salary schedules, or compensation paid in the form of fringe benefits of a local agency executive, as defined in subdivision (d) of Section 3511.1, during the open meeting in which the final action is to be taken. This paragraph shall not affect the public's right under the California Public Records Act

(Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) to inspect or copy records created or received in the process of developing the recommendation.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), if a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and the number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county-sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(e) This section shall become operative January 1, 2024.

SEC. 4.1.

Section 54953 is added to the Government Code, to read:

54953.

(a) All meetings of the legislative body of a local agency shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body of a local agency, in person except as otherwise provided in this chapter. Local agencies shall conduct meetings subject to this chapter consistent with applicable state and federal civil rights laws, including, but not limited to, any applicable language access and other nondiscrimination obligations.

(b) (1) Notwithstanding any other provision of law, the legislative body of a local agency may use teleconferencing for the benefit of the public and the legislative body of a local agency in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all requirements of this chapter and all otherwise applicable provisions of law relating to a specific type of meeting or proceeding.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body of a local agency elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body of a local agency. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. During the teleconference, at least a quorum of the members of the legislative body shall participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as provided in subdivision (d). The agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 54954.3 at each teleconference location.

(4) For the purposes of this section, "teleconference" means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both. Nothing in this section shall prohibit a local agency from providing the public with additional teleconference locations.

(c) (1) No legislative body shall take action by secret ballot, whether preliminary or final.

(2) The legislative body of a local agency shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

(3) Prior to taking final action, the legislative body shall orally report a summary of a recommendation for a final action on the salaries, salary schedules, or compensation paid in the form of fringe benefits of a local agency executive, as defined in subdivision (d) of Section 3511.1, during the open meeting in which the final action is to be taken. This paragraph shall not affect the public's right under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) to inspect or copy records created or received in the process of developing the recommendation.

(d) (1) Notwithstanding the provisions relating to a quorum in paragraph (3) of subdivision (b), if a health authority conducts a teleconference meeting, members who are outside the jurisdiction of the authority may be counted toward the establishment of a quorum when participating in the teleconference if at least 50 percent of the number of members that would establish a quorum are present within the boundaries of the territory over which the authority exercises jurisdiction, and the health authority provides a teleconference number, and associated access codes, if any, that allows any person to call in to participate in the meeting and the number and access codes are identified in the notice and agenda of the meeting.

(2) Nothing in this subdivision shall be construed as discouraging health authority members from regularly meeting at a common physical site within the jurisdiction of the authority or from using teleconference locations within or near the jurisdiction of the authority. A teleconference meeting for which a quorum is established pursuant to this subdivision shall be subject to all other requirements of this section.

(3) For purposes of this subdivision, a health authority means any entity created pursuant to Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, and 14087.9605 of the Welfare and Institutions Code, any joint powers authority created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 for the purpose of contracting pursuant to Section 14087.3 of the Welfare and Institutions Code, and any advisory committee to a county-sponsored health plan licensed pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code if the advisory committee has 12 or more members.

(e) This section shall become operative January 1, 2024.

SEC. 5.

Sections 3.1 and 4.1 of this bill incorporate amendments to Section 54953 of the Government Code proposed by both this bill and Assembly Bill 339. Those sections of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2022, but this bill becomes operative first, (2) each bill amends Section 54953 of the Government Code, and (3) this bill is enacted after Assembly Bill 339, in which case Section 54953 of the Government Code, as amended by Sections 3 and 4 of this bill, shall remain operative only until the operative date of Assembly Bill 339, at which time Sections 3.1 and 4.1 of this bill shall become operative.

SEC. 6.

It is the intent of the Legislature in enacting this act to improve and enhance public access to state and local agency meetings during the COVID-19 pandemic and future applicable emergencies, by allowing broader access through teleconferencing options consistent with the Governor's Executive Order No. N-29-20 dated March 17, 2020, permitting expanded use of teleconferencing during the COVID-19 pandemic.

SEC. 7.

The Legislature finds and declares that Sections 3 and 4 of this act, which amend, repeal, and add Section 54953 of the Government Code, further, within the meaning of paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the purposes of that constitutional section as it relates to the right of public access to the meetings of local public bodies or the writings of local public officials and local agencies. Pursuant to paragraph (7) of subdivision (b) of Section 3 of Article I of the California Constitution, the Legislature makes the following findings:

This act is necessary to ensure minimum standards for public participation and notice requirements allowing for greater public participation in teleconference meetings during applicable emergencies.

SEC. 8.

(a) The Legislature finds and declares that during the COVID-19 public health emergency, certain requirements of the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code) were suspended by Executive Order N-29-20. Audio and video

teleconference were widely used to conduct public meetings in lieu of physical location meetings, and public meetings conducted by teleconference during the COVID-19 public health emergency have been productive, have increased public participation by all members of the public regardless of their location in the state and ability to travel to physical meeting locations, have protected the health and safety of civil servants and the public, and have reduced travel costs incurred by members of state bodies and reduced work hours spent traveling to and from meetings.

(b) The Legislature finds and declares that Section 1 of this act, which adds and repeals Section 89305.6 of the Education Code, Section 2 of this act, which adds and repeals Section 11133 of the Government Code, and Sections 3 and 4 of this act, which amend, repeal, and add Section 54953 of the Government Code, all increase and potentially limit the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

(1) By removing the requirement that public meetings be conducted at a primary physical location with a quorum of members present, this act protects the health and safety of civil servants and the public and does not preference the experience of members of the public who might be able to attend a meeting in a physical location over members of the public who cannot travel or attend that meeting in a physical location.

(2) By removing the requirement for agendas to be placed at the location of each public official participating in a public meeting remotely, including from the member's private home or hotel room, this act protects the personal, private information of public officials and their families while preserving the public's right to access information concerning the conduct of the people's business.

SEC. 9.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that state and local agencies can continue holding public meetings while providing essential services like water, power, and fire protection to their constituents during public health, wildfire, or other states of emergencies, it is necessary that this act take effect immediately.
