This Program

- Provides opportunities for leadership, character, and personal development of individual strengths and talents for high school students.
- Participants will receive training by actively participating in community service activities, Summer Camp, City-wide events and various recreational programs and projects.
- Advocate for issues and topics that are important to you
- Build working relationships with other high school students from around the San Fernando Valley
- Team building, collaborate on fundraisers and plan for future field trips
- Counts towards service learning hours !
