Vaccinations "What Questions Should I ask?"

Am I eligible to receive the COVID-19 vaccine? What should I know?

As we head into the holiday season this year we want to share some great resources for both you and those you are in contact with. It is important we spread the word about the updated COVID booster.

What is the new, updated COVID booster? This fall booster targets the Omicron subvariants (BA.4/BA.5) and the original virus.

When should I get the bivalent COVID booster? You are eligible for the fall COVID bivalent booster if you are 12 or older, and it has been at least 2 months since your last COVID vaccination.

Workshops & Vaccination Site Hours 9:00am to 3:00pm

Thank you for all you do to make our community a better place!

Sincerely,
Carolyn Lemos-Urquidez
