All Families Connected

All Families Connected is a program to help ensure every student has reliable access to high-speed internet at home as well as at school. Made possible in large part by one-time federal funding, the program is helping provide students with the access they need at home to complete assignments, interact with peers, track their progress, and more. Thousands of families are eligible for this service at no cost to them. There are no income requirements. All that is necessary is for a family to inform the District that there are unmet needs in the home and to request support.

This is how it works: Parents/guardians can log on to device.lausd.net and answer a few questions about computing device and internet connectivity needs. For those whose needs are not being met, our teams check in with contracted service providers to determine services available. The provider then reaches out to eligible families to assist with establishing service, and the District covers all costs.

Families may go to: device.lausd.net/connect for more information or to sign up for service.

Cultural Arts Passport

The Los Angeles Unified Cultural Arts Passport is a program to provide students access to the Arts. In partnership with Southern California's finest cultural organizations and venues, the Cultural Arts Passport program ensures equal access to arts, culture and environmental experiences for every child. The Cultural Arts Passport is partially supported through generous monetary and in-kind donations from the community. Founding partners who generously support the initiative include The Broad Foundation, Creative Arts Agency, the Fender Play Foundation and other cultural institutions.

Everyone Mentors LA

Everyone Mentors LA is a new mentoring initiative by Los Angeles Unified that will invest in the lives of historically underserved students to ensure every student graduates Ready for the World. The new initiative will match students contending with declining grades, chronic absenteeism, a need for socio-emotional support and other challenges that have inhibited their academic success with a mentor from the Los Angeles community. More information on this program can be found at <https://achieve.lausd.net/everyonementors>.

Family Academy

The Los Angeles Unified Family Academy is designed to leverage families' assets to be empowered as they support their child from the early primary years to college and career success. This effort complements family knowledge by connecting them to actionable learning focused on their child's development, as well as opportunities to accelerate their own careers and quality of livelihood. Families may expand and share prior knowledge with other parent

leaders by attending learning segments offered by the Family Academy course catalog, which offers webinar and regional segments hosted in-person. The course catalog is available at achieve.lausd.net/familyacademy.

A second path to learning with the Family Academy is through four family courses which are geared for the following family audiences: youngest learners, multilingual learners, twice exceptional, and Black and African-American students. The curriculum is organized as a 7-class course experience where families engage in a culturally relevant curriculum, in a cohort learning environment, define family engagement, and develop their action plan to stay engaged in their child's education. Course registration information is available at achieve.lausd.net/familyacademy. Families may also contact the Los Angeles Unified Family Hotline for more information: 213-443-1300.

Traffic Safety Valet Program

The Los Angeles Unified Safety Valet program is designed to help improve student safety and provide more fluid movement of vehicular traffic around schools during the morning drop off. A Valet directs drivers through a queue of traffic cones where volunteers assist students to safely exit the car. This eliminates the need for parents to exit their vehicles and for students to cross busy intersections.
