Project: BUS SHELTER CONSTRUCTION PROJECT

Job No. 7609

-
1. **Question:** The project calls for two types of bus shelters manufactured by LNI Manufacturing (Bid Items 11, 12 and 17). Since the Contractor will pay for these materials upfront at the start of the job, will the City consider paying the Contractor for materials on hand (MOH) prior to installation?

Answer: No, the City will not make advance payments for materials. Materials will be paid for after installation.
